Surrey
GU23 6QL

Average number of employees

The average number of employees during the year was 1 (2019 - 1).

Going concern considerations

The current economic conditions caused by the on-going Covid 19 pandemic create uncertainties particularly over the level of demand for the company's services.

The company's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the company should be able to operate within the levels of its current facilities. After making enquiries and providing confirmation that her financial support for the company will continue for the forthcoming year, the director has a reasonable expectation that the company has adequate resources to continue to operate for the foreseeable future. The director therefore continues to adopt the going concern basis in preparing the financial statements.
