Directors' Report For the Year Ended 31 December 2019

The directors present their report together with the financial statements for the year ended 31 December 2019.

Principal activity

The Company's principal activity is that of a holding company.

Results and dividends

The profit for the year, after taxation, amounted to £NIL (2018 - £NIL).

The directors do not recommend the payment of a final dividend (2018 - £Nil).

Directors

The directors who served during the year were:

S J Elliott (resigned 2 September 2020)

A S Howe

S J Williams

R J Thompson was appointed as a director on 2 September 2020.

Going concern

The Company is a member of the group headed by Bridge Leisure Topco Limited, where the Company directors are also appointed.

The Group prepares cash flow forecasts and re-forecasts regularly as part of the business planning process. The Directors have reviewed forecast cash flows for the period until June 2022 and consider that the Group will have sufficient cash resources available to meet its liabilities as they fall due. These cash flow forecasts have been prepared based on management's best estimate of the trading plan and considering the current financing and government support available.

As described in note Bridge Leisure Topco Ltd financial statements, the group has refinanced its debt in July 2020 which has provided additional liquidity and headroom in the forecast period. This has also included a covenant waiver on the group's leverage covenant until December 2022, and the EBITDA covenant until December 2021, with a monthly liquidity covenant from July 2020.

Management have also prepared downside and stress testing forecasts which model the impact of scenarios which include potential disruption to the 2021 season including potential park closures or local lockdowns. These forecasts show that, due to the seasonality of the Group's business, potential closures of the Group's park prior to the Easter holidays in 2021 would be unlikely to have an impact on the Group's ability to meet its covenant requirements over the forecast period through to December 2021. Under a reverse stress test modelled, if the Group's parks were required to close for an extended period between April to September 2021, whilst the forecasts still show that the Group would still be able to operate within existing facilities, the forecasts under this scenario do show a breach of the Group's EBITDA covenant at December 2021. However, the Directors consider that such a scenario is sufficiently remote not to represent a material uncertainty and accordingly these financial statements have been prepared on the basis of accounting principles applicable to a going concern which assumes that the Group and the Company will realise its assets and discharge its liabilities in the normal course of business.

Engagement with employees

Bridge Leisure Parks is proud to be a great employer with a highly motivated and experienced team of directors and employees. We have a policy of supporting our experienced managers in running their parks for the benefit of owners and holiday makers alike and view our employees as key assets of the business, with their welfare integral to the continued growth of the business.

Directors' Report (continued) For the Year Ended 31 December 2019

Matters covered in the strategic report

Disclosures required under S416(4) of the Companies Act 2006 are commented upon in the Strategic Report as the directors consider them to be of strategic importance to the Group and Company.

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any
 relevant audit information and to establish that the Company's auditor is aware of that information.

Recent Developments

Since the year end the company was significantly impacted by the Covid-19 global pandemic. The primary impact was the UK wide lockdown which began on 23 March 2020 and meant that all our parks were closed for visitors until they were allowed to reopen in July. During this period the company worked hard to minimise cash losses and preserve liquidity while looking after its employees and customers through a combination of investor and government support.

The company agreed amendments to its existing financing facility in July 2020 which provided it with significant covenant and liquidity headroom for the foreseeable future. In addition, the shareholders continued to support the business with a further investment of £3m to support it during this time.

Since reopening the parks in July 2020, the company has seen trading recover quickly to expected levels.

A further lockdown for England was implemented on 5 November 2020 lasting through to 2 December 2020, followed by a tiered system of restrictions at regional levels. However, there was limited financial impact to the business compared to the previous lockdown as the parks are in their low season period whereby there are minimal volumes of holidays and many of the parks begin to wind down for winter closure.

See Note 2.3 for further details on the going concern status of the company.

Auditor

The auditor, BDO LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 23 December 2020 and signed on its behalf.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;

Notes to the Financial Statements For the Year Ended 31 December 2019

2. Accounting policies (continued)

2.3 Going concern

The Company is a member of the group headed by Bridge Leisure Topco Limited, where the Company directors are also appointed.

Bridge Leisure Topco Limited has provided assurance to the Company that it will continue to make funds available, should this be required, and will not call for repayment any intercompany debt unless the company is in a position to make such repayments, to enable the Company to meet its obligations as they fall due for the foreseeable future, and at least 12 months from the date of approval of these financial statements.

The Group prepares cash flow forecasts and re-forecasts regularly as part of the business planning process. The Directors have reviewed forecast cash flows for the period until June 2022 and consider that the Group will have sufficient cash resources available to meet its liabilities as they fall due. These cash flow forecasts have been prepared based on management's best estimate of the trading plan and considering the current financing and government support available.

As described in note Bridge Leisure Topco Ltd financial statements, the group has refinanced its debt in July 2020 which has provided additional liquidity and headroom in the forecast period. This has also included a covenant waiver on the group's leverage covenant until December 2022, and the EBITDA covenant until December 2021, with a monthly liquidity covenant from July 2020.

Management have also prepared downside and stress testing forecasts which model the impact of scenarios which include potential disruption to the 2021 season including potential park closures or local lockdowns. These forecasts show that, due to the seasonality of the Group's business, potential closures of the Group's park prior to the Easter holidays in 2021 would be unlikely to have an impact on the Group's ability to meet its covenant requirements over the forecast period through to December 2021. Under a reverse stress test modelled, if the Group's parks were required to close for an extended period between April to September 2021, whilst the forecasts still show that the Group would still be able to operate within existing facilities, the forecasts under this scenario do show a breach of the Group's EBITDA covenant at December 2021. However, the Directors consider that such a scenario is sufficiently remote not to represent a material uncertainty and accordingly these financial statements have been prepared on the basis of accounting principles applicable to a going concern which assumes that the Group and the Company will realise its assets and discharge its liabilities in the normal course of business.

Notes to the Financial Statements For the Year Ended 31 December 2019

2. Accounting policies (continued)

2.4 Exemption from preparing consolidated financial statements

The financial statements contain information about Bridge Leisure Midco Limited as an individual Company and do not contain consolidated financial information as the parent of a group. The Company has taken advantage of the exemption conferred by section 400 of the Companies Act 2006 not to produce consolidated financial statements as it is included in EEA group accounts of a larger group, being that of the Company's ultimate parent, Bridge Leisure Topco Limited.

2.5 Finance costs

Finance costs are charged to the Statement of Comprehensive Income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount.

2.6 Interest income

Interest income is recognised in the Statement of Comprehensive Income using the effective interest method.

2.7 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.8 Debtors
