IMI FLUID CONTROLS (FINANCE) LIMITED
Registered No. 08528502
Strategic Report
for the year ended 31 December 2017

The directors of IMI Fluid Controls (Finance) Limited (the 'Company') submit their Strategic Report for the year ended 31 December 2017.

1. Principal activities

The Company is a wholly owned subsidiary of IMI Fluid Controls Holding Inc. The principal activity of the Company is to act as a holding company for subsidiaries of the IMI plc Group.

The Company has no employees. The activities of the Company are performed by employees of fellow members of the IMI group of companies. There have not been any significant changes in the Company's principal activities in the year under review.

2. Business review

The Company recorded a profit after tax of \$988,000 for the year (2016: loss of \$988,000). During the year, the Company repaid \$100,000,000 of its revolving loan facility and increased share capital by \$100,000,000.

Given the nature of this entity's operations, the Company's directors believe that analysis using key performance indicators for the Company is neither necessary nor appropriate for an understanding of the development, performance or position of the business of the Company.

3. Future developments

The directors are not aware, at the date of this report, of any likely major changes in the Company's activities in the next year.

4. Principal risks and uncertainties

The Company pays interest on a variable rate loan to a fellow group undertaking.

The Company is exposed to a number of financial market risks including liquidity risk, credit risk and fluctuations in interest rates.

Although the Company takes steps to manage its own financial risks, overall risks are managed at a Group level. For this reason, the Company's directors believe that a discussion of the Company's risks would not be relevant for an understanding of the development, performance or position of the Company's business.

Given the nature of this entity's operations and the fact it is financed by another member of the IMI Group of companies, the principal risks and uncertainties are the same as those which relate to the Group as a whole. The details of which can be found in the IMI plc annual report and financial statements, which do not form part of this report.

IMI FLUID CONTROLS (FINANCE) LIMITED
Registered No. 08528502
Directors' Report
for the year ended 31 December 2017

The directors of IMI Fluid Controls (Finance) Limited (the 'Company') submit their Directors' Report together with the financial statements for the year ended 31 December 2017.

1. Profits and dividends

The results for the financial year are shown in the financial statements. The company did not pay an interim dividend during the year (2016: \$nil)

2. Directors

The directors who held office during the year and since 31 December 2017 were as follows:

A Edwards	(appointed 24 March 2017)
P R Mason	
S McKone	(appointed 24 March 2017)
I E Ronald	(resigned 24 March 2017)

The Company's ultimate parent, IMI plc, maintained directors' liability insurance for all directors during the financial year.

3. Going concern

The Company participates in the Group's centralised treasury arrangements and so shares funding arrangements with its parent and fellow IMI Group companies. The directors, having assessed the responses of the directors of the Company's ultimate parent IMI plc to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the IMI plc Group to continue as a going concern or its ability to continue with the current funding arrangements.

On the basis of their assessment of the Company's financial position and of the enquiries made of the directors of IMI plc, the Company's directors have a reasonable expectation that the Company will be able to continue in operational existence in the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

4. Disclosure requirements

In accordance with the Companies Act 2006 section 414C(11), the Company's Strategic Report contains certain disclosures required in the Directors' Report. The requirements are included within the Principal Activities, Business Review and Principal risks and uncertainties sections of the Strategic Report.

By order of the Board

IMI FLUID CONTROLS (FINANCE) LIMITED

Statement of Directors' Responsibilities in respect of the Strategic Report, the Directors' Report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable UK law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 '*Reduced Disclosure Framework*' ('FRS 101').

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, including FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify the Company's shareholders in writing about the use of disclosure exemptions, if any, of FRS 101 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Notes to the financial statements

for the year ended 31 December 2017

1. Authorisation of financial statements and statement of compliance with FRS 101

The financial statements of IMI Fluid Controls (Finance) Limited (the "Company") for the year 31 December 2017 were authorised for issue by the board of directors on 30 April 2018 and the balance sheet was signed on the Board's behalf by A Edwards. The Company is incorporated and domiciled in England and Wales.

These financial statements were prepared in accordance with Financial Reporting Standard 101 '*Reduced Disclosure Framework*' ('FRS 101') and in accordance with applicable accounting standards.

The results of the Company are included in the consolidated financial statements of IMI plc which are available from Lakeside, Solihull Parkway, Birmingham Business Park, Birmingham, B37 7XZ.

The financial statements are prepared in US dollars and are rounded to the nearest thousand dollars (USD '000).

2. Accounting policies

Basis of preparation

The accounting policies which follow set out those policies which apply in preparing the financial statements for the year ended 31 December 2017.

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- a) the requirement in paragraph 38 of IAS1 '*Presentation of Financial Statements*' to present comparative information in respect of paragraph 79(a)(iv) of IAS1;
- b) the requirements of paragraphs 10(d), 10(f) and 134-136 of IAS1;
- c) the requirements of IAS7 '*Statement of Cash Flows*';
- d) the requirements of paragraphs 30 and 31 of IAS8 '*Accounting Policies, Changes in Accounting Estimates and Errors*';
- e) the requirements of paragraph 17 of IAS24 '*Related Party Disclosures*'; and
- f) the requirements in IAS24 '*Related Party Disclosures*' to disclose related party transactions entered into between two or more members of the Group, provided that any subsidiary which is party to the transaction is wholly owned by such a member.

Judgements and key sources of estimation uncertainty

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for income and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

Functional currency

The Company is owned by a US holding company with its parent company being IMI Fluid Controls Holdings Inc, a US dollar denominated holding company. The Company's share capital was also issued in US dollars. The functional currency of the Company is therefore the US dollar, which is also the currency the accounts are presented in.

Significant accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

(a) Income from shares in group undertakings

Income from shares in group undertakings is recognised when the Company's right to receive payment is established.

(b) Interest expense

Interest expense is recognised as interest accrues using the effective interest rate method.

(c) Investments

Investments in subsidiary undertakings are stated at cost less amounts written off where, in the opinion of the directors, there has been an impairment in the value of an investment.

Notes to the financial statements
for the year ended 31 December 2017

2. Accounting policies (continued)

(d) Taxation

The charge or credit for taxation is based on the profit for the year and takes into account taxation deferred because of temporary differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is measured at the tax rates that are expected to apply when the temporary differences reverse, based on the tax laws that have been enacted or substantively enacted by the balance sheet date. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the temporary difference can be utilised.

(e) Going concern

The Company participates in the Group's centralised treasury arrangements and so shares funding arrangements with its parent and fellow IMI Group companies. The directors, having assessed the responses of the directors of the Company's ultimate parent IMI plc to their enquiries, have no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the IMI plc Group to continue as a going concern or its ability to continue with the current funding arrangements.

On the basis of their assessment of the Company's financial position and of the enquiries made of the directors of IMI plc, the Company's directors have a reasonable expectation that the Company will be able to continue in operational existence in the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

3. Directors' remuneration and staff costs

The directors are remunerated by another IMI Group company. The directors' services to the Company do not occupy a significant amount of their time. As such the directors do not consider that they have received any remuneration for their incidental services to the Company for the year ended 2017 or the year ended 2016.

4. Income from shares in group undertakings

Income from shares in group undertakings for the year ended 31 December 2017 resulted from dividends paid by the Company's subsidiaries of \$38,797,000 (2016: \$37,488,000).

5. Interest payable and similar costs
