**2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

**3. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements have been prepared under the historical cost convention.

The company's functional and presentation currency is the pound sterling, rounded to the nearest £.

**Significant judgements and estimates**

In preparing these financial statements the company's management make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities at the statement of financial position date and the amounts reported in the income statement for the year under review.

The nature of estimates means that the actual outcome could differ and the company's management consider there are no estimates or assumptions that have a significant risk of causing a material adjustment to the amounts reported for assets and liabilities within the next financial year.

**Turnover**

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

**Goodwill**

Goodwill, being the amount paid in connection with the acquisition of a business in 2013, has been amortised evenly over its estimated useful life of two years.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc	-	15% and 25% on reducing balance
-------------------------	---	---------------------------------

Tangible fixed assets are initially recorded at cost.

**Financial instruments**

Basic financial assets and liabilities are initially recognised at transaction price and are subsequently measured at amortised cost.

**Tax**

Current tax represents the amount of tax payable or receivable in respect of the taxable profit (or loss) for the current or past reporting periods. It is measured at the amount expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.
