Axis Fleet Management Leasing Limited - in liquidation The Liquidators' final account

1. Overview of the liquidation

FRP

Introduction

Following my appointment as Liquidator of the Company on 26 June 2019, I set out herein my final account of the liquidation and confirm that the affairs of the Company are now fully wound up. This report provides an overview of the liquidation and details work done and expenses incurred during the Period.

Following my appointment, I have written to creditors on 17 July 2019, 17 July 2020, 9 August 2021, 8 August 2022 and 17 July 2023, notifying creditors of my appointment, to set out a summary of the information I had regarding the Company's assets and liabilities, provide an indication of the anticipated costs of dealing with the liquidation and the likely anticipated outcome for creditors.

Details of work undertaken since my appointment have been set out in previous progress reports to creditors.

Work undertaken by the Liquidators during the Period

HMRC

It was reported previously that following HMRC accepting the appeal against the ECN rejection, a revised £nil unsecured claim was received from HMRC.

I was subsequently advised that a number of VAT payments had been made to HMRC prior to my appointment, including the period covered by the ECN which following the reallocation of the VAT liability to AFML, resulting in a credit balance of £533,096.

Following dialogue with HMRC, it was agreed that a refund of £533,096 would be paid into the liquidation estate. As a result of this, I reviewed the intercompany position between the Company and AFML to clarify if AFML had an unsecured claim in the Company. It was assessed that AFML had a valid claim in order to maintain the nil assets/liabilities position of the Company as at the date of appointment.

This resulted in AFML submitting an unsecured claim of £772,852 and an equalising dividend of £259,910 being paid during the Period.

Axis Fleet Management Leasing Limited - in liquidation The Liquidators' final account

With this matter having now been resolved, a third and final distribution of £263,706 was declared to the unsecured creditors during the Period.

Other work undertaken during the Period included:

- · Ensuring all statutory and compliance matters were attended to;
- Providing updates to creditors upon request; and
- Settling all liquidation costs and bringing the liquidation to a close.

Subcontractors

I can confirm that no work has been subcontracted to third parties.

Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing transactions for the Period and also cumulatively since my appointment as Liquidator, together with the costs and expenses in dealing with this liquidation which are further discussed in Section 3 below.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency. No payments have been made to associates without the prior approval of creditors as required by STP9

As shown on the account all assets have been realised.

There were sufficient funds available to make three distributions to creditors. The final outcome for creditors is set out in Section 2 below.

Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by me in my capacity as Liquidator against any party which could result in a benefit to the estate. I have reviewed the Company's books and records and

FRP

accounting information, requested further information from the Directors, and invited creditors to provide information on any concerns they have concerning the way in which the Company's business has been conducted.

Further details of the conduct of my investigations are set out in previous progress reports. I can confirm that no further investigations or actions are required.

2. Final outcome for the creditors

FRP

The final outcome for creditors is set out below:

Outcome for secured creditors

There are no secured creditors in this matter.

Preferential creditors

The Company did not employ any staff as they were contracted through AFML. There are therefore no preferential creditors in this matter.

Unsecured creditors

I have received claims totalling £1,388,411 from unsecured creditors in these proceedings. Further information about these claims can be found in my previous progress report.

As explained in Section 1, an equalising dividend of 33.63 pence in the pound was declared to AFML on 13 August 2023.

A third and final distribution of 22.49 pence in the pound was paid to the unsecured creditors whose agreed claims totalled £1,172,292 on 12 December 2023, totalling £263,706. This brings the total dividend in the liquidation to 56.12 pence in the pound and total distributions of £657,975.

Pursuant to the Insolvency Rules no further dividend will be declared to unsecured creditors as the funds realised will be utilised in defraying the expenses of the liquidation.

The prescribed part

In accordance with the Insolvency Act 1986 the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

As there were no floating charges, the prescribed part did not apply in this instance.

3. Liquidators' remuneration, disbursements and expenses

FRP

Liquidators' remuneration

As advised in previous correspondence, the creditors passed a resolution that the Liquidators' remuneration should be calculated on a time cost basis, subject to a revised fee estimate of £70,507 plus VAT. In accordance with the approval obtained, fees of £68,464 plus VAT have been drawn from the funds available. Any remaining time costs incurred in closing the liquidation will be written off.

A breakdown of my firm's time costs incurred during both the Period and to date is attached at **Appendix D.**

The remuneration recovered by the Liquidators based on time costs has not exceeded the sum provided in the revised fees estimate previously circulated to creditors.

Liquidators' disbursements and expenses

The Liquidators' disbursements are a recharge of actual costs incurred by the Liquidators in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred, as approved by the creditors. Details of disbursements incurred during the Period are set out in **Appendix D**.

Expenses of the liquidation

An estimate of the Liquidators' expenses was set out in the information previously circulated to creditors prior to determining the basis on which the Liquidators' fees could be drawn. Further information on these expenses has been provided with each progress report sent to creditors. The expenses incurred in the Period together with the cumulative total for the liquidation are detailed in **Appendix E**.

I can confirm that expenses incurred have exceeded the estimates previously provided.

The final costs incurred are set out below:

Expense	Costs per initial estimate (£)	Revised anticipated costs (£)	Paid to date (£)
Liquidators' fees – FRP	38,985	68,464	68,464
Legal fees – Eversheds Sutherland LLP	Nil	2,000	2,000
Accountancy fees - James Cowper LLP t/a James Cowper Kreston	Nil	2,000	2,000
Accountancy fees - Prime Accountants Group	Nil	1,000	1,000
Debt collection charges - AFML	Nil	30,596	30,596
Statutory advertising	250	295	295
Total	39,235	104,355	104,355

The key reasons for the increases are as follows:

- Liquidators' fees: Liquidators' time costs have increased due to the reasons stated in my previous reports, including the extensive correspondence with HMRC.
- Legal fees. Advising on the competing unsecured claims from two creditors which was not anticipated at the outset.

Axis Fleet Management Leasing Limited - in liquidation The Liquidators' final account

3. Liquidators' remuneration, disbursements and expenses

FRP

- Accountancy fees James Cowper LLP t/a James Cowper Kreston:
 Undertaking a review of the Company's pre-appointment VAT position, making a submission to HMRC to correct the position and providing additional advice on appealing the initial decision from HMRC.
- Accountancy fees Prime Accountants Group: Undertaking a review of the intercompany balances and initial advice on HMRC's pre-appointment claim.
- Debt collection charges: Costs incurred by and recharged to the Company by AFML in dealing with the debt collections. All costs were apportioned on a pro-rata basis and deducted accordingly from the debtor receipts.
- Statutory advertising: It was not certain at the outset that a distribution would be made to the unsecured creditors. Additional costs were incurred in advertising for claims.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Liquidator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Liquidator periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Liquidator and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Schedule of work

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment.

Where work undertaken results in the realisation of funds (from the sale of assets; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the Directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.
