## 1. Progress of the Administration

### Work undertaken during the period

I attach at Appendix C a schedule of work undertaken during the Period and since the commencement of the administrations, together with a summary of work still to be completed.

Areas of particular focus with regard to work completed throughout the Period, in particular trading activities and asset realisations, have also been commented on below.

#### Trading Activities

Anavo are continuing to oversee the day-to-day management of the Group's seven homes, ensuring that all resident care and regulatory matters, staffing and core back-office functions are managed per the operating agreement entered into with the Administrators on their appointment. The Group's bank accounts remain under the control of the Administrators and payments are processed from the administration bank accounts.

The Administrators continue to closely support Anavo in their management of the homes and monitor the Group's operational and trading performance against forecast. Regular communication between parties is maintained, with monthly board meetings attended by: Anavo, the Administrators, the Group's interim Chairman and the Bank.

The Administrators regularly review Anavo's weekly cashflow forecasts to ensure sufficient control and visibility over the Group's working capital position.

The Administrators and Investec entered into an "Administration Funding Agreement", on the Administrators' appointment. To date, funds totalling £1.35m been advanced to the Group under this facility with a repayment of £150k having been made to the Bank during the Period.

The Administration Funding Agreement has recently been extended from an expiry of 31 January 2023 to 30 April 2023.

### Sales process (excluding Moorpark Place)

Due to the improved financial performance of the homes since the Administrators appointment and in consultation with the Bank, the Administrators made the decision during the Period to market the Group's care homes for sale whilst continuing to trade them in administration.

Proposals were invited from three independent and suitably qualified and experienced property agents. Following the review of these proposals and discussions with the Bank and interim Chairman, the Administrators subsequently engaged Colliers to lead the sales process on behalf of the Administrators.

The sales process was launched on 7 February 2023 and a secure dataroom was pre-populated with relevant financial and operational information to allow interested parties to understand the nature and operations of the Group in greater detail (on receipt of a signed NDA).

A sales memorandum was prepared by Colliers, reviewed by the Administrators, and was initially circulated to 29 specifically selected parties. These parties had been selected based on their noted interest in the acquisition of similar opportunities in the past and their recent level of acquisition activity in the market.

To date, a total of 18 interested parties have requested access to the dataroom and signed the Administrators' NDA. Colliers have advised that a number of parties have also expressed interest in inspecting the properties and this will be arranged at the appropriate time.

Offers have been invited for BP2L's shares in its subsidiaries or alternatively for some or all of the Group's care home assets. It is anticipated that viewings of the homes will be scheduled with interested parties at the beginning of April 2023, with a deadline for initial offers to be set shortly afterwards.

## 1. Progress of the Administration

### *Moorpark Place sales process*

Creditors will recall that the previous sales process in respect of Moorpark Place did not result in a transaction concluding. During the Period and in discussion with the Bank, CBRE was instructed to re-commence the Moorpark Place sales process. This was officially re-launched with over 3,000 interested parties initially contacted by CBRE.

Further information regarding the progress and status of both sales processes will be provided in the Administrators next statutory progress report to creditors.

### Receipts and payments account

Attached at Appendix E is a receipts and payments account detailing both transactions for the Period of this report and also cumulatively since my appointment as Administrator.

Separate receipts and payments accounts can be seen at Appendix E highlighting transactions incurred throughout the Period and cumulative in respect of the trading of SCCL and SCL.

Receipts in respect of rental income totalling £178k have been recognised within the R&P of BMPL. Additionally, a transfer of £60k to SCL can be seen representing an effective drawing on the Administrators' funding facility provided by the Bank.

There have been no receipts or payments in BP2L or any other company since the commencement of the administrations.

Payments made from the estates are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to these insolvency appointments.

No payments have been made to associates of the Administrators without the prior approval of creditors as required by SIP9.

It should be noted that a number of costs included within the receipts and payments account of SCCL have been paid from its estate despite being incurred in connection with other Group entities. This applies to legal and professional fees incurred in respect of the Group.

In the case of shared costs such as those mentioned above, the Administrators are obliged to seek approval from relevant creditors of the paying entity. Due to the proposed solvent exit strategy in the case of the Group however, these payments were issued without prior approval being sought. This was done on the basis that a solvent exit has been pursued in respect of the Group, and that as a result all creditors are anticipated to be paid out in full. Consequently, any payments made on behalf of other Group entities would be at no detriment to the paying entity's respective creditors. Should the proposed exit strategy for the Group change at any stage going forwards, approval will be sought from the relevant creditors with regards to any future shared costs incurred.

Further information with regards to shared costs incurred to date is available upon request.

### Financial Performance

As mentioned above, the Administrators and their team regularly review monthly management accounts prepared by Anavo's dedicated finance team and a monthly board meeting is held to discuss performance. A summary of profits/losses incurred by the SCCL and SCL for the 12 months ending 30 September 2022 is provided overleaf.

## 1. Progress of the Administration

Entity	EBITDARM	Net Profit/(Loss)
SCCL	1,724,634	227,831
SCL	(33,151)	(293,171)

Creditors will be provided with updating trading figures in the Administrators' next progress report.

### Investigations

Part of my duties include carrying out proportionate investigations into what assets the Group has, including any potential claims against directors or other parties, and what recoveries could be made. I have reviewed the Group's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Group's business has been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached. I can confirm that no further investigations or actions were required.

## 1. Progress of the Administration

**FRP**

### Extension to the initial period of appointment

In order to continue to implement the Group's turnaround, the Administrators sought an initial extension of 12 months to the statutory period of administration from the requisite body of creditors. This extension was obtained on 10 February 2022.

A subsequent extension to the period of administration was necessary in order to continue working with Anavo to drive financial and operational improvements to support the decision to solvently exit the administration of the Subsidiaries. An application to Court was made in this regard and the Court granted an extension of the administration for an additional period of 24 months to a revised administration expiry date of 21 March 2025.

Further applications to Court in order to extend the administrations may be necessary in order to conclude the above sales processes, progress the turnaround strategy and implement solvent exits (should that exit strategy ultimately be pursued).

### Anticipated exit strategy

As previously reported, should the Administrators form the view that objective (a) of the administrations of the Subsidiaries has been achieved (based on a restructure of secured debt facilities and on review of financial forecasts prepared by the Chairman and Anavo, prior to any share sale transaction concluding), the Administrators will send notices to the Registrar of Companies in accordance with Paragraph 80 of Schedule B1 to the Act to formally bring the administrations of the Subsidiaries to an end. Executive control of the Subsidiaries will then pass back to Simon Harrison, the sole director of the Subsidiaries and the Group's homes will continue to trade outside of administration.

Should an offer for some or all of BP2C's shares not be forthcoming, it may be necessary for the Administrators to revise their proposals, and the statutory objective to be achieved, in accordance with statute.

### BP2L

It is anticipated that BP2L will exit administration via dissolution by sending a notice to the Registrar of Companies at the appropriate time.

### BPML

In the event CBRE's re-launched sales process yields an offer for Moorpark Place which is agreed by the Administrators and the Bank it may be necessary to revise the objective of the administration, as a solvent exit will not be achievable in respect of BPML. Creditors of this entity will be contacted under separate cover should this be necessary in due course.

A brief description of all the possible steps that would need to be taken in the event that creditors cannot be paid in full and/or the Subsidiaries cannot be rescued as going concerns and/or it is not appropriate for BP2L to exit administration through dissolution is as follows.

Unless terminated earlier, the administrations will end automatically on 21 March 2025. This period can be extended by further application to the Court as required.

If the Administrators believe the Subsidiaries have no property which might permit distributions to their unsecured creditors, or if they consider that an exit from the administrations into liquidation is not appropriate, they will send notices to the Registrar of Companies in accordance with Paragraph 84 of Schedule B1 to the Act to bring the administrations to an end and, three months after the filing of the notices, the Subsidiaries will be dissolved.

If the Administrators are of the view that dividends will become available to the Group's unsecured creditors (other than by virtue of the prescribed part) it may be appropriate for the Group to move from administration into CVL pursuant to Paragraph 83 of Schedule B1 to the Act. If applicable, the Administrators will take steps to place the Group into CVL.

## 1. Progress of the Administration

**FRP**

Should a dividend not become available to the unsecured creditors but it is still appropriate for the Group to enter liquidation, the Administrators will petition the Court pursuant to Paragraph 79 of Schedule B1 to the Act for an order to bring the administrations to an end with a consequential order for the compulsory winding up of the Group.

Pursuant to Paragraph 83 of Schedule B1 to the Act, should the creditors not nominate a liquidator, the proposed liquidators in a CVL are to be the Administrators or any successor office holder(s). Any act to be done by the liquidators may be done by all or any one of them.

Pursuant to Paragraph 83(7)(a) of Schedule B1 to the Act and the Rules, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before these proposals are approved.

The liquidators in a compulsory winding up will be appointed by the Court and may be the Administrators, or any successor office holder(s).

If the Administrators are of the view that it is appropriate for the creditors to consider the approval of a CVA, the proposed supervisors are to be the Administrators or any successor office holder(s). Creditors may nominate different supervisors when considering whether to approve the CVA proposals.

## 2. Estimated Outcome for the creditors

**FRP**

The estimated outcome for creditors was set out in the Administrators proposals.

### Outcome for the secured creditor

Investec is the sole secured creditor of the Group and benefits from fixed and floating charges over the Group. Investec has a total claim of approximately £38.2m, comprising of its principal indebtedness and interest (which continues to accrue under the terms of its facility agreement).

The expected level of return to the Bank is presently uncertain pending the conclusion of discussions regarding a potential restructure and restatement of their facilities in parallel to the level of consideration and overall structure of offers received in the above-mentioned sales processes.

The Administrators continue to liaise regularly with the Bank regarding the day-to-day trading of the homes, any proposed changes to the strategy of the administrations and any developments with regards to the ongoing marketing process.

### Outcome for the preferential creditors

Creditors will recall that preferential claims relate to unpaid wages, unpaid pension contributions, holiday pay and certain HMRC claims as calculated in accordance with legislation.

The Administrators were aware of outstanding employee pension contributions, relating to February and March 2021 of approx. £8k and £33k due from SCL and SCCL respectively. As the Administrators anticipated at the time that both entities will return to solvency, these arrears were paid in full and as a result, there will be no employee preferential claims.

There are no known preferential creditors of BP2L or BPML or any other subsidiary.

### Outcome for the secondary preferential creditors

HMRC are not expected to submit a claim against any of the Group's entities excluding SCCL and SCL. To date, a claim of £36k has been received from HMRC in respect of SCL, with a claim awaited in respect of SCCL.

Secondary preferential creditors are expected to be paid in full should a solvent exit from administration be achieved by SCCL and SCL.

### Outcome for the unsecured creditors

Details of claims received to date in respect of SCCL and SCL have been provided below.

Entity	No. of Claims	Total Value of Claims (£)
SCCL	25	108,620
SCL	20	89,677

No creditor claims have been received in respect of any of the Subsidiaries excluding SCCL and SCL as above. It is not anticipated based on information currently available that any such claims will be received throughout the remainder of the administrations.

Should it prove possible to rescue the Subsidiaries as going concerns, the Subsidiaries' unsecured creditors are expected to either be paid in full by the Administrators or secured and satisfied to the effect that these will be settled following the Subsidiaries' return to solvency.

According to the Directors' Statement of Affairs, nominal unsecured intercompany debts exist in the books of BP2L, payable to other Group entities. The Administrators anticipate that there will be insufficient funds within the estate to permit a distribution to these creditors within BP2L.

## 2. Estimated Outcome for the creditors

**FRP**

### Prescribed Part

The prescribed part is a carve out of funds available to the holder of a floating charge, which is set aside for the unsecured creditors in accordance with Section 176A of the Act. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10k.

The prescribed part is available for all unsecured creditors and, where there are only sufficient funds to enable a dividend to be paid to unsecured creditors from the prescribed part, this will be paid by the Administrators. However, in this case the Administrators anticipate that all unsecured creditor balances in the Subsidiaries will be settled in full and therefore there will be no distribution by way of the prescribed part. Should this position change, the Administrators will provide an update as to the amount of the prescribed part that will be made available to the unsecured creditors.

No floating charge realisations are anticipated in the administration of BP2L or BPML and the prescribed part will therefore not apply.

### 3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

**FRP**

#### Administrators' remuneration

Following circulation of the Administrators' proposals, the preferential and unsecured creditors of SCL and SCCL, and Investec (as secured creditor), agreed via postal resolution that the Administrators' remuneration should be calculated on a time cost basis. Details of remuneration charged during the period of the report are set out in the statement of expenses attached.

Fees of £160,516 excluding VAT were drawn during the Period, bringing the total value of fees drawn since the Administrators' appointment to £360,516 (excluding VAT), being £236,388 in respect of SCCL and £124,128 in respect of SCL. No fees have been drawn from BP2C and no fee resolution has been obtained from any other entity within the Group.

A breakdown of time costs incurred during the period of this report and to date, in addition to value of fees approved by creditors to be drawn, can be seen below with a more granular analysis of these costs attached at Appendix D.

Entity	Time Costs Incurred Period (£)	Time Costs Incurred Cumulative (£)	Fee Cap Previously Approved (£)
BAM Holdco Limited	1,973	12,097	-
BAM Holdco (2) Limited	4,319	17,156	-
BAM Parentco Limited	1,823	12,156	-
BAM Parentco (2) Limited	23,566	110,022	155,090
BAM Propco Limited	1,837	12,112	-
BAM Propco (2) Limited	3,285	14,316	-
BAM Propco (Burnside) Limited	1,858	11,538	-
BAM Propco (Johnstone) Limited	1,858	11,551	-
BAM Propco (Moorpark) Limited	12,222	58,707	-
BAM Propco (Newark) Limited	1,728	11,210	-
BAM Propco (Spiers) Limited	1,713	12,518	-
SCCL Operations Limited	261,746	925,224	236,388
SCL Operations Limited	149,800	528,179	124,128
Group Total	467,728	1,736,786	515,606

The remuneration anticipated to be recovered by the Administrators based on time costs has exceeded the sum provided in the fees estimates above, as circulated to creditors with the Proposals. These increased costs are primarily a result of the extended trading period in addition to the extension of the Administrators' appointment whilst the turnaround strategy is implemented with Anavo.

A further analysis of time costs incurred in direct relation to the continued trading of SCCL and SCL can also be seen below, as well as in the respective SIP9 reports found at Appendix D.

Entity	Time Costs Incurred – Period (£)	Time Costs Incurred – Cumulative (£)
SCCL Operations Limited	146,440	925,224
SCL Operations Limited	97,092	369,241
Group Total	243,532	1,294,465

Based on information presently available, it is not yet known to what extent the Administrators' fees will be recovered.

The Administrators are statutorily unable to draw fees based on time costs exceeding the total amount set out in the fees estimate without further approval of the relevant body of creditors. The Administrators are therefore seeking further approval from creditors with regards to an increase in their fee cap in respect of both SCCL and SCL. Creditors will be provided with a notice of decision by correspondence in due course in this regard.

To be read in conjunction with the Administrators' Proposals published 14 May 2021 and the Administrators' prior Progress Reports published 21 October 2021, 7 April 2022 and 19 October 2022.

### 3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

**FRP**

#### **Administrators' disbursements**

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Group. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the period of this report are set out in Appendix D.

### 3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

**FRP**

#### Administrators' expenses

An estimate of the Administrators' expenses was set out in the Administrators' Proposals. I attach at Appendix F a statement of expenses that have been incurred during the period covered by this report.

Pursuant to comments made within prior Progress Reports, the Administrators' expenses have exceeded the level previously reported to creditors. This increase is directly attributable to the period of extended trading of the care homes in administration with the support of Anavo.

Anavo's costs have also exceeded the initial estimate of £955,649 due to the extended period of trading the homes than initially envisaged. A summary of Anavo's costs to date has been provided below both for the Period and cumulatively.

Entity	Management Costs – Period (£)	Management Costs – Cumulative (£)
SCCL Operations Limited	429,688	1,801,533
SCL Operations Limited	106,239	410,476
Group Total	535,927	2,212,009

Costs incurred by and charged by Anavo are expected to continue under the above-mentioned agreement whilst the homes continue to operate in administration. Further updates on Anavo's costs will be provided in the next report to creditors.

Legal costs incurred in respect of the Group have also exceeded their initial estimate of £72,000 with cumulative costs now totalling £209,651. Pursuant to comments in the Administrators' previous progress report, this increase is in part due to assistance provided by Macfarlanes with regards to the extension of the administration funding agreement with the Bank and advice provided in respect of the potential solvent exits. During the Period, additional time costs have also been incurred with Macfarlanes with regards to an extension of the statutory period of the administrations via the Court, assistance provided in respect of the ongoing marketing process overseen by Colliers and various other legal matters arising.

Pursuant to the Administrators' previous progress report, Brodies LLP have also assisted the Administrators from a legal perspective with regard to the potential sale of BPML's property, Moorpark Place.

Other incidental and trading costs have been difficult to estimate with accuracy due to the fluid nature of the administrations and overall solvent exit strategy. As a result, formal cost estimates have not been provided by way of an Estimated Outcome Statement in this case. The Administrators and their staff do however continue to review all costs on a periodic basis to ensure that these are reasonable and appropriate with regards to each appointment.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Administrator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Administrator periodically throughout the duration of the assignment.

The specialists chosen may regularly be used by the Joint Administrator and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

We have engaged the following agents or professional advisors:

### 3. Administrators' remuneration, disbursements, expenses and pre-appointment costs

**FRP**

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in Appendix F only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link <https://www.frpadvisor.com/legal-and-regulatory-notice/information-creditors-insolvency-proceedings/> and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

#### **Administrators' pre-appointment costs**

Details of the pre-administration costs incurred by the Administrators were included in the Administrators' proposals. Approval for the pre-administration costs of SCL, SCCL and BP2L has been sought from the relevant creditors in accordance with the Insolvency (England and Wales) Rules 2016. ## Appendix C

### A schedule of work

**FRP**

The table below sets out a detailed summary of the work undertaken by the office holders to date, together with an outline of work still to complete.

Where work undertaken results in the realisation of funds (from the sale of assets, enhanced recoveries and potentially a reduction in creditor claims from the continuation of trading or sale of the business following appointment; or recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensure they are kept informed of developments.

Work undertaken relates to all Group companies except where otherwise noted.
