TRUSTEES' REPORT FOR THE YEAR ENDED 31 AUGUST 2023

The Trustees present their annual report together with the financial statements and auditor's report of the charitable company for the 1 September 2022 to 31 August 2023. The Annual Report serves the purposes of both a Trustees' Report, and a Directors' report under company law.

The Trust operates two secondary academies, three primary academies and one special school, all in Nottingham. Its academies have a combined pupil capacity of 2,835 (including 300 Post-16 places) and had a roll of 2,540 in the school census Autumn 23.

Structure, governance and management

a. Constitution

The Trust is a company limited by guarantee and an exempt charity. The charitable company's Memorandum and Articles of Association are the primary governing documents of the Academy Trust.

The Trustees act as the Trustees for the charitable activities of The White Hills Park Trust and are also the Directors of the charitable company for the purposes of company law. The charitable company is known as The White Hills Park Trust.

The Academy Trust was incorporated on 30 August 2012 and commenced activities on 1 October 2012. The Academy Trust comprises the following academies:

Alderman White School
The Bramcote School (known as Bramcote College)
The Florence Nightingale Academy
Springbank Primary
John Clifford School
Foxwood Academy

Details of the Trustees who served during the year, and the date these accounts are approved are included in the Reference and Administrative Details on page 1.

b. Members' liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

c. Trustees' indemnities

During the accounting period, the Trustees have been indemnified in respect of their legal liability for financial loss arising as a result of a negligent act, accidental error or omission in the course of their official duties. The insurance purchased by the Trust provides cover up to £10,000,000 on any one loss and any one membership year.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Structure, governance and management (continued)

d. Method of recruitment and appointment or election of Trustees

The Members are Directors of the company for the purposes of the Companies Act 2006 and Trustees for the purpose of charity legislation.

The current Trust memorandum and Articles of Association are being re-drawn in line with the Department for Education's (DfE) model version as the Trust continues to grow. Under current Articles, parental representation sits at Board level, with current and former parents represented in the cohort of Trustees for 22-23. Under the new provisions that the Trust is moving towards, Members may appoint up to 5 Trustees and further Trustees may then be co-opted by the Board. Staff and Parental representation within the Trust governance structure sits at the Local Governing Body level.

We are actively seeking to recruit more Trustees to the Board, and we expect that the new schools joining the Trust will give us an opportunity to achieve this.

The Trust commissioned a full review of governance and operations, carried out by EPM. The key findings of the review highlighted the strengths of the Trust and gave assurance of our readiness for growth. The report also highlighted some areas of risk, which we have taken steps to address, and form part of the Trust annual development plan.

e. Policies adopted for the induction and training of Trustees

New Trustees attend an induction session with the Trust Governance Manager, along with briefing sessions with central Trust team members appropriate to the Trustees's area of responsibility. Training is provided by Trust staff in areas such as finance, safeguarding, health and safety and HR, and ongoing support is provided by the Trust Governance Manager. The Trust purchases online training for both Trustees and governors through The National College. Trustees also have access to NGA resources and training, all of which is funded by the Trust central budget.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Structure, governance and management (continued)

f. Organisational structure

Members

The Members are the guardians of the Trust constitution. The Members also have powers to appoint Trustees and in certain circumstances to remove them. The Members are responsible for the appointment of the Trust's external auditors.

Trustees

The Trustees of the Trust are responsible for the overall Governance of the Trust, for the setting of general policy, making decisions about the strategy and direction of the Trust, capital expenditure and the appointment of the Chief Executive Officer. The Trustees have agreed a scheme of delegation of responsibilities to the committees of the Trust. The committees are:

- Audit and Risk Committee
- Pay Committee

Local Governing Bodies

All schools within the Trust have a Local Governing Body, which operates within the parameters defined by the Scheme of Delegation.

Central Functions

Schools are serviced by central teams in the areas of finance, governance, estates, IT, HR and marketing. This group meet on a regular basis under the management of the Operations Director to ensure the Trust is being run effectively and efficiently in terms of the support provided to our schools.

g. Arrangements for setting pay and remuneration of key management personnel

The Trustees consider that the Senior Management Team ("SMT") and the Board of Trustees comprise the key management personnel of the Trust in charge of directing and controlling, running and operating the Trust on a day-to-day basis. The SMT for 22-23 was assessed as being 1 Chief Executive Officer, 1 Chief Operating Officer, 1 Chief Financial Officer and 1 Chief Schools Officer.

The Board of Trustees of the Trust has in place a pay policy which was adopted on 9th November 2015, and which is reviewed annually with the Chief Executive Officer. The pay policy states that the Board is committed to taking pay decisions in accordance with the principles of public life as listed in DfE guidance; objectivity, openness and accountability. The policy also notes that the Board recognises the legal requirements placed upon them by the Education Act 2002 and subsequent legislation together with the current School Teacher's Pay and Conditions document (STPCD) and the National and Local Conditions of Service for National Joint Council staff and the Education (School teacher Appraisal) (England) Regulations 2012. The policy also reflects the Trust's responsibilities to staff under the Equality Act 2010, the Employment Relations Act 1999 and all other relevant legislation of which the Trust is aware.

All employees are paid in accordance with the statutory provisions of the STPCD and the "Burgundy Book" (teaching staff) or the National Joint Council "Green Book" conditions of service and NJC pay scales (support staff); and the pay ranges determined by the school.

The Board of Trustees delegates to the Pay Committee the responsibility for approving decisions relating to performance pay progression in line with the pay policy.

In reviewing the Chief Executive Officer's performance, the Board employs the services of an external advisor.

i. Engagement with employees (including disabled persons)

Employee involvement and engagement and promotion of equal opportunities is central to the Trust's ethos and vision. Staff policies, effective line management relationships and regular communications form a key part of ongoing school improvement and decision making, alongside a comprehensive wellbeing offering for all staff. CPD is actively promoted and as the Trust expands, networks of staff from participating schools are being established to share best practice and offer support. The annual staff wellbeing survey allows the Executive Leadership team to assess overall staff wellbeing and take follow up action.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Structure, governance and management (continued)

j. Engagement with suppliers, customers and others in a business relationship with the Academy Trust

Suppliers

The White Hills Park Trust undertakes robust procurement procedures in line with the Trust finance and procurement policy and seeks to build positive working relationships with suppliers. Buying frameworks are used where appropriate and ongoing communication with key partners ensures contracts are managed well for all parties.

Parents, carers, pupils and the local community

Parent, carer and pupil feedback is actively sought by all Trust schools on an ongoing basis and open lines of communication are maintained. Weekly newsletters and updates to school and Trust social media pages keep families and the local community informed of Trust and school developments and activities, as well as referencing wider issues in the education sector as appropriate. Active governing bodies across our schools strengthen community relationships.

Related parties and other connected charities and organisations

The Trust is an independent company with no affiliation to outside bodies, although there are a number of professional links with other schools and third-party organisations.

The Trust leads the Better Together initiative, a collaborative partnership focussed on delivering training and support to staff, governors and Trustees of schools in Nottingham with the aim of improving education for children in the area.

Objectives and activities

a. Objects and aims

The principal object and activity of the Academy Trust is to advance for the public benefit education in the United Kingdom by establishing, maintaining, carrying on, managing and developing schools ("the Academies") offering a broad and balanced curriculum.

In addition, to promote for the benefit of individuals living in Nottingham and the surrounding area who have need, the provision of facilities for recreation or other leisure time occupation who have need of such facilities due to their youth, age, affinity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the condition of life of the said individuals.

In accordance with the Articles of Association the Academy Trust has entered into relevant funding agreements for each Academy with the Secretary of State. The funding agreements specify, amongst other things, the basis for admitting students to the Trust, the catchment area from which the students are drawn, and that the curriculum should be broad and balanced.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Objectives and activities (continued)

b. Objectives, strategies and activities

The main objectives of the Trust during the period ended 31 August 2023 are summarised below:

- To ensure that all pupils attending Trust schools receive a highly effective education which will enable them to reach their potential
- To continue to raise the quality of education through the development of teaching and learning
- To provide an ambitious and well-planned curriculum to match the needs and ambitions of all pupils
- To ensure that pupils are safe in our schools
- To safeguard the wellbeing of staff, ensuring appropriate support is available
- To ensure compliance with all statutory and curriculum requirements
- To provide value for money for the funds expended
- To prepare pupils well for life beyond school, and support the transition to the next stage of education, training or work
- To carry out rigorous and accurate quality assurance, and act on the outcomes
- To provide well-targeted and high quality training and professional development for staff
- To ensure that pupils have access to an excellent range of extra-curricular and enrichment activity
- To plan for future growth of the Trust by engaging proactively with potential new schools and ensuring that Trust systems have capacity for expansion
- To ensure that the Trust actively encourages equality and diversity in our schools and among our workforce

c. Public benefit

In setting objectives and planning for activities, the Trustees have given due consideration to general guidance published by the Charity Commission relating to public benefit, including the guidance 'Public benefit: running a charity (PB2)'. The main public benefit delivered by The White Hills Park Trust is the ongoing development and consistent provision of high quality education by its member schools.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Strategic report

Achievements and performance

We have continued to grow, bringing another school into the Trust, with three others who have taken the decision to apply to join the Trust. This growth is vital for our development, and will give us the capacity to provide a high-quality service to schools.

We have made significant investments in the infrastructure of all of our schools, principally as a result of successful CIF bids. This has led to significant improvements in the fabric of our building and has addressed some long-standing issues. Another round of successful bids means that we can continue the work next year, taking our investment to almost £9million in the last three years.

Standards in all of our schools are either above national or rising, in many cases rapidly. This leaves us well-placed to face inspection.

We have established a School Improvement offer that is now becoming embedded in schools and is leading to improvements in pupil outcomes and the quality of education. It has also given opportunities for our staff to develop their own leadership skills, hopefully contributing to recruitment and retention.

Trust development

The Trust now provides education for over 2,400 children in the Broxtowe area and has continued to foster positive relationships with other local schools either through the partnerships discussed further below or in a more informal advisory capacity.

Foxwood Academy joined the Trust from 1 July, having collaborated with Trust schools over a number of years. It is a special school, currently judged Good by Ofsted. This has increased our capacity and expertise in the field of SEND and allowed us to expand the range of our training and school improvement support.

Our schools continue to work closely and collaborate on all aspects of provision. Our school improvement offer has developed further this year and we have established a range of networks and lead practitioners across our schools.

The "Better Together" partnership set up by the Trust during late 20-21 has remained a key part of our CPD provision. Half-termly sessions have been delivered by staff from Trust and other local schools, aimed at staff and governors, and a full programme is scheduled to continue into 23-24.

We work closely with a range of schools and Trusts and have provided a successful programme of support for a local Trust through the Trust School Improvement Offer programme. The CEO is a member of the DfE Regional Director Advisory Board, Nottinghamshire LA SEND Advisory Board and the University of Nottingham Schools and Colleges Advisory Board. He is also a serving Ofsted Lead Inspector.

Our commitment to SEND and excellent practice in this area is demonstrated by the fact that Trust schools have been awarded the contract to run three of the Local Authority's six Enhanced Resource Provisions for pupils at risk of exclusion. Two are operating successfully already, with another scheduled to open in the new school year.

Attainment and Progress

Results in our secondary schools show continued improvement over time, and both schools are now performing above national averages, in some areas, significantly so. Bramcote College and Alderman White have positive progress 8 scores. Alderman White's P8 is 0.51 – well above average, and the third highest in Nottinghamshire. Bramcote College P8 is 0.03, well into the top half of Nottinghamshire schools and a significant and sustained improvement over time. In addition, the P8 figure for disadvantaged pupils in both schools is average when compared to the progress of all pupils nationally (not just other disadvantaged pupils). This also shows significant progress over time and bucks the national trend of poor relative performance by disadvantaged pupils.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Strategic report (continued)

Achievements and performance (continued)

KS2 outcomes show a significant improvement from 2022. The proportion of pupils achieving the expected standard in Reading, Writing and Maths improved by 12%, 8% and 32% in our three schools. Likewise, our KS1 SATs have also shown a significant improvement and are now at and above national levels in all three schools. We have also had very positive outcomes in Phonics and the Y4 Multiplication check. These results represent significant progress since the schools joined the Trust, in many areas it takes us close to or above national levels and is evidence of the impact of the work of our School Improvement team across the last year. This is in the context of all three schools having significant challenges, including high Covid impact, well-above average PP levels in the year 6 cohorts (43% at Springbank, 39% at Florence Nightingale and 35% at John Clifford) and very high EAL levels in the Y6 cohort at John Clifford (43%, or 26 / 60 pupils). We have also had a very successful graded inspection at Florence Nightingale, the school achieving a strong Good in all areas, including overall effectiveness.

Attendance levels rose in 22/23 but remain below pre-Covid levels and this is a priority for all of our schools. Rates of exclusion remain below national levels across the Trust.

Well-being and development of our people

Supporting staff and student well-being has remained central to the way in which our schools have operated during the year. Staff surveys have been conducted across the Trust and feedback reviewed and responded to by leadership teams and governing bodies.

Premises

Works on 6 major projects awarded under the 21-22 Capital Improvement Fund ("CIF") bidding round have been successfully undertaken during the year with the final 2 projects completing during October 22.

The Trust was successful in securing a further 5 CIF projects from the 22-23 bidding round to address critical areas of need across the estate.

Prior to and after the year end, significant progress has been made with the project to build a new secondary school on the Bramcote College site funded through the sale of unused playing fields to a housing developer.

In January 2023, Broxtowe Borough Council granted planning permission for the building of a replacement school for an increased capacity of 750 students plus a sixth form of a further 200 students. The project stalled for a period in 2023 because of market uncertainty around house prices and interest rates. However, a subsale to a second contractors of some of the plots has been successfully negotiated, which greatly reduces the exposure to the housebuilder buying the majority of the site.

After the year end, in November 2023, both housebuilders received planning permission from Broxtowe for their schemes subject to s106 approval which we expect to agree by the end of November. We have had confirmation that our s77 application to dispose of unwanted playing fields remains valid and that Nottinghamshire County Council remain committed to the principles of the contract signed in 2022.

We have entered into exploratory talks with the Department for Education about building a new 144-place special school on the site of the old Bramcote Park School (destroyed by fire in September 2021). This would be achieved through a successful 'significant change in physical capacity' application by Foxwood Academy. Nottinghamshire County Council, as the freeholder of the land, have submitted a letter in support of the proposal to the DfE. The project would involve opening a new secondary focussed school and reconfiguring the existing Foxwood Academy to become primary focussed.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Strategic report (continued)

Achievements and performance (continued)

a. Key performance indicators

Financial health and use of resources

Financial key performance indicators monitored by the Trust include:

- Closing reserves to be in in a surplus position for each year in the 5-year forecast period
- In-year results to be in line with the latest reforecast position
- Trust to hold sufficient cash to meet ongoing liabilities
- Teaching and support staff contact ratios to remain in line with DfE guidance and the % of expenditure on staffing to remain within certain parameters of grant funding income and total expenditure.

Attainment and progress indicators

- All schools to be judged at least Good by Ofsted
- All progress and achievement outcomes to be at least in line with national levels
- Numbers of exclusions to be below national averages
- Percentage of pupils not accessing appropriate destinations to be below national averages

Staffing

Curriculum led financial planning continues to inform decisions about the staffing structures relevant for our schools. It also supports prioritisation of key areas for staff continued professional development.

Students

Admissions into Y7 September 2022 were 44 higher than for September 2021, with both secondary schools supporting the Local Authority's need for schools by admitting students in excess of PAN.

Admissions into the 6th form in September 2022 remained low and are still considered to have been impacted by slower than anticipated progress on the college new build during the early part of academic year 22-23. As discussed above, planned milestones on the new build project have been achieved during summer 2023 and moving into the autumn, and October 2023 6th form admissions have increased.

Intake into reception classes September 2022 was broadly consistent overall with September 2021, which is positive considering the local and national backdrop of challenges around lower headcount at this age.

b. Going concern

After making appropriate enquiries, the Board of Trustees has a reasonable expectation that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

c. Promoting the success of the company

Under section 172 (1) of the Companies Act the Trustees must always act in a way most likely to promote the success of the organisation. A strong Governance structure underpins the actions of the Trust, driving decision making focused on sustainability and taking into consideration the impact of the Trust on key stakeholders.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Strategic report (continued)

Financial review

The primary source of income for the Trust is recurrent grants from the ESFA, the use of which is restricted. Grants received from the ESFA and other funding bodies during the year ended 31 August 2023 and the associated expenditure are shown as restricted funds in the SOFA.

The Academy Trust has seen a net increase in funds for the year ended 31 August 2023 of £7,238,000 including fixed asset movements but excluding pension reserves movements. At 31 August 2023 the Trust combined unrestricted and non-fixed asset restricted funds, being available reserves, of £1,847,000.

Foxwood Academy joining the Trust is the key driver for the increase in reserves in the year under review, along with the funding impact from increasing numbers in secondary schools, and ongoing focus on non-staff cost control.

Recruitment into KS1 and Post 16 provision continues to be an area of focus for the Trust, with primary numbers noted as a wider challenge in the local area dur to falling birth rates. KS3 and KS4 numbers remain strong.

a. Reserves policy

The Directors policy is to review the reserve levels of the Academies annually. The policy of the Trust is to carry forward a prudent level of resources designed to meet the long-term cyclical needs of renewal and any other unforeseen contingencies plus a contribution towards future capital projects, subject to the constraint that the level of resources does not exceed the level permitted by the ESFA.

A deficit of £443,000 has arisen on Restricted Funds. This is due to the deficit of £1,311,000 on the Local Government Pension Scheme ("LGPS"). However, this LGPS liability will not crystalise in the near future and the actual reserve funding available to the Trust excluding the LGPS liability is £979,000 of unrestricted funds and £868,000 of restricted funds.

All schools maintain robust strategic financial plans, based on realistic assessments of pupil numbers and related staffing need, overlaid with plans for investment in key areas such as IT and premises.

b. Investment policy

Due to the nature of the funding cycle, the Trust may at times hold large cash balances which may not be required for immediate use. The Trustees may authorise the opening of an additional short term bank Investment account to take advantage of higher interest rates. Any other form of investment must have prior written Trustee approval.

c. Principal risks and uncertainties

The Trust proactively manages risk via a Risk Register which is regularly reviewed by the Audit and Risk Committee. Below are the key risks identified from this process.

Student numbers

A principal risk for the Trust remains that of any potential reduction in student numbers. The Trustees continue to closely monitor local demographic information, and retention of Y11 students into the Trust 6th form provision, along with wider Post-16 recruitment which is a key area of focus.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Deficit budget and inability to meet financial obligations

The Trust closely monitors and models the financial implications of any trends or anticipated changes to funding methodology. The continued impact of the introduction of the National Funding Formula on the Trust is being reviewed. Schools are required to maintain reserves to mitigate against risk.

Reputational impact of poor outcomes

The continuing success of the Trust is dependent on it continuing to attract students in sufficient numbers by maintaining the highest educational standards. To mitigate this risk, the Trustees ensure that pupil success and achievement are closely monitored and reviewed.

Safeguarding and child protection

The Trustees continue to ensure that the highest standards are maintained in the areas of selection and monitoring of staff, the operation of child protection policies and procedures, health and safety and discipline.

Staff development

The success of the Trust is dependent on the quality and commitment of its staff. High quality, easily accessible CPD courses are important here, as well as the development of effective line management relationships, underpinned by a Trust-wide well-being offering. The "Better Together" partnership already discussed allows staff to deliver and engage in training with colleagues and governors from the local area, and a recently established network for aspiring leaders across the Trust provides support and challenge to those looking to develop their career path into leadership.

Risk of fraud/data breach from external sources

Business critical systems and data could be at risk from external threats; Systems, access and asset management and security policies are in place to ensure that appropriate processes are followed by all staff to mitigate the risk.

Failure to achieve planned growth

The Trust may not meet expansion targets in the short to medium term. This risk is mitigated by ongoing focus on developing relationships with local schools and other stakeholders, as well as the Trust's status as an approved sponsor.

Fraud and mismanagement of funds

The Trust has engaged external auditors to fulfil the internal audit checking and reviewing function, as required by the Academies Financial Handbook. All finance staff receive training to keep up to date with financial best practice requirements and to develop their skills in this area.

Estates management and compliance

The Trust has a duty to ensure that its estate is safe, efficient, and compliant with relevant regulations. Strategic planning of pro-active works, allocating sufficient time and resource to health and safety management within schools and buying in expert compliance advice where necessary are measures taken to mitigate estates risk

Fundraising

The Trust does not use the services of any external fundraisers and all fundraising undertaken during the year was monitored by the Trustees. Donations income and expenditure is clearly denoted within the Trust finance system.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Streamlined energy and carbon reporting

The Trust's greenhouse gas emissions and energy consumption for the year are detailed below, with comparatives from the prior year. The Companies (Directors' Report) and Limited Liability Partnerships (Energy and Carbon Report) Regulations 2018 (the 2018 Regulations) implement the government's policy on Streamlined Energy and Carbon Reporting (SECR). The 2018 Regulations require large unquoted companies that have consumed more than 40,000 kWh of energy in the reporting period to include energy and carbon information within their trustees' report.

The Academy Trust's greenhouse gas emissions and energy consumption are as follows:

	2023	2022
Energy consumption used to calculate emissions (kWh)	2,734,870	3,286,247
Energy consumption breakdown (kWh):		
Gas	1,722,976	2,326,400
Electricity	992,515	945,637
Transport fuel	19,379	14,210
Scope 1 emissions (in tonnes of CO2 equivalent):		
Gas consumption	314.55	424.66
Owned transport - mini-buses	1.67	1.55
Total scope 1	316.22	426.21
Scope 2 emissions (in tonnes of CO2 equivalent):		
Purchased electricity	205.52	182.87
Scope 3 emissions (in tonnes of CO2 equivalent):		
Business travel in employee-owned or rental vehicles	2.87	1.87
Total gross emissions (in tonnes of C02 equivalent):	524.61	610.95
Intensity ratio:		
Tonnes of CO2 equivalent per pupil	.22	.27

The Academy Trust has followed and used the following quantification and reporting methodologies:

- the 2019 HM Government Environmental Reporting Guidelines;
- the GHG Reporting Protocol Corporate Standard; and
- the 2022 UK Government's Conversion Factors for Company Reporting.

The chosen intensity ratio is total gross emissions in tonnes of CO2 equivalent per pupil, the recommended ratio for the sector.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Streamlined energy and carbon reporting (continued)

Measures taken to improve energy efficiency

CIF projects across the school estate have replaced roofing, glazing and heating systems for more efficient alternatives. Energy Efficiency grants are being used on projects to upgrade lighting for LED replacements, and to improve building insulation.

Where appropriate, the Trust has continued to deliver training and conduct meetings via online formats, reducing the need for staff and Governors/Trustees to travel to school sites.

Plans for future periods

Deliver High-quality and Inclusive Education:

- Raise attainment and accelerate progress in Trust primary schools.
- Close attainment gaps in secondary schools for different groups of pupils
- Raise attendance rates to pre-pandemic levels.

Enable Continual School Improvement:

- Developing an effective School Improvement offer
- Develop thorough and accurate quality assurance processes.
- Establish highly effective systems for support and challenge for school leaders.
- Ensure that Trust schools are well prepared for Ofsted inspections.

Provide Efficient Finance and Operations:

- Maintain progress to Bramcote College new build and Foxwood expansion.
- Deliver school building improvement programme efficiently.
- Ensure that the Trust's long-term financial model is sustainable in the light of growth.
- Clarify Trust and school roles and responsibilities and ensure that they are fit for purpose and sustainable.

Strengthen Governance and Leadership:

- Support recruitment to ensure that all schools have robust and functioning LGBs.
- Leadership and governance are judged at least good in Ofsted inspections and Trust QA.
- Develop leadership pathways and support succession planning.
- Improve the co-ordination and leadership of safeguarding across the Trust.

Work well with people:

- Ensure that all staff have access to high-quality professional development.
- Establish career pathways for teaching staff at all levels.
- Develop feedback systems to ensure that the voice of key stakeholders is heard and contributes to Trust policy and practice.
- Increase the diversity of Trust staff.
- Promote staff well-being.

Enable Sustainable Growth:

- Ensure that systems for conversion, including due diligence are effective.
- Continue to identify and work with potential new partner schools.
- Working with proposed new schools to set a realistic plan for assimilation into the Trust.
- Ensure that the systems, structures and capacity of the central team are fit for purpose as we expand.

TRUSTEES' REPORT (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2023

Disclosure of information to auditors

Insofar as the Trustees are aware:

- there is no relevant audit information of which the charitable company's auditors are unaware, and
- that Trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

The Trustees' report, incorporating a strategic report, was approved by order of the Board of Trustees, as the company directors, on 14 DECIMBUT 2023 and signed on its behalf by:

G Davies

Chair of the Board of Trustees

GOVERNANCE STATEMENT

Scope of responsibility

As Trustees, we acknowledge we have overall responsibility for ensuring that The White Hills Park Trust Ltd has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

As Trustees, we have reviewed and taken account of the guidance in DfE's Governance Handbook and competency framework for governance.

The board of Trustees has delegated the day-to-day responsibility to the Chief Executive Officer, as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between The White Hills Park Trust Ltd and the Secretary of State for Education. They are also responsible for reporting to the board of Trustees any material weaknesses or breakdowns in internal control.

The Trustees have approved the following Committees to focus on specific areas of governance;

- Pay Committee to authorise, manage and implement pay decisions in line with the Academy Trust's pay and appraisal policies;
- Audit and Risk Committee where the Trustees review and challenge the ongoing financial results of the Academy Trust, and decide on issues arising in such areas as Health and Safety; tasked with reviewing the overall risk profile of the Academy Trust, monitoring risk management techniques and providing financial oversight;

The terms of reference for each of these Committees are regularly reviewed and amended where necessary as the needs and objectives of the Academy Trust evolve.

Governance

There has been a high level of engagement from the Trustees in the year to 31 August 2023. Attendance at meetings has been regular and there has been review and challenge of data sent out to the Trustees from the finance and data teams, Headteachers and Trust leadership team. Some members of the main Board are also part of the Audit and Risk Committee which met 7 times during the year.

A detailed finance report has been submitted to the Trustees at each month end for the year under review, with regular reporting of benchmarked KPIs.

Taking into account the current size and geography of the Trust, the support and challenge provided by the Audit and Risk Committee and the level of reporting that is actively reviewed by the Trustess on a regular basis, the Board of Trustees are satisfied that they have been able to maintain effective oversight with 5 full Board meetings in the year ended 31 August 2023.

Attendance during the year at meetings of the board of Trustees was as follows:

Trustee	Meetings attended	Out of a possible
A Bird	3	5
S Vasey	4	5
S Baird	1	5
N Boulter, Chair of Audit and Risk Committee	4	5
G Davies	4	5
M Hallam	5	5

S Marshall	0	0

GOVERNANCE STATEMENT (CONTINUED)

Governance (continued)

Governance reviews

Local Governing Bodies ("LGBs") have continued to operate effectively during the year, following their remit to review, challenge and support overall performance at school level. The Florence Nightingale Governors contributed to the school's successful Ofsted outcome. All Trust schools now have dedicated resources committees, allowing for more in depth review and challenges of data and planning around the school's use of budgets, staffing and site. The Academy Committee provides a forum for the effective communication between LGBs and the Trust governing body.

During the year, the individual LGBs for The Florence Nightingale Academy and Springbank Academy were dissolved and a combined LGB and supporting committees were constituted. The process was undertaken to address issues of Governor recruitment and retention and the new LGB is able to draw on a reasonably broad skillset to offer support and challenge to 2 schools operating in the same borough of Nottingham with common characteristics and similar pupil cohorts.

Trustees remain key to developing strong working relationships with staff and Governors at the schools who joined the Trust during the prior academic year, and school Governors are sharing best practice and experience to ensure the LGBs remain sustainable in an environment when recruitment to these voluntary positions is a challenge.

The Board of Trustees have continued to work closely with the Trust leadership team during the year to ensure that progress continued on the proposal to rebuild Bramcote College. Trustees have been able to attend critical project meetings with key stakeholders, drawing on their own experience in the areas of contract negotiation and review and risk management.

The Trust maintains up to date registers of business interests for Boards and LGBs. Potential conflicts are considered as part of ongoing procurement and strategic decision making. Declaration of interests is a standing agenda item at all LGB, Board and Committee meetings, allowing potential conflicts to be managed if applicable to particular areas of discussion and decision making.

The Audit and Risk Committee is a sub-committee of the main board of Trustees. Its primary purposes are to review and challenge the ongoing financial results of the Trust and to assess and monitor the Trust's strategic and operational risk profile. During 22-23 the key areas of focus for the committee have been;

- Oversight of budgetary planning in the existing Trust schools and central function to ensure growth plans are manageable and achievable for sustainability
- ensuring the Trust has in place robust monitoring and reporting systems to manage the potential cash flow pressures of multiple capital projects;
- supporting the leadership team with the Bramcote College development as discussed above; and
- undertaking deep dives into different areas of the Trust strategic risk register with input from the Estates and IT teams to date, to better understand the risk profile of the Trust and proposed mitigation

Attendance during the year at meetings was as follows:

Trustee	Meetings attended	Out of a possible
A Bird	0	0
S Assab	6	7
N Boulter	6	7
G Davies	6	7
M Hallam	7	7

GOVERNANCE STATEMENT (CONTINUED)

Review of value for money

As accounting officer, the Chief Executive Officer has responsibility for ensuring that the Trust delivers good value in the use of public resources. The Accounting Officer understands that value for money refers to the wider societal outcomes, as well as estates safety and management achieved in return for the taxpayer resources received.

The Accounting Officer considers how the Trust's use of its resources has provided good value for money during each academic year, and reports to the Board of Trustees where value for money can be improved, including the use of benchmarking data where appropriate. Specific examples of how the Trust has delivered improved value for money during the year are:

- Use of CIF and other capital grant funding to address areas of estates risk identified from condition surveys ensures compliance with relevant legislation and generates value for money through improved energy efficiency. Works enhance the overall quality of the learning environment, resulting in improved staff and pupil welfare and productivity. All capital projects are procured in line with the Trust financial regulations policy and with "Find a Tender" requirements where relevant, ensuring best value.
- regular review of supplier lists to ensure that Trust schools to ensure continued value for money and quality of service and delivery, maintaining an efficient purchasing process
- recruitment challenges and associated costs have led to some Trust schools entering into negotiated longer term arrangements, combined with use of local communication channels to better target and manage the cost of advertising for vacancies
- Increased use of purchasing frameworks for procurement in areas such as staff absence insurance and IT equipment purchases.

The purpose of the system of internal control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of Academy Trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in The White Hills Park Trust Ltd for the year 1 September 2022 to 31 August 2023 and up to the date of approval of the annual report and financial statements.

Capacity to handle risk

The Board of Trustees has reviewed the key risks to which the Academy Trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of Trustees is of the view that there is a formal ongoing process for identifying, evaluating and managing the Academy Trust's significant risks that has been in place for the year 1 September 2022 to 31 August 2023 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the board of Trustees.

Where it is considered appropriate in order to effectively manage potential risk to the Academy Trust, external support and advice is sought from external providers of audit and legal service, occupational and governor/trustee support, and insurance.

GOVERNANCE STATEMENT (CONTINUED)

The risk and control framework

The Academy Trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular, it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the board of Trustees
- regular reviews by the Audit and Risk Committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes
- setting targets to measure financial and other performance
- clearly defined purchasing (asset purchase or capital investment) guidelines
- identification and management of risks

The Board of Trustees has decided to employ Duncan & Toplis as internal auditor.

This option has been chosen because it provides value for money and the expertise to assure the board that the systems of internal control are effective.

The internal auditor's role includes giving advice on financial matters and performing a range of checks on the Academy Trust's financial systems. In particular the checks carried out in the current period included:

- testing of purchase systems
- testing of payroll systems
- testing of control account/bank reconciliations
- testing of expense claims
- testing of petty cash transactions
- testing of income transactions
- testing of school fund expenditure allocation
- testing of related party transactions
- testing of fixed assets
- testing of financial reporting and compliance

On a semi-annual basis, the internal auditor reports to the board of Trustees through the Audit and Risk committee on the operation of the systems of control and on the discharge of the Trustees' financial responsibilities.

This approach is considered by the Trustees to meet the needs of a growing Trust, allowing flexibility to bring additional areas into scope for review as teams expand and processes evolve.

Duncan & Toplis has been able to deliver their schedule of work as planned and no material control issues were identified.

GOVERNANCE STATEMENT (CONTINUED)

Review of effectiveness

As accounting officer, the Chief Executive Officer has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the internal auditor;
- the financial management and governance self-assessment process;
- the school resource management self-assessment tool;
- the work of the executive managers within the Academy Trust who have responsibility for the development and maintenance of the internal control framework.
- the work of the external auditors;
- correspondence from ESFA

The accounting officer has been advised of the implications of the result of their review of the system of internal control by the Audit and Risk committee and a plan to address weaknesses and ensure continuous improvement of the system is in place.

Approved by order of the members of the Board of Trustees and signed on their behalf by:

P Heery

Accounting Officer

STATEMENT OF REGULARITY, PROPRIETY AND COMPLIANCE

As accounting officer of The White Hills Park Trust Ltd I have considered my responsibility to notify the Academy Trust board of Trustees and the Education & Skills Funding Agency (ESFA) of material irregularity, impropriety and non-compliance with terms and conditions of all funding, including for estates safety and management, under the funding agreement in place between the Academy Trust and the Secretary of State for Education. As part of my consideration I have had due regard to the requirements of the Academy Trust Handbook 2022, including responsibilities for estates safety and management.

I confirm that I and the Academy Trust board of Trustees are able to identify any material irregular or improper use of all funds by the Academy Trust, or material non-compliance with the terms and conditions of funding under the Academy Trust's funding agreement and the Academy Trust Handbook 2022.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the board of Trustees and ESFA.

P Heery

Accounting Officer

Date:

STATEMENT OF TRUSTEES' RESPONSIBILITIES FOR THE YEAR ENDED 31 AUGUST 2023

The Trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for preparing the Trustees' report and the financial statements in accordance with the Academies Accounts Direction published by the Education and Skills Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the Trustees to prepare financial statements for each financial year. Under company law, the Trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles of the Charities SORP 2019 and the Academies Accounts Direction 2022 to 2023;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from ESFA/DfE have been applied for the purposes intended.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF THE WHITE HILLS PARK TRUST LTD

Opinion

We have audited the financial statements of The White Hills Park Trust Ltd (the 'academy trust') for the year ended 31 August 2023 which comprise the Statement of financial activities, the Balance sheet, the Statement of cash flows and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', the Charities SORP 2019 and the Academies Accounts Direction 2022 to 2023 issued by the Education and Skills Funding Agency.

In our opinion the financial statements:

- give a true and fair view of the state of the Academy Trust's affairs as at 31 August 2023 and of its incoming resources and application of resources, including its income and expenditure for the year then ended:
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities SORP 2019 and the Academies Accounts Direction 2022 to 2023 issued by the Education and Skills Funding Agency.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the Academy Trust in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Academy Trust's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

THE WHITE HILLS PARK TRUST LTD

(A company limited by guarantee)

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF THE WHITE HILLS PARK TRUST LTD (CONTINUED)

Other information

The other information comprises the information included in the Annual report other than the financial statements and our Auditors' report thereon. The Trustees are responsible for the other information contained within the Annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Trustees' report including the Strategic report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- the Trustees' report and the Strategic report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the Academy Trust and its environment obtained in the course of the audit, we have not identified material misstatements in the Trustees' report including the Strategic report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of trustees' responsibilities, the Trustees (who are also the directors of the Academy Trust for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Academy Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Academy Trust or to cease operations, or have no realistic alternative but to do so.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF THE WHITE HILLS PARK TRUST LTD (CONTINUED)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Based on our understanding of the Trust and industry, key laws and regulations that we identified included the Companies Act, Charities SORP and guidance included within the Academy Trust Financial Handbook and Accounts Direction.

We identified that the principal risk of fraud or non-compliance with laws and regulations related to:

- management bias in respect of accounting estimates and judgements made
- management override of controls
- posting of unusual journals or transactions
- non-compliance with the Academy Trust Financial Handbook and Accounts Direction

We focussed on those areas that could give rise to a material misstatement in the Academy financial statements. Our procedures included, but were not limited to:

- Enquiry of management and those charged with governance/review of correspondence around actual and potential litigation and claims, including instances of non-compliance with laws and regulations and fraud:
- Reviewing minutes of meetings of those charged with governance where available;
- Reviewing legal expenditure in the year to identify instances of non-compliance with laws and regulations and fraud and enquiries with third party advisors about potential claims
- Reviewing financial statement disclosures and testing to supporting documentation to assess compliance with applicable laws and regulations.
- Performing audit work over the risk of management override of controls, including testing of journal entries and other adjustments for appropriateness, evaluating the business rationale of significant transactions outside the normal course of business and reviewing accounting estimates for bias. In particular in relation to the LGPS valuation.
- A separate limited scope regularity review has been undertaken in respect of compliance with the Academy Trust Financial Handbook and our report in respect of this is contained within the financial statements;

It is the primary responsibility of management, with the oversight of those charged with governance, to ensure that the entity's operations are conducted in accordance with the provisions of laws and regulations and for the prevention and detection of fraud.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

INDEPENDENT AUDITORS' REPORT ON THE FINANCIAL STATEMENTS TO THE MEMBERS OF THE WHITE HILLS PARK TRUST LTD (CONTINUED)

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' report.

Use of our report

This report is made solely to the Academy Trust's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Academy Trust's members those matters we are required to state to them in an Auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Academy Trust and its members, as a body, for our audit work, for this report, or for the opinions we have formed.

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO THE WHITE HILLS PARK TRUST LTD AND THE EDUCATION AND SKILLS FUNDING AGENCY

In accordance with the terms of our engagement letter dated 7 August 2020 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2022 to 2023, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by The White Hills Park Trust Ltd during the year 1 September 2022 to 31 August 2023 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to The White Hills Park Trust Ltd and ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to The White Hills Park Trust Ltd and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than The White Hills Park Trust Ltd and ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of The White Hills Park Trust Ltd's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of The White Hills Park Trust Ltd's funding agreement with the Secretary of State for Education dated 25 May 2012 and the Academy Trust Handbook, extant from 1 September 2022, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2022 to 2023. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the year 1 September 2022 to 31 August 2023 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Framework and Guide for External Auditors and Reporting Accountant of Academy Trusts issued by ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the Academy Trust's income and expenditure.

The work undertaken to draw to our conclusion was as follows:

- Planned our assurance procedures including identifying key risks;
- Carried out a programme of substantive testing, including review of the program of work and findings in relation to internal scrutiny;
- Undertook controls testing where considered appropriate;
- Concluded on the procedures undertaken.

INDEPENDENT REPORTING ACCOUNTANT'S ASSURANCE REPORT ON REGULARITY TO THE WHITE HILLS PARK TRUST LTD AND THE EDUCATION & SKILLS FUNDING AGENCY (CONTINUED)

Conclusion

In the course of our work, nothing has come to our attention which suggest in all material respects the expenditure disbursed and income received during the year 1 September 2022 to 31 August 2023 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

1. Accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgments and key sources of estimation uncertainty, is set out below.

1.1 Basis of preparation of financial statements

The financial statements of the Academy Trust, which is a public benefit entity under FRS 102, have been prepared under the historic cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2022 to 2023 issued by ESFA, the Charities Act 2011 and the Companies Act 2006.

The White Hills Park Trust meets the definition of a public benefit entity under FRS 102.

The financial statements are prepared in Sterling which is the functional currency of the company and rounded to the nearest £1,000.

1.2 Going concern

The Trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the Academy Trust to continue as a going concern. The Trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the Academy Trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the Academy Trust's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Income

All incoming resources are recognised when the Academy Trust has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

Grants

Grants are included in the Statement of financial activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the Balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of financial activities in the year for which it is receivable and any abatement in respect of the year is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is an unconditional entitlement to the grant. Unspent amounts of capital grants are reflected in the Balance sheet in the restricted fixed asset fund. Capital grants are recognised when there is entitlement and are not deferred over the life of the asset on which they are expended.

Donations

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

1. Accounting policies (continued)

1.3 Income (continued)

Other income

Other income, including the hire of facilities, is recognised in the year it is receivable and to the extent the Academy Trust has provided the goods or services.

Transfer of existing academies into the Academy Trust

Where assets and liabilities are received on the transfer of an existing academy into the Academy Trust, the transferred assets are measured at fair value and recognised in the Balance sheet at the point when the risks and rewards of ownership pass to the Academy Trust. An equal amount of income is recognised for the transfer of an existing academy into the Academy Trust within 'Income from Donations and Capital Grants' to the net assets acquired.

1.4 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Charitable activities

These are costs incurred on the Academy Trust's educational operations, including support costs and costs relating to the governance of the Academy Trust apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

1.5 Government grants

Government grants relating to tangible fixed assets are treated as deferred income and released to the Statement of financial activities over the expected useful lives of the assets concerned. Other grants are credited to the Statement of financial activities as the related expenditure is incurred.

1.6 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Academy Trust; this is normally upon notification of the interest paid or payable by the institution with whom the funds are deposited.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

1. Accounting policies (continued)

1.7 Tangible fixed assets

Assets costing £1,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance sheet at cost and depreciated over their expected useful economic life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of financial activities and carried forward in the Balance sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of financial activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land and assets under construction, at rates calculated to write off the cost of each asset, less estimated residual value, over its expected useful life, as follows:

Depreciation is provided on the following bases:

L/Term leasehold land L/Term leasehold property Over the term of the lease (125 years)Straight line over the shorter of useful

economic life or lease term

S/Term leasehold property

- Straight line over the shorter of useful economic life or lease term

Leasehold improvements

- Straight line over the shorter of useful economic life or lease term

Motor vehicles
Fixtures and fittings
Computer equipment

Straight line at 25%Straight line at 20%Straight line at 33%

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use and reclassified to freehold or leasehold land and buildings.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of financial activities.

1.8 Debtors

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.9 Cash at bank and in hand

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

1. Accounting policies (continued)

1.10 Liabilities

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the Academy Trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

1.11 Financial instruments

The Academy Trust only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the Academy Trust and their measurement bases are as follows:

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 14. Prepayments are not financial instruments. Cash at bank is classified as a basic financial instrument and is measured at face value.

Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 15 and 16. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

1.12 Operating leases

Rentals paid under operating leases are charged to the Statement of financial activities on a straight line basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

1. Accounting policies (continued)

1.13 Pensions

Retirement benefits to employees of the Academy Trust are provided by the Teachers' Pension Scheme ("TPS") and the Local Government Pension Scheme ("LGPS"). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the Academy Trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. TPS is an unfunded multi-employer scheme with no underlying assets to assign between employers. Consequently, the TPS is treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded multi-employer scheme and the assets are held separately from those of the Academy Trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each Balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of financial activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

1.14 Agency arrangements

The academy trust acts as an agent in distributing 16-19 bursary funds from ESFA. Payments received from the ESFA and subsequent disbursements to students are excluded from the statement of financial activities as the trust does not have control over the charitable application of the funds. The trust can use up to 5% of the allocation towards its own administration costs and this is recognised in the statement of financial activities. The funds received and paid and any balances held are disclosed in note 31.

1.15 Fund accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the Academy Trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Department for Education Group.

Investment income, gains and losses are allocated to the appropriate fund.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

2. Critical accounting estimates and areas of judgment

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions:

The Academy Trust trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost or income for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 26, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2022 has been used by the actuary in valuing the pensions liability at 31 August 2023. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

9. Staff (continued)

e. Key management personnel

The key management personnel of the Academy Trust comprise the Trustees and the senior management team as listed on page 1. The total amount of employee benefits (including employer pension contributions and employer national insurance contributions) received by key management personnel for their services to the Academy Trust was £459,078 (2022 - £426,903).

10. Central services

The Academy Trust has provided the following central services to its academies during the year:

- Trust professional development service
- Trust ICT management service
- Trust estates management service
- Trust financial management service
- Trust family SENCO service
- Trust SIMS/Data management service
- Trust exams service
- Trust student counselling service
- Trust library management service

The Academy Trust charges for these services on the following basis:

Estimated time-apportioned basis with the majority split based on percentage estimates between the six schools.

The actual amounts charged during the year were as follows:

	£000	£000
Alderman White School	320	338
Bramcote College	312	334
The Florence Nightingale Academy	. 70	71
John Clifford School	73	70
Springbank Academy	49	48
Foxwood Academy	14	-
Total	838	861

11. Trustees' remuneration and expenses

During the year, no Trustees received any remuneration or other benefits (2022 - £NIL).

During the year ended 31 August 2023, no Trustee expenses have been incurred (2022 - £NIL).

2022

2022

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

12. Trustees' and Officers' insurance

In accordance with normal commercial practice, the Academy Trust has purchased insurance to protect Trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business. The insurance provides cover up to £10,000,000. It is not possible to quantify the Trustees and officers indemnity element from the overall cost of the RPA scheme.

13. Tangible fixed assets

The specific purposes for which the funds are to be applied are as follows:

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objectives of the Academy Trust at the discretion of the Trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by the DfE/ESFA where the asset acquired or created is held for a specific purpose. The funds predominantly relate to assets acquired on conversion, being the land and buildings at each academy, plus any fixed asset additions made subsequently and also CIF funding.

Restricted general funds primarily comprise GAG funding is applied for the primary purpose of the Trust in line with the master funding agreement.

Under the funding agreement with the Secretary of State, the Academy Trust was not subject to a limit on the amount of GAG it could carry forward at 31 August 2023.

Total funds analysis by academy

Fund balances at 31 August 2023 were allocated as follows:

	2023	2022
	£000	£000
Alderman White School	636	401
The Bramcote School	408	177
The White Hills Park Trust (Central)	(748)	(391)
The Florence Nightingale Academy	478	320
Springbank Academy	309	262
John Clifford School	187	132
Foxwood Academy	577	
Total before fixed asset funds and pension reserve	1,847	901
Restricted fixed asset fund	43,373	37,081
Pension reserve	(1,311)	(3, 243)
Total	43,909	34,739

The following academy is carrying a net deficit on its portion of the funds as follows:

	Deficit £000
The White Hills Park Trust (Central)	(748)

The Central Trust ledger has borne costs to 31 August 2023 associated with the Bramcote College rebuild project. These costs include rental of temporary classroom accommodation and professional fees.

The Academy Trust is taking the following action to return the academy to surplus:

The costs above are to be treated as build project qualifying costs and are expected to be reimbursed to the Trust within the next 18 months. This repayment to the Trust will take the central ledger into a positive reserves position. Day to day the operational costs within the MAT central ledger are covered by the contributions budgeted from Trust schools and as such the MAT will run at a break even position going forward.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

26. Pension commitments

The Academy Trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by Nottinghamshire County Council. Both are multi-employer defined benefit schemes.

The latest actuarial valuation of the TPS related to the period ended 31 March 2016 and of the LGPS 31 March 2019.

Contributions amounting to £92,000 were payable to the schemes at 31 August 2023 (2022 - £61,000) and are included within creditors.

Teachers' Pension Scheme

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies. All teachers have the option to opt-out of the TPS following enrolment.

The TPS is an unfunded scheme to which both the member and employer makes contributions, as a percentage of salary - these contributions are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

The Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury every 4 years. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors. The 31 March 2016 TPS actuarial valuation results were implemented from 1 September 2019. The key elements of the valuation and subsequent consultation were:

- employer contribution rates set at 23.68% of pensionable pay (including a 0.08% administration levy)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £218,100 million and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £196,100 million, giving a notional past service deficit of £22,000 million
- the SCAPE rate, set by HMT, is used to determine the notional investment return. The current SCAPE rate is 2.4% above the rate of CPI, assumed real rate of return is 2.4% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.2%. The assumed nominal rate of return including earnings growth is 4.45%.

The latest actuarial TPS valuation results, as at 31 March 2020, were released in October 2023. The revised employer contribution rate, arising from this valuation, is due to be implemented from 1 April 2024.

The employer's pension costs paid to TPS in the year amounted to £1,607,000 (2022 - £1,481,000).

A copy of the valuation report and supporting documentation is on the Teachers' Pensions website (https://www.teacherspensions.co.uk/news/employers/2019/04/teachers-pensions-valuation-report.aspx).

Under the definitions set out in FRS 102, the TPS is an unfunded multi-employer pension scheme. The Academy Trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The Academy Trust has set out above the information available on the scheme.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

26. Pension commitments (continued)

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The total contribution made for the year ended 31 August 2023 was £914,000 (2022 - £734,000), of which employer's contributions totalled £715,000 (2022 - £572,000) and employees' contributions totalled £199,000 (2022 - £162,000). The agreed contribution rates for future years are 20.8 per cent for employers and 5.5 to 12 per cent for employees.

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013 and on 21 July 2022, the Department for Education reaffirmed its commitment to the guarantee, with a parliamentary minute published on GOV.UK.

Principal actuarial assumptions

	2023	2022
	%	%
Rate of increase in salaries	3.90	3.95
Rate of increase for pensions in payment/inflation	2.90	2.95
Discount rate for scheme liabilities	5.30	4.25

At 31 August	13,082	9,064

27. Operating lease commitments

At 31 August 2023 the Academy Trust had commitments to make future minimum lease payments under non-cancellable operating leases as follows:

	2023 £000	2022 £000
Not later than 1 year	8	13
Later than 1 year and not later than 5 years	10	9
	18	22

28. Members' liability

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

29. Related party transactions

Owing to the nature of the Academy Trust and the composition of the Board of Trustees being drawn from local public and private sector organisations, transactions may take place with organisations in which the trustees have an interest. All transactions involving such organisations are conducted in accordance with the requirements of the Academy Trust Handbook, including notifying the ESFA of all transactions made on or after 1 April 2019 and obtaining their approval where required, and with the Academy Trust's financial regulations and normal procurement procedures relating to connected and related party transactions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

29. Related party transactions (continued)

The following related party transactions took place in the financial period:

Expenditure related party transactions

Arc Property Services Partnership Limited – a company by which C Holland (local governing body) is employed:

- The academy used Arc Property Services Partnership Ltd for procurement relating to property work totalling £14,361 (2022: £4,779) during the period. An amount of £nil was outstanding at 31 August 2023 (2022: £nil).
- The academy trust made the purchase at arms' length and in accordance with its financial regulations, which C Holland neither participated in, nor influenced
- In entering into the transaction, the academy trust has complied with the requirements of the Academy Trust Handbook.

Mozaic (UK) Limited – a company which is owned by a close family member of J Waring (Headteacher) is employed:

- The academy purchased stationery from Mozaic (UK) Limited totalling £4,851 (2022: £2,306) during the period. An amount of £2,880 was outstanding at 31 August 2023 (2022: £nil).
- The academy trust made the purchase at arms' length and in accordance with its financial regulations, which J Waring neither participated in, nor influenced.
- In entering into the transaction, the academy trust has complied with the requirements of the Academy Trust Handbook.

PK Education Limited – a company by which Mr M Haynes (local governing body) is employed:

- The academy trust purchased supply teaching provision from PK Education Limited totalling £nil (2022: £2,375) during the period. An amount of £2,850 was outstanding within trade creditors at 31 August 2023 (2022: £nil).
- The academy trust made the purchase at arms' length and in accordance with its financial regulations, which Mr M Haynes neither participated in, nor influenced.
- In entering into the transaction, the academy trust has complied with the requirements of the Academy Trust Handbook.

JB Tree Care – a business which is owned by a close family member of A Worsching (local governing body):

- The academy trust purchased tree cutting services from JB Tree Care totalling £1,740 (2022: £180) during the period. An amount of £nil was outstanding at 31 August 2023 (2022: £nil).
- The academy trust made the purchase at arms' length and in accordance with its financial regulations, which A Worsching neither participated in, nor influenced.
- In entering into the transaction, the academy trust has complied with the requirements of the Academy Trust Handbook.

J Sainsbury (Chief Schools Officer, The Florence Nightingale Academy) has two close family members employed within the Trust. Both appointments were made in open competition and J Sainsbury was not involved in the decision-making process regarding appointment. Both are paid within the normal pay scale for the role and they receive no special treatment as a result of their relationship to J Sainsbury.

L Baxter (Head of School, The Florence Nightingale Academy) has two close family members employed within the Trust. Both appointments were made in open competition and L Baxter was not involved in the decision-making process regarding appointment. Both are paid within the normal pay scale for the role and they receive no special treatment as a result of their relationship to L Baxter.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2023

29. Related party transactions (continued)

R Bateman (Governor, Alderman White School) has one close family member employed within the Trust. The appointment was made in open competition and R Bateman was not involved in the decision-making process regarding appointment. The family member is paid within the normal pay scale for the role and they receive no special treatment as a result of their relationship to R Bateman.

30. Agency arrangements

The academy trust distributes 16-19 bursary funds to students as an agent for the ESFA. In the accounting period ending 31 August 2023 the trust received £3,243 (2022: £6,487) and disbursed £351 (2022: £7,371) from the fund.

31. Transfer of existing academies into the academy trust

On 1 July 2023, the academy trust acquired Foxwood Academy. All of the operations and assets and liabilities were transferred to The White Hills Park Trust.

The transfers have been accounted for using the acquisition method. The assets and liabilities transferred were at fair value and recognised in the Balance Sheet under the appropriate headings with a corresponding net amount recognised in the Statement of Financial Position as a donation as a result of the Trust transferring in an overall net asset position.
