**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF ALBERTO-CULVER UK HOLDINGS LIMITED**

Opinion

We have audited the financial statements of Alberto-Culver UK Holdings Limited ("the Company") for the year ended 31 December 2018 which comprise the Profit and Loss Account and Other Comprehensive Income, Balance Sheet, Statement of Changes in Equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 Reduced Disclosure Framework; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The Directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period")

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least twelve months from the date of approval of the financial statements. In our evaluation of the Directors' conclusions, we considered the inherent risks to the Company's business model, including the impact of Brexit, and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this Auditor's Report is not a guarantee that the company will continue in operation.

Strategic Report and Directors' Report

The Directors are responsible for the Strategic Report and the Directors' Report. Our opinion on the financial statements does not cover those report and we do not express an audit opinion thereon.

Our responsibility is to read the Strategic Report and the Directors' Report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the Strategic Report and the Directors' Report;
- in our opinion the information given in that report for the financial year is consistent with the financial statements; and
- in our opinion that report has been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 2, the Directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an Auditor's Report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

1.3 MEASUREMENT CONVENTION

The financial statements are prepared on the historical cost basis except that the following assets and liabilities are stated at their fair value: none.

1.4 GOING CONCERN

When preparing financial statements, management makes an assessment of the Company's ability to continue as a going concern. The Company shall prepare financial statements on a going concern basis unless management either intends to liquidate the Company or to cease trading, or has no realistic alternative but to do so. When management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern, the Company shall disclose those uncertainties. When the Company does not prepare financial statements on a going concern basis, it shall disclose that fact, together with the basis on which it prepared the financial statements and the reason why the Company is not regarded as a going concern.

FOR THE YEAR ENDED 31 DECEMBER 2018**

1. ACCOUNTING POLICIES (continued)

liabilities as and when they become due, for at least the next twelve months from the date of approval of these financial statements

1.5 VALUATION OF INVESTMENTS

Other investments are shares in other entities, for which the Company's influence is less than significant. This investment in equity securities held by the Company are classified as being available-for-sale and are stated at fair value, with any resultant gain or loss being recognised directly in equity (in the fair value reserve), except for impairment losses. When these investments are derecognised, the cumulative gain or loss previously recognised directly in equity is recognised in profit or loss.

The carrying amounts of the Company's fixed assets investments are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

1.6 TRADE AND OTHER CURRENT PAYABLES

Trade payables are initially recognised at fair value less any directly attributable transaction costs. Trade payables are subsequently measured at amortised cost, using the effective interest method.

OTHER CURRENT PAYABLES

Other current payables are initially recognised at fair value less any directly attributable transaction costs.

Subsequent measurement depends on the type of liability:

- Accruals are subsequently measured at amortised cost, using the effective interest method.
- Social security and sundry taxes are subsequently measured at amortised cost, using the

FOR THE YEAR ENDED 31 DECEMBER 2018**

effective interest method.

- Others are subsequently measured either at amortised cost, using the effective interest method or at fair value, with changes being recognised in the income statement.

1.7 FOREIGN CURRENCY TRANSLATION*Functional and presentation currency*

The company's functional and presentational currency is GBP.

Transactions and balances

Transactions in foreign currencies are translated to the Company's functional currencies at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are retranslated to the functional currency at the foreign exchange rate ruling at that date. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are retranslated to the functional currency at foreign exchange rates ruling at the dates the fair value was determined. Foreign exchange differences arising on translation are recognised in the Profit and Loss Account (except for differences arising on the retranslation of qualifying cash flow hedges, which are recognised in other comprehensive income).

1.8 FINANCE COSTS

Net finance costs are comprised of finance costs and finance income, including net finance costs in relation to pensions and similar obligations.

1.9 INTEREST INCOME AND EXPENSE

Interest income and expense are recognised in the Profit and Loss Account using the effective interest method.

1.10 CURRENT AND DEFERRED TAXATION

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

1. ACCOUNTING POLICIES (continued)

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill; the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised or that the Company has determined it is appropriate to recognise the deferred tax asset as it is recoverable due to the fact that the Company is part of a UK group for group relief purposes.

1.11 NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS OF EXISTING STANDARDS THAT ARE NOT YET EFFECTIVE AND HAVE NOT BEEN EARLY ADOPTED BY THE GROUP

All standards or amendments to standards that have been issued under FRS 101 and are effective from 1 January 2019 onwards are not applicable to the Company.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2018**

2. JUDGEMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

Estimates and judgements are continually evaluated and are based on historical experience and other factors including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Impairment of fixed assets investments

The Company makes an estimate of the recoverable value of the fixed assets investments. For description of management's approach see Note 1.5 Valuation of investments.

3. AUDITORS' REMUNERATION

The fees for KPMG LLP (and its associates, if applicable) in respect of the statutory audit for the current year are borne by a fellow Unilever Group company, Unilever U.K. Central Resources Limited.

5. DIRECTORS' REMUNERATION
