MARMOT MOUNTAIN UK LIMITED

Notes to the Abbreviated Accounts for the Year Ended 31 December 2014

1 ACCOUNTING POLICIES

Basis of preparing the financial statements

The company has recorded a loss for the period and has net liabilities of £1,211,948 (2013 - £1,291,807). The directors consider that the company will continue to operate with the support of the parent company Marmot Mountain GmbH and fellow group companies.

On this basis, the directors consider it appropriate to prepare the financial statements on the going concern basis. The accounts do not include any adjustments that would be required if the accounts were not prepared on the going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life:

Improvements to property	- 25% to 75% on cost
Plant and machinery	- 25% on cost
Fixtures and fittings	- 25% on cost
Computer equipment	- 25% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
