Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;

Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2014;

1 ACCOUNTING POLICIES

A summary of the principal accounting policies applied consistently throughout the year is set out below.

Basis of preparation

The financial statements have been prepared in accordance with the Companies Act 2006 and United Kingdom Generally Accepted Accounting Practice. The particular accounting policies that have been adopted and applied consistently during the current and prior year are described below.

No profit and loss account is presented with these financial statements because the Company has not received income or incurred expenditure during the current or prior year. Any expenses have been borne by an affiliate of the Company, The Blackstone Group International Partners LLP.

a) Convention

These accounts are prepared in accordance with the historical cost convention.

b) Going concern

The Company's principal activity is set out in the directors' report. The directors consider the principal risk to be financial risk and believe that the Company has sufficient procedures in place to manage its risks successfully, and has access to sufficient cash and financial resources from its parent and is expected to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

c) Foreign currencies

The financial statements are presented in US dollars, which is the functional currency of the Company. Transactions denominated in currencies other than the US dollar are translated at the rate of exchange ruling at the date of transaction. All monetary assets and liabilities are translated into US dollars at the rate ruling at the balance sheet date. Non-monetary assets and liabilities are translated into US dollars at the rate of exchange ruling at the date of transaction. All realised and unrealised exchange gains and losses are recognised in the profit and loss account.

d) Taxation

UK corporation tax is provided at amounts expected to be paid using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are not discounted.

e) Cash flow statement

The Company has taken advantage of the exemption available under Financial Reporting Standard 1, "Cash Flow Statements" paragraph 5 (f). Accordingly, a cash flow statement has not been prepared.

f) Cash at bank and in hand

Cash at bank and in hand includes cash in hand and deposits held at call with banks.
