TRUSTEES' REPORT

FOR THE YEAR ENDED 31 AUGUST 2020

The trustees present their annual report together with the accounts and independent auditor's reports of the charitable company for the year 1 September 2019 to 31 August 2020.

The annual report serves the purpose of both a trustees' report, and a directors' report under company law.

The academy trust operates an academy for boys aged 11 to 18 (with girls welcomed to sixth form) in north Liverpool. It has a pupil capacity of 1050 and a roll of 1012 in the school census on 4 October 2019.

Principal Activities

The academy trust took over the operation of West Derby School on the school's conversion to academy status on 1 September 2012. Since then the academy trust's principal objective and activity has been to manage the school's provision of education to pupils between the ages of 11 and 18.

Structure, governance and management

Constitution

The academy trust is a company limited by guarantee and an exempt charity. The charitable company's memorandum and articles of association are the primary governing documents of the academy trust.

The Trustees of West Derby School are also the directors of the charitable company for the purposes of company law. The charitable company operates as West Derby School.

Details of the Trustees who served during the year, and to the date these accounts are approved, are included in the Reference and Administrative Details on page 1.

Members' liability

Each member of the academy trust undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

Trustees' indemnities

The academy trust maintains trustees' and officers' liability insurance which gives appropriate cover for any legal action brought against its Trustees. The academy trust has also granted indemnities to each of its trustees and other officers to the extent permitted by law. Qualifying third party indemnity provisions (as defined Trustees by section 236 of the Companies Act 2006) were in force during the period and remain in force, in relation to certain losses and liabilities which the trustees or other officers may incur to third parties in the course of acting as trustees or officers of the academy trust.

Details of the insurance cover are provided in note 11.

Method of recruitment and appointment or election of trustees

Under the terms of its Articles, the academy trust shall have the following trustees:

- · Up to 11 trustees, appointed by members
- · A minimum of 2 parent trustees
- · The principal
- · Co-Opted trustees

The academy trust has been successful in recruiting new trustees during the year. The academy trust has enlisted the services of Governors for Schools and Inspiring Governance both of whom are trusted sources for finding high calibre, skilled new trustees.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Policies and procedures adopted for the induction and training of trustees

All new trustees have a preliminary meeting with the Headteacher, Chair of Trustees and Clerk, and are issued with an information pack. Trustees have access to a full programme of courses which are organised in collaboration with School Improvement Liverpool's Governor Services. These range from bespoke courses delivered by external agencies to internal training from staff. Trustees are also invited to attend staff inset days to enable them to access all training on offer. The school also subscribes to The Key for School Governors to which all trustees have access.

The training and induction provided for new trustees depends on their previous experience.

The academy trust continually looks for opportunities to increase access to external training and support for trustees. One such example is the Governance Leadership Development programme, which is fully funded by the DfE. One of our trustees has completed this programme which provides high quality training for trustees to develop skills, confidence and knowledge to contribute towards the strategic development of our school. The Chair of Trustees is currently undertaking the Governorspace Governance Leadership Development Programme delivered by Entrust in partnership with the DfE. The Clerk has also completed the Governance Clerking Development Programme.

Organisational structure

The organisational structure consists of four levels: Members, the Board of Trustees, the Accounting Officer Senior Leadership Team and the Middle Management Team. The Scheme of Delegation (Trust Board Decision Planner) is approved by the Board of Trustees annually and sets out the levels of delegated authority between the Accounting Officer, Committees and where decisions cannot be delegated lower than the Board of Trustees. The aim of the management structure is to devolve responsibility and encourage involvement in decision making at all levels, whilst adhering to the provisions laid down in the Trust Board Decision Planner.

The trustees are responsible for setting general policy, adopting an annual plan and budget, monitoring the academy by the use of budgets and making major decisions about the direction of the academy, capital expenditure and senior staff appointments.

The Senior Leadership Team comprises the Principal (Accounting Officer), two Acting Deputy Headteachers, and Assistant Headteachers, Director of Business, Director of Data & Information and Director of Governance & Compliance. These managers control the academy at an executive level implementing the policies laid down by the trustees and reporting back to them. As a group the Senior Leadership Team are responsible for the authorisation of spending up to a level delegated to them within agreed budgets and the appointment of staff. Some spending control is devolved to members of the Middle Management Team, with limits above which the Principal must countersign.

The Middle Management Team includes Departmental Leaders and Pupil Progress Leaders. Along with the Senior Management Team these managers are responsible for the day to day operation of the academy, in particular organising the teaching staff, facilities and students.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Arrangements for setting pay and remuneration of key management personnel

The key management personnel of the academy trust comprise the trustees and senior leadership team as disclosed on page 1.

The remuneration policy, setting the terms and conditions for the key management personnel, was developed and approved by the Board of Trustees, after taking advice from the Principal and following guidance from the relevant professional pay review bodies. Naturally the Principal was not involved in setting her own remuneration package.

Only staff trustees, including the Principal, are remunerated, and these individuals are only in receipt of remuneration in respect of services they provide under their contracts of employment, and not in respect of their role as Trustees. Specific disclosures concerning staff trustees' remuneration is included in the notes to accounts.

The day to day running of the remuneration policy is delegated to the Principal and monitored by the Buildings, Finance and Personnel Committee. All details for setting pay and remuneration of key management personnel are set out in the pay policy and appraisal policy which are reviewed annually by the Board of Trustees.

Remuneration of key management personnel is set at an individual level, and where possible the trustees have taken external professional advice which includes benchmarking, market trends and advice on structuring of incentives. Senior management salaries are linked [closely] to pay spines, helping trustees conclude that each individual is remunerated at an appropriate level. As such salaries are linked to factors such as length of service and experience. Total remuneration packages include employer pension contribution rates at specific approved rates.

The board always bears in mind the charitable status of the academy trust and recognises the fact the trust receives funding under a funding agreement with the Secretary of State for Education, and therefore ensures that the remuneration paid to senior management personnel never exceeds a reasonable amount that provides value for money to the trust. The performance of senior management personnel is reviewed on a regular basis to ensure continuing value for money.

Total remuneration paid to senior management personnel is set out in note 9.

Trade union facility time

Under the provisions of the Trade Union (Facility Time Publication requirements) regulation 2017, and where the academy has more than 49 full time equivalent employees throughout any 7 months within the reporting period, it must include information included in Schedule 2 of the regulations. Currently the school has no trade union reps internally.

The academy had no staff members acting as trade union representatives in the 2019/20 year.

The trustees would have referred to Statutory Instrument 2017 No 328, The Trade Union (Facility Time Publication Requirement Regulations 2017) for calculation details.

Related parties and other connected charities and organisations

The academy works closely with Holly Lodge Girl's College to share good practice, skills and information and to achieve best value for the purposes of buying shared trustee training. Andy Keen (trustee) is the Headteacher at Holly Lodge and Sian Graham is a trustee at Holly Lodge.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Objectives and activities

Objects and aims

The principal activity of the academy trust is to provide education for boys between the ages of 11 and 18.

Objectives, strategies and activities

West Derby School's priorities are;

- · Improving the outcomes of pupils
- · Improving the quality of teaching and assessment
- · Improving the quality of leadership and management
- · Behaviour and welfare of students

Public benefit

West Derby School is an academy converter catering for boys aged 11 to 18 (with girls welcomed to sixth form) and strives to promote and support the advancement of education within the local community. The school provides a programme of educational and recreational activity - all designed to contribute to the overall education of our students in areas such as academic distinction, music, the arts and sport. For example:

- Providing services and events to local primary schools to promote sports and wellbeing with children in the local community
- · Collaboration with other secondary schools in the city to share best practice across subject areas
- · Inviting primary schools into the academy at various times of the year

Wherever possible the school also aims to contribute to the benefit of the wider public, by making available the premises to third parties for the provision of educational and other opportunities. For example:

- · Local MP clinics
- · Cyclical timetable of events that students and staff create in support of local and national Charities
- Provision of buildings and services for common inset day across secondary schools in Liverpool

In setting our objectives and planning our activities the trustees have given careful consideration to the Charity Commission's general guidance on public benefit. The trustees believe that the academy trust's aims, together with the activities outlined above, are demonstrably to the public benefit.

The academy trust's trustees have complied with their duty to have regard to the guidance on public benefit published by the Charity Commission in exercising their powers or duties.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Strategic report

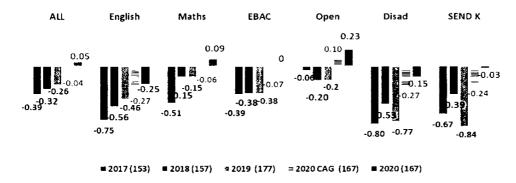

Achievements and performance

Progress and Attainment 8 measures are used to show how pupils have progressed between the end of primary school and the end of secondary school compared to other pupils who got similar results at the end of primary school.

Due to the extraordinary regulatory framework introduced in 2020 because of the Covid pandemic, resulting in the cancellation of external examinations, the academy followed the procedures as set out by the DfE and Ofqual regarding the awarding of grades in 2020. As there will be no national data published in 2020 we cannot compare our pupils' achievements to those seen nationally for this year.

The following graphs and data therefore will have school achievements for 2020 with a comparison only to the national achievements of 2019.

P8 Trends (using 2019 national values)

Included in our P8 trend data table is the academy's performance using the centre assessed grades we submitted to the exam boards. You will see that the outcomes are indeed higher than what we submitted due to the algorithms applied by the exam boards; which concluded that due to our previous track record of improving progress and attainment for 2 years in succession, further improvements in attainment would be achieved in 2020 had the examinations not been cancelled.

As previously stated, this data is to be treated with caution.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

KS4 attainment improved in all areas in 2020, with the exception of:

- Pupils who are LAC this applies to 2 pupils in 2020, with one achieving grades 5+ in both English and
 mathematics and the other achieving grades 3+. The pupil achieving grades 3 in both English and
 mathematics was of low ability at KS2 and therefore by achieving these grades made better progress
 than his national counterparts in 2019.
- Pupils achieving grade 4+ who have EAL there are 7 pupils captured in this group, the decline in 2020 was as a result of one pupil not achieving this measure. This pupil arrived to our academy midway through Y9 (in 2018) from a non-English speaking country with no ability to speak English. In less than 27 months he has been able to achieve GCSE grades in both English and Maths and a L2 Functional Skills award in English.
- Notably the attainment of pupils who are 'Disadvantaged', 'SEN' and 'White British Boys' improved in 2020

All but 5 pupils have moved on to education, employment or training. This is a higher than usual figure (3% of the cohort) and has occurred as a result of the lockdown and subsequent social distance measures being implemented, which meant that being able to assist our pupils to secure their post 16 destinations was hampered due to them not being in school and alternative measures had to be used. The academy and its CIAG officer are working tirelessly with these pupils and their families to support them into securing suitable EET.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2020

In KS5, there was an increase in all areas in 2020. The % of A*-B grades achieved by our Y13 cohort, is the highest recorded as are the % of A*-C grades and A*-E grades achieved. The % of Dist*- Dist grades increased from 2019, the % of Dist* - Merit grades decreased but pertains to one pupil and subject, with the % of Dist* - Pass grades staying at 100%. As per the KS4 progress rationale the 'Value Added' scores have been calculated using the 2019 national data set as there will be no progress data released in 2020. The % of pupils moving into university increased from 54% to 67% with all our boys who applied being offered a place. One pupil declined his university place and we currently have 8 pupils who are still to secure suitable employment, education or training and the Academy's CIAG officer along with the 6th Form student support assistant are working with these pupils and their families.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Key performance indicators

The trustees consider that the following are key performance indicators for the academy trust:

Spending as a % of total income

•	Spend on staffing as a % of total income	75.3%
•	Spend on premises costs as a % of total income	9.4%
•	Spend on energy costs as a % of total income	2.8%
•	Spend on teaching resources as a % of total income	4.5%
•	Spend on other non staff costs as a % of total income	8.3%

Spending as a % of total expenditure

•	Spend on teaching staff as a % of total expenditure	43.3%
•	Spend on education support staff as a % of total expenditure	6.7%
•	Spend on administrative and clerical staff as a % of total expenditure	4.9%
•	Spend on leadership staff as a % of total expenditure	11.0%
•	Spend on other staff as a % of total expenditure	5.1%
•	Spend on premises costs as a % of total expenditure	9.2%
•	Spend on energy costs as a % of total expenditure	2.8%
•	Spend on teaching resources as a % of total expenditure	4.0%
•	Spend on other non staff costs as a % of total expenditure	8.1%

Income and expenditure per pupil

•	Total income per pupil	£6,513
•	Total expenditure per pupil	£6,666

Reserves/balances as a % of total income

•	In-year balance as a % of total income	-2.0%
•	Revenue reserve as a % of total income	12.0%

School characteristics

•	Average teacher cost	£51,258
•	Senior leaders as a % of workforce	8.9%
•	Pupil to teacher ratio	17.8
•	Pupil to adult ratio	9.9

The Trustees have been pleased that expectations for all key performance indicators listed have been successfully met during the period.

Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the academy trust has adequate resources to continue in operational existence for the foreseeable future. For this reason it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Financial review

Most of the academy's recurrent income is obtained from the ESFA in the form of grants, the use of which is restricted to particular purposes. The grants received from the ESFA during the period ended 31 August 2020 and the associated expenditure are shown as restricted funds in the statement of financial activities.

During the period ended 31 August 2020, total expenditure of £7,376,056 was covered by recurrent grant funding from the ESFA together with other incoming resources. The excess of expenditure over income for the year (excluding restricted fixed asset funds and pension fund movement) was an in-year deficit of £149,564.

This in-year deficit was as a result of a planned investment in certain projects as part of an IT rolling programme. This included:

- New viewsonic interactive screen in every classroom with associated cameras, speaker systems and visualisers, to enhance the learning experience in class and also facilitate quality remote learning.
- New CCTV system throughout school

In addition the impact of COVID19 has increased the need for remote learning and therefore there has been a substantial investment in laptops to ensure that all children, where needed, have access to remote learning technology.

At 31 August 2020, the net book value of fixed assets was £24,393,051 and movements in tangible fixed assets are shown in note 12 to the financial statements. During the period the assets were used exclusively for providing education and the associated support services to the pupils of the academy.

At 31 August 2020 the unrestricted reserve totalled £770,929.

Setting a balanced budget for each year continues to be challenging for the academy trust, as it is for all schools and publicly funded organisations in the current economic environment. In addition to this there has been a need to increase expenditure in 2020/21 to cover significant increases to cleaning as a result of COVID19. Other additional costs include supply teaching to cover absences related to COVID isolation or symptoms. However, with a continued annual review of all expenditure against income the trust is able to plan ahead to ensure that income is adequate to cover expenditure each year. However this situation is dependent on the funding for schools remaining at a level, per pupil and/or via individual grants, that sufficiently provides for increasing costs such as teachers' pay awards and employers' contribution to the Teacher Pension Fund. Reserves have been carefully managed to ensure a sufficient level to provide the necessary resources should income fall too quickly in any given year, to enable expenditure to be adjusted in time.

Financial and risk management objectives and policies

The academy trust does not use complex financial instruments. It manages its activities using cash and various items such as trade debtors and trade creditors that arise directly from its operations.

The existence of these financial instruments exposes the academy trust to a number of financial risks which are described in more detail below. The main risks arising from the trust's financial instruments are liquidity risk and cash flow interest rate risk.

Liquidity risk - The trust manages its cash resources, including sufficient working capital, so that all its operating needs are met without the need for short-term borrowing.

Interest rate risk - the trust earns interest on cash deposits. With interest rates currently low, the trustees will consider action to increase the income from these deposits, provided it does not jeopardise the liquidity or security of the trust's assets.

Credit risk – this arises from the possibility that amounts owed to the trust will not be repaid. The trust does not undertake credit activities so it is only exposed to credit risk as it arises from normal business. Credit risk is managed through the use of approved banks and the prompt collection of amounts due.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Reserves policy

The trustees review the reserve levels of the academy trust annually. This review encompasses the nature of income and expenditure streams, the need to match income with commitments and the nature of reserves. The reserve levels are also dictated by future risk and uncertainty and the need to have sufficient reserves to protect the academy trust from any significant loss of income to enable the trust to continue operations during any period of adjustment.

The trustees will always try to match income with expenditure in the current year (set and manage a balanced budget), will only carry forward reserves that it considers necessary and will have a clear plan for how it will be used to benefit the pupils.

The trustees have determined that the appropriate level of free reserves should be equivalent to one month's cost, approximately £540,000. The reason for this is to provide sufficient working capital to cover delays between spending and receipt of grant income and to provide a cushion to deal with unexpected emergencies such as urgent maintenance or long term sickness where unforeseen costs are incurred.

The academy trust is part of a Lifecycle arrangement with the Liverpool City Council and so major capital replacement for the buildings are covered within this arrangement.

However, trustees are aware that other major capital spend such as IT replacement and upgrades and building redecoration are not covered by this arrangement and are too expensive to fund via annual devolved Formula Capital Grants. For this reason trustees have determined to carry additional reserves above the free reserve level to facilitate these works over a three year period, whilst monitoring the budgetary situation to ensure affordability in each year.

The academy is carrying a net surplus on funds excluding the pension scheme liability of £25,163,980 and at the end of the period has free reserves of £770,929.

The trustees will monitor the level of reserves to ensure that they are maintained at the required level. In the event that they are partly used the trust will strive to rebuild free reserves up to the level needed.

Investment policy

The trust aims to manage its cash balances to provide for the day-to-day working capital requirements of its operations, whilst protecting the real long term value of any cash balances against inflation and avoiding any high risk investments. Therefore the only investment is a term deposit with the academy trust bank for £500,000. This is a low risk investment which attracts interest at a more favourable level than short term cash deposits, this investment matures on 21 February 2021 at which point the capital investment plus interest accrued will return to the short term deposit account, unless trustees wish to continue the arrangement following assessment of cash-flow.

Principal risks and uncertainties

The main risks that the academy is exposed to are summarised below. For each of these risks the probability, impact and seriousness have been considered together with appropriate action and management plans:

- Operational and reputational this covers risks to the running of the academy (including the capacity of staff and buildings to meet the needs of pupils) and its performance in delivering the curriculum.
- Financial covering risks to the academy trust's financial position, including revenue streams, cost control and cash management.
- The risks to which the academy trust is exposed arise both internally and externally. External risks include those in respect of future funding levels, competition, changes due to rules and regulations and the financial position of the staff pension schemes.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Fundraising

The academy trust does not use any external fundraisers. All fundraising undertaken during the year was monitored by the Trustees.

Plans for future periods

The emphasis of all the plans for future periods for the academy is to continue to improve the achievement and wellbeing for all pupils and to maintain financial stability in an uncertain funding environment moving forward which can support the plans for improvement.

Main priorities:

- To continue the trend of improving headline measures for KS4 and be in line with or better than national averages.
- · Continue the upward trend by further improving results at KS5.
- Maintain year 7 intake at 180.
- · Continue to increase numbers into Sixth Form.
- Continue to invest in IT resources to benefit Teaching & Learning, particularly focused on remote learning.
- · Maintain a balanced budget.

Covid 19 Implications

During the COVID pandemic it is very difficult to plan for future periods. There is uncertainty around the arrangements for exams alongside the continued difficulties of adapting to situations where staff and/or children have to self isolate either individually or as groups.

Despite this we are committed to the continued learning of all pupils in the event of self-isolation, partial or full closure to some or all students. It is imperative that all students have access to online learning regardless of their circumstances. Trustees have fully supported the investment in high quality remote learning provision to ensure that no student is at a disadvantage.

Good teaching strategies continue to remain at the forefront when teaching remotely.

- · ensuring pupils receive clear explanations
- · supporting growth in confidence with new material through scaffolded practice
- · application of new knowledge or skills
- · enabling pupils to receive feedback on how to progress

Our aim is that remote lessons and blended learning continue to meet these expectations.

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Technological Support: Access for all

- · Students requiring technological support are swiftly identified and supported.
- Disadvantaged and SEND students are identified as a priority.
- In the case of whole year group isolation a Wufoo survey is shared with all asking which devices students have available to them.
- In the case of selected isolators, senior leaders liaise with students and parents to provide the relevant technology required to continue with their studies.
- · Support is a laptop and/or internet access.

We have a dedicated home learning section on the school website. This provides students and parents with thorough guides including video instructions in accessing all of the West Derby School remote platforms including how to access lessons being delivered remotely.

Plans are now in place should several year groups, or all year groups move to remote learning via MS Teams.

- On site internet capacity has been increased to handle greater demand if some or all year groups were to follow their school timetable via MS Teams from home.
- Laptop and internet provision has been ordered in the event of large numbers of students requiring support and who may not be part of the identified vulnerable/disadvantaged cohort who may receive laptops through government funding.
- This allows great flexibility in planning for closure to whole year groups. Teachers can continue to teach all lessons following the whole school timetable and curriculum.
- Attendance to lessons will be monitored as normal. The pastoral and attendance teams will follow up all
 non-attenders. They will identify any further barriers to individual students learning, provide solutions
 and support wherever possible.

For the year 2020/21 the financial implications of the ongoing pandemic are significant.

- Additional cleaning
- · PPE equipment
- · Continued IT investment to enable remote and blended learning
- · Agency supply costs to cover staff absence

Funds held as custodian trustee on behalf of others

No such funds held.

Auditor

In so far as the trustees are aware:

- · There is no relevant audit information of which the academy trust's auditor is unaware; and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any
 relevant audit information and to establish that the auditor is aware of that information.

The trustees' report, incorporating a strategic report, was approved by order of the governing body, as the company directors, on 09 December 2020 and signed on its behalf by:

GOVERNANCE STATEMENT

FOR THE YEAR ENDED 31 AUGUST 2020

Scope of responsibility

As trustees we acknowledge we have overall responsibility for ensuring that West Derby School has an effective and appropriate system of control, financial and otherwise. However such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Board of Trustees has delegated the day-to-day responsibility to the Principal, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between West Derby School and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weaknesses or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the trustees' Report and in the Statement of Trustees' Responsibilities. The Board of Trustees has formally met 4 times during the year. Attendance during the period at meetings of the Board of Trustees was as follows:

Trustees	Meetings attended	Out of possible
I Andain (Resigned 30 March 2020)	2	2
S Price (Chair of Trustees)	4	4
S Graham (Principal and Accounting Officer)	4	4
A Keen	2	4
D Barlow	4	4
C Jones (Staff Trustee)	3	4
S Poynton	2	4
J Orme	3	4
J Duncan	3	4
A Parry	3	4
J Atkinson (Chair)	4	4
K Eckl	1	4
T Conchie	4	4
K A Hodgkiss (Appointed 2 November 2020)	0	0
A Kofi (Appointed 2 November 2020)	0	0
R Smith (Appointed 2 November 2020)	0	0

We have just recruited three new co-opted trustees which will further enhance the skillset of the Board. One of the new trustees has a strong background in audit, corporate governance and risk management and is currently a self employed consultant. Another is experienced in audit and community relations and is currently a Project Manager for Mental Health within the NHS. Our third new trustee is vastly experienced in equalities and is currently employed as a Diversity and Inclusion Lead with the Home Office.

Trustees are invited to participate in staff inset training and they also receive regular bulletins from School Improvement Liverpool's Governor Services regarding training opportunities. All trustees are registered with Governorhub, an online portal which provides frequent updates not just on governance but on the education sector in general. The school also subscribes to The Key for School Governors to which they all have access.

GOVERNANCE STATEMENT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

The Buildings, Finance, Personnel and Admissions Committee is a sub-committee of the main Board of Trustees. Its purpose is to plan and monitor the financial and other resources of the school effectively, and to ensure the school provides a safe educational environment. One of the committee's responsibilities is routine budget setting and monitoring.

During the year 1 September 2019 to 31 August 2020 the main purpose has been to monitor the ongoing budget situation to increase reserves to a level which is deemed to be suitable to guard against future risks around potential decreases in income and increases in costs.

Attendance at meetings in the year was as follows:

Trustees	Meetings attended	Out of possible
I Andain (Resigned 30 March 2020)	0	3
S Price (Chair of Trustees)	4	4
S Graham (Principal and Accounting Officer)	4	4
D Barlow	4	4
J Orme	3	4
T Conchie	3	3

Review of value for money

As accounting officer the principal has responsibility for ensuring that the academy trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The accounting officer considers how the trust's use of its resources has provided good value for money during each academic year, and reports to the Board of Trustees where value for money can be improved, including the use of benchmarking data where available. The accounting officer for the academy trust has delivered improved value for money during the year by:

- Savings of £8k per annum made by ending an entrance mat contract and replacing with fixed matting.
- Procuring a new cleaning contract which provides better value for money with an increased service for the same price.
- Significant savings of £17k per annum on the procurement of a new waste collection contract

COVID Implications

This year has seen unprecedented circumstances and schools have needed to adjust to ensure continued probity, value for money and adherence to the supplier relief Procurement Policy Notes 02/20 and 04/20. All key personnel continued to work and robust controls remained in place during the lockdown period. There was no adverse impact on the ability to achieve value for money. West Derby remained open from 15th June 2020 to the end of term to support children of key workers.

In response to the Procurement Policy Notes, there were a small number of suppliers this applied to, these included Exam Boards, cleaning contractor and services provided via Liverpool City Council & School Improvement Liverpool such as attendance services and alternative provision. The cleaning contractor is managed under a framework with Liverpool City Council and their accounts will be scrutinised as part of that regular audit regime to ensure that there was no financial gains during the lockdown period. West Derby School participated in the Edenred School meal voucher scheme during the lockdown period which was of great benefit to our community. However due to a delay and technical difficulties in the initial set up of this national scheme, we also accessed a voucher scheme offered by Liverpool City Council to ensure that this support was provided to our most vulnerable families at their time of need. There were no other costs, during the eligible period, that could be claimed for COVID19 additional costs. The total claim for vouchers was £15,690 and this funding is to be directly reimbursed to Liverpool City Council to cover voucher costs.

GOVERNANCE STATEMENT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in West Derby School for the period 1 September 2019 to 31 August 2020 and up to the date of approval of the annual report and accounts.

Capacity to handle risk

The board of trustees has reviewed the key risks to which the academy trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the academy trust's significant risks that has been in place for the period 1 September 2019 to 31 August 2020 and up to the date of approval of the annual report and accounts. This process is regularly reviewed by the board of trustees.

The risk and control framework

The academy trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the governing body;
- regular reviews by the finance committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes;
- setting targets to measure financial and other performance;
- · clearly defined purchasing (asset purchase or capital investment) guidelines;
- · identification and management of risks.

The Board of Trustees has considered the need for a specific internal audit function and has decided:

• Not to appoint an internal auditor. However the trustees have appointed UHY, the external auditor, to perform additional checks via their internal audit department.

On a twice yearly basis, the internal auditor reports to the Board of Trustees on the operation of the systems of control and on the discharge of the Board of Trustees' financial responsibilities.

The auditor's role includes giving advice on financial matters and performing a range of checks on the Academy Trust's financial systems. In particular the checks carried out in the current period included:

- · Follow up to prior period reports
- · Gifts and hospitality
- · Related Parties Transactions
- · Register of Business & Pecuniary Interests
- · Financial Monitoring arrangements
- · Communication and decision making at Trust level

During the year 1 September 2019 to 31 August 2020 the auditor carried out two audits as planned.

There were no material control issues arising as a result of the auditor's work.

GOVERNANCE STATEMENT (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Review of effectiveness

As accounting officer, the Principal has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- · the work of the auditor;
- · the work of the external auditor
- the work of the executive managers within the academy trust who have responsibility for the development and maintenance of the internal control framework.

The accounting officer has been advised of the implications of the result of their review of the system of internal control by the Buildings, Finance and Personnel Committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Approved by order of the governing body on 09 December 2020 and signed on its behalf by:

STATEMENT OF REGULARITY, PROPRIETY AND COMPLIANCE FOR THE YEAR ENDED 31 AUGUST 2020

As accounting officer of West Derby School, I have considered my responsibility to notify the academy trust governing body and the Education and Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of all funding received by the academy trust, under the funding agreement in place between the academy trust and the Secretary of State for Education. As part of my consideration I have had due regard to the requirements of the Academies Financial Handbook 2019.

I confirm that I and the academy trust's governing body are able to identify any material irregular or improper use of funds by the academy trust, or material non-compliance with the terms and conditions of funding under the academy trust's funding agreement and the Academies Financial Handbook 2019.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the governing body and ESFA.

S Graham

Accounting Officer

Graham

09 December 2020

STATEMENT OF TRUSTEES' RESPONSIBILITIES FOR THE YEAR ENDED 31 AUGUST 2020

The trustees (who are also the directors of West Derby School for the purposes of company law) are responsible for preparing the trustees' report and the accounts in accordance with the Academies Accounts Direction 2019 to 2020 published by the Education and Skills Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare accounts for each financial year. Under company law, the trustees must not approve the accounts unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period.

In preparing these accounts, the trustees are required to:

- · select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020;
- · make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the accounts; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring that grants received from ESFA/DfE have been applied for the purposes intended.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of accounts may differ from legislation in other jurisdictions.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST DERBY SCHOOL FOR THE YEAR ENDED 31 AUGUST 2020

Opinion

We have audited the accounts of West Derby School for the year ended 31 August 2020 which comprise the statement of financial activities, the balance sheet, the statement of cash flows and the notes to the accounts, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice), the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020 issued by the Education and Skills Funding Agency.

In our opinion the accounts:

- give a true and fair view of the state of the charitable company's affairs as at 31 August 2020 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the Charities SORP 2019 and the Academies Accounts Direction 2019 to 2020.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the accounts' section of our report. We are independent of the academy trust in accordance with the ethical requirements that are relevant to our audit of the accounts in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the accounts is not appropriate; or
- the trustees have not disclosed in the accounts any identified material uncertainties that may cast significant doubt about the academy trust's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the accounts are authorised for issue.

Other information

The trustees are responsible for the other information, which comprises the information included in the annual report other than the accounts and our auditor's report thereon. Our opinion on the accounts does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the accounts, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the accounts or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST DERBY SCHOOL (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the trustees' report including the incorporated strategic report for the financial year for which the accounts are prepared is consistent with the accounts; and
- the trustees' report including the incorporated strategic report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the academy trust and its environment obtained in the course of the audit, we have not identified material misstatements in the trustees' report, including the incorporated strategic report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the accounts are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities, the trustees are responsible for the preparation of the accounts and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of accounts that are free from material misstatement, whether due to fraud or error.

In preparing the accounts, the trustees are responsible for assessing the academy trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the accounts

Our objectives are to obtain reasonable assurance about whether the accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

A further description of our responsibilities for the audit of the accounts is located on the Financial Reporting Council's website at: http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF WEST DERBY SCHOOL (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

9/12/20

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO WEST DERBY SCHOOL AND THE EDUCATION AND SKILLS FUNDING AGENCY

FOR THE YEAR ENDED 31 AUGUST 2020

In accordance with the terms of our engagement letter and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2019 to 2020, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by West Derby School during the period 1 September 2019 to 31 August 2020 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to West Derby School and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to the West Derby School and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than West Derby School and ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of West Derby School's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of West Derby School's funding agreement with the Secretary of State for Education dated 25 May 2012 and the Academies Financial Handbook, extant from 1 September 2019, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance, and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2019 to 2020. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1 September 2019 to 31 August 2020 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies Accounts Direction 2019 to 2020 issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.

We conducted our work in accordance with Technical Release TECH 08/12 AAF issued by the Institute of Chartered Accountants In England and Wales. In accordance with that Technical Release we have carried out the procedures we consider necessary to be able to report on whether anything has come to our attention which suggests that in all material respects expenditure disbursed and income received have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them. Other than those procedures undertaken for the purposes of our audit of the financial statements of West Derby School for the year ended 31 August 2020 which provide evidence on regularity, our work was limited to only those additional procedures necessary to provide limited assurance.

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO WEST DERBY SCHOOL AND THE EDUCATION AND SKILLS FUNDING AGENCY (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the period 1 September 2019 to 31 August 2020 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2020

1 Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgements and key sources of estimation uncertainty, is set out below.

1.1 Basis of preparation

The accounts of the academy trust, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2019 to 2020 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

1.2 Going concern

The trustees assess whether the use of going concern is appropriate, i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the charitable company to continue as a going concern. The trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the accounts and have concluded that the academy trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the academy trust's ability to continue as a going concern. Thus they continue to adopt the going concern basis of accounting in preparing the accounts.

1.3 Income

All incoming resources are recognised when the academy trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

Grants receivable

Grants are included in the statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the statement of financial activities in the period for which it is receivable, and any abatement in respect of the period is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the balance sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

Sponsorship income

Sponsorship income provided to the academy trust which amounts to a donation is recognised in the statement of financial activities in the period in which it is receivable (where there are no performance-related conditions), where the receipt is probable and it can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

1 Accounting policies

(Continued)

Donations

Donations are recognised on a receivable basis where there is certainty of receipt and the amount can be reliably measured.

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Other income

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the academy trust has provided the goods or services.

Donated goods, facilities and services

Goods donated for resale are included at fair value, being the expected proceeds from sale less the expected costs of sale. If it is practical to assess the fair value at receipt, it is recognised in stock and 'Income from other trading activities'. Upon sale, the value of the stock is charged against 'Income from other trading activities' and the proceeds are recognised as 'Income from other trading activities'. Where it is impractical to fair value the items due to the volume of low value items they are not recognised in the accounts until they are sold. This income is recognised within 'Income from other trading activities'.

Donated fixed assets

Donated fixed assets are measured at fair value unless it is impractical to measure this reliably, in which case the cost of the item to the donor is used. The gain is recognised as income from donations and a corresponding amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the academy trust's accounting policies.

1.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

All resources expended are inclusive of irrecoverable VAT.

Charitable activities

These are costs incurred on the academy trust's educational operations, including support costs and costs relating to the governance of the academy trust apportioned to charitable activities.

Governance costs

These include the costs attributable to the academy trust's compliance with constitutional and statutory requirements, including audit, strategic management, trustees' meetings and reimbursed expenses.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2020

1 Accounting policies

(Continued)

1.5 Tangible fixed assets and depreciation

Assets costing £2,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the balance sheet at cost and depreciated over their expected useful economic life. The related grants are credited to a restricted fixed asset fund in the statement of financial activities and carried forward in the balance sheet. Depreciation on such assets is charged to the restricted fixed asset fund in the statement of financial activities so as to reduce the fund over the useful economic life of the related asset on a basis consistent with the academy trust's depreciation policy.

Tangible fixed assets are stated at cost less depreciation. Depreciation is not charged on freehold land. Depreciation on other tangible fixed assets is provided at rates calculated to write off the cost of those assets, less their estimated residual value, over their expected useful lives on the following bases:

Land and buildings

60 years straight line on buildings

Building adaptions

10 years straight line

Computer equipment

33% straight line

Fixtures, fittings & equipment

25% straight line

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the statement of financial activities.

1.6 Liabilities

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the academy trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods of services it must provide.

1.7 Leasing and hire purchase commitments

Rentals payable under operating leases are charged against income on a straight line basis over the period of the lease.

1.8 Financial instruments

The academy trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the academy trust and their measurement basis are as follows.

Financial assets

Trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost. Prepayments are not financial instruments.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities

Trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

1 Accounting policies

(Continued)

1.9 Stock

Stock is valued at the lower of cost and net realisable value. Net realisable value is based on estimated selling price less further costs to completion and disposal.

1.10 Taxation

The academy trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by chapter 3 part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

1.11 Pensions benefits

Retirement benefits to employees of the academy trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes and the assets are held separately from those of the academy trust.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a projected unit method. The TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions are recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the academy trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the statement of financial activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses,

1.12 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the Department for Education where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received and include grants from the Department for Education.

Investment income, gains and losses are allocated to the appropriate fund.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 AUGUST 2020

1 Accounting policies

(Continued)

Restricted pension funds represent the Local Government Pension Scheme deficit inherited on conversion, with movements for any actuarial gains or losses and contributions made since.

2 Critical accounting estimates and areas of judgement

Accounting estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The academy trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 19, will impact the carrying amount of the pension liability. Furthermore, a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2016 has been used by the actuary in valuing the pensions liability at 31 August 2020. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

9 Staff (Continued)

Staff numbers

The average number of persons employed by the academy trust during the year was as follows:

	2020 Number	2019 Number
Teachers	57	61
Administration and support	48	50
Management	12	11
	117	122

Higher paid staff

The number of employees whose employee benefits (excluding employer pension costs) exceeded £60,000 was:

	2020 Number	2019 Number
£60,001 - £70,000	3	1
£90,001 - £100,000	-	1
£100,001 - £110,000	1	-

Key management personnel

The key management personnel of the academy trust comprise the trustees and the senior management team as listed on page 1. The total amount of employee benefits (including employer pension contributions) received by key management personnel for their services to the academy trust was £755,658 (2019 - £735,513).

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2020

10 Trustees' remuneration and expenses

The headteacher and other staff trustees only receive remuneration in respect of services they provide undertaking the roles of headteacher and staff, and not in respect of their services as trustees. During the year, travel and subsistence payments totalling £552 (2019: £122) were reimbursed to 1 trustee, in their capacity as a member of staff.

Other trustees did not receive any payments, from the academy trust in respect of their role as trustees.

The value of trustees' remuneration and other benefits was as follows:

S Graham (Headteacher and trustee):

Remuneration - £105,000 - £110,000 (2019: £95,000 - £100,000) Employer's pension contributions - £20,000 - £25,000 (2019: £15,000 - £20,000)

M Deakin (Staff trustee): (resigned 20 December 2018)

Remuneration - £nil (2019: £5,000 - £10,000)

Employer's pension contributions - £nil (2019: £nil - £5,000)

C Jones (Staff trustee)

Remuneration - £40,000 - £45,000 (2019: £45,000 - £50,000)

Employer's pension contributions - £5,000 - £10,000 (2019: £5,000 - £10,000)

Other related party transactions involving the trustees are set out within the related parties note.

11 Insurance for trustees and officers

In accordance with normal commercial practice, the academy trust has purchased insurance to protect trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy trust business. The insurance provides cover up to £10,000,000 on any one claim.

The specific purposes for which the funds are to be applied are as follows:

Under the funding agreement with the Secretary of State, the Academy was not subject to a limit on the amount of GAG that it could carry forward at 31 August 2020.

⁽i) General Annual Grant must be used for the normal running costs of the academy.

⁽ii) The other DfE/ESFA grants fund is used to track grants provided by local and central government departments.

⁽iii) The pensions reserve is a restricted fund to account for the liabilities arising under The Local Government Pension Scheme.

⁽iv) The restricted fixed asset funds are carried forward to meet the specific costs of fixed asset projects and to cover the depreciation charges that will be required on these projects going forward and the current fixed assets held.

19 Pension and similar obligations

The academy trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Merseyside Pension Fund. Both are multi-employer defined benefit schemes.

The pension costs are assessed in accordance with the advice of independent qualified actuaries. The latest actuarial valuation of the TPS related to the period ended 31 March 2016, and that of the LGPS related to the period ended 31 March 2016.

Contributions amounting to £80,652 were prepaid to the schemes at 31 August 2020 (2019: £25,025) and are included within debtors.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for teachers in academies. All teachers have the option to opt out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary. These contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The latest actuarial valuation of the TPS was carried out as at 31 March 2016. The valuation report was published by the Department for Education on 5 March 2019.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2020

19 Pension and similar obligations

(Continued)

The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% employer administration charge)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million, and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI. The assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

The next valuation result is due to be implemented from 1 April 2023.

The employer's pension costs paid to the TPS in the period amounted to £631,013 (2019: £419,813).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website.

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The academy trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The academy trust has set out above the information available on the scheme.

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contributions are as noted below. The agreed contribution rates for future years are 19.6% for employers and 5.5% - 12.5% for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.

23 Related party transactions

Owing to the nature of the academy trust's operations and the composition of the governing body being drawn from local public and private sector organisations, transactions may take place with organisations in which the academy trust has an interest. All transactions involving such organisations are conducted at arm's length and in accordance with the academy trust's financial regulations and normal procurement procedures. The following related party transaction took place in the period of account.

Holly Lodge Girls' College - a school in which Mr A Keen (a trustee) is a governor and Head Teacher, Ms S Graham (a trustee, and also Head Teacher) is a governor.

The trust supplied services to Holly Lodge Girls' College amounting to £nil (2019: £9,926) and Holly Lodge Girls' College supplied services to West Derby School of £nil (2019: £5,333). These services were supplied at arms' length. There was £nil owed from Holly Lodge Girls' College at 31 August 2020 (2019: £9,926) and Holly Lodge Girls' College was owed £nil (2019: £5,333).

24 Members' liability

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he or she is a member, or within one year after he or she ceases to be a member, such amount as may be required, not exceeding £10 as stated in memorandum and articles of association for the debts and liabilities contracted before he or she ceases to be a member.
