1. STATUTORY INFORMATION

ACCS Technologies Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income recognition

Income represents the fair value of consideration received or receivable derived from the provision of goods and services to customers during the year (excluding value added tax) and is recognised when the company becomes entitled to it, usually on the rendering of an invoice.

Financial instruments

The Company enters into basic financial instruments that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties and loans to related parties. Basic financial instruments are recognised at amortised cost.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 1 (2016 - 1) .

8. FIRST YEAR ADOPTION

It is the first year that the company has presented its financial statements under Financial Reporting Standard 102. The last financial statements prepared under previous UK GAAP were for the year ended 30 September 2016 and the date of transition to FRS 102 was therefore 1 October 2015.

The accounting policies applied under the company's previous accounting framework are not materially different to FRS 102 and have not impacted on the income statement or the statement of financial position.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
