#### Basis of preparation

The financial statements have been prepared on the historical cost basis.

#### Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. Accounting estimates and assumptions are made concerning the future and, by their nature, will rarely equal the related actual outcome.

Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

#### Investments

Fixed asset investments are initially recorded at cost and subsequently stated at cost less any accumulated impairment losses.
