DEKE HOLDINGS LIMITED
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2018

The directors present the strategic report and financial statements for the year ended 30 June 2018.

Business review

The results for the year and the financial position as at 30 June 2018 are shown in the annexed financial statements.

Turnover grew by 10% in the year driven by a growth in the Group's customer base and the groups Slovakian subsidiary continuing to see growth.

Gross profit margin in the year has increased by 2.4% in the year. This is mainly due to a drop in margins in the prior year due to increased volatility in the supply chain and a consequential commercial lag in passing increased costs onto customers. The market remains volatile, but the Group is satisfied that it captures and passes on such costs in a timely manner and going forwards margins are more secure.

The Group continued to invest in capital equipment and people, principally in the growing Slovakian subsidiary, AWS Slovakia s.r.o. and the directors are of the view that this will continue, with the Group now in its optimal strategic shape.

The profits have enabled the Group to improve its working capital reducing resulting in an improved net asset position at the period end.

New business opportunities continue to present themselves in both the UK and Slovak subsidiaries and a number of new workload streams have been secured which the Group will benefit from in future periods.

Principal risks and uncertainties

- Our success is dependent on the success of our customers. The Group has a broad range of customers serving a wide range of market sectors. Our ability to maintain and grow the customer base is closely linked to the quality of the manufacturing service provided. The Group takes all reasonable steps to ensure quality standards are maintained.
- The Group trades in Sterling, Euros and US Dollars, being net generative in Sterling, net using in Euros and marginal in US Dollars. Consequently, significant changes in exchange rates can impact the profitability of the business. Brexit has led to an increased volatility in exchange rates.

Key performance indicators

The Group considers a wide range of performance indicators continuously throughout each year, ranging from financial to operational.

Financially, cash driven profit, working capital management and efficient use of investable resources are key. Operationally the two factories are measured upon a wide range of key performance statistics under the umbrella of industry leading requirements. The Group particularly looks to feedback from its customer base as key to having delivered successfully.

Financial instruments

The Group's policy is to finance working capital through invoice financing, term loans and cash reserves and fixed assets through lease financing.

The Group seeks to mitigate foreign exchange exposure as far as it is reasonably able to do so through natural hedges. In the year the impact of changes in US dollar exchange rate variations was broadly managed in this way. However, during this same period, the Group's exposure to the Euro was more significant.

DEKE HOLDINGS LIMITED
STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2018

The Group does not have significant concentrations of credit risk as exposure is spread over a number of counterparties and customers. Trade debtor balances and stock held to meet customer production requirements are monitored on an on-going basis with the aim of minimising the Group's exposure to bad debts and stock write-offs.

The directors do not consider any other risks attaching to the use of financial instruments to be material to an assessment of its financial position or profit.

This report was approved by the board on 27 November 2018 and signed on its behalf.

DEKE HOLDINGS LIMITED
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2018

The directors present their report and the financial statements for the year ended 30 June 2018.

The Company has not disclosed the following sections of the director's report "Future developments and financial instruments" as these have been included in the Strategic Report under S414C (11).

Principal activities

The principal activity of the Group for the period under review was that of the manufacture of electronic equipment. The principal activity of the Company for the period was that of a holding company.

Results

The profit for the year, after taxation, amounted to £519,872 (2017: loss of £724,845).

Directors

The directors who served during the year, and up to the date of signature of the financial statements, were as follows:

P Deehan
AS Keane

Third party indemnity provision for directors

Qualifying third party indemnity provision is in place for the benefit of all directors of the Company.

Research and development activities

The Group undertakes product design and development activities when required for its customers. In such cases the intellectual property arising is generally the sole property of the customer. The Group does not undertake product design and development for its own purposes; it does, however, in the normal course of its business and refinement of its manufacturing processes.

Employee involvement

The Group recognises that a loyal and highly skilled workforce is essential to the future of the business. During the year, the policy of providing employees with information about the Group has continued and employees are encouraged to present their suggestions. Regular meetings are held between management and employee representatives and committees to allow a free flow of information.

Disabled employees

The Group recognises its obligations towards disabled people. Our policy is to give full and fair consideration to every employment application from disabled persons, having regard to their particular aptitudes and abilities and to give equal opportunities to disabled employees with other employees for training, career development and promotion. Every practicable effort is made to continue the employment of, or arrange appropriate training for employees who become disabled.

Auditor

RSM UK Audit LLP have indicated their willingness to be appointed for another term, and in accordance with section 485 of the Companies Act 2006, a resolution proposing that they be re-appointed will be put at a General Meeting.

DEKE HOLDINGS LIMITED
DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2018

Provision of information to the auditor

Each of the persons who are directors at the time when this directors' report is approved has confirmed that:

- so far as that director is aware, there is no relevant audit information of which the Company and the Group's auditor is unaware; and
- that director has taken all the steps that ought to have been taken as a director in order to be aware of any information needed by the Company and the Group's auditor in connection with preparing their report and to establish that the Company and the Group's auditor is aware of that information.

This report was approved by the board on 27 November 2018 and signed on its behalf.

DEKE HOLDINGS LIMITED
DIRECTORS' RESPONSIBILITIES STATEMENT
FOR THE YEAR ENDED 30 JUNE 2018

The directors are responsible for preparing the strategic report and the directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the Group and Company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Group and the Company and of the profit or loss of the Group for that period.

In preparing these financial statements the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company and the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Group's and the Company's transactions and to disclose with reasonable accuracy at any time the financial position of the Group and the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Group and the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
DEKE HOLDINGS LIMITED
FOR THE YEAR ENDED 30 JUNE 2018**

Opinion

We have audited the financial statements of DEKE Holdings Limited (the 'parent company') and its subsidiaries (the 'Group') for the year ended 30 June 2018 which comprise the Consolidated Statement of Comprehensive Income, Consolidated Statement of Financial Position, Company Statement of Financial Position, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Statement of Cashflows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the Group's and of the parent company's affairs as at 30 June 2018 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the Group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
DEKE HOLDINGS LIMITED
FOR THE YEAR ENDED 30 JUNE 2018**

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

DEKE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2018

1. ACCOUNTING POLICIES

General information

DEKE Holdings Limited ("the Company") is a private company, limited by shares, and is registered, domiciled and incorporated in England.

The address of the Company's registered office and principal place of business is included on page 1.

The Group consists of DEKE Holdings Limited and all of its subsidiaries.

The Company's and the Group's principal activities and nature of operations are included in the directors' report.

Basis of Accounting

These financial statements have been prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting standard applicable in the UK and the Republic of Ireland' (FRS 102) and the requirements of the Companies Act 2006, including the provisions of the Large and Medium-sized Companies and Groups (Accounts and Reports) Regulations 2008, and under the historical cost convention, modified to include certain financial instruments at fair value.

Monetary amounts in these financial statements are rounded to the nearest whole £1, except where otherwise indicated.

Reduced disclosures

The Company has taken advantage of the exemption from disclosing the following information, as permitted by the reduced disclosure regime within FRS 102:-

- Section 7 'Statement of Cash Flows' – Presentation of a Statement of Cash Flow and related notes and disclosures;
- Section 11 'Basic Financial Instruments' & Section 12 'Other Financial Instrument Issues' – Carrying amounts for financial instruments measured at amortised cost or cost less impairment, interest income/expense and net gains/losses for financial instruments measured at amortised cost, loan defaults or breaches, and descriptions of hedging relationships;
- Section 33 'Related Party Disclosures' – Compensation for key management personnel.

Basis of consolidation

The consolidated financial statements incorporate those of DEKE Holdings Limited and all of its subsidiary undertakings ('subsidiaries'). Subsidiaries acquired during the year are consolidated using the purchase method. Their results are incorporated from the date that control passes. All financial statements are made up to 30 June.

The cost of a business combination is the fair value of the acquisition date of the assets given, equity instruments issued and liabilities incurred or assumed, plus directly attributable costs. The excess of the cost of a business combination over the fair value of the identifiable assets, liabilities and contingent liabilities is recognised as goodwill.

All intra-Group transactions, balances and unrealised gains on transactions between Group companies are eliminated fully on consolidation.

DEKE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2018

Going concern

The financial statements have been prepared on a going concern basis, which assumes that the Group will be able to continue to trade for the foreseeable future.

At 30 June 2018 the Group and Company balance sheets reflected net current liabilities of £2,856,277 (2017: £3,321,990) and £4,210,701 (2017: £3,614,446) respectively. The directors of the Group have prepared trading forecasts to 30 June 2019 and have considered the period of up to 12 months after the accounts are signed which indicate the Group and the Company will have sufficient funding to meet their liabilities as they fall due, based on facilities agreed with the Group's bankers as at the date the financial statements were approved.

On the basis of the above, the directors have formed a judgement that is appropriate to prepare the financial statements on the going concern basis.

Functional and presentational currencies

The consolidated financial statements are presented in sterling which is also the functional currency of the Group and Company.

Foreign currencies

Transactions in currencies other than the functional currency (foreign currencies) are initially recorded at the exchange rate prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the reporting date.

Exchange gains and losses are taken to profit or loss.

Turnover

Turnover comprises revenue recognised at fair value by the Group in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts. Income is recognised on the despatch of goods or provision of services.

Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense. The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Pensions

The Group operates a defined contribution pension scheme and the pension charge represents the contributions payable by the Group to the fund in respect of the year.

Exceptional items

Costs or income which are considered to be non-recurring and of significant impact to the users have been separately disclosed as exceptional items in the financial statements.

DEKE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2018

Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognised when tax paid exceeds the tax payable.

Current tax is based on taxable profit for the year. Taxable profit differs from total comprehensive income because it excludes items of income or expense that are taxable or deductible in other periods. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is not discounted.

Deferred tax liabilities are recognised in respect of all timing differences that exist at the reporting date. Timing differences are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in different periods from their recognition in the financial statements. Deferred tax assets are recognised only to the extent that it is probable that they will be recovered by the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is recognised on income or expenses from subsidiaries, that will be assessed to or allow for tax in a future period except where the Group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future.

Deferred tax is recognised on differences between the value of assets (other than goodwill) and liabilities recognised in a business combination and the amounts that can be deducted or assessed for tax. The deferred tax recognised is adjusted against goodwill.

Current and deferred tax is charged or credited in profit or loss.

Current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities are offset, if and only if, there is a legally enforceable right to set off the amounts and the entity intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Intangible fixed assets and amortisation

Goodwill

Goodwill is amortised to profit or loss over its estimated economic life of 20 years as in the opinion of the directors this represents the period over which the goodwill expected to give rise to economic benefits.

Other intangible assets

Intangible assets are initially recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses. Intangible assets are amortised to profit or loss on a straight-line basis over their useful lives, as follows:-

Purchased computer software - 3-4 years

Amortisation is revised prospectively for any significant change in useful life or residual value.

On disposal, the difference between the net disposal proceeds and the carrying amount of the intangible asset is recognised in profit or loss.

DEKE HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2018

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Leasehold property improvements	- Over term of the lease
Plant & machinery	- 25% straight line
Fixtures, fittings and office equipment	- 25-33% straight line

Residual value is calculated on prices prevailing at the reporting date, after estimated costs of disposal, for the assets as if it were at the age and in the condition expected at the end of its useful life.

Impairment of tangible and intangible assets

At each reporting end date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time, value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount and an impairment loss is recognised immediately in profit or loss.

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Leasing and hire purchases

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the risks and rewards of ownership are assumed by the Group. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to profit or loss so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Operating leases

Rentals under operating leases are charged to profit or loss on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term.

Investments

In the separate accounts of the Company, interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses.

Interests in subsidiaries are assessed for impairment at each reporting date. Any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

Stocks and work in progress

Stocks and work in progress are valued at the lower of cost and net realisable value on a weighted average cost basis after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs.

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term liquid investments with original maturities of three months or less.

Financial instruments

The Group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument, and are offset only when the Group currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets

Trade, Group and other debtors

Trade, Group and other debtors which are receivable within one year are initially measured at the transaction price. Trade debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

A provision for impairment of trade debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in profit or loss for the excess of the carrying value of the trade debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in profit or loss.

Financial liabilities and equity

Financial instruments are classified as liabilities and equity instruments according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities.

Equity instruments

Financial instruments classified as equity instruments are recorded at the fair value of the cash or other resources received or receivable, net of direct costs of issuing the equity instruments.

Bank overdrafts

Bank overdrafts are presented within creditors: amounts falling due within one year.

FOR THE YEAR ENDED 30 JUNE 2018

Financial assets (continued)

Trade, Group and other creditors

Trade, Group and other creditors payable within one year are initially measured at the transaction price and subsequently measured at amortised cost, being the transaction price less any amounts settled.

Derivatives

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently remeasured to fair value at each reporting date. Fair value gains and losses are recognised in profit or loss.

Borrowings

Borrowings are initially recorded at transaction price, including transaction costs, and subsequently measured at amortised cost using the effective interest method. Interest expense is recognised on the basis of the effective interest method and is included in interest payable and other expenses.

Derecognition of financial assets and liabilities

A financial asset is derecognised only when the contractual rights to cash flows expire or are settled, or substantially all the risks and rewards of ownership are transferred to another party, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Research and development

Research and development expenditure is written off in the year in which it is incurred.

2 CRITICAL ACCOUNTING ESTIMATES AND AREAS OF JUDGEMENT

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The Group makes estimates and assumptions concerning the future. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Stock provisions

The realisable value of stock is calculated using long established and well tested methodologies that take account of changes in market dynamics, expected obsolescence, shelf life and recoverable balances.

Debtor provision

The Group makes judgements as to its ability to collect outstanding trade debtors and provides allowances for the portion of trade debtors when collection becomes doubtful. Provisions are made on a review of all outstanding cash flows and the period of time which exceeds the invoice due date.

Tangible fixed asset depreciation and intangible asset amortisation

The assessment of the useful lives and the method of depreciating tangible fixed assets and amortising intangible assets requires judgement. Depreciation and amortisation are charged to profit or loss based on the useful life selected, which requires an estimation of the period and profile over which the Group expects to consume the future economic benefits embodied in the assets.

Functional currency of AWS Slovakia s.r.o.

The directors consider that the functional currency of this entity to be GBP sterling due to the majority of its trade being in this currency. The results of this entity have therefore been consolidated on this basis, as opposed to using the entity's presentational currency which is euros.
