#### **LIQUIDATORS’ ACTIONS SINCE APPOINTMENT**

Our duties and functions as Liquidators are the realisation of the Company’s assets, the agreement of the claims of creditors, investigation of the directors’ conduct and the Company’s affairs generally, and the eventual distribution of the Liquidation funds between the creditors in accordance with their legal entitlements, should sufficient realisations permit.

As creditors may recall, the Company was placed into Administration on 14 July 2016 and was moved from Administration to Creditors Voluntary Liquidation on 16 July 2017. It was the duty of the Administrators to undertake an initial investigation into the Company’s affairs to establish whether there were any potential *asset recoveries or conduct matters that justified further investigation*. The Liquidators continued investigations with respect to the Company’s client database and unexplained payments made from the bank accounts. Ultimately, due to insufficient funds and information being available, no realisations were deemed possible.

Other than dealing with the above, there is certain work that we are required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of the routine work undertaken since 16 July 2019 is detailed at appendix 4.

#### **RECEIPTS AND PAYMENTS ACCOUNT**

A summary of our receipts and payments from 16 July 2017 to 30 August 2019 is enclosed.

## ASSET REALISATIONS

The funds in the liquidation have been held in an interest-bearing account which resulted in gross bank interest totalling £0.34.

### Data Access Requests

*The Joint Liquidators received a number of requests for access to former clients' personal data. In this regard, contributions of £10 were received towards the costs of the liquidators complying with these requests and these monies were paid into the estate.*

### Client Database & Other

As detailed previously in the Administrators' Proposals, the Company's main asset was its Client database which was valued by Roddis Taylor Robinson LLP at a value of £95,000. However, the Administrators received an ownership claim to the database from a third party. Additionally, following investigations by the Administrators, it was identified that unexplained payments had been made from the Company's bank accounts.

The third-party claim to the database and unexplained transactions were investigated by the Administrators, and subsequent Liquidators, with the assistance of Walker Morris LLP, solicitors. Due to insufficient funds and information being available, Walker Morris LLP's assistance in this regard ultimately ceased. The Liquidators examined the possibility of third parties providing funding to enable investigations and related action to be continued. Unfortunately, no such funding could be secured and the Liquidators recovery action ceased.

## LIABILITIES

### Secured Creditors

*An examination of the Company's mortgage register held by the Registrar of Companies shows that the Company has no charges over its assets.*

### Preferential Creditors

No preferential creditor claims were anticipated nor received.

### Non-Preferential Unsecured Creditors

The Director's Statement of Affairs indicated estimated unsecured claims in the sum of £35,000. We have received the following claims although they have not been reviewed or agreed by the Liquidators:

	£
HM Revenue & Customs	26,573.55
8 Trade & Expense Creditors	18,745.92
Financial Services Compensation Scheme	127,941.81
	<u>173,261.28</u>

The claim received from the Financial Services Compensation Scheme relates to compensation payments made by them to the Company's former clients. Included within the claims received from trade and expense creditors is one creditor who was not included in the Statement of Affairs in the sum of £583.26.

I would note that five unsecured creditors with estimated claims in the Director's Statement of Affairs totalling £5.00 have not proven in the liquidation.

## **DIVIDENDS**

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case, as no floating charge is outstanding, the legislation does not apply.

I can confirm that due to insufficient assets being realised, no dividend has or will be declared to any class of creditor as the funds realised have been utilised to meet the expenses of the Liquidation.

## **INVESTIGATION INTO THE AFFAIRS OF THE COMPANY**

An initial investigation into the Company's affairs was undertaken by the Administrators to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved.

As noted earlier in this report, the Liquidators continued investigations with respect to the Company's client database and unexplained payments made from the bank accounts. Ultimately, due to insufficient funds and information being available, no realisations were deemed possible.

## **ADMINISTRATORS' REMUNERATION**

The Administrators' remuneration had originally been approved on a time costs basis. This approval was given by creditors on 26 April 2017 in accordance with a fee estimate circulated to creditors.

Due to insufficient realisations, the Administrators were unable to draw any fees from the Administration estate and consequently these represent a liability payable from the liquidation. I can confirm that the sum of £184.53 plus VAT was paid from the estate to Abbey Taylor Ltd in respect of the Administrators' remuneration.

## **LIQUIDATORS' REMUNERATION**

The basis of the Liquidators remuneration has not been previously approved by creditors. In the circumstances, realisations are such that there are no funds available against which any remuneration might be drawn.

For information purposes, I can confirm that the time costs of the Liquidators and our staff to 30 August 2019 total £12,589.25 which represents 66.37 hours at an average hourly rate of £189.68; of which £1,826.25, representing 9.2 hours at an average hourly rate of £198.51, was incurred in the period since 16 July 2019. I would advise that on 1 April 2019, the Liquidators changed their time recording software. As such, enclosed as appendices 1, 2 and 3 are schedules of the time costs to 31 March 2019 and from 1 April 2019 to 30 August 2019.

Please refer to the Practise Fee Recovery Policy appended to this report for further information with regard to time recording, an explanation of the liquidators' general routine duties in dealing with a Company in liquidation and disbursements.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at [www.creditorinsolvencyguide.co.uk](http://www.creditorinsolvencyguide.co.uk). Details about how an office holder's fees may be approved for each case type are available in a series of Guidance Notes issued with Statement of Insolvency Practice 9, and they can be accessed at [www.icaew.com/en/technical/insolvency/creditors-guides](http://www.icaew.com/en/technical/insolvency/creditors-guides). Please note that there are different versions of the Guidance Notes and in this case you should refer to the April 2017 version.

## LIQUIDATORS' EXPENSES

Expenses incurred by Abbey Taylor Limited and paid from the case, net of VAT where applicable, are summarised as follows:

	<u>200.96</u>	<u>190.75</u>	<u>10.21</u>

The specific bond represents the cost of obtaining a specific penalty bond which is an insurance required by statute that every insolvency office holder has to obtain for protection of the estate. Statutory advertising represents the costs of placing statutory notices in the London Gazette as required by statute.

During the course of the Liquidation, the Liquidators utilised the services of the following agents or professional advisors:

Professional Advisor	Nature of Work	Basis of Fees
Walker Morris LLP	Solicitor	Time cost basis

The Liquidators utilised the services of Walker Morris LLP to assist with their investigations and the choice of professional firm chosen to assist was based on our perception of their experience and ability to perform the type of work, the complexity and nature of the assignment and the basis of our fee arrangement with them. Due to the lack of realisations, no fees were paid from the estate to Walker Morris LLP.

## FURTHER INFORMATION

An unsecured creditor may, with the permission of the Court, or with the concurrence of 5% in value of the unsecured creditors (including the creditor in question), request further details of the Joint Liquidators' remuneration and expenses within 21 days of their receipt of this final account. An unsecured creditor may, with the permission of the Court, or with the concurrence of 10% in value of the unsecured creditors (including the creditor in question), apply to Court to challenge the amount of remuneration charged by the Joint Liquidators as being excessive, and/or the basis of the Joint Liquidators' remuneration, and/or the amount of the expenses incurred as being excessive, within 8 weeks of their receipt of this final account. Any secured creditor may make a similar application to court within the same time limit.

To comply with the Provision of Services Regulations, some general information about Abbey Taylor Limited can be found in the attached summary sheet.

## Appendix 4

### Administration

*This represents the work involved in the routine administrative functions of the case by the office holder and their staff, together with the control and supervision of the work done on the case by the office holder. It does not give direct financial benefit to the creditors but has to be undertaken by the office holder to meet their requirements under the insolvency legislation and the Statements of Insolvency Practice, which set out required practice that office holders must follow.*

- Dealing with all routine correspondence and emails relating to the case.
- Preparing, reviewing and issuing a final account of the liquidation to creditors and members.

### Creditors

Claims of creditors - the office holder needs to maintain up to date records of the names and addresses of creditors, together with the amounts of their claims as part of the management of the case, and to ensure that notices and reports can be issued to the creditors. The office holder also needs to deal with correspondence and queries received from creditors regarding their claims and dividend prospects as they are received. The office holder is required to undertake this work as part of his statutory functions.

- Dealing with creditor correspondence, emails and telephone conversations regarding their claims.

## PRACTICE FEE RECOVERY POLICY FOR ABBEY TAYLOR LIMITED

### Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is / are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the Court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at [www.creditorinsolvencyguide.co.uk](http://www.creditorinsolvencyguide.co.uk). Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP9) and can be accessed at [www.icaew.com/en/technical/insolvency/creditors-guides](http://www.icaew.com/en/technical/insolvency/creditors-guides). Alternatively a hard copy may be requested from Abbey Taylor Limited, Unit 6 Twelve O'clock Court, Attercliffe Road, Sheffield, S4 7WW free of charge. Please note that we have provided further details in this policy document.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time costs basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Under some old legislation, which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.

### Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units, with supporting narrative to explain the work undertaken.

### Charge-out Rates

Grade of staff	Charge-out rates per hour to 07/07/2019 (£)	Charge-out rates per hour from 08/07/2019 (£)
Partner	350	450 - 650
Manager	250	350 - 400
Other Senior Professionals	200	200 - 250
Assistants & Support Staff	135 - 175	150 - 200

These charge-out rates charged are reviewed on an annual basis and are adjusted to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Administration and Planning – which includes work such as planning how the case will be administered and progressed; the administrative set up of the case; notifying creditors and others of the appointment; keeping the records relating to the case up to date; and reporting on progress of the case to creditors and others.
- Investigations – which includes work such as undertaking an initial review of the financial affairs of the company and bankrupt; undertaking a detailed investigation with a view to making recoveries for the benefit of creditors where matters such as preferences or wrongful trading come to light as a result of the initial review; and reporting to the Insolvency Service on the conduct of the directors.

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise *that information in an average or “blended” rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.*

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

### **Percentage Basis**

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and / or distributions). Different percentages can be used for different assets or types of assets. A report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisations and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

*If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances, then an increase can only be approved by the Court.*

### **Fixed Fee**

The legislation allows fees to be charged at a set amount and different set amounts can be used for different tasks. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances then, an increase can only be approved by the Court.

## **Members' Voluntary Liquidations and Voluntary Arrangements**

The legislation changes that took effect from 1 October 2015 did not apply to Members' Voluntary Liquidations (MVLs), Company Voluntary Arrangements (CVAs) or Individual Voluntary Arrangements (IVAs). In MVLs, the company's members set the fee basis, often as a fixed fee. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

### **All Bases**

Where applicable, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

### **Agent's Costs**

Charged at cost based upon the charge made by the Agent instructed, the term Agent includes:

- Solicitors / Legal Advisors
- Auctioneers / Valuers
- Accountants
- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015, the office holder will provide details of expenses to be incurred, or likely to be incurred, when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment, the actual expenses incurred will be compared with the original estimate provided.

### **Disbursements**

In accordance with Statement of Insolvency Practice 9 (SIP9) the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or Abbey Taylor Limited; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and company search fees.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage and mileage.

It is proposed that the following Category 2 disbursements are recovered:

Room Hire	£75
Mileage	45p per mile
Storage	£2.50 per box per quarter
Photocopying	5p per sheet
