The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with the provisions of FRS 102 Section 1A - small entities.

The financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The Company has opted not to file the statement of comprehensive income in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on 18 304 2017.

A Watson Director

The notes on pages 2 to 6 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

1. General information

Cyber1st R&D Limited ("the Company") is a Company limited by shares, incorporated in England and Wales. Its Registered Office is Meteor Centre, Mansfield Road, Derby, United Kingdom, DE21 4SY.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The directors consider that the company will continue to trade for the foreseeable future. The company has the continued financial support of the group.

2.3 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Plant and machinery - 2 - 10 years straight line Fixtures and fittings - 2 - 10 years straight line Office and scientific equipment - 2 - 10 years straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Statement of comprehensive income.

2.4 Debtors

Short term debtors are measured at transaction price, less any impairment.

2.5 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

2. Accounting policies (continued)

2.6 Pensions

Defined contribution pension plan

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in the Statement of comprehensive income when they fall due. Amounts not paid are shown in accruals as a liability in the Balance sheet. The assets of the plan are held separately from the Company in independently administered funds.

2.7 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.8 Research and development

Research and development expenditure is expensed in the Profit and loss account in the period in which it is incurred.

3. Employees

The average monthly number of employees, including directors, during the year was 12 (2016 - 10).

8. Pension commitments

The company operates a defined contribution pension scheme. The assets of the scheme are held seperately from those of the company in an independently administered fund. The pension cost charge represents contributions payable by the company to the fund and amounted to £48,638 (2016 - £41,002). There were no contributions (2016 - £Nil) payable to the fund at the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

9. Related party transactions

During the year the company was loaned £585,000 (2016 - £788,150) by a group company. At the year end the company owed £2,210,000 (2016 - £1,625,000). The loan is repayable upon demand. No interest was charged during the year (2016 - £NII).

During the year the company was charged management charges of £124,421 (2016 - £102,051) by a group company. At the year end date the company was owed £897,982 (2016 - £437,972).

10. Controlling party

The company is a 100% subsidiary of Barron McCann Holdings Limited, which is the ultimate controlling party. The parent's registered office is Meteor Centre, Mansfield Road, Derby, DE21 4SY. Cyber1st R&D Limited is included in the consolidated accounts prepared by Barron McCann Holdings Limited, and copies of these accounts can be obtained from The Registrar of Companies.

11. First time adoption of FRS 102

The policies applied under the entity's previous accounting framework are not materially different to FRS 102 and have not impacted on equity or profit or loss. The last financial statements under previous UK GAAP were for the period to 31 March 2016. The company's date of transition was 1 April 2015.

12. Auditor's information

The financial statements were audited by Barnes Roffe LLP. The audit report was unqualified and signed by Stuart Moon as senior statutory auditor.
