These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

The holding company has prepared group forecasts which cover the period for the 12 months from the date of signing of the accounts, and this shows that with the current facilities available, the group has sufficient working capital to pay its debts as they fall due. The group also has received confirmation of ongoing support from its primary funders. On this basis, the directors have prepared the accounts on a going concern basis.

1.3 Turnover

Turnover is recognised at the fair value of the consideration received or receivable rent and services provided in the normal course of business, and is shown net of VAT and other sales related taxes.

1.4 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Land and buildings leasehold

10% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

1.5 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the lease.
