The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 27 March 2023.

The members have not required the company to obtain an audit of its financial statements for the year ended 27 March 2023 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 22 December 2023 and were signed on its behalf by:

D Levene - Director

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 27 MARCH 2023**

---

**1. STATUTORY INFORMATION**

DLS Design Partnership Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

**2. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Monetary amounts are rounded to the nearest pound.

**Turnover**

Turnover represents net invoiced sales of interior design and architectural services, excluding value added tax.

**Basic financial assets**

Basic financial assets, which include trade and other debtors and cash and bank balances, are initially measured at transaction price including transaction and where material are subsequently measured at amortised cost using the effective interest method, less any impairment.

**Impairment of financial assets**

Financial assets, other than those held at fair value are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. The impairment loss is recognised in the Statement of Total Comprehensive Income.

**Derecognition of financial assets**

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership to another entity.

**Basic financial liabilities**

Basic financial liabilities, including trade and other payables and loans from company undertakings that are classified as debt are initially measured at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at the market rate of interest.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payables are classified as current liabilities if a payment is due within one year or less. If not, they are presented as non-current liabilities. Short-term creditors are initially recognised at transaction price and where material are subsequently measured at amortised cost using the effective interest method.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

**NOTES TO THE FINANCIAL STATEMENTS - continued**  
**FOR THE YEAR ENDED 27 MARCH 2023**

**2. ACCOUNTING POLICIES - continued**

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Hire purchase and leasing commitments**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

**Cash and cash equivalent**

Cash and cash equivalent include cash in hand, deposits held at call with banks, other short term liquid investments with original maturities of three months or less.

**Debtors and creditors receivable / payable within one year**

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in other administrative expenses.

**Government grants**

Government grants are recognised where there is reasonable assurance that the grant will be received. Loans provided and/or guaranteed by government that represent market rates of interest are recorded at the amount of the proceeds received and recognised within Borrowings. Those loans provided and/or guaranteed by government that represent below market rates of interest are measured at inception at their fair value and recognised within Borrowings, with the differential to the proceeds received recorded within Deferred income and released to the relevant financial statement caption in the Income statement on an accruals basis. Grants that compensate the Company for expenses incurred are recognised in the Income statement in the relevant financial statement caption on an accruals basis in the periods in which the expenses are recognised.
