#### 1.2 Going concern

The COVID-19 pandemic and the ensuing economic shutdown has had a significant impact on the company's operations which the directors are constantly monitoring and managing. In response to the COVID-19 pandemic, the directors have performed a robust analysis of forecast future cash flows taking into account the potential impact on the business of possible future scenarios arising from the impact of COVID-19. This analysis also considers the effectiveness of available measures to assist in mitigating the impact.

The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

#### 1.4 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.
