**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 MARCH 2022**

---

**1. STATUTORY INFORMATION**

Soteria Defence and Security Limited is a private company, limited by shares, registered in England and Wales. The company's registered number is 08452131 and the registered office address is Fryern House, 125 Winchester Road, Chandler's Ford, Hampshire, SO53 2DR.

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The presentation currency is the Pound Sterling (£).

**Significant judgements and estimates**

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date, and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

The directors do not consider there to be any significant judgements or estimates.

**Turnover**

Turnover represents net sales during the year (excluding value added tax) adjusted for accrued and deferred income where applicable.

Turnover is recognised on provision of the service.

**Tangible fixed assets**

All fixed assets are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of fixed assets initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in a manner intended by management.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Computer Equipment - 33% straight line

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period. The effect of any change is adjusted prospectively.

**Financial instruments**

The company only has financial assets and liabilities of the kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and debt instruments are subsequently measured at amortised cost.

**NOTES TO THE FINANCIAL STATEMENTS - continued**  
**FOR THE YEAR ENDED 31 MARCH 2022**

**2. ACCOUNTING POLICIES - continued****Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the income statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
