Changes in liquidator (if any): None

PROGRESS DURING THE PERIOD

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 28 November 2017 to 27 November 2018.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment. The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

Although there is no direct financial benefit to the liquidation, the liquidators are required to maintain records to demonstrate how the case was administered and to document the reasons for any decisions that materially affect the case. We must also perform regular reviews to ensure that the case specific matters are progressed.

Compliance with the Insolvency Act, Rules and best practice

Again, although there is no direct financial benefit to the liquidation, we are required to comply with statutory reporting requirements and this includes preparation of the annual progress report to members and creditors.

Dealing with all creditors' claims (including employees), correspondence and distributions

As is expected with such an assignment, general queries are received from creditors throughout the course of the liquidation.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures, tax, litigation, pensions and travel

The liquidators are required to deal with post-appointment taxation matters, and this includes the submission of corporation tax and VAT returns to HMRC. The timely submission of such returns prevents incurring penalties and allows the liquidators to reclaim any funds due.

ESTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs.

On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows:

Secured creditor

As previously reported, the secured creditor was paid in full during the administration.

Preferential creditors

As previously reported, preferential creditors were paid in full during the administration.

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part for unsecured creditors is calculated were provided by the former administrators in their statement of proposals.

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

Unsecured creditors

We consider that there may be sufficient funds for a dividend to be paid to unsecured creditors. This will depend upon the quantum of any CIS refund received from HM Revenue & Customs.

REMUNERATION & DISBURSEMENTS

Remuneration

Our remuneration has been fixed on the same basis as the former administrators namely, by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up

Pursuant to Statement of Insolvency Practice 9, we are authorised to draw disbursements, including disbursements for services provided by our firm (defined as category 2 disbursements in Statement of Insolvency Practice 9) on the same basis as the former administrators, namely, in accordance with our firms policy, a copy of which is attached at Appendix 2 of this report.

Our time costs for the period from 28 November 2017 to 27 November 2018 amount to £4,360.50 which represents 21 hours at an average rate of £207.64 per hour.

The following further information in relation to our time costs and disbursements is set out at Appendix 2:

- □ Time Costs Analysis for the period 28 November 2017 to 27 November 2018
- Begbies Traynor (Central) LLP's charging policy

To 27 November 2018, we have drawn the total sum of £22,500 on account of our remuneration, against total time costs of £29,198.50 incurred since the date of our appointment.

Time Costs Analysis

The Time Costs Analysis for the period of this report attached at Appendix 2 shows the time spent by each grade of staff on the different types of work involved in the case, and gives the total costs and average hourly rate charged for each work type. An additional analysis is also attached which details the time costs for the entire period for which we have administered the liquidation.

Please note that each analysis provides details of the work undertaken by us and our staff following our appointment only.

Disbursements

To 27 November 2018, we have not incurred or drawn any further disbursements.

Category 2 Disbursements

A copy of 'A Creditors' Guide to Liquidators Fees (E&W) 2011' which provides guidance on creditors' rights on how to approve and monitor a Liquidator's remuneration and on how the remuneration is set can be obtained online at www.begbies-traynor.com/creditorsguides Alternatively, if you require a hard copy of the Guide, please contact our office and we will arrange to send you a copy.

LIQUIDATORS' EXPENSES

A statement of the expenses incurred during the period of this progress report is attached at Appendix 3. A cumulative statement showing the total expenses incurred since the date of our appointment also appears at Appendix 3.

8. ASSETS THAT REMAIN TO BE REALISED AND WORK THAT REMAINS TO BE DONE

What work remains to be done, why is this necessary and what financial benefit (if any) will it provide to creditors?

General case administration and planning

Although there will be no direct financial benefit to the liquidation, the liquidators will continue to maintain sufficient records to demonstrate how the case is being administered and will perform 6 monthly reviews to ensure that the case matters are progressed.

Compliance with the Insolvency Act, Rules and best practice

Again, although there will be no direct financial benefit to the liquidation, insolvency legislation requires the liquidators to do the following:

- produce annual progress reports it may be necessary for the liquidators to produce a further progress
 report. This will depend on the timescale in which the refund of the CIS deductions is received.
- produce a final report once all liquidation matters have been finalised the liquidators will prepare a final progress report to members and creditors.
- file information with the Registrar of Companies annual and final progress at the appropriate time.
- ensure that the case is adequately bonded regular bond reviews will be carried out to ensure that the bond level remains sufficient.

Realisation of assets

The only asset remaining to be realised is a refund of CIS tax due from HM Revenue & Customs in respect of deductions suffered during the administration.

Dealing with all creditors' claims (including employees), correspondence and distributions

In addition to dealing with general creditor enquiries, based upon current information there may be sufficient funds to enable a distribution to unsecured creditors should funds permit once the refund of the CIS deductions has been finalised. At this point a notice of intended dividend will be sent to creditors who are yet to submit their claim in the liquidation. Claims will then be adjudicated upon and, where appropriate, admitted for dividend. The dividend will then be declared and paid.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedure, tax, litigation, pensions and travel

A further corporation tax return may be required; again this will depend on the timescale in which the above matters are completed. A final VAT return will be required in order to reclaim all VAT receivable due to the liquidation.

How much will this further work cost?

In addition to the unbilled time costs detailed in the attached progress report, the anticipated future costs in dealing with the above are estimated to be £4,000 plus VAT and disbursements.

Expenses

We do not expect to incur any expenses in connection with the work that remains to be done referred to above.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories:

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party.
 - (A) The following items of expenditure are charged to the case (subject to approval):
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting;
 - Car mileage is charged at the rate of 45 pence per mile;
 - Storage of books and records (when not chargeable as a Category 1 disbursement) is charged
 on the basis that the number of standard archive boxes held in storage for a particular case
 bears to the total of all archive boxes for all cases in respect of the period for which the storage
 charge relates.

² Ibid 1

Statement of Insolvency Practice 9 (SIP 9) – Remuneration of insolvency office holders in England & Wales

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - · Telephone and facsimile
 - · Printing and photocopying
 - Stationery
