INTRODUCTION

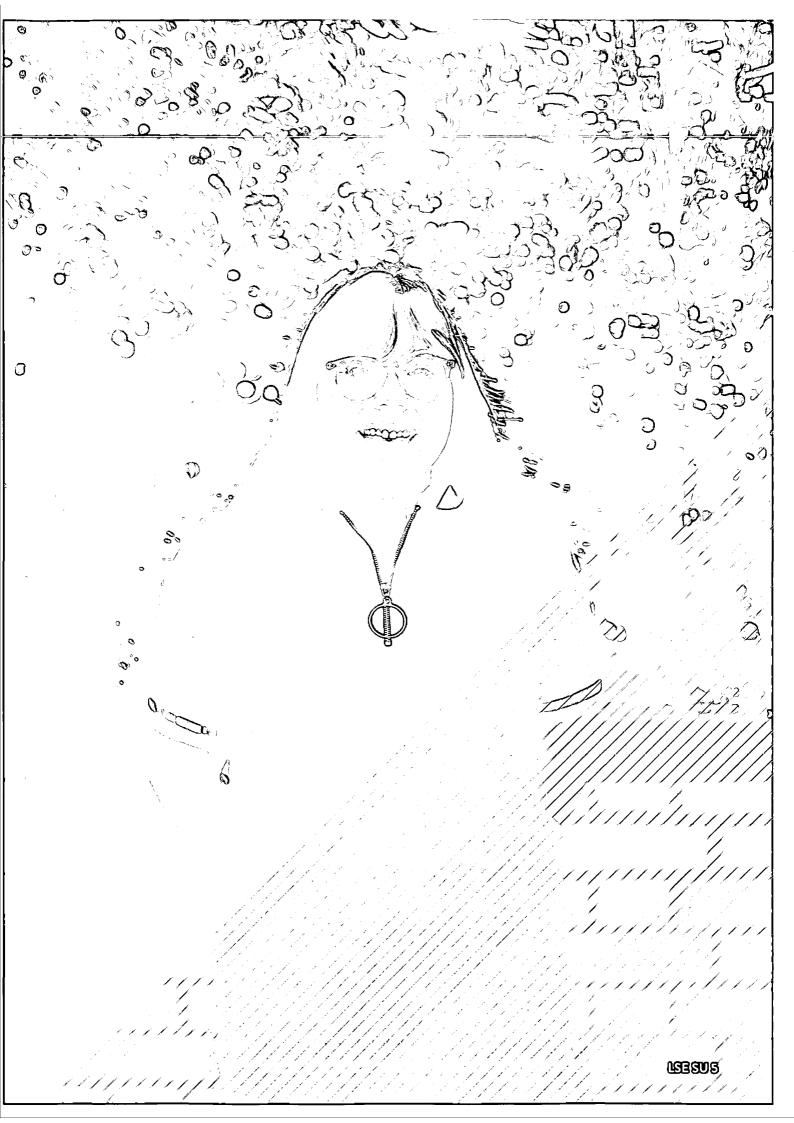

BY TILLY MASON, General Secretary & Chair of the Trustee Board

LSE Students' Union (LSESU) works to make student experience of LSE the best it can be, with putting on events, facilitating campaigning, society and sports club activities for all LSE students to get involved in. As the UK came out of the restrictions of the pandemic, we saw the LSESU advice service in more use than ever, with hardship fund applications at an all time high. Despite the unknown landscape of SU events such as the provision of hybrid activities, the community of LSE has been a focus of LSESU, with a new role bridging the SU and LSE Careers to open up new career opportunities for undergrads. With the new Marshall Building opening in January 2022, student communities have been given more space to grow and develop, with new gyms and music practice rooms.

The democracy review carried out over the course of the year has led to some huge changes to the structures of LSESU, heightening student representation and the capacity of the SU to campaign for student support. As we come to recruit the democracy coordinator, a position primarily focused on the delivery of the democracy review, it is currently an exciting time to watch last year's actions come to life, and significantly shape student experience in the long-term. Similar to this, the launch of the partnership between LSE and the SU on consent education has forever changed the culture of LSE and the support given to students in fostering a caring, respectful and inclusive community something that lies at the heart of LSESU.

Mazon

Tilly Mason LSESU General Secretary 2022/23. Chair of the Board of Trustees 2022/23.

INTRODUCTION

BY JAMES HANN, Chief Executive

As we tentatively returned from the pandemic, we approached the 2021/22 year with hope and optimism. As well as seeing a general increase in the number of students engaging in societies (up 18%), we have also been focusing on how we can be a Union of All, with an increase in postgraduate membership in societies (30%) and in the Athletics Union (23%). The Active Lifestyle programme engages high level of postgraduate students, as does the gym (55%).

The Students' Union launched an online and peer to peer consent education programme in 2021, with over 2000 students completing the online training and over 1500 completing the peer-to-peer training, (56% of first year undergraduates). 99% of attendees of the peer-to-peer sessions saying they would feel more comfortable calling out sexual misconduct after the training.

We took an innovative approach to reimagining how student democracy could work at LSE, in partnership with over 2000 LSE students, the Democracy Society, peer reviewed by two university professors and with the aim of fundamentally changing how LSE students interact with LSESU. Led by sabbatical officers and supported by students through passed motions, we'll be busy implementing these changes in the coming year.

After years of planning, we opened the sports and arts facilities in the Marshall Building in January 2022, and we are so proud of the facilities we can now provide to LSE students. We secured free access to new sporting and arts facilities for LSESU clubs and societies including three musical rehearsal studios, rehearsal space, strength and fitness centre, two squash courts and an England Sport standard large sports hall.

Officers and LSESU staff have turned around financial performance, reaching our reserves target 3 years ahead of schedule. We introduced a new entertainments programme, delivering a 60% increase in the number of events held by LSESU compared to 2019. We know we have more to do and while our catering is taking a year off, we have introduced a coffee cart outside the Saw Swee Hock.

We have researched, consulted and agreed a 4-year Union strategy, based around three promises to students.

- we promise to make your voice heard and make change happen
- we promise to be a union for all LSE students
- we promise to support your wellbeing.

We strive to support the students that want to organise, campaign and stand up for their fellow students.

- Over 90% satisfaction response from almost 700 course representatives in their SU provided training.
- 90% student satisfaction in the LSESU Advice Service.

None of this is possible without the brilliant leadership of your elected officers and through building and developing high performing staff teams. Staff satisfaction levels include

- 97% of staff saying they felt respected and valued
- 95% of staff saying they would recommend LSESU as a place to work

The coming year will see the union return to a full campus and a focus on our efforts to create a community at LSE which is the HEART of student life.

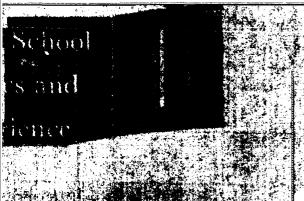

James Hann LSESU Chief Executive

04

THE UNION AND ITS TRUSTEES

LSESU is a not-for-profit organisation run by and for London School of Economics and Political Science (LSE) students. Our aim is to help our members make the most of all the life-changing experiences open to them during their studies at the university.

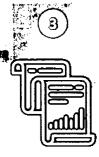

Our Trustee Board has exactly as possible to the Board of the Board of

enreedendi griffyere edeew ENFENEE enclore we

LSESU is a charity and a company, operating under the 1994 Education Act and registered with the Charity Commission.

All LSE students automatically become LSESU members when the enrolat LSE. By joining us, our members gain access to all of our groups — such as societies, at hierics union clubs, and campaigns — and savices — such as our gymand independent Advice Service.

Since we are a member-led organization, any member can step up for election in a range of elected representation posts, renging from volunteer trustees and part-time officers to full time patients batter officers. Our members can also use their voltee and vote in regular elections, Union General Meetings (UCM), and Annual General Meetings (MEM).

The flustee Board consists of up to consist the consist of up to consist o

All trustees undertake an induction programme and are given brisings on the organisation's operations and goals. Une induction programme, delivered by the company secretary, covers the nature of the trustee role, provides an understanding of the legal responsibilities of being a trustee, and provides an appreciation of USESU's vision, mission and values, as well as the relationship between

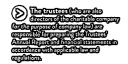

trustees and staff teams. Newly elected or appointed trustees are invited to attend one or more board meetings before taking up their positions.

CSESTO

OUR GOVERNANCE AND OPERATIONS

LSESU OPERATES ON DEMOCRATIC PRINCIPLES, working for and with our members. Our members are represented by people they elect, such as trustees, part-time officers, and full-time Sabbatical Officers. The Union holds regular Union General Meetings (UGM) through which students are able to propose and vote on motions.

Student representation is delegated to the General Secretary who, along with fellow <u>student officers</u>, focuses on policy, lobbying and advocacy in order to ensure that LSE's students are heard in university fora. The Sabbatical Officer team is made up of four full time officers (Education Officer, Activities and Development Officer, Community and Welfare Officer, and the General Secretary).

The Union also employs a number of non-student core staff to provide continuity, consistency and knowledge in the management of its many activities. Day-to-day operational and staff management is delegated to the Chief Executive who is accountable to the Trustee Board for strategy implementation and operational performance.

The Trustee Board meets at least five times per year to receive reports from subcommittees, officers, staff, and the Chief Executive, to review the Union's strategic and operational performance, and to review and agree organisational policies.

EMPLOYEES

In 2022, the Union employed an average of

and the total number of student staff employed in the year was

117

Staff are employed to provide layerwise such as our Advise Service, as our Advise Service, as our Advise Service, as our Advise Service, as our as our as of catering facilities. Staff are overseen by senior leaders.

SENIOR LEADERS SALARIES

(Key Management Personnel)

The remuneration of senior management is consistent with human resources policies across the organisation, with the policy objective of ensuring that they are provided with appropriate incentives to encourage enhanced performance and are, in a fair and responsible manner, rewarded for their individual contributions to the Union's success.

The appropriateness and relevance of the remuneration policy is reviewed periodically including reference to comparisons with other unions to ensure that the Union remains sensitive to the broader issues of pay and employment conditions elsewhere.

Delivery of the Union's charitable vision and purpose is primarily dependent on our key management personnel. Staff costs are the largest single element of our charitable expenditure.

OUR IMPACT

campus learning and the Union championed a return to campus as soon as possible, the opening of the Marshall Building facilities, new events and a successful campaign so that students impacted by the pandemic could seek partial refunds on their tuition fees. The successful delivery and impact of the consent ed trial in 2021 resulted in a united commitment from LSE and LSESU to continuing and developing the programme in 2022.

COMMUNITY IS KINDNESS

STUDENT NOICE

65

"I want to particularly highlight how helpful my experience was with the Advice Service when in a desperate state, needing to access the Hardship Fund. I was quickly supported and guided on email with my application, and most importantly, was shown empathy and compassion throughout the process. Thank you!" Advice Service User

99

Representing students is at the core of our mission. Our student voice and representation team ensure that all our representative and democratic channels are run effectively and openly.

LSESU is responsible for training and supporting academic representatives, enabling them to effectively carry out their role with confidence. This year, we registered 690 academic representatives – up from 643 last year, with 95% of academic reps reporting that they felt supported by LSESU after their training.

The successful election of student leaders to positions across the Union is integral to the functioning of the organisation. As we returned to our first campus-based set of elections since the onset of the pandemic, we adapted our approach to deliver LSESU's first ever hybrid elections. Whilst this posed some challenges in our first election in the Michaelmas Term, where we only achieved 11% of students voting, we managed to get to 17% of voters in our Lent Term elections, numbers which put LSESU way above the sector average of 12%.

As a democratic, student-led organisation it is vital that our democratic set up is delivering for our members. Having not reviewed this since 2010, we embarked on a

bold review of our democratic structure this year. Partnering with the Democratic Society (Demsoc) and two external university professors, we delivered a **3-day Democracy Summit** where students helped to co-design a new democratic structure informed by several experts, surveys, focus groups and other pieces of research. The new deliberative democratic approach has garnered significant attention across the sector, with the new structure being implemented in 2022/23, and fully operational by 2023/24.

LSESU also exists to support its students through the challenges they face across the year. Our Advice Service plays a key role in helping students as they navigate LSE's internal assessment regulation processes, with things such as appeals, complaints and academic misconduct case support all regular area of work for our Advice Team. The Service also provides housing advice and a series of funds for students experiencing financial hardship.

In 2021/22 our Advice Service opened 654 cases, made £80,741 awards to students in financial hardship and maintained exceptionally high levels of student satisfaction, with 90% of users saying they would recommend the Service to others.

Student groups such as societies and Athletics Union (AU) clubs are at the core of our social and community offer to our members. Societies and clubs are led by students elected by members and supported by teams within our Student Communities department. Beyond that, our Sports and Recreation team also runs our physical activity offers, including managing all spaces in the Marshall building, Active Lifestyle class programming and our gym. We successfully undertook a complete refurbishment of the LSESU Gym in June 2021 and opened an additional weights and conditioning suite in the Marshall building in January 2022 for all LSE students and staff to enjoy. The gym includes the latest innovations that fitness has to offer, to provide our members with an enhanced fitness experience including the new Endurance Series cardio equipment and a functional training room.

The Societies team also supported hundreds of student societies and projects; from 'Give-it-a-Go' taster activities to supporting large-scale, international conferences - our student societies do some amazing things! Our online and offline training offer for student group committee leaders was met with increased levels of satisfaction and attendance as previous years as we returned to in-person activity through the year. A new joint-working partnership was implemented between the SU and the LSE Careers Department. This saw the introduction of several new initiatives, including the recruitment of a shared staffing resource to develop support for careers based societies.

The Students' Union Fund (SUF) allows students (either individually or in groups) to apply for funds in order to run a project with educational, community building, or wellbeing impact. This year, the SUF dispensed £61,896 of which £50,477 went directly to support student projects.

66

"I had great help from the LSESU, I'm really glad they are an avenue of help at LSE!"

SABBATICAL OFFICER PROJECTS

Our Sabbatical Officers are at the heart of our representation work.

Depending on their role, they have core responsibilities (such as attending stakeholder meetings, internal panels, and LSE fora such as boards and committees) as well as their own projects based on campaigning commitments. Some of these projects included only one Sabbatical officer, and others were done as a team.

This year, members of the sabbatical team:

Delivered an innovative, student-led review of our democratic structure. The deliberative democratic approach saw significant levels of student involvement, including through surveys, focus groups and a 3-day democracy summit before being successfully passed in an all-student vote. The result was the most radical shake up of LSESU's democratic set-up in decades, with its implementation taking place from 2022/23 onwards.

Introduced a peer-to-peer consent education programme designed to prevent sexual violence and improve the safety of campus. The pilot was a huge success, providing in-person consent workshops to 1,517 students and online consent training to 2,097 students, with 99% of attendees saying they would feel more comfortable calling out sexual misconduct if they witnessed it.

Delivered a mechanism for measuring student wellbeing across the campus. The Happiness Tracker was piloted during May where it was sent out to all students on a weekly basis, with 2,002 completions over a 5 week period, and a wealth of useful data on student wellbeing across different areas of LSE. Following a successful pilot, the Students' Union will be working to expand the Happiness Tracker across the year in 2022/23.

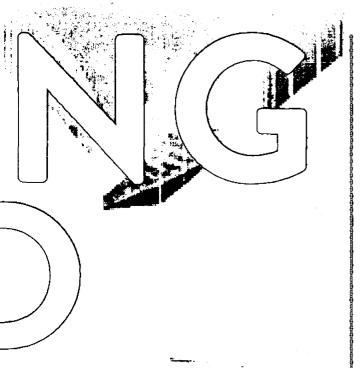

Partnered with the LSESU Ukraine Society to rally students to organise, coordinate and deliver significant levels of aid to Ukraine on the outset of the war in early 2022

Successfully delivered the first in person De-Stress Festival since the pandemic, putting on a series of arts, crafts, meditation and exercise sessions across the exam period to help students unwind during the most stressful period of the academic year

While supporting students wellbeings happen, while supporting students wellbeings wellbeings with a large change happen,

The next year will see:

- More opportunities for established in their students' minus with air bevious see a minus with air students' with air students' with a students
- Dimplementation of the democracy motions to change how students can decide the future direction of their union
- A streamlined approach to supporting society and sport dub events and we will make the SU Marshall Building the Home of LSE Sport on

FINANCE SUMMARY

Income

Our unrestricted income for the year increased to £3,791,625 (£3,488,188 in 2021) primarily as a result of higher trading income as more students returned to campus following the easing of restrictions and return to in person learning and the launch of SU spaces in the Marshall Building.

Costs

Total expenditure from unrestricted funds before pensions deficit funding was £3,601,763 (£3,258,450 in 2021). Total expenditure from unrestricted funds including pensions deficit funding was £3,524,760 (£3,313,183 in

Outcomes

The outcome for the year was a general funds surplus of £189,832 before pension funding deficit (£229,738 surplus in 2021) which the trustees deem a satisfactory result. After the pension charges, this results in a general funds surplus of £266,865 (£175,005 in 2021).

Restricted Funds

Restricted funds are funds for which LSESU acts as a custodian. These funds include monies held for Student Groups (ratified sports clubs and societies, which are branches of LSESU). These funds are raised by groups for themselves, or raised through grants received from LSE and other external organisations for specific student-facing projects. During the year there was a net deficit on restricted funds of £80,327 (£305,129 surplus in 2021).

Future Funding

LSESU has sufficient funds to meet 'ts future obligations for 2022/23, but an increase in funding remains a priority. The subvention grant from LSE for 2022/23 has been confirmed at £1,140,289 (£1,112,477 in 2021/22).

Fixed Assets

New gym and IT equipment and was purchased during the year at a cost of £44,441.

Reserves

Unrestricted general reserves at the end of the year were **£316,877** (£381,083 in 2021). £131,385 was transferred to a designated fund for replacement of furniture and equipment in the Denning café and for replacement till systems and to contribute towards the eventual replacement of equipment in the Gym and Sports Hall. The £1,559,311 SUSS pension liability is shown as a separate designated fund as the payments do not fall due immediately (2021 £1,750,605).

Reserves Policy

LSESU reserves policy is that general (unrestricted) reserves should be £300,000. At this level, we believe that we would be able to continue the essential student-facing activities of the organisation in the event of a significant decline in non School funding, whilst allowing time to re-establish or re-focus income generating activities. The Trustees will review the reserves policy during 2022/23.

LSE STUDENTS' UNION STUDENTS'

26 LSE SU

Risk Management

The Trustee Board is responsible for LSESU's risk management and the effectiveness of internal controls. On behalf of the trustees, the Senior Leadership Team performed a review of major risks and presented the outcome and the mitigating measures to the Audit and Risk Committee in February 2022. The key risks are data protection, poor governance and risks associated with covid-19. Mitigating steps were identified such as data protection training, increasing the number of external Trustee Board Members, working with LSE on covid response.

Relationship with the London School of Economics and Political Science (LSE)

The Union receives a block grant from the School and occupies spaces in School-owned buildings. The occupation and use of these spaces is set out in a Memorandum of Understanding between LSESU and the School. In addition to the provision of space, the School also pays for utilities, caretaking and cleaning staff. This support is intrinsic to the relationship between the School and LSESU. Although LSESU continues to generate supplementary funding from various mutual trading activities, it will always be dependent on the School's support. The Trustees consider it reasonable to anticipate that this or equivalent support from the School will continue for the foreseeable future, as the Education Act 1994 imposes a duty on the School to ensure the financial viability of its student representative body in one form or another. The Trustees therefore consider the Union to be financially viable for the foreseeable future.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LONDON SCHOOL OF ECONOMICS STUDENTS' UNION FOR THE YEAR ENDED 31 JULY 2022

(registered company no. 07710669)

We have audited the financial statements of London School of Economics Students' Union (the 'charitable company') for the year ended 31 July 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 July 2022 and of its income and expenditure for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
 and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

/Continued ...

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LONDON SCHOOL OF ECONOMICS STUDENTS' UNION FOR THE YEAR ENDED 31 JULY 2022

(Continued)

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report, which includes the directors' report prepared for the purposes
 of company law, for the financial year for which the financial statements are prepared is consistent with the
 financial statements; and
- the directors' report included within the trustees' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the trustees were not entitled to prepare the financial statements in accordance with the small companies
 regime and take advantage of the small companies' exemptions in preparing the trustees' report and from
 the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement in the Trustees' Report, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

/Continued ...

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LONDON SCHOOL OF ECONOMICS STUDENTS' UNION FOR THE YEAR ENDED 31 JULY 2022

(Continued)

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the charitable company and determined that the most significant are the Statement of Recommended Practice 'Accounting and Reporting by Charities' (SORP 2019), in accordance with the Financial Reporting Standard applicable in the UK (FRS 102) applicable to smaller entities and the Companies Act 2006.
- We understood how the charitable company is complying with those frameworks via communication with
 those charged with governance, together with the review of the charity's documented policies and
 procedures. The charitable company is required to comply with both company law and charity law and,
 based on our knowledge of its activities, we identified that the legal requirement to accurately account for
 restricted funds was of key significance.
- The audit team, which is experienced in the audit of charities, considered the charity's susceptibility to material misstatement and how fraud may occur. Our considerations included the risk of management override and allocation of costs to charitable activities and restricted funds.
- Our approach was to check that the income from grants and donations were properly identified and accurately disclosed, that expenditure complied with the control procedures and was appropriately charged. We also reviewed the transactions with the subsidiary company, major journal adjustments along with unusual transactions and considered the identification and disclosure of related party transactions.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken, so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report or for the opinions we have formed.

1. ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements of the charity, which is a public benefit entity under FRS102, have been prepared under the historical cost convention. They have been prepared in accordance with applicable United Kingdom accounting standards, the requirements of the Statement of Recommended Practice 'Accounting and Reporting by Charities' (SORP 2019), in accordance with the Financial Reporting Standard applicable in the UK (FRS 102) applicable to smaller entities (under section1a) and the Companies Act 2006. The presentational currency of the financial statements is Pound Sterling (£).

Going Concern

After making enquiries, the trustees have a reasonable expectation that the charity has adequate resources to continue its activities for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements as outlined in the Statement of Trustees' Responsibilities in the Annual Report.

Company status

The London School of Economics Students' Union is an incorporated charity: a private limited company limited by guarantee and charity registered in the UK (Charity number 1143103. Company Number: 07710669). Its registered office is at LSE Students' Union, Saw Swee Hock Student Centre, 1 Sheffield Street, London, WC2A 2AP.

The principal activities are campaigning, representation, provision of social activities and the organisation of sporting and recreational activities and opportunities. The Charity meets the definition of a public benefit entity.

Fund accounting

London School of Economics Students' Union administers and accounts for a number of charitable funds, as follows:-

Unrestricted Funds representing unspent income which may be used for any activity/purpose at the Trustees' own discretion;

Restricted funds raised and administered by the Union for specific purposes as determined by students, such as Club and Societies Accounts, as well as revenue received for purposes specified by the donor and also (if not material enough to require a separate column in the SoFA) any small capital grants received from the School.

Designated funds comprise unrestricted funds that have been set aside by the Trustees for particular purposes. The aim and use of each designated fund is set out in the notes to the financial statements.

Incoming resources

All income and capital resources are recognised in the accounts when the entitlement to the income or endowment arises, there is probable economic benefit to the Union and the amount can be reliably quantified.

Grants received are credited to income according to the period to which they relate and treated as unrestricted unless restrictions are specified by the provider relating to spending of that income, in which case they are treated as restricted.

Income from commercial activities includes amounts received in exchange for supplying goods and services through the Union's bar, catering, gym and retail outlets, with amounts recognised based on the date of sale.

Media sale income includes sponsorship relating to Welcome Fair stalls, which is accounted for when the contractual entitlement to the income arises, and NUS Extra card income which is accounted for based on sales arising in the period.

Club and societies' income includes membership, sponsorship and grant income which is treated as restricted.

Resources Expended

Expenditure is accrued as soon as a liability is considered probable, discounted to present value for longer term liabilities. Expenditure includes irrecoverable VAT and comprises the direct and indirect costs of delivering public benefit. Governance costs are those incurred for compliance with constitutional and statutory requirements, such as the annual audit, annual elections and training for sabbatical officers.

Other central overhead costs, as well as governance costs, are apportioned to charitable and other projects/activities on a usage basis, pro rata to the total costs of each project or activity undertaken.

Tangible fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation. Assets are not capitalised below £3,000 cost per item/set. Equipment, fixtures and fittings are included at cost. Depreciation is provided at the following annual rates in order to write the cost of assets off over their estimated useful lives:-

Fixtures and Fittings
Computer and Office Equipment
Gym equipment
Improvements to Buildings

25% per annum on cost 25% per annum on cost 20% per annum on cost 10% per annum on cost

Termination benefits

Termination benefits are accounted following a commitment by legislation, by contractual or other agreements with employees to make payments (or provide other benefits) to employees when the Union terminates their employment.

Leased assets

Rentals payable under operating leases are charged as expenditure on a straight line basis over the period of the lease.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 July 2022

Stock

Stock is valued at the lower of the cost or net realisable value.

Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Financial Instruments

The charity holds only financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments include cash debtors and creditors. Debtors and creditors are initially recognised at transaction value and subsequently measured at fair value. Cash is cash at bank and in hand.

Pensions

Retirement benefits to employees of the Union are provided through two pension schemes, one defined benefit (SUSS), the other defined contribution (Scottish Widows).

In relation to the multi-employer defined benefit scheme which is closed to future accrual, as set out in note 15, full provision is made for the total agreed contributions payable to meet the fund deficit. The provision is based on the total contributions payable at the year end, discounted to net present value.

In relation to the defined contribution scheme, as set out in note 16, contribution are accounted for as they fall

Judgements and key sources of estimation uncertainty

Judgements and key sources of estimation uncertainty are detailed in the above accounting policies, where applicable. The key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are that of the SUSS pension scheme deficit as disclosed in note 15.

Student and casual staff	80	42
	117	81
	2022	2021
	£	£
The cost of key management was as follows:		
Sabbatical Officers	145,629	143,402
Senior management	235,323	221,455
	£ 380,952	£ 364,857
Number of Sabbatical Officers	5	5

One (2021 - one) employee received remuneration of more than £60,000 The accounts include termination payments totalling £nil (2021 - £8,942).

The key management personnel of the Charity are those persons having authority and responsibility for planning, directing and controlling the activities of the Charity, directly or indirectly, including any Trustee of the Charity. In addition to the Trustees, key management personnel includes the Sabbatical Officers and senior management.

10. TRUSTEES REMUNERATION AND BENEFITS

Sabbatical officers are paid as authorised in the Union's governing document, for the representation, campaigning and support work they undertake as distinct from their trustee responsibilities. This work included voicing student opinion with the University and local community, defending and extending the rights of students through petitions etc. and also organising and supporting student volunteers and service provision for them. Details are included in note 9.

Five members of the Board of Trustees received reimbursement of travel and IT expenses amounting to £507 (2021 - £124).

15. DEFINED BENEFIT PENSION SCHEME - SUSS (continued)

London School of Economics Students' Union participates in the Students' Union Superannuation Scheme, which is a defined benefit scheme whose membership consists of employees of students' unions and related bodies throughout the country. Benefits in respect of service up to 30 September 2003 are accrued on a "final salary" basis, with benefits in respect of service from 1 October 2003 accruing on a Career Average Revalued Earnings (CARE) basis. With effect from 30 September 2011 the Scheme closed to future accrual. The most recent Valuation of the Scheme was carried out as at 30 June 2019 and showed that the market value of the Scheme's assets was £119.1m with these assets representing 46% of the value of benefits that had accrued to members after allowing for expected future increases in earnings. The deficit on an ongoing funding basis amounted to £140.9m.

The 2019 Valuation recommended a monthly contribution requirement by each Participating Employer expressed in monetary terms intended to clear the ongoing funding deficit over a period of 16 years, increasing by 5% each year (except 8% increase in year 2021-22). These contributions also include an allowance for the cost of the ongoing administrative and operational expenses of running the Scheme. The revised contributions represent a 18% increase on the pension deficit funding contribution and are payable over an extended period to August 2035.

Full provision is made in the accounts for the total amount of contributions payable to meet the funding deficit. The provision is based on the discounted value of future contributions. The contributions payable will be formally reviewed following completion of the next valuation due with an effective date of 30 June 2022. In addition to the above contributions, London School of Economics Students' Union also pays its share of the Scheme's levy to the Pension Protection Fund.

In calculating this net present value annual increases of 5% have been made and a discount rate of 3.33% (2021: 2.25%) representing the typical yield of high quality corporate bonds has then been applied. This discount rate is significantly higher than in the previous year and results in a lower liability than compared with the previous year. The next full Valuation of the Scheme may result in an increase to the liability.

16. DEFINED CONTRIBUTION PENSION SCHEME

Since 1 October 2011, all participating employees have been in a new defined contribution pension scheme with Scottish Widows. Contributions are at 3% (increasing to 4% from 1 August 2022) for the employer and a contribution rate starting at 4% for the employee. Contributions are accounted for as part of the Union's unrestricted funds.

'Pension costs - current services costs' in note 9 relate to payments made to a defined contribution pension scheme. The charitable company's liability is limited to making the payments due to the scheme on a timely basis. The liability at the 31 July 2022 is £4,914 (2021: £5,108).

20. RELATED PARTIES

There are no related party transactions other than those disclosed in notes 9 and 10.

NOTES TO THE FINANCIAL STATEMENTS For the year ended 31 July 2022

21. RELATIONSHIP WITH LONDON SCHOOL OF ECONOMICS

The London School of Economics provides the Union with an annual grant as shown in the Statement of Financial Activities including a Space Grant which contributes to the costs which the Union incurs in occupying spaces owned by The London School of Economics. The Union pays market rate charges to The London School of Economics for this accommodation and associated support services.

22. CONTROLLING PARTY

Ultimate control of the Union rests with its membership, respresented by the Board of Trustees.
