SINGH CASH AND CARRY LIMITED
Notes to the Abbreviated Accounts
For The Year Ended 31 December 2015

1 . Accounting Policies

1.1 . Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.2 . Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

1.3 . Stocks and Work in Progress

Stocks and work in progress are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs and an appropriate proportion of fixed and variable overheads. Work-in-progress is reflected in the accounts on a contract by contract basis by recording turnover and related costs as contract activity progresses.

1.4 . Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in periods in which the timing differences reverse, based on tax rates and the law enacted or substantively enacted at the balance sheet date.

2 . Share Capital

	Value	Number	2015	2014
	£		£	£
Allotted, called up and fully paid				
Ordinary shares	10.00	10	100	100

3 . Ultimate Controlling Party

The company is controlled by the directors, with no individual director having overall control.
