### Notes to the financial statements

As at 31 December 2021

#### 1. Accounting policies

Concept Life Sciences Limited (the “Company”) is a company incorporated and domiciled in the UK.

##### **Basis of preparation**

These financial statements were prepared in accordance with Financial Reporting Standard 101 *Reduced Disclosure Framework* (“FRS 101”).

The Company’s ultimate parent undertaking, Spectris plc includes the Company in its consolidated financial statements. The consolidated financial statements of Spectris plc are prepared in accordance with International Financial Reporting Standards as adopted by the EU, and are available to the public as set out in note 4.

The financial statements are prepared on the historical cost basis.

These financial statements are presented in pounds sterling.

##### **Going concern**

The Company has not traded during the current period. The Directors do not expect that this position will change in the foreseeable future. The Directors expect to be able to operate within the level of its current resources to meet current obligations. Consequently, the Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

##### **Critical accounting estimates and judgements**

The preparation of financial statements in conformity with FRS 101 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. There are no judgements, estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities.
