### Plans for the future

The charity will look to continue to fund donations to charities and organisations where they comply with the charity's objectives, however Trustees have decided to reduce the charitable activities levels in the oncoming years.

### Risk management

The Trustees do not consider that the Trust is exposed to any major risks and has sought to minimise exposure via the use of AAA bankers and by putting funds into low risk property assets which can also be used for charitable purpose.

Trustees and their statutory responsibilities

The Trustees (who are also directors of The Little Society for the purpose of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

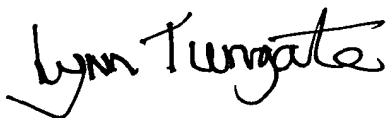

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the Trustees are required to:

- Select suitable accounting policies and apply them consistently;
- Observe the methods and principles in the Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the UK governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

This report was approved by the Board of Trustees on 17th May 2019 and signed on its behalf by:

**Notes to the Financial Statements for the year ended 31 August 2018**

**1. Accounting policies**

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the financial statements are as follows:

- **Company information**

The charity is limited by guarantee and does not have share capital. The liability of members is limited to £1 per member. The charity was incorporated in England and the registered office is 14 Aldersyde, York, YO24 1QP.

- **Accounting convention**

The financial statements have been prepared on a going concern basis in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Ireland (FRS 102), the Companies Act 2006 and the Charities Act 2011.

The Little Society meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at cost or transaction value unless otherwise stated in the relevant accounting policy notes.

**1.3 Going Concern**

The Trustees have at the time of approving the financial statements a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future.

**1.4 Income**

Income in the Statement of Financial Activities is recognised when the charity has entitlement to the funds, any performance conditions attaching to the item(s) have been met, it is probable that the income will be received and the amount can be measured reliably.

**1.5 Expenditure**

Expenditure is included in the Statement of Financial Activities on an accruals basis.

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include administration, finance, information systems and governance costs which support the services providing support to disadvantaged children and families.

**1.6 Grants**

Grants payable are commitments (including payments) made to third parties in the furtherance of the charitable objectives of the charity. Single or multi-year grants are accounted for as grants payable when either the recipient has a reasonable expectation that they will receive a grant and the Trustees have agreed to pay the grant without condition, or the recipient has a reasonable expectation that they will receive a grant and any condition attaching to the grant is outside the control of the charity.

**1.7 Fund accounting**

The funds of the Charity are unrestricted with the Trustees having full discretion over their use.

**1.8 Tangible fixed assets and depreciation**

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life.

Leasehold land and buildings – no depreciation is provided on leasehold land and buildings currently held by the Charity as their residual value is considered to be approximate to or exceed cost.

#### 1.9 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

#### 1.10 Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity held for working capital. Bank overdrafts are shown within borrowing in current liabilities.

#### 1.11 Debtors

Prepayments and accrued income represent time apportioned expenses or income to be recognised in a future accounting period.

Debtors, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Debtors are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. The impairment loss is recognised in the income and expenditure account.

#### 1.12 Creditors, loans and provisions

Creditors, loans and provisions are recognised where the Society has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors, loans and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Financial liabilities are derecognised when, and only when, obligations are discharged, cancelled or they expire.

Amounts recognised as provisions are best estimates of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation.

## 2. Critical accounting estimates and judgements

In the application of the charity's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There are no estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities.

## 3. Taxation

The Little Society is a registered charity and as such is a charity within the meaning of schedule 6 of the Finance Act 2010. Accordingly, the Foundation is entitled to tax exemption under part 11 of the Corporation Tax Act 2010 or section 256 of the Taxation of Chargeable Gains Act 1992 in respect of income and gains arising.
