**C.G.I.S. Gee Street Limited**  
**Statement of Directors' Responsibilities**

The directors are responsible for preparing the report and financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Notes to the Financial Statements**  
**for the period from 13 August 2014 to 30 June 2015**

**1 Accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements except as noted below.

***Accounting Convention***

The financial statements have been prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and Applicable Law).

***Properties***

Investment properties are included in the balance sheet at their market value at 30 June 2015, which is based upon valuations provided by DTZ Debenham Tie Leung Limited. Temporary surpluses or deficits arising on valuation are transferred to a revaluation reserve. Permanent impairment in the value of properties to below their carrying values is charged directly to the profit and loss account.

Additions to investment properties include only costs of a capital nature.

In accordance with SSAP 19 (as amended) no depreciation or amortisation is provided in respect of freehold and leasehold investment properties. This treatment of the Group's investment properties, is a departure from the requirements of Companies Act 2006 concerning depreciation of fixed assets. However, these properties are not held for consumption but for investment and the Directors consider that systematic annual depreciation would be inappropriate. The accounting policy adopted is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of the factors reflected in annual valuation, and the amount which might otherwise be shown, cannot be separately identified or quantified.

***Cashflow***

A cash flow statement is included in the consolidated financial statements of the ultimate holding company, CGIS Group (Holdings) Limited. The company therefore is exempt under FRS1 from the requirement to prepare a separate cash flow statement.

***Related party transactions***

As the company is a wholly owned subsidiary of CGIS Group (Holdings) Limited, it has taken advantage of the exemption contained in Financial Reporting Standard 8 and has therefore not disclosed transactions with other wholly owned subsidiaries, which form part of the group.

***Deferred taxation***

Deferred tax is provided in respect of all timing differences that have originated but not reversed at the balance sheet date where an event has occurred that results in an obligation to pay more or less tax in the future, except that:

(a) Provision is not made in respect of property revaluation surpluses unless an unconditional sales agreement has been signed and rollover relief is not available to cover any gain arising; and

(b) Deferred tax assets are recognised only to the extent that it is more likely than not that there will be suitable taxable profits from which future reversal of the relevant timing differences can be deducted.

Deferred tax is measured on a non discounted basis at the tax rates which apply at the balance sheet date.

**C.G.I.S. Gee Street Limited**  
**Notes to the Financial Statements**  
**for the period from 13 August 2014 to 30 June 2015**

**2 Turnover**

Turnover, which is stated net of value added tax, includes rents receivable and the invoiced value of other sales from operations within the United Kingdom.

**3 Staff numbers and costs**

Except for the directors, there were no persons employed by the company during the period. The directors received no remuneration for their services to the company.

**4 Auditors' remuneration**

The auditors' remuneration has been borne by the company's immediate parent company, CGIS Group Limited.

**5 Interest payable**

**2015**  
**£**

Interest payable	<u>260,387</u>
------------------	----------------

Interest on intercompany loans is charged annually in arrears at bank base rate plus 3.25%. However, where this would result in a loss arising in the subsidiary company's accounts, the amount of interest charged is constrained to the funds available in that subsidiary company, such that neither a gain or a loss arises in its accounts.

**6 Taxation**

**2015**  
**£**

Deferred tax	<u>-</u>
--------------	----------

The tax on the profit on ordinary activities has been reduced from the amount that would arise from applying the prevailing corporation tax rate to the company's profit as follows:-

**Current taxation reconciliation**

**2015**  
**£**

Profit on ordinary activities before taxation	<u>177,927</u>
UK corporation tax at 21/20% on profits before tax	36,862
Tax losses from group companies	<u>(36,862)</u>
	<u>-</u>

The company has provided for deferred tax of £nil in respect of fixed asset timing differences (See Note 10). Potential unprovided deferred tax liabilities on property value surpluses are £474,836.
