## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

---

### 1. General information

AMG Investments and Consultancy Limited is a private company limited by shares incorporated in England and Wales. The address of the registered office is disclosed on the company information page.

### 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

#### 2.2 Going concern

The Coronavirus pandemic is creating significant uncertainty globally and the company is not immune to this. The director is working to ensure the safety of the employees and maintaining the continuity of operations as far as he is able, whilst adhering to government advice. Whilst the pandemic will have a financial impact on the company, at this stage, it is not possible to reliably forecast what this may be. However, the director has taken all relevant measures to ensure the company is able to safeguard cash flow, jobs, customers and supplies to put them in the best possible position to be able to pick up on opportunities as they arise once business starts to return to normal. Given the uncertainties that exist, this may cast significant doubt on the company's ability to continue as a going concern, however, the director believes that the actions he has taken should enable it to continue in operational existence for the foreseeable future.

#### 2.3 Revenue

Revenue represents the income received for the consultancy services paid for by their clients.

#### 2.4 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

#### 2.5 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.
