HAMMERSMITH DEVELOPMENTS HOLDCO LIMITED

Notes to the financial statements for the year ended 31 December 2021

1 Accounting policies

1.1 Basis of preparation of financial statements

The address of the company's registered office and the principal activities of the company are set out on the contents page and in the directors' report on page 1 respectively.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The financial statements are prepared in sterling (£) which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest thousand.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 2).

The following principal accounting policies have been applied:

1.2 Financial Reporting Standard 102 – Reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d); and
- the requirements of Section 33 Related Party Transactions.

1.3 Turnover

No turnover is expected in this entity as it is an intermediate holding company. The group policy is that turnover represents the value of unconditional property sales, net of value added tax, and is recognised when the significant risks and rewards are considered to have been transferred to the buyer.

1.4 Investments

Investments held as fixed assets are stated at cost less any provision for impairment. The carrying value of the underlying investments are reviewed regularly and it is confirmed that the net assets of the underlying investments continue to be in excess of the carrying value of the investment.

1.5 Debtors

Short term debtors are measured at transaction price, less any impairment.

1.6 Creditors

Short term creditors are measured at the transaction price.

1.7 Consolidation

The financial statements contain information about the company as an individual undertaking and do not contain consolidated financial information as the parent of the Group. The company is exempt under section 400 (b) of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it is itself a small company.

1.8 Financial instruments

Financial assets

Financial assets, other than investments, are initially measured at the transaction price (including transaction costs) and subsequently held at cost, less any impairment.

HAMMERSMITH DEVELOPMENTS HOLDCO LIMITED

Notes to the financial statements for the year ended 31 December 2021 (continued)

1 Accounting policies (continued)

1.8 Financial instruments (continued)

Financial liabilities and equity

Financial liabilities and equity are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form. Financial liabilities are initially measured at transaction price (including transaction costs) and subsequently held at amortised cost.

1.9 Tax

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of Comprehensive Income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date in the countries where the Company operates and generates income.

Deferred balances are recognised in respect of all timing differences that have originated but not reversed by the Balance Sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries and joint ventures and the Company can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

1.10 Reserves

The company's reserves are as follows:

- Called up share capital represents the nominal value of the shares issued.
- Profit and loss account represents the cumulative profits or losses, net of dividends paid and other adjustments.

1.11 Going concern

The company an intermediate holding company of a property development business. It is the directors' current intention to wind down the company's activities and to consider a suitable time frame to liquidate or dissolve the company. This process will consider the need to ensure all liabilities have been settled. Therefore, these financial statements have been prepared on a basis other than that of a going concern.

2 Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, the Directors have made the following judgements:

(a) Going concern

The company an intermediate holding company of a property development business. It is the directors' current intention to wind down the company's activities and to consider a suitable time frame to liquidate or dissolve the company. This process will consider the need to ensure all liabilities have been settled. Therefore, these financial statements have been prepared on a basis other than that of a going concern.

3 Turnover

There is no turnover in this entity as it is a holding company (2020: £nil).
