Notes to the Abbreviated Accounts

For the year ended 31 March 2016

1. Accounting Policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 Going concern

Notwithstanding the deficit in reserves, the director has prepared forecasts and projections for at least the next 12 months and with the continued support of CPL Training Limited, consider it appropriate to prepare the financial statements on the going concern basis.

1.3 Cash flow

The financial statements do not include a Cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.4 Turnover

Turnover comprises revenue recognised by the company in respect of services supplied during the year, exclusive of Value Added Tax and trade discounts. Turnover is recognised once the service has been provided to the customer.

1.5 Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

Notes to the Abbreviated Accounts

For the year ended 31 March 2016

1. Accounting Policies (continued)

1.6 Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into.

A financial liability exists where there is a contractual obligation to deliver cash or another financial asset to another entity, or to exchange financial assets or financial liabilities under potentially unfavourable conditions. In addition, contracts which result in the entity delivering a variable number of its own equity instruments are financial liabilities. Shares containing such obligations are classified as financial liabilities.

Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. The carrying amount of the liability is increased by the finance cost and reduced by payments made in respect of that liability. Finance costs are calculated so as to produce a constant rate of charge on the outstanding liability.

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Dividends and distributions relating to equity instruments are debited directly to reserves.

2. Share capital

	2016 £	2015 £
Allotted, called up and fully paid		
10,000 Ordinary shares of £0.01 each	<u>100</u>	<u>100</u>

3. Ultimate parent undertaking and controlling party

The ultimate parent company of this company is CPL Training Group Limited, which is incorporated and registered in England and Wales.
