New Collaborative Learning Trust

Trustees' Report

The trustees have pleasure in presenting their annual report together with the financial statements and auditor's report of the charitable company for the year ended 31 August 2017. The annual report serves the purposes of both a trustees' report, and a directors' report under company law.

The trustees have adopted the provisions of the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2015) and the Academies Accounts Direction issued by the Education and Skills Funding Agency.

The trust was established to offer dynamic, high quality learning experiences to students age 16-19 in a supportive, young adult environment, enabling academic success and personal growth. We aim to be an inclusive provider of education in which students and staff work together to achieve potential and transform lives.

On 1 June 2017 New College Pontefract converted to an academy and all its assets and liabilities were transferred to the trust on that date. The college has over 2200 students on mainly level 3 courses with a small cohort of level 2 students. Students are drawn from over 50 local high schools from the Wakefield five towns as well as Barnsley, South Leeds, Snaith and East Yorkshire.

The trust has also been in the pre-opening stage for New College Doncaster, a new 16-19 free school which opened on 18 September 2017. During this financial year the trust has been in receipt of a pre-development grant to support the planning, organisation and set up of this new college and grants to support the building costs. In January 2017 it appointed one of the New College Pontefract deputy principals, Brendon Fletcher, to be Principal Designate. New College Doncaster will offer A levels and Level 3 BTEC courses to young people of South Doncaster and the surrounding area. When full it is envisaged that New College Doncaster will hold in excess of 1200 places.

The trust has also been successful in its application to open a further 16-19 free school in Bradford with a planned opening date of September 2019. The trust is also in receipt of a pre-development grant to support the planning, organisation and set up of this new college.

Structure, Governance and Management

Constitution

The New Collaborative Learning Trust is a company limited by guarantee and an exempt charity; it was incorporated on 9 October 2014. The charitable company's memorandum and articles of association are the primary governing documents of the academy trust. The trustees of New Collaborative Learning Trust are also the directors of the charitable company for the purposes of company law. The charitable company is known as New Collaborative Learning Trust. New College Pontefract joined the trust on 1 June 2017.

Details of the trustees who served during the year are included in the Reference and Administrative Details on pages 1 - 2.

Members' Liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amount as may be required, not exceeding £10, for the debts and liabilities contracted before they ceased to be a member.

Trustees' Indemnities

A trustee may benefit from any indemnity insurance purchased at the academy trust's expense to cover the liability of trustees which by virtue of any law would otherwise attach to them in respect of any negligence, default or breach of trust or breach of duty of which they may be guilty in relation to the academy trust.

Directors and members liability is provided within the trust insurance provided by Travelers Insurance Company Limited up to a limit of £2,000,000 in any one membership year.

Method of Recruitment and Appointment or Election of Trustees

The members may appoint up to 12 trustees (directors) by ordinary resolution. Staff trustees may be appointed through such processes as the members may determine. The CEO shall be an ex officio trustee. A minimum of two parent trustees shall be elected by parents of registered students if local governing bodies do not include such parent governors. The trustees may co-opt further trustees as they see fit, except that the number of trustees employed by the academy trust shall not exceed one third of the total number.

All trustees are appointed on the basis of the contribution they can make to the development and success of the trust. The trustees are assessed based on personal qualities, specific skills and expertise they can provide. All trustees give their time freely and receive no remuneration, other than reasonable expense, except those who are employees of the trust.

New Collaborative Learning Trust

Trustees' Report

Policies and Procedures Adopted for the Induction and Training of Trustees

The training and induction provided for new trustees will depend on their existing experience. Where necessary, induction will provide training on charity, education, legal and financial matters. New trustees will be given a tour of the college(s) and the chance to meet with staff and students. All trustees are provided with copies of policies, procedures, minutes, accounts, budgets, plans and other documents that they will need to undertake their role as trustees. Regular skills audits are undertaken to identify any gaps and a training plan sets out planned training for the year.

Organisational Structure

The management structure consists of three levels: the board of trustees, the local advisory groups and the trust leadership team. Each College will then have its own senior leadership team. The aim of the management structure is to devolve responsibility and encourage involvement in decision making at all levels. The trust board of members meets three times a year as a minimum; the board of trustees meets six times a year as a minimum and is supported by the audit committee who meet three times a year. The advisory groups will meet six times a year or more often if required; the advisory group and the audit committee were not active during this financial year.

The board of trustees holds the advisory groups and the trust leadership team to account. The scheme of delegation sets out the responsibility of all stakeholders and has been adopted by the trust and is reviewed annually. The local advisory group will monitor, challenge and support the quality of teaching and learning and the achievement of pupils.

The trust leadership team is responsible for the day to day operation of the colleges within the trust, in particular organising the staff, resources and students.

Arrangements for setting pay and remuneration of key management personnel

The board of trustees sets the conditions of employment of the CEO, including salary review and progression. The board of trustees will approve the salary scales for the trust executive team, teaching staff and support staff ensuring that the executive management of the trust are provided with appropriate incentives to encourage enhanced performance and are, in a fair and reasonable manner, rewarded for their individual contributions to the success of the trust. The CEO will appoint all other trust staff to the approved salary scales and in accordance with appropriate conditions of service.

Related Parties and other Connected Charities and Organisations

The trust is closely linked to the New Collaborative Teaching School Alliance, a partnership of over 30 schools and colleges focussing on CPD, ITT, talent management and school to school improvement. The trust brings significant experience of evaluating provision in other providers and helping to develop and support improvement strategies, drawing upon a number of OFSTED inspectors.

Objectives and Activities

The main objects of the trust as stated in the articles of association are specifically restricted to the following:

- To advance for the public benefit education in the United Kingdom, in particular by establishing, maintaining and carrying on, managing and developing 16-19 Academies offering a curriculum appropriate to the needs of its students.
- To promote for the benefit of the inhabitants of the areas in which the Academies are situated the provision of facilities for recreating or other leisure time occupation with the object of improving the condition of life of the said inhabitants.

The mission of the trust is to provide the following public benefits through the advancement of education:

The trust will raise standards across our family of schools and colleges. We will promote a culture of aspiration, excellence and enjoyment. We will use our collective strengths and expertise to benefit our children and young people.

To achieve this we will:

- Recruit and retain ambitious, dedicated and well qualified staff and develop them through high quality professional learning
- Design and implement a flexible, inspiring and outstanding teaching and learning model
- Recognise and implement systems for accountability and transparency at all levels to ensure a consistent focus on purpose and outcomes
- Foster and sustain a culture of professional generosity, honesty, integrity and trust
- Use collaborative opportunities to drive value for money and quality

New Collaborative Learning Trust

Trustees' Report

- Develop and implement policies, systems and processes to reflect and support the unique context and position of each member of our family of schools
- Develop and implement a measured and sustainable growth plan predicated on impact

Objects and Aims

- To add education value to a greater number of young people. The founding college's standards and performance will be the touchstone for excellence throughout our family.
- Deliver an inclusive pedagogy, which takes into account the unique needs and qualities of every young person; supporting them to grow in character, resilience and confidence; providing a bedrock of skills and habits which they can draw up on in life, work and further study; and developing knowledge and subject mastery to enable progression which will bring fulfilment and success.
- Support talent management, recruiting and retaining talented staff and offering opportunities for dynamic ITT and CPD.
- Bring financial value and stability through improved purchasing power, shared services and stable finances.
- Support the government's agenda for education transformation and social mobility through improving outcomes and lives.

Objectives, Strategies and Activities

Achievement

We want to achieve outstanding trust-wide performance in all study programmes and for all learner groups. The progress towards and achievement of this goal will be monitored through challenging targets for learner progress, achievement and value added supported by the Strategic Plan for Teaching, Learning and Assessment.

Growth

We want to achieve our planned growth across all colleges so that by 2020 five thousand young people will be experiencing a high quality post-16 education. Growth targets will be established for each college, informed by demographic trends and forecasts and supported by the Strategic Plan for Marketing and School Liaison.

Financial Health

We want to use our shared services to achieve efficiencies and value for money in support services in order to direct resources to student learning. The progress and achievement of this goal will be monitored through financial targets for annual surplus (above 2% of core income), positive cash balance and current ratio, robust fiscal control and stringent management of risk supported by the Strategic Plan for Finance and Estates.

Culture and Environment

We want to provide a physical environment which is safe, and equipped with first class facilities and equipment. We want students and staff to flourish in a welcoming and inclusive culture supportive of all needs and goals. The progress towards this goal will be difficult to measure in tangible ways but will be reflected in indicators including staff retention, staff surveys and staff voice, student retention, student participation in wider college life, student enrolment and student satisfaction survey feedback. The Strategic Plan for Culture and Environment will support this.

Social Mobility

We want our colleges to be engines of social mobility so that students succeed because of talent and hard work and their ambitions are shaped by this, and not limited by the circumstances of their birth. The progress towards and achievement of this goal will be monitored through challenging progression targets for all students, with a separate target for students in ward uplift areas and those identified as pupil premium. This will be supported by the Strategic Plan for Curriculum and IAG.

Achievement

Each of the colleges will have a set of performance targets based on indicators set by the Department for Education and previous college performance in the case of Pontefract. Doncaster's performance targets will be informed by the previous performance of Pontefract and by key stage four achievement in the schools with a high volume of college applications. Overall trust targets are derived using weighting of numbers.

Public Benefit

The trustees confirm that they have complied with their duty to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning future activities. The main benefit delivered by the trust is the provision of outstanding education to its students. This is evidenced through the results achieved and feedback from external assessments.

New Collaborative Learning Trust

Trustees' Report

Strategic Report

Achievements and Performance and Key Performance Indicators

The trust sets challenging KPI's for value added (VA), achievement, high grades, retention and pass rates well above sector benchmarks. The results for New College Pontefract for 2016/17 were as follows:

- Over 99% pass rate at A level – consistent now over several years.
- Over 54% high grade rate at A level – an increase on last year
- 94% pass rate at AS level – slight increase on last year
- 39% high grade rate at AS level – a decline from last year
- Value added ALPS scores of 3 for AS, and A level.
- Value added ALPS scores of 2 for Applied General study programmes.

Level 3 overall raw data

	AS	A2	BTEC (Y13)
ALPs	3	3	2
Achievement	90.3%	98.2%	95.6%
High Grades	38.2%	54.1%	80.1%
Retention	96.3%	98.8%	95.8%
Pass rate	93.8%	99.4%	99.8%

Compared with Previous Year

	AS	A2	BTEC (Y13)
ALPs	0	-1.1%	0
Achievement	+1.3%	+0.2%	+3.2%
High Grades	-4%	+1%	-12%
Retention	+1.7%	+0.1%	+2.8%
Pass rate	+0.3%	+0.1%	-0.2%

- Retained ALPS grades except at A level
- A level dropped by one, despite marginal increases in all KPIs at A level. First set of linear results for many subjects.
- BTEC high grades have dropped significantly but the good retention rate has kept achievement high.

Compared with College Targets

	AS	A2	BTEC (Y13)
ALPs	-1.1%	-1.1%	0
Achievement	-1.7%	-0.8%	1.4%
High Grades	-4.8%	-2.9%	-11.9%
Retention	-1.7%	0	1.2%
Pass rate	0	-0.6%	0%

- The College met or exceeded some of its ambitious targets in all 3 qualifications but high grades were below target.
- BTEC is changing significantly in terms of the "raised bar" which is reflected in the fall in high grades.

Value Added performance

	2013/14	2014/15	2015/16	2016/17
AS	2	2	3	3
A2	3	2	2	3
BTEC (Y13)	2	2	2	2

GCSE Mathematics	98.1	99.4	7.2	48.8	35.2

Student Numbers and retention

In 2016/17 New College Pontefract delivered activity to 2,295 learners that produced £9,873,901 of funding outturn for the whole year against a funding allocation of £9,397,675 for 2186 learners from the previous year.

Student retention at New College Pontefract was 97% which is well above the national benchmark target of 94%.

Going Concern

After making appropriate enquiries, the board of trustees has a reasonable expectation that the academy trust has adequate resources to continue in operational existence for the foreseeable future. For this reason it continues to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Statement of Accounting Policies.

Financial Review

Most of the trust's income is obtained from the Education and Skills Funding Agency (ESFA) in the form of recurrent grants, the use of which is restricted and defined by its funding agreement. The grants received from the ESFA and other bodies during the year ended 31 August 2017 and the associated expenditure are shown as restricted general funds in the statement of financial activities (SOFA). The trust received total revenue grant income of £2,521,000 during the period 1 June 2017 to 31 August 2017. Details are shown in note 4 to the accounts.

The trust also received capital funding of £16,825,000 during the period for the construction costs of New College Doncaster. In accordance with the Charities Statement of Recommended Practice; 'Accounting and Reporting by Charities (SORP 2005) such grant is shown in the SOFA as restricted fixed asset funds. The restricted fixed asset fund balance is reduced by depreciation charges over the expected useful life of the assets concerned. Details are shown in note 2 to the accounts.

The trust generated a net income of £30,122,000 for the year. This figure includes the transfer of assets and liabilities on the conversion of New College Pontefract (net amount £12,781,000) and the donation/capital grants in relation to the construction of New College Doncaster. Details of the conversion are shown in note 3 to the accounts.

The net book value of tangible fixed assets was £34,364,000. This includes assets transferred from New College Pontefract on academisation. The assets are used exclusively for providing education and the associated support services to the students of the trust. The ESFA made a loan of £2,399,780 to New College Pontefract on 16 May 2017 to enable it to repay the bank loans outstanding at that date together with the break costs charged by the bank and this was transferred to New Collaborative Learning Trust as part of the fixed asset reserves. The loan is repayable over 9 years and if the loan is settled earlier no break costs will apply. The current Public Works Loan Board 6-month variable interest rate, which is set by Her Majesty's Treasury, will apply to this loan. The initial interest rate is 0.87% and the rate will be subject to a review which will take place every six months from 31 May 2017.

The trust had net cash flow from operating activities of £2,324,000 (2016 £85,000). This resulted partly from reserves transferred from New College Pontefract.

Reserves Policy

The trustees will review the level reserves of the trust annually. This review will encompass the nature of income and expenditure streams, the need to match income with commitments and the nature of reserves. The trust has three levels of reserves: restricted general funds are used to carry out the principal objects of the organisation; restricted fixed asset funds are used to finance fixed assets and unrestricted funds are used under the direction of the board of directors.

New Collaborative Learning Trust

Trustees' Report

The unrestricted reserves of £645,000 are freely available for general purposes.

The restricted funds £(2,235,000) and fixed asset reserve £32,116,000 include the transfer upon academisation of New College Pontefract and the related pension liability on conversion. It is the trust's policy to maintain sufficient reserves to meet unexpected expenditure and to reinvest any surplus in the building stock and to cover gaps in funding that may occur in the future.

The Local Government Pension Scheme has been calculated to have an actuarial gain of £238,000 in the period 1 June 2017 to 31 August 2017 with a deficit of £2,427,000 at 31 August 2017 under FRS 102 methodology. However the trust is presently only required to make capital contributions of around £22,000 per annum for past service deficit over the next three years, so the impact of the deficit on cash flow is negligible.

Investment Policy

The trustees' investment powers are governed by the Memorandum and Articles of Association and Funding Agreement with the Secretary of State. They restrict the investment vehicles that may be used. There are currently no funds available for long term investment.

Principal Risks and Uncertainties

The trustees have assessed the major risks to which the trust is exposed in particular those relating to the specific provision of teaching, facilities management and other operational areas of the trust and its finances. A risk register is maintained by the trust which is reviewed annually by the audit committee. Significant risks are reviewed and reported to the board. The risk register identifies the key risks, the probability of the risk occurring, the potential impact and the actions being taken to mitigate the risks. Risks are prioritised using a consistent scoring system. Outlined below are the main risk factors which may impact on the trust. Not all the factors are within the trust's control.

1. Changes to Government legislation, particularly with regard to funding
The trust relies heavily on funding from ESFA and change to the rate or way in which funding is calculated could have severe implications for the trust. This risk is mitigated in a number of ways:
 - Ensuring student numbers are kept high to maximise funding
 - Ensure students are all fully funded – over 540 hours and meet conditions of funding
 - Investigating alternative sources of funding e.g. teaching school, consultancy, grants etc.
2. Learner numbers fall at New College Pontefract or recruitment for Year 2 at New College Doncaster does not meet targets
Staffing levels and curriculum accommodation are based on planned learner numbers and if learner numbers are not accurately predicted there could be surplus staffing and/or accommodation putting undue pressure on finances. This risk is mitigated in a number of ways:
 - Monitoring application to enrolment conversion rates each year to enable reliable modelling to take place
 - Marketing drive undertaken to target undecided applicants
 - Review of curriculum offer to ensure alternative courses for those not meeting entry criteria for courses.
 - Strong relationships with feeder schools to ensure students know about colleges and have access to information.
 - Support and guidance to students at all stages of enrolment process and once on roll to ensure they meet census date
3. New College Bradford does not open on time
Opening of New College Bradford could put undue pressure on trust finance if it does not open September 2019. This risk is mitigated in a number of ways:
 - Close contact with Bradford Council, ESFA and builders to ensure project meets key deadlines
 - Close monitoring of post development grant to ensure money is spent in most cost effective way

Financial and risk management objectives and policies

The trust's dealings with financial instruments are limited to bank accounts, creditors and debtors. The limitation serves to minimise credit and liquidity risks when this is combined with the nature of the trust's debtors (being principally Government bodies and other schools) and therefore the risk to cash flow is minimal.

New Collaborative Learning Trust

Trustees' Report

Plans for Future Periods

The trust plans to further increase student numbers as part of its strategic plan and to develop the site at Pontefract as funds are available.

New College Doncaster a 16-19 Free Sixth Form College opens on 1 September 2017 with a planned roll of 450 in year 1 rising to 1200 in three years.

The trust was successful in its application to the department of Education to open New College Bradford another 16-19 Free Sixth Form College which is due to open in September 2019.

Funds Held as Custodian Trustee on Behalf of Others

The trust does not hold any funds as custodian trustee on behalf of others at the date of signing.

Auditor

Insofar as the trustees are aware:

- there is no relevant audit information of which the charitable company's auditor is unaware
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Trustees' report, incorporating a strategic report, was approved by order of the board of trustees, as the company directors, on 14 December 2017 and signed on the board's behalf by:

Diane Heritage
Chair of Trustees

New Collaborative Learning Trust

Governance Statement

Scope of Responsibility

As trustees we acknowledge we have overall responsibility for ensuring that New Collaborative Learning Trust has an effective and appropriate system of control, financial and otherwise. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The board of trustees has delegated the day-to-day responsibility to the CEO, as accounting officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between New Collaborative Learning Trust and the Secretary of State for Education. They are also responsible for reporting to the board of trustees any material weaknesses or breakdowns in internal control.

Governance

The information on governance included here supplements that described in the Trustees' Report and in the Statement of Trustees' Responsibilities. The main challenges facing the board of trustees was the successful academisation of New College Pontefract on 1 June 2017 and the transfer of governance from the college to the trust. As the trust was not fully operational in its final format during this year of transition the trustees met formally four times which included training meetings to which the advisory board and audit committee members were invited as these committees were not active during this period. The members met once to adopt the new articles and constitution. It is the intention that in future the trust board of members will meet 3 times a year as a minimum (termly), and more often if required.

The trust board of directors will meet 6 times a year as a minimum (half termly), and more often if required. The board of directors will be supported by an audit committee which will meet 3 times a year (termly).

The advisory group will meet 6 times a year as a minimum (half termly), and more often if required.

It is the intention to share a single advisory group serving New College Pontefract and New College Doncaster when it opens in September 2017 in the first instance.

The terms of reference for the advisory group are narrower in scope. As a result of this the focus of the group will be the key educational functions of each of the two sixth form colleges. Meeting agendas are linked explicitly and consistently to the four OFSTED strands of outcomes, quality of teaching, learning and assessment, personal development, behaviour and welfare and leadership and management. Finance, human resources and estates will be dealt with in the main at trust level. Because of this approach the management of the two colleges is possible, with, in addition, the benefits of consistency, established culture and high standards.

It is the intention for this arrangement to be temporary to support the pre-opening phase and, provisionally, the first year from opening of New College Doncaster, after which New College Doncaster will have its own advisory group. This arrangement is to support consistency in the way that performance is scrutinised, to support the development of individuals serving the advisory group, to create capacity for possible future growth, and to ensure common culture, values and standards in the early stages of the trust's growth.

New Collaborative Learning Trust

Governance Statement

Governance review

As the trustees are newly appointed no review of governance taken place during this financial year. It is the intention of the trustees to ensure that governance is part of the internal audit review for the forthcoming financial year. In addition it is proposed that in the future the directors will complete an annual self-evaluation and skills audit and that the chair of the board of directors will complete an annual review of the contribution, skills and effectiveness of individual directors and make recommendations to the board of members. Should there be any concerns about a director then appropriate feedback, support and training will be provided and clear targets set. It is the chairs responsibility to ensure that all directors are acting in accordance with the code of conduct. The board of members at the AGM may make resolutions about the continuity of each director but can make changes at any point in time.

The audit committee is a sub-committee of the main board of trustees. Its purpose is to:

- ensure that the internal control systems and arrangements for risk management, control and governance processes of the trust are independently, objectively and actively monitored.
- It advises the board on the appointment of internal auditors, reporting accountants and financial statement auditors and their remuneration for both audit and non-audit work as well as reporting annually to the board of trustees.
- It operates in accordance with written terms of reference approved by the trustees.

In the financial year 1 September 2016 to 31 August 2017 the audit function was performed by the audit committee of New College Pontefract until academisation on 1 June 2017. No meetings of the audit committee took place during the period 1 June 2017 to 31 August 2017.

Review of Value for Money

As accounting officer the CEO has responsibility for ensuring that the academy trust delivers good value in the use of public resources. The accounting officer understands that value for money refers to the educational and wider societal outcomes achieved in return for the taxpayer resources received.

The accounting officer considers how the trust's use of its resources has provided good value for money during each academic year, and reports to the board of trustees where value for money can be improved, including the use of benchmarking data where appropriate. The accounting officer for the academy trust has delivered improved value for money during the year by:

- ensuring that the College within the trust continued to achieve excellent results and good value added putting it in the top 25% of centres nationally.
- operating a centralised system for support services. Finance, ICT, HR, student services and teaching and learning are all controlled centrally. This represents far better value for money and as the trust grows will enable us to make bigger savings.
- Ensuring that staffing of the curriculum is tightly managed and class sizes and groups numbers are closely monitored to ensure that we achieve good value for money. Despite increases in student numbers teaching staff fte have been kept constant.
- operating tight budgetary control with regular budget monitoring by the senior team. Budget overspends are rare and must be fully authorised by the director of finance.
- ensuring that wherever possible all contracts are entered into on a trust basis to take advantage of economies of scale. As New College Doncaster opens we have been able to renegotiate contracts for catering, IT services and licences, safeguarding and recruitment to obtain the best value for money.

The Purpose of the System of Internal Control

The system of internal control is designed to manage risk to a reasonable level rather than to eliminate all risk of failure to achieve policies, aims and objectives. It can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of academy trust policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically. The system of internal control has been in place in New Collaborative Learning Trust for the period 1 June 2017 to 31 August 2017 and up to the date of approval of the annual report and financial statements. As the trust did not have any staff until 1 June 2017 it has relied on the controls of its sponsor New College Pontefract up to that date.

New Collaborative Learning Trust

Governance Statement

Capacity to Handle Risk

The board of trustees has reviewed the key risks to which the academy trust is exposed together with the operating, financial and compliance controls that have been implemented to mitigate those risks. The board of trustees is of the view that there is a formal on-going process for identifying, evaluating and managing the academy trust's significant risks that has been in place for the period 1 June 2017 to 31 August 2017 and up to the date of approval of the annual report and financial statements. This process is regularly reviewed by the board of trustees. As the trust did not have any staff until 1 June 2017 it has relied on the controls of its sponsor New College Pontefract up to that date.

The Risk and Control Framework

The academy trust's system of internal financial control is based on a framework of regular management information and administrative procedures including the segregation of duties and a system of delegation and accountability. In particular it includes:

- comprehensive budgeting and monitoring systems with an annual budget and periodic financial reports which are reviewed and agreed by the Board of Trustees
- regular reviews by the audit committee of reports which indicate financial performance against the forecasts and of major purchase plans, capital works and expenditure programmes
- setting targets to measure financial and other performance
- clearly defined purchasing (asset purchase or capital investment) guidelines
- delegation of authority and segregation of duties
- identification and management of risks

The board of trustees has considered the need for a specific internal audit function and has decided to appoint Wylie and Bisset as internal auditors. They will be undertaking internal audit functions in the forthcoming financial year.

Review of Effectiveness

As accounting officer the chief executive has responsibility for reviewing the effectiveness of the system of internal control. During the year in question the review has been informed by:

- the work of the external auditor
- the work of the executive managers within the academy trust who have responsibility for the development and maintenance of the internal control framework

The accounting officer has been advised of the implications of the result of their review of the system of internal control and will ensure continuous improvement of the system is in place.

New Collaborative Learning Trust

Statement of Regularity, Propriety and Compliance

As accounting officer of New Collaborative Learning Trust I have considered my responsibility to notify the charitable company board of trustees and the ESFA of material irregularity, impropriety and non-compliance with ESFA terms and conditions of funding, under the funding agreement in place between the charitable company and the Secretary of State for Education. As part of my consideration I have had due regard to the requirements of the Academies Financial Handbook 2016.

I confirm that I and the charitable company board of trustees are able to identify any material irregular or improper use of funds by the charitable company, or material non-compliance with the terms and conditions of funding under the charitable company's funding agreement and the Academies Financial Handbook 2016.

I confirm that no instances of material irregularity, impropriety or funding non-compliance have been discovered to date. If any instances are identified after the date of this statement, these will be notified to the board of trustees and ESFA.

Pauline Hagen OBE

Accounting Officer

Date 14.12.17

New Collaborative Learning Trust

Statement of Trustees' Responsibilities

The trustees (who act as governors of New Collaborative Learning Trust and are also the directors of the charitable company for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the Annual Accounts Direction published by the Education and Skills Funding Agency, United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently
- observe the methods and principles in the Charities SORP 2015 and the Academies Accounts Direction 2016 to 2017
- make judgments and accounting estimates that are reasonable and prudent
- state whether applicable UK Accounting Standards [FRS 102] have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for ensuring that in its conduct and operation the charitable company applies financial and other controls, which conform with the requirements both of propriety and of good financial management. They are also responsible for ensuring grants received from ESFA/DfE have been applied for the purposes intended.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Approved by order of the members of the board of trustees on 14 December 2017 and signed on its behalf by:

Diane Heritage
Chair of Trustees

New Collaborative Learning Trust

Independent Auditor's Report on the Financial Statements to the Members of New Collaborative Learning Trust

Opinion

We have audited the financial statements of New Collaborative Learning Trust (the 'charitable company') for the year ended 31 August 2017 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows, and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and the Academies Accounts Direction 2016 to 2017 issued by the Education and Skills Funding Agency (ESFA).

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 August 2017 and of the incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
- have been prepared in accordance with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the Charities SORP 2015 and the Academies Accounts Direction 2016 to 2017 issued by the Education and Skills Funding Agency.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charitable company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

New Collaborative Learning Trust

Independent Auditor's Report on the Financial Statements to the Members of New Collaborative Learning Trust

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees (incorporating the strategic report and the directors' report) for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of Independent Auditors that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/Our-Work/Audit-and-Actuarial-Regulation/Audit-and-assurance/Standards-and-guidance/Standards-and-guidance-for-auditors/Auditors-responsibilities-for-audit/Description-of-auditors-responsibilities-for-audit.aspx>. This description forms part of our Report of the Independent Auditors.

Date: 15 December 2017

New Collaborative Learning Trust

Independent Reporting Accountant's Assurance Report on Regularity to New Collaborative Learning Trust and the Education and Skills Funding Agency

In accordance with the terms of our engagement letter dated 5 October 2017 and further to the requirements of the Education and Skills Funding Agency (ESFA) as included in the Academies Accounts Direction 2016 to 2017, we have carried out an engagement to obtain limited assurance about whether the expenditure disbursed and income received by New Collaborative Learning Trust during the period 1 September 2016 to 31 August 2017 have been applied to the purposes identified by Parliament and the financial transactions conform to the authorities which govern them.

This report is made solely to New Collaborative Learning Trust and the ESFA in accordance with the terms of our engagement letter. Our work has been undertaken so that we might state to New Collaborative Learning Trust and ESFA those matters we are required to state in a report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than New Collaborative Learning Trust and the ESFA, for our work, for this report, or for the conclusion we have formed.

Respective responsibilities of New Collaborative Learning Trust's accounting officer and the reporting accountant

The accounting officer is responsible, under the requirements of New Collaborative Learning Trust's funding agreement with the Secretary of State for Education dated 5 May 2017 and the Academies Financial Handbook, extant from 1 September 2016, for ensuring that expenditure disbursed and income received is applied for the purposes intended by Parliament and the financial transactions conform to the authorities which govern them.

Our responsibilities for this engagement are established in the United Kingdom by our profession's ethical guidance and are to obtain limited assurance and report in accordance with our engagement letter and the requirements of the Academies Accounts Direction 2016 to 2017. We report to you whether anything has come to our attention in carrying out our work which suggests that in all material respects, expenditure disbursed and income received during the period 1 September 2016 to 31 August 2017 have not been applied to purposes intended by Parliament or that the financial transactions do not conform to the authorities which govern them.

Approach

We conducted our engagement in accordance with the Academies Accounts Direction 2016 to 2017 issued by the ESFA. We performed a limited assurance engagement as defined in our engagement letter.

The objective of a limited assurance engagement is to perform such procedures as to obtain information and explanations in order to provide us with sufficient appropriate evidence to express a negative conclusion on regularity.

A limited assurance engagement is more limited in scope than a reasonable assurance engagement and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in a reasonable assurance engagement. Accordingly, we do not express a positive opinion.

~~Our engagement includes examination, on a test basis, of evidence relevant to the regularity and propriety of the academy trust's income and expenditure.~~

The work undertaken to draw to our conclusion includes:

- enquiry of officers of the trust
- review and testing of income and expenditure for compliance with the funding and other agreements, the Academies Financial Handbook and the trust's systems of controls
- examination of relevant documents
- review of the activities carried out by the academy trust
- review of the delegated authorities set out in the Academies Financial Handbook

New Collaborative Learning Trust

Independent Reporting Accountant's Assurance Report on Regularity to New Collaborative Learning Trust and the Education and Skills Funding Agency

Conclusion

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the period 1 September 2016 to 31 August 2017 has not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

1 Statement of accounting policies

A summary of the principal accounting policies adopted (which have been applied consistently, except where noted), judgements and key sources of estimation uncertainty, is set out below.

Basis of Preparation

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102), the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)), the Academies Accounts Direction 2016 to 2017 issued by ESFA, the Charities Act 2011 and the Companies Act 2006. New Collaborative Learning Trust meets the definition of a public body entity under FRS102.

Going Concern

The trustees assess whether the use of going concern is appropriate i.e. whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. The trustees make this assessment in respect of a period of at least one year from the date of authorisation for issue of the financial statements and have concluded that the academy trust has adequate resources to continue in operational existence for the foreseeable future and there are no material uncertainties about the academy trust's ability to continue as a going concern, thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Income

All incoming resources are recognised when the charitable company has entitlement to the funds, the receipt is probable and the amount can be measured reliably.

Grants

Grants are included in the Statement of Financial Activities on a receivable basis. The balance of income received for specific purposes but not expended during the period is shown in the relevant funds on the balance sheet. Where income is received in advance of meeting any performance-related conditions there is not unconditional entitlement to the income and its recognition is deferred and included in creditors as deferred income until the performance-related conditions are met. Where entitlement occurs before income is received, the income is accrued.

General Annual Grant is recognised in full in the Statement of Financial Activities in the year for which it is receivable and any abatement in respect of the period is deducted from income and recognised as a liability.

Capital grants are recognised in full when there is entitlement and are not deferred over the life of the asset on which they are expended. Unspent amounts of capital grant are reflected in the balance in the restricted fixed asset fund.

Sponsorship Income

Sponsorship income provided to the academy trust which amounts to a donation is recognised in the Statement of Financial Activities in the period in which it is receivable (where there are no performance-related conditions), where the receipt is probable and it can be measured reliably.

Donations

Donations are recognised on a receivable basis (where there are no performance-related conditions) where the receipt is probable and the amount can be reliably measured.

Other Income

Other income, including the hire of facilities, is recognised in the period it is receivable and to the extent the academy trust has provided the goods or services.

Donated goods, facilities and services

Goods donated for resale are included at fair value, being the expected proceeds from sale less the expected costs of sale. If it is practical to assess the fair value at receipt, it is recognised in stock and 'Income from other trading activities'. Upon sale, the value of the stock is charged against 'Income from other trading activities' and the proceeds are recognised as 'Income from other trading activities'. Where it is impractical to fair value the items due to the volume of low value items they are not recognised in the financial statements until they are sold. This income is recognised within 'Income from other trading activities'.

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

1 Statement of accounting policies (continued)

Income (continued)

Transfer on conversion

Where assets are received by the trust on conversion to an academy, the transferred assets are measured at fair value and recognised in the balance sheet at the point when the risks and rewards of ownership pass to the trust. An equal amount of income is recognised as Transfer on conversion within Donations and capital grant income.

Donated fixed assets (excluding transfers on conversion)

Where the donated good is a fixed asset it is measured at fair value, unless it is impractical to measure this reliably, in which case the cost of the item to the donor should be used. The gain is recognised as income from donations and a corresponding amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the academy trust's accounting policies. In particular in the year to 31 August 2017:

- The trust took up a leasehold, granted by the Secretary of State for Communities and Local Government on the New College Doncaster site on 17 May 2017 for 125 years at £nil cost. The transfer value per the Land Registry was £350,000. The lease is amortised over 125 years from 1 September 2017 when New College Doncaster opened.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central services costs are allocated on the student numbers at each establishment.

Expenditure on Raising Funds

This includes all expenditure incurred by the academy trust to raise funds for its charitable purposes and includes costs of all fundraising activities events and non-charitable trading.

Charitable Activities

These are costs incurred on the academy trust's educational operations, including support costs and costs relating to the governance of the academy trust apportioned to charitable activities.

All resources expended are inclusive of irrecoverable VAT.

Conversion of New College Pontefract to an Academy Trust

The conversion from a sixth form college to an academy trust involved the transfer of identifiable assets and liabilities and the operation of the college for £nil consideration. The substance of the transfer is that of a gift and it has been accounted for on that basis as set out below.

The assets and liabilities transferred on conversion from New College Pontefract to the academy trust have been valued at their fair value. The fair value has been derived based on that of equivalent items. The amounts have been recognised under the appropriate balance sheet categories, with a corresponding amount recognised in Donations and capital grants in the Statement of Financial Activities and analysed under restricted funds, restricted general funds and restricted fixed asset funds.

- The freehold land and buildings were valued on a depreciated replacement cost basis by independent valuers.
- The computer equipment and other equipment were valued on a fair value basis by independent valuers.
- The pension liability transferred was the FRS102 valuation of the LGPS scheme for New College Pontefract as at the date of transfer.

Further details of the transaction are set out in note 3.

Tangible Fixed Assets

Assets costing £5,000 or more are capitalised as tangible fixed assets and are carried at cost, net of depreciation and any provision for impairment.

Where tangible fixed assets have been acquired with the aid of specific grants, either from the government or from the private sector, they are included in the Balance Sheet at cost and depreciated over their expected useful economic

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

1 Statement of accounting policies (continued)

Tangible Fixed Assets (continued)

life. Where there are specific conditions attached to the funding requiring the continued use of the asset, the related grants are credited to a restricted fixed asset fund in the Statement of Financial Activities and carried forward in the Balance Sheet. Depreciation on the relevant assets is charged directly to the restricted fixed asset fund in the Statement of Financial Activities. Where tangible fixed assets have been acquired with unrestricted funds, depreciation on such assets is charged to the unrestricted fund.

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost of each asset on a straight-line basis over its expected useful life, as follows:

Freehold buildings	2% pa
Long leasehold land	Life of the lease
Computer hardware	20% pa
Other fixtures, fittings and equipment (including motor vehicles)	20% pa

Assets in the course of construction are included at cost. Depreciation on these assets is not charged until they are brought into use.

A review for impairment of a fixed asset is carried out if events or changes in circumstances indicate that the carrying value of any fixed asset may not be recoverable. Shortfalls between the carrying value of fixed assets and their recoverable amounts are recognised as impairments. Impairment losses are recognised in the Statement of Financial Activities.

Liabilities

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount that the academy trust anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions

Provisions are recognised when the academy trust has an obligation at the reporting date as a result of a past event which it is probable will result in the transfer of economic benefits and the obligation can be estimated reliably.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised within interest payable and similar charges.

Leased Assets

Rentals under operating leases are charged on a straight line basis over the lease term.

Financial instruments

The academy trust only holds basic financial instruments as defined in FRS102. The financial assets and liabilities of the academy trust and their measurement basis are as follows:

Financial assets – trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost as detailed in note 13. Prepayments are not financial instruments. Cash at bank is classified as a basic financial instrument and is measured at face value.

Financial liabilities – trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost as detailed in notes 14 and 15. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

Stock

Coal and paper stocks and unsold student sales items are valued at the lower of cost or net realisable value.

Taxation

The academy trust is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the academy trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by part 11, chapter 3 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

1 Statement of accounting policies (continued)

Pensions Benefits

Retirement benefits to employees of the academy trust are provided by the Teachers' Pension Scheme ('TPS') and the Local Government Pension Scheme ('LGPS'). These are defined benefit schemes.

The TPS is an unfunded scheme and contributions are calculated so as to spread the cost of pensions over employees' working lives with the academy trust in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by the Government Actuary on the basis of quadrennial valuations using a prospective unit credit method. As stated in note 23, the TPS is a multi-employer scheme and there is insufficient information available to use defined benefit accounting. The TPS is therefore treated as a defined contribution scheme for accounting purposes and the contributions recognised in the period to which they relate.

The LGPS is a funded scheme and the assets are held separately from those of the academy trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the Statement of Financial Activities and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses.

Fund Accounting

Unrestricted income funds represent those resources which may be used towards meeting any of the charitable objects of the academy trust at the discretion of the trustees.

Restricted fixed asset funds are resources which are to be applied to specific capital purposes imposed by funders where the asset acquired or created is held for a specific purpose.

Restricted general funds comprise all other restricted funds received with restrictions imposed by the funder/donor and include grants from the Education and Skills Funding Agency and Department for Education.

Agency arrangements

The academy trust acts as an agent in distributing 16-19 bursary funds from the ESFA. Payments received from the ESFA and subsequent disbursements to students are excluded from the statement of financial activities as the trust does not have control over the charitable application of the funds. The trust can use up to 5% of the allocation towards its own administration costs and this is recognised in the statement of financial activities. The funds received and paid and any balances held are disclosed in note 26.

Critical accounting estimates and areas of judgement

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Critical accounting estimates and assumptions

The academy trust makes estimates and assumptions concerning the future. The resulting accounting estimates and assumptions will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

The present value of the Local Government Pension Scheme defined benefit liability depends on a number of factors that are determined on an actuarial basis using a variety of assumptions. The assumptions used in determining the net cost (income) for pensions include the discount rate. Any changes in these assumptions, which are disclosed in note 23, will impact the carrying amount of the pension liability. Furthermore a roll forward approach which projects results from the latest full actuarial valuation performed at 31 March 2013 has been used by the actuary in valuing the pensions liability at 31 August 2017. Any differences between the figures derived from the roll forward approach and a full actuarial valuation would impact on the carrying amount of the pension liability.

3 Conversion to an Academy Trust

On 1 June 2017 New College Pontefract converted to academy status under the Academies Act 2010 and all the operations and assets and liabilities were transferred to New Collaborative Learning Trust from New College Pontefract corporation for £nil consideration.

The transfer has been accounted for as a combination that is in substance a gift. The assets and liabilities transferred were valued at their fair value and recognised in the balance sheet under the appropriate headings with a corresponding net amount recognised as a net gain in the Statement of Financial Activities as Donations – transfer on conversion.

The following table sets out the fair values of the identifiable assets and liabilities transferred and an analysis of their recognition in the SOFA.

	Unrestricted Funds	Restricted General Funds	Restricted Fixed Asset Funds	Total 2017	Total 2016

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

8 Staff

The trust had no employees until 1 June 2017 at which date the employees of New College Pontefract were transferred to the trust under TUPE arrangements.

a. Staff costs

Staff costs during the period were:

	2017 £000	2016 £000
Wages and salaries	1,300	-
Social security costs	128	-
Operating costs of defined benefit pension schemes	241	-
Apprenticeship levy	3	-
	<u>1,672</u>	<u>-</u>
Supply staff costs	8	-
Staff restructuring costs	21	-
	<u>1,701</u>	<u>-</u>
Staff restructuring costs comprise:		
Redundancy payments	5	-
Payment to WYPF	16	-
Other restructuring costs	-	-
	<u>21</u>	<u>-</u>

b. Non statutory/non-contractual staff severance payments

There were no non-statutory/non-contractual severance payments in the year.

c. Staff numbers

The average number of persons (including key management personnel) employed by the trust during the period 1 June 2017 to 31 August 2017 was as follows:

	2017 FTEs	2017 Number	2016 Number
Teachers	85	93	-
Administration and support	57	84	-
Management	6	6	-
	<u>148</u>	<u>183</u>	<u>-</u>

d. Higher paid staff

The number of employees whose annual employee benefits (excluding employer pension costs and employer national insurance costs) exceeded £60,000 was:

	2017 Number	2016 Number
£60,001 - £70,000	1	-
£70,001 - £80,000	2	-
£80,001 - £90,000	2	-
£120,001 - £130,000	1	-

e. Key management personnel

The key management personnel of the academy trust comprise the trustees and the senior management team as listed on page 1. The total amount of employee benefits received by key management personnel for their services to the academy trust was as follows:

	2017 £000	2016 £000
Salaries and benefits in kind	128	-
Employer's national insurance	16	-
Employer's pension contribution	20	-
	<u>164</u>	<u>-</u>

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

9 Related Party Transactions – Trustees’ remuneration and expenses

Only one trustee has been paid remuneration or has received other benefits from an employment with the academy trust. The chief executive officer only receives remuneration in respect of services she provides undertaking the role of chief executive officer of the trust under her contract of employment.

The value of trustees’ remuneration and other benefits was as follows:

P Hagen, OBE (principal, chief executive and trustee):

Remuneration £30,000 - £35,000 (2016: £nil)

Employer’s pension contributions paid £5,000 - £10,000 (2016: £nil)

Travel and subsistence expenses paid £1,073 (2016 £87)

10 Trustees and officers insurance

In accordance with normal commercial practice the trust has purchased insurance to protect trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business. The insurance provides cover up to £2,000,000 on any one claim. It is not possible to quantify the trustees and officers indemnity element from the overall insurance cost.

11 Central Services

The academy trust has provided the following central services to New College Pontefract in the period 1 June 2017 to 31 August 2017 and to its other developing academies throughout the year:

- Human resources
- Financial services
- Other administration services

As the trust received no other funding than the transition grant during the year, all excess expenditure (£275,917) has been charged to New College Pontefract.

As New College Doncaster project development grant was fully expended before the end of the year the excess expenditure not covered by the grant (£19,021) has also been covered by New College Pontefract

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

12 Tangible fixed assets (continued)

The trust's transactions relating to land and buildings included:

- the acquisition of the freehold on the New College Pontefract site which was donated to the trust at a value of £1,270,000
- the acquisition of the New College Pontefract buildings which were donated to the trust at a value of £15,300,000
- the taking up of a leasehold of the New College Doncaster site from the Secretary of State for Communities and Local Government at a value of £350,000 (£nil cost) over a term of 125 years
- the building of the New College Doncaster at a value of £16,436,393. This expenditure was funded by ESFA and first phase of the building was handed over to the trust in September 2017.

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

16 ESFA restructuring loan

The Education and Skills Funding Agency made a loan of £2,399,780 to New College Pontefract on 16 May 2017 to enable it to repay bank loans outstanding at that date together with the break costs charged by the bank. The loan is repayable over 9 years and if the loan is settled earlier no break costs will be charge by the funding agency. The current Public Works Loan Board 6-month variable interest rate, which is set by Her Majesty's Treasury, will apply to the loan. The initial interest rate is 0.87% and the rate will be subject to a review which will take place every six months from 31 May 2017.

The loan is repayable as follows:

	2017 £000	2016 £000
In one year or less	236	-
Between one and two years	260	-
Between two and five years	795	-
In five years or more	1,023	-
	<u>2,314</u>	<u>-</u>

	2017 £000	2016 £000
Contracted for, but not provided in the financial statements	2,892	-

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

20 Commitments under operating leases

Operating leases

At 31 August 2017 the total of the Academy Trust's future minimum lease payments under non-cancellable operating leases was:

	2017 £000	2016 £000
Amounts due within one year	43	-
Amounts due between one and five years	-	-
Amounts due after five years	-	-
	<u>43</u>	<u>-</u>

21 Contingent liabilities

The catering contract for the trust for the five years from 1 September 2017 is based on assumed income over the period includes funding of £116,000 to develop facilities at New College Pontefract at the start of the contract. If the sales targets are not met and the catering contractors wish to withdraw from the contract the trust will need to refund a proportion of the cost to the catering company.

22 Members liability

Each member of the charitable company undertakes to contribute to the assets of the company in the event of it being wound up while he/she is a member, or within one year after he/she ceases to be a member, such amount as may be required, not exceeding £10 for the debts and liabilities contracted before he/she ceases to be a member.

23 Pension and similar obligations

The academy trust's employees belong to two principal pension schemes: the Teachers' Pension Scheme England and Wales (TPS) for academic and related staff; and the Local Government Pension Scheme (LGPS) for non-teaching staff, which is managed by City of Bradford Local Authority. Both are multi-employer defined benefit schemes. The trust had no employees until 1 June 2017 at which date the employees of New College Pontefract were transferred to the trust under TUPE arrangements.

The total pension cost to the trust (for the period 1 June 2017 to 31 August 2017) is as follows:

	2017 £000	2016 £000
Teachers' Pension Scheme: contributions paid	147	-
Local Government Pension Scheme:		-
Normal contributions paid	45	
FRS 102(28) charge	<u>49</u>	
	94	-
Total pension cost within staff costs	<u>241</u>	<u>-</u>

The latest actuarial valuation of the TPS related to the period ended 31 March 2012 and of the LGPS 31 March 2016.

Contributions amounting to £6,876 were payable to the schemes at 31 August 2017 (2016: £nil) and are included within creditors.

Teachers' Pension Scheme

Introduction

The Teachers' Pension Scheme (TPS) is a statutory, contributory, defined benefit scheme, governed by the Teachers' Pensions Regulations (2010) and, from 1 April 2014, by the Teachers' Pension Scheme Regulations 2014. Membership is automatic for full-time teachers in academies and, from 1 January 2007, automatic for teachers in part-time employment following appointment or a change of contract, although they are able to opt out.

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

23 Pension and similar obligations (continued)

Teachers' Pension Scheme (continued)

The TPS is an unfunded scheme and members contribute on a 'pay as you go' basis – these contributions along with those made by employers are credited to the Exchequer. Retirement and other pension benefits are paid by public funds provided by Parliament.

Valuation of the Teachers' Pension Scheme

Not less than every four years the Government Actuary, using normal actuarial principles, conducts a formal actuarial review of the TPS in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014 published by HM Treasury. The aim of the review is to specify the level of future contributions. Actuarial scheme valuations are dependent on assumptions about the value of future costs, design of benefits and many other factors.

The latest actuarial valuation of the TPS was carried out as at 31 March 2012 and in accordance with the Public Service Pensions (Valuations and Employer Cost Cap) Directions 2014. The valuation report was published by the Department for Education on 9 June 2014. The key elements of the valuation and subsequent consultation are:

- employer contribution rates set at 16.48% of pensionable pay (including a 0.08% employer administration charge)
- total scheme liabilities (pensions currently in payment and the estimated cost of future benefits) for service to the effective date of £191,500 million, and notional assets (estimated future contributions together with the notional investments held at the valuation date) of £176,600 million giving a notional past service deficit of £14,900 million
- an employer cost cap of 10.9% of pensionable pay will be applied to future valuations
- the assumed real rate of return is 3.0% in excess of prices and 2% in excess of earnings. The rate of real earnings growth is assumed to be 2.75%. The assumed nominal rate of return is 5.06%.

The TPS valuation for 2012 determined an employer rate of 16.48%, which was payable from September 2015. The next valuation is currently underway based on March 2016 data whereupon the employer contribution rate is expected to be reassessed and will be payable from 1 April 2019.

A copy of the valuation report and supporting documentation is on the [Teachers' Pensions website](#).

Under the definitions set out in FRS 102, the TPS is a multi-employer pension scheme. The trust has accounted for its contributions to the scheme as if it were a defined contribution scheme. The trust has set out above the information available on the scheme.

Local Government Pension Scheme

The LGPS is a funded defined benefit pension scheme, with the assets held in separate trustee-administered funds. The contribution rates are currently 14.0% for employer and range from 5.5% to 12.5% for employees, depending on salary.

As described in note 3 the LGPS obligation relates to employees of the academy trust who were the employees transferred as part of the conversion of New College Pontefract and new employees who were eligible to, and did join the scheme in the period. The obligation in respect of employees who transferred on conversion represents their cumulative service at both the college and the academy trust at the balance sheet date.

Valuation of the Local Government Pension Scheme

The latest actuarial valuation of the College's liabilities took place as at 31 March 2016. As for the previous valuation, the past service liabilities have been calculated using the Projected Unit Method. This method, with a one year control period, has also been used to calculate the cost of future benefits building up for employers who still permit new employees to join the Fund. The costs of providing the cash sum on death in service in the period since the previous valuation have been pooled across all employers in the Fund.

At 31 March 2016 the shortfall of assets relative to the past service liabilities was £743.3m, which corresponds to a funding ratio of 94%. The aggregate employer future service contribution rate in respect of the benefits provided by the 2014 scheme is 16.2% of pensionable pay. The aggregate employer contribution rate required to restore the funding ratio to 100% using a recovery period of 22 years from 1 April 2017, is 18.6% of pensionable pay (if the membership remains broadly stable and pay increases are in line with our assumptions). The comparable figure, at the previous valuation was 16.0% of pensionable pay.

23 Pension and similar obligations (continued)

Local Government Pension Scheme (continued)

The contribution rate for each employer takes into account their particular membership profile and funding ratio, and the assumptions and recovery periods appropriate to their circumstances. For New College Pontefract the contribution rate, based on a recovery period of 22 years, is set at 14.0%pa for the three years from 1 April 2017 (previously 13.8%) with the following additional monetary amounts being payable as follows:

year commencing 1 April 2017:	£21,200	(paid September 2017)
year commencing 1 April 2018:	£21,900	(to be paid September 2018)
year commencing 1 April 2019:	£22,600	(to be paid September 2019)

Parliament has agreed, at the request of the Secretary of State for Education, to a guarantee that, in the event of academy closure, outstanding Local Government Pension Scheme liabilities would be met by the Department for Education. The guarantee came into force on 18 July 2013.

Principal actuarial assumptions

	At 31 August 2017	At 31 August 2016
Rate of increase in salaries	3.25%	-
Rate of increase for pensions in payment/inflation	2.00%	-
Discount rate for scheme liabilities	2.50%	-
Inflation assumption (CPI)	2.00%	-
Inflation assumption (RPI)	3.10%	-

The current mortality assumptions include sufficient allowance for future improvements in mortality rates. The assumed life expectations on retirement age 65 are:

	At 31 August 2017	At 31 August 2016
<i>Aged 65 at accounting date</i>		
Males	22.1	-
Females	25.2	-
<i>Aged 45 at accounting date</i>		
Males	23.0	-
Females	27.0	-

Sensitivity analysis – Present value of total obligation

	At 31 August 2017	At 31 August 2016
	£000	£000
Rate of increase in salaries +0.1%	(38)	-
Rate of increase in salaries -0.1%	38	-
Rate of increase to pensions in payment +0.1%	(138)	-
Rate of increase to pensions in payment -0.1%	136	-
Discount rate +0.1%	173	-
Discount rate -0.1%	(177)	-
Mortality assumption – 1 year increase	(248)	-
Mortality assumption – 1 year decrease	246	-

The academy trust's share of the assets in the scheme were:

	Fair value at 31 August 2017	Fair value at 31 August 2016
	£000	£000
Equity instruments	4,428	-
Property	259	-
Government bonds	551	-
Corporate bonds	224	-
Cash	86	-
Other	195	-
Total market value of assets	5,743	-

Present value of funded defined benefit obligation	(8,170)	-
At 31 August	<u>2,427</u>	<u>-</u>

New Collaborative Learning Trust

Notes to the Financial Statements for the year ended 31 August 2017

24 Related party transactions

Owing to the nature of the academy trust and the composition of the board of trustees being drawn from local public and private sector organisations, transactions may take place with organisations in which the trust has an interest. All transactions involving such organisations are conducted at arm's length and in accordance with the trust's financial regulations and normal procurement procedures. No related party transactions took place in the period of account, other than certain trustees' remuneration and expenses already disclosed in note 9.

New College Pontefract was a trustee of New Collaborative Learning Trust until 22 September 2016. During the year the trust received income of £30,508 (2016: £nil) from New College Pontefract to support the trust's development and paid £133,329 (2016: £24,000) for administration services provided.

25 Events after the end of the reporting period

Phase one of New College Doncaster build was handed over on 11 September 2017 and opened on 18 September 2017 with 460 students on roll. A new free 16-19 school, New College Bradford, is planned to open in September 2019; land has been purchased by the Secretary of State for Communities and Local Government and a lease will be granted to New Collaborative Learning Trust and building work is due to commence in Autumn 2018.

26 Agency arrangements

The academy trust distributes 16-19 bursary funds to students as an agent for the ESFA. The balance unspent held by New College Pontefract on 31 May 2017 was transferred to the trust on Academisation.

	2017 £000	2016 £000
Funding body grants – bursary and free meals	-	-
Disbursements to students	(43)	-
