TRUSTEES REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 31 AUGUST 2017

The trustees present their report and accounts for the year ended 31 August 2017...

The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the charity's governing document, the Companies Act 2006 and the Statement of Recommended Practice, "Accounting and Reporting by Charities", issued in March 2005.

Objectives and activities

The charity's objectives are to promote for the public benefit:

- The conservation protection and improvement of the environment, and in particular the environment of the oceans, seas, coastlines and tidal areas;
- The conservation and protection of endangered marine flora and fauna;
- The education of the public in the fields of marine conservation, marine ecology and related areas; and
- Such other wholly charitable purposes as the trustees from time to time determine

There has been no change in these objectives during the year.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Achievements and performance

Terramar UK is affiliated to The TerraMar Project Inc., a USA registered 501(c)(3) non-profit organisation having similar charitable objectives and whose Founder President and a Board Member is Ms Ghislaine Maxwell.

The charity continues to rely on donations received in the year. The trustees are evaluating how best to promote public awareness of plastic in the ocean and address these issues in an effective manner.

The charity which shares its website with TerraMar Project Inc.,- website address -theterramarproject.org- has just completed a total revamp of the website in response to demands for them to create more effective actions for its users and to have a clearer message statement on its website with deliverables.

The charity also shares its social media platforms with TerraMar Project Inc. and has seen the number of subscribers to the Daily Catch grow to 60,000. Twitter and Facebook followers increased to 52,000 and 21,900 respectively. Followers of the charity on Google+ grew significantly to 280,500.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

Financial review

For the year ended 31 August 2017 Terramar UK had total incoming resources of £1,219 (2016: £28) and total resources expended of £1,200 (2016: £1,380), resulting in a net surplus in funds for the year of £19 (2016: deficit of £1,328).

The unrestricted fund balance was in surplus at 31 August 2017 to the amount of £6,305 (2016: £6,286). The Trustees will take appropriate steps to increase incoming resources for the year ending 31 August 2018 to cover ongoing running costs.

Reserves policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six month's expenditure. The trustees considers that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the year.

TRUSTEES REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2017

Risk assessment

The trustees have assessed the major risks to which the charity is exposed, in particular those relating to the specific operational areas of the charity, and its finances. The trustees believe that by monitoring reserves levels, by ensuring controls exist over key financial systems, and by examining the operational and business risks faced by the charitable company, they have established effective systems to mitigate those risks. Major risks are formally considered by the trustees during Board meetings and preventative action is undertaken when required.

Plans for future periods

TerraMar (UK) is working with a new corporate client, Yves Delorme.

TerraMar (UK) is working on applying for grants and expects to be able to meet strict grant requirements of various foundations and corporations by Q3 2017. TerraMar (UK) is also working on new campaigns against plastic pollution and has new campaigns that were started in June 2017 on the new and improved website.

Structure, governance and management

The charity is a company limited by guarantee not having a share capital (Company Registration No. 08661523). The company registered as a charity on 4 October 2013 (Charity Registration No. 1154106). The charitable company's memorandum and articles of association are its primary governing documents.

The trustees, who are also the directors for the purpose of company law, and who served during the year were:

Ms Lucy Clive

Ms Ghislaine Maxwell

Mrs Catherine Vaughan-Edwards

Membership of the board is kept continually under review. Any new Trustees are appointed to contribute particular knowledge, experience, expertise or perspective to that which is already available to the board.

The Trustees may attend any courses which they feel are relevant to the development of their role and to keep up-to-date on any changes in legislation.

None of the trustees has any beneficial interest in the company. All of the trustees are members of the company and guarantee to contribute £1 in the event of a winding up.

The company's current policy concerning the payment of trade creditors is to follow the CBI's Prompt Payers Code (copies are available from the CBI, Centre Point, 103 New Oxford Street, London WC1A 1DU).

The company's current policy concerning the payment of trade creditors is to:

- settle the terms of payment with suppliers when agreeing the terms of each transaction;
- ensure that suppliers are made aware of the terms of payment by inclusion of the relevant terms in contracts; and
- pay in accordance with the company's contractual and other legal obligations.

The trustees report was approved by the Board of Trustees.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 AUGUST 2017

1 Accounting policies

Charity information

Terramar (UK) is a private company limited by guarantee incorporated in England and Wales. The registered office is Orchard End, Fittleton, Salisbury, Wiltshire, SP4 9QA.

1.1 Accounting convention

The accounts have been prepared in accordance with the charity's governing document, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

These accounts for the year ended 31 August 2017 are the first accounts of Terramar (UK) prepared in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland. The date of transition to FRS 102 was 1 September 2015. The reported financial position and financial performance for the previous period are not affected by the transition to FRS 102.

1.2 Going concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives unless the funds have been designated for other purposes.

1.4 Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2017

1 Accounting policies

(Continued)

1.5 Resources expended

Expenditure is included in the statement of financial activities when incurred and includes attributable VAT which cannot be recovered.

Resources expended comprise the following:

- a. Charitable expenditure comprises expenditure on the charity's primary charitable purposes.
- b. Governance costs comprise the costs associated with governance of the charity incurred in connection with the administration of the charity and compliance with institutional and statutory requirements. Included within this category are costs associated with strategic as opposed to the day to day management of the charity's assets.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand.

1.7 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include other receivables and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including other payables are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.8 Fund accounting

Unrestricted funds represent those monies which may be used towards meeting the charitable objectives of the charitable company at the discretion of the trustees.

1.9 Cash flow statement

The financial statements do not include a cash flow statement because the charity, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard 1 'Cash flow statements'.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.
