The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30th April 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 30th April 2015 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

**Notes to the Abbreviated Accounts
for the year ended 30th April 2015**

1. ACCOUNTING POLICIES**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Investment properties

In accordance with SSAP 19, (i) investment properties are revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve, and (ii) no depreciation or amortisation is provided in respect of freehold investment properties and leasehold properties with over 20 years to run.

The requirement of the Companies Act 1985 is to depreciate all properties, but that requirement conflicts with the generally accepted accounting principle set out in SSAP 19. The director considers that this accounting policy results in the accounts giving a true and fair view.

Depreciation is only one of the many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified. In the event of a permanent diminution in value, the shortfall against original cost would be provided for in the profit and loss account.

2. CALLED UP SHARE CAPITAL
