E Hirsch - Director

Notes to the Abbreviated Accounts for the Year Ended 31 March 2016

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represented net invoiced sales of services, excluding value added tax.

Turnover on loan interest receivable is recognised on an accruals basis after making allowance for bad and doubtful debt.

Internally generated intangible assets

Costs incurred during the development phase of the market leading software that has been developed internally to facilitate the core activity of the business are capitalised as an internally generated intangible asset. This intangible asset is then revalued at its replacement cost and amortised over its estimated useful economic life of five years.

A full year's amortisation charge is provided for in the first year.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 25% on reducing balance

Computer equipment - 33% on cost

Deferred tax

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that:

- the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not discounted.
