CRISPS MIDCO 2 LIMITED (the Company)
NOTE TO DIRECTORS¹

As part of the reduction of capital of the Company, you are required to provide a Solvency Statement which is aimed principally at protecting the Company's creditors. All of you must make the Solvency Statement.

You are each required to state that you have formed the opinion that:-

- as regard the Company's situation at the date of the Solvency Statement, there is no ground on which the Company could then be found to be unable to pay (or otherwise discharge) its debt; and
- if it is intended to commence winding up of the Company within 12 months of the date of the Solvency Statement, the Company will be able to pay its debts in full within 12 months of the commencement of the winding up; or
- in any other case, the Company will be able to pay (or otherwise discharge) its debts as they fall due during the year immediately following the date of the Solvency Statement.

When forming your opinion, you must take into account all of the Company's liabilities (including any contingent or prospective liabilities).

It is not permissible to qualify the Solvency Statement in any way.

You should make the Solvency Statement very carefully as it is a criminal offence (punishable by imprisonment or fine) if you make a Solvency Statement without having reasonable grounds for the opinion expressed in it, which is then delivered to the Companies Registrar.

¹ The directors will need to be satisfied that there has not been any material change or other material issue affecting the financial position or solvency of the company since the date to which the accounts are made up, on which the directors are basing their decision regarding solvency.
