The notes on pages 3 to 4 form part of these financial statements

Anno Distillers Limited

Notes to the abbreviated accounts For the period ended 31 December 2012

1. Accounting policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2 Going concern

The company has net liabilities of £40,048 at 31 December 2012, in respect of pre-trading expenditure incurred prior to the granting of licences. The company relies on the support of the directors who will continue to support the business for the foreseeable future and will not demand repayment of these loans until such time as the company is able to pay all obligations in the ordinary course of business. As a result the going concern basis of accounting has been adopted.

1.3 Cash flow

The financial statements do not include a Cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives from the date of first use, on the following bases:

Plant & machinery	-	16 66% straight line basis
Office equipment	-	33 33% straight line basis

1.5 Operating leases

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.
