NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2015

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

The company is reliant upon the support of its bankers. The financial statements have been prepared on a going concern basis on the assumption that this financial support will continue to be made available to the company. The directors have no reason to believe that such financial support will not continue for the foreseeable future.

1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.4 Website

The website is written off in equal annual instalments over its estimated useful economic life.

1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Plant and machinery 10% reducing balance

Fixtures, fittings & equipment 33% reducing balance and 15% reducing balance

The part of the annual depreciation charge on revalued assets which relates to the revaluation surplus is transferred from the revaluation reserve to the profit and loss account.

1.6 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.7 Stock

Stock is valued at the lower of cost and net realisable value.
