CARGONATION UNITED KINGDOM LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

1. General information

Cargonation United Kingdom Limited is a private limited company (limited by shares), incorporated and domiciled in England and Wales.

The principal activity of the company is that of selling air freight services for commission. The address of the registered office is 2nd Floor, 55 Ludgate Hill, London, EC4M 7JW.

The average monthly number of employees, including directors, during the year was 2 (2021 - 1).

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The director considers the going concern basis to be appropriate having paid due regard to the Company's expected trade during the 12 months from the date the financial statements are approved along with the availability of support from Global GSA Group B.V. and mitigating actions that can be taken during that period.

Having regard to the above, the director believes it appropriate to adopt the going concern basis of accounting in preparing the financial statements.

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover is recognised after the flight date. The turnover generated from commission is calculated monthly based on various percentages agreed with the relevant airline.

2.4 Debtors

Short-term debtors are measured at transaction price, less any impairment.

2.5 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

2.6 Creditors

Short-term creditors are measured at the transaction price.

2. Accounting policies (continued)

2.7 Foreign currency translation

Functional and presentational currency

The company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of income and retained earnings.

2.8 Finance costs

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.9 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

2.10 Pensions

Defined contribution pension plan

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of financial position. The assets of the plan are held separately from the company in independently administered funds.

2.11 Taxation

Tax is recognised in the Statement of income and retained earnings.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates income.
