Statement of directors' responsibilities for the year ended 31 July 2022

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"). - select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;

Principal accounting policies

Basis of preparation

The following accounting policies have been applied consistently in both the current and preceding years in dealing with items which are considered material in relation to the company's financial statements. These financial statements are prepared on the historical cost basis in accordance with applicable United Kingdom accounting standards, including The Financial Reporting Standard ('FRS 102') and the Companies Act 2006.

The financial statements are presented in Pounds Sterling (£) because that is the currency of the primary economic environment in which the company operates.

Going concern

The financial statements have been prepared on the going concern basis, which assumes that the company will continue to be able to meet its liabilities as they fall due for the foreseeable future.

The directors consider the going concern basis to be appropriate having taken into consideration that its liabilities have been settled and the company will subsequently become dormant with no further liabilities to be met.

Cash flow statement

The company, being a wholly owned subsidiary undertaking where 100% of the voting rights are controlled within the group whose consolidated financial statements are publicly available, is exempt from the requirement to draw up a cash flow statement in accordance with Financial Reporting Standard 102, paragraph 1.12(b).

Administrative exceptional items

The company classifies certain one-off charges or credits that have a material impact on the company's results as 'exceptional items'. These are disclosed separately to provide further understanding of the financial performance of the company.

Fixed asset investments

Investments are stated at cost less any provision for impairment.

Critical accounting judgements and key sources of estimation

In the application of the Company's accounting policies the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised and / or future year as applicable. There are no significant judgements or estimates in the financial year.
