Statement of directors' responsibilities

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with UK Accounting Standards and applicable law (United Kingdom Generally Accepted Accounting Practice), including FRS 101 *Reduced Disclosure Framework*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 "Reduced Disclosure Framework".

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the financial statements to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 September 2016 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 101 "Reduced Disclosure Framework"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- ▶ the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.
- ▶ the Directors' Report has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have identified no material misstatements in the Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.
- the directors were not entitled to prepare the financial statements in accordance with the small companies regime and take the advantage of the small companies' exemptions in not preparing the Strategic Report and take advantage of the small companies' exemption in preparing the Directors' Report.

In the transition to FRS 101, the Company has applied IFRS 1 whilst ensuring that its assets and liabilities are measured in compliance with FRS 101. An explanation of how the transition to FRS 101 has affected the reported balance sheet and income statement and other comprehensive income of the Company is provided in note 11.

The Company's ultimate parent undertaking, The Sage Group plc, includes the Company in its consolidated financial statements. The consolidated financial statements of The Sage Group plc are prepared in accordance with International Financial Reporting Standards and are available to the public and may be obtained from the address given in note 10.

Notes (continued)

1. Accounting policies (continued)

As the consolidated financial statements of The Sage Group plc include the equivalent disclosures, the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- Certain disclosures required by paragraphs 91 to 99 of IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements and in preparing an opening balance sheet at 1 October 2014 for the purposes of the transition to FRS 101.

Judgements made by the directors, in the application of these accounting policies that have a significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in note 2.

Basis of preparation

The financial statements have been prepared on the historical cost basis. All amounts are presented in Great British Pounds (GBP).

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The financial statements are prepared on a going concern basis and in accordance with the Companies Act 2006.

The principal accounting policies, which have been applied consistently throughout the year, are set out below.

Profit share

The company is entitled to its share of the distributable profit or losses from its holding in Sage Irish Investments LLP. Consequently, distributable profits or losses from Irish Investments have been recognised as income or losses from investments in the profit and loss account.

Foreign currencies

Monetary assets and liabilities expressed in foreign currencies are translated into sterling at rates of exchange prevailing at the balance sheet date. Transactions in foreign currencies are converted into sterling at the rate prevailing at the dates of the transactions. All differences on exchange are taken to the income statement.

Notes (continued)

1. Accounting policies (continued)

Income tax expense

The taxation expense for the year represents the sum of current tax payable and deferred tax. The expense is recognised in the income statement and statement of comprehensive income according to the accounting treatment of the related transaction.

Current tax payable or receivable is based on the taxable income for the period and any adjustment in respect of prior periods. Current tax is measured at the amount expected to be recovered from or paid to the taxation authorities, calculated using tax rates that have been enacted at the end of the reporting period.

The Company and its fellow group undertakings are able to relieve their tax losses by surrendering them to other group companies, within the UK corporation tax group, where capacity to utilise these losses exists. There is an agreement between members of the group that losses will not be paid for by the recipient company.

Investments

Fixed asset investments are stated at cost less provision for any diminution in value. Any impairment is charged to the profit and loss account as it arises.

Trade and other receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Trade and other payables

Trade payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Notes (continued)

1. Accounting policies (continued)

Financial instruments

Financial assets and financial liabilities are recognised in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

Financial assets are derecognised (i.e., removed from the Company's balance sheet) when the rights to receive cash flows from the asset have expired; or when the Company has transferred those rights and either has also transferred substantially all the risks and rewards of the asset or has neither transferred nor retained substantially all the risks and rewards of the asset but no longer has control of the asset.

Financial liabilities are derecognised when the obligation specified in the contract is discharged, cancelled or expires.

Equity

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2. Accounting estimates and judgements

The directors do not consider there to be any key assumptions concerning the future, or other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amount of the assets and liabilities within the next year.

3. Operating loss/profit

Income / expense from participating interests relates to the Company's share of profits or losses from its ownership in Sage Irish Investments LLP.

Auditor's remuneration is borne by the ultimate parent company, The Sage Group plc, in both the current and prior year.

The directors did not receive any emoluments during the year in respect of their services to the Company (2015: *£nil*). No other persons were employed by the Company during the year (2015: *none*).

In preparing its FRS 101 balance sheet, the Company has no adjustments to amounts reported previously in financial statements prepared in accordance with its old basis of accounting (UK GAAP).
