NURTON DEVELOPMENTS LIMITED

GROUP STRATEGIC REPORT FOR THE YEAR ENDED 31 MARCH 2021

Introduction

The principal activity of the group is that of property development.

Business review

The Board is delighted that it has so far weathered the adverse economic conditions since March 2019 and is able to report annual results that saw profits of £3,723,186 and a return to net assets of £4,038,452.

During the year, the Group continued to be active in a range of Real Estate sectors and this selective and focused diversification has been the driver for the healthy results for the year.

In particular, the Group's activity within the Residential Strategic Land Sector enabled it to realise a significant profit on a one off land sale, which is included in the 31 March 2021 results. The strategic investment in Equation Properties Limited (a logistics developer) during 2019 is already bearing fruit and the Group's results for 31 March 2021 include turnover and profits from its successful activities during the year.

Joint ventures and partnerships remain a focus for the group and profits were recognised in the consolidated profit and loss account during the year in respect of the 50% share of the Branston Locks joint venture, which is primarily a large residential strategic land site, but also has an industrial/logistics element. Since the year end the joint venture has completed land sales, is under contract for a number of further residential land sales, as well as having commenced construction for four warehouses. As a result of this, we anticipate further profits to be recognised in the next financial year.

The financial plans for the Group remain to continue grow the existing portfolio of assets and investments, but it remains in an excellent position to take advantage of the opportunities that are present, and will become present, in the market.

Risk management is a high priority. Processes are designed to identify, mitigate and manage risk. The Board are ultimately responsible for risk management. The Directors manage each development/investment on an individual basis.

Principal risks and uncertainties

One of the key risks in property trading and development is the speed in which market conditions can change. To manage this risk the directors strive to only buy and/or develop an interest in properties that are in high demand. They also closely monitor costs and changes in the market such that action can be taken quickly if necessary.

Interest rate risk

The group hedges its interest rate risk on some bank loans by swapping its variable rate debt into a fixed rate by the use of interest rate swaps.

Credit risk

Cash investments and the interest rate swap arrangements relating to certain of the bank loans are with institutions of a suitable credit quality.

Financial key performance indicators

Maximising returns and minimising risks are the key performance measures for the business. The group's directors believe that any further performance indicators are not necessary or appropriate for an understanding of the performance or position of the business.

GROUP STRATEGIC REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2021

Coronavirus

At the date of signing these accounts, Coronavirus represents both a risk to the business and its people. The group is taking active measures to ensure its people remain safe and healthy. Measures include additional education on cleanliness, self-isolation, social distancing and the ability to work from home or in roster patterns where necessary. There are daily business continuity and health and safety meetings to ensure compliance with the measures introduced.

This report was approved by the board and signed on its behalf by:

NURTON DEVELOPMENTS LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 MARCH 2021

The directors present their report and the financial statements for the year ended 31 March 2021. As permitted by the Companies Act 2006, certain items that are required to be included in the directors' report are included in the strategic report.

Directors' responsibilities statement

The directors are responsible for preparing the group strategic report, the directors' report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the Group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Directors

The directors who served during the year are disclosed on the company information page.

Coronavirus

At the date of signing these financial statements, the directors have considered the effect on the group with the information available to it, and do not believe it will affect the group's ability to continue to trade for the foreseeable future. As with most businesses there will be short term practical difficulties which we have addressed and are managing. However, there are also positive signs from our clients to continue to operate normally, together with winning new potential commercial opportunities where we are well placed. See note 1.4 for further details.

Disclosure of information to auditor

Each of the persons who are directors at the time when this directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company and the Group's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company and the Group's auditor is aware of that information.

Post balance sheet events

There have been no significant events affecting the group since the year end.

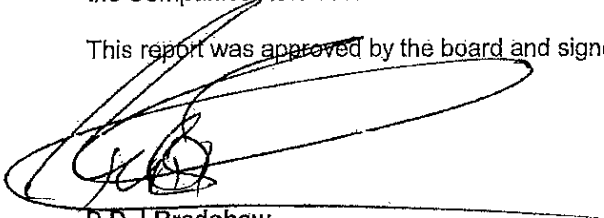

NURTON DEVELOPMENTS LIMITED

DIRECTORS' REPORT (CONTINUED)
FOR THE YEAR ENDED 31 MARCH 2021

Auditor

The auditor, Cooper Parry Group Limited, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

P D J Bradshaw
Director

Date: 17 December 2021

NURTON DEVELOPMENTS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NURTON DEVELOPMENTS LIMITED

Opinion

We have audited the financial statements of Nurton Developments Limited (the 'parent company') and its subsidiaries (the 'Group') for the year ended 31 March 2021, which comprise the group statement of comprehensive income, the group and company Balance sheets, the group statement of cash flows, the group and company statement of changes in equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- *give a true and fair view of the state of the Group's and of the parent company's affairs as at 31 March 2021 and of the Group's profit for the year then ended;*
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's or the parent company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

NURTON DEVELOPMENTS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NURTON DEVELOPMENTS LIMITED (CONTINUED)

Other information

The other information comprises the information included in the Annual Report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the Annual Report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Group strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the Group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Directors' responsibilities statement set out on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the parent company or to cease operations, or have no realistic alternative but to do so.

NURTON DEVELOPMENTS LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF NURTON DEVELOPMENTS LIMITED (CONTINUED)

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Group financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our assessment focussed on key laws and regulations the company has to comply with and areas of the financial statements we assessed as being more susceptible to misstatement. These key laws and regulations included but were not limited to compliance with the Companies Act 2006, United Kingdom Generally Accepted Accounting Practice and relevant tax legislation.

We are not responsible for preventing irregularities. Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the company through discussions with directors and other management, and from our commercial knowledge and experience of the property development industry;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence where applicable; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.
- we assessed the susceptibility of the company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:
 - o making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
 - o considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.
- To address the risk of fraud through management bias and override of controls, we:
 - o tested journal entries to identify unusual transactions;
 - o assessed whether judgements and assumptions made in determining the accounting estimates set out in note 2 were indicative of potential bias, in particular the director's assessment of the valuation of stock;
 - o investigated the rationale behind significant or unusual transactions
 - o reviewing nominal accounts of certain nominal codes for indication of any management override.
- In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:
 - o agreeing financial statement disclosures to underlying supporting documentation;
 - o enquiring of management as to actual and potential litigation and claims;
 - o reviewing correspondence with HMRC and associated parties

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

A further description of our responsibilities for the audit of the financial statements is located on the Financial

Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

The notes on pages 16 to 37 form part of these financial statements.

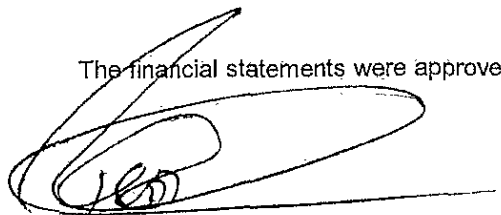

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies

1.1 Basis of preparation of financial statements

Nurton Developments Limited is a limited liability company incorporated and domiciled in the United Kingdom. The address of its registered office is shown on the company information page.

The financial statements are prepared in Sterling (£) which is the functional currency of the company. The financial statements are for the year ended 31 March 2021 (2020: 31 March 2020).

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires group management to exercise judgement in applying the group's accounting policies. The areas involving a higher degree of judgement or complexity or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.

The following principal accounting policies have been applied:

1.2 Basis of consolidation

The consolidated financial statements present the results of the company and its own subsidiaries ("the Group") as if they form a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the balance sheet, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the consolidated profit and loss account from the date on which control is obtained. They are deconsolidated from the date control ceases.

1.3 Disclosure exemptions

The company has taken advantage of the exemption allowed under section 408 of the Companies Act 2006 and has not presented its own Statement of Profit and Loss in these financial statements.

As permitted by FRS102 section 1.12, the group has taken advantage of the disclosure exemption available for aggregate remuneration of key management personnel and related party transactions in relation to wholly owned group companies.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies (continued)

1.4 Coronavirus and going concern

At the time of signing these accounts, the directors have considered the effect of the Coronavirus on the going concern position, and consider that this does indicate that the group will continue to trade for a period of at least 12 months from the date of signing these accounts due to the banking facilities available to it and the UK Government support available to businesses during this difficult time.

The financial forecasts prepared by the directors show that the group will be able to operate within the facilities available to it.

The company and group meet their property development cash flow requirements through various bank facilities secured on the property developments and certain cross guarantees within the group.

The group has received an undertaking from the directors that they will continue to provide financial and other support to the group for at least twelve months from the date of approval of these financial statements. As with any group placing reliance on other individuals for financial support, the directors acknowledge that there can be no certainty that this support will continue although, at the date of approval of these financial statements, they have no reason to believe that it will not do so.

The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

On that basis, the directors have prepared these financial statements on a going concern basis.

1.5 Turnover

Turnover represents the proceeds of property developments sold, before deduction of related expenditure. Disposals of properties are recognised when unconditional contracts of sale have been exchanged. Turnover excludes value added tax.

1.6 Operating leases: the Group as lessee

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

1.7 Interest income

Interest income is recognised in the consolidated profit and loss account using the effective interest method.

1.8 Finance costs

Finance costs are charged to the consolidated profit and loss account over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount.

1.9 Borrowing costs

All borrowing costs are recognised in profit or loss in the year in which they are incurred.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies (continued)

1.10 Pensions

Defined contribution pension plan

The Group operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. Once the contributions have been paid the Group has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the balance sheet. The assets of the plan are held separately from the Group in independently administered funds.

1.11 Taxation

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Group can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

1.12 Intangible assets

Goodwill

Goodwill represents the difference between amounts paid on the cost of a business combination and the acquirer's interest in the fair value of the Group's share of its identifiable assets and liabilities of the acquiree at the date of acquisition. Subsequent to initial recognition, goodwill is measured at cost less accumulated amortisation and accumulated impairment losses. Goodwill is amortised on a straight line basis to the consolidated profit and loss account over its useful economic life.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies (continued)

1.13 Tangible fixed assets

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Freehold property is not depreciated as the directors believe that as such property is maintained to a high standard for trading purposes, the residual value of the property is not lower than its cost and accordingly, there is no depreciation to charge.

At each reporting date the company assesses whether there is any indication of impairment. If such indication exists, the recoverable amount of the asset is determined which is the higher of its fair value less costs to sell and its value in use. An impairment loss is recognised where the carrying amount exceeds the recoverable amount.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Improvements to leasehold property	-	25%
Motor vehicles	-	25%
Fixtures and fittings	-	25%
Office equipment	-	25%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

1.14 Associates and joint ventures

An entity is treated as a joint venture where the Group is a party to a contractual agreement with one or more parties from outside the Group to undertake an economic activity that is subject to joint control.

An entity is treated as an associated undertaking where the Group exercises significant influence in that it has the power to participate in the operating and financial policy decisions.

In the consolidated accounts, interests in associated undertakings and joint ventures are accounted for using the equity method of accounting. Under this method an equity investment is initially recognised at the transaction price (including transaction costs) and is subsequently adjusted to reflect the investors share of the profit or loss, other comprehensive income and equity of the associate. The consolidated profit and loss account includes the Group's share of the operating results, interest, pre-tax results and attributable taxation of such undertakings applying accounting policies consistent with those of the Group. In the consolidated balance sheet, the interests in associated undertakings are shown as the Group's share of the identifiable net assets, including any unamortised premium paid on acquisition.

Any premium on acquisition is dealt with in accordance with the goodwill policy.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies (continued)

1.15 Stocks

Stock and work in progress are stated at the lower of cost and net realisable value. Cost includes all direct expenditure incurred on the development of sites. This will normally comprise the cost of land, associated professional charges, labour, materials and site overheads. Net realisable value is based on the estimated revenue less the costs to be incurred in completing, if appropriate, and selling the remaining properties on each development. The assessment of net realisable value is based on the open market basis. Work in progress is valued at the lower of cost and estimated net realisable value and is disclosed after deduction of provisions for known and expected losses.

1.16 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1. Accounting policies (continued)

1.17 Financial instruments

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received. However, if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or in case of an out-right short-term loan that is not at market rate, the financial asset or liability is measured, initially at the present value of future cash flows discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost, unless it qualifies as a loan from a director in the case of a small company, or a public benefit entity concessionary loan.

Investments in non-derivative instruments that are equity to the issuer are measured:

- at fair value with changes recognised in the consolidated statement of comprehensive income if the shares are publicly traded or their fair value can otherwise be measured reliably;
- at cost less impairment for all other investments.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate of the recoverable amount, which is an approximation of the amount that the Group would receive for the asset if it were to be sold at the balance sheet date.

Investment in preference and ordinary shares

Investments in equity instruments are measured initially at fair value, which is normally the transaction price. Transaction costs are excluded if the investments are subsequently measured at fair value through profit or loss. Subsequent to initial recognition investments that can be measured reliably are measured at fair value with changes recognised in profit or loss. Other investments are measured at cost less impairment in profit or loss.

1.18 Prior year reclassification

Certain balances in the comparative balance sheet at 31 March 2020 have been reclassified. The investment in the new company, Nurton Developments (Newater) Limited, was treated at 31 March 2020 as a subsidiary undertaking of Nurton Developments Limited. Following a reduction of the investment in the share capital of Nurton Developments (Newater) Limited to 25% on 31 March 2020, the investment has been treated as an associated undertaking and the prior year balance sheet has been reclassified. The impact of this adjustment at 31 March 2020 has been to reduce stock by £4,986,000, trade debtors by £145,040, other debtors by £18,960, amounts owed to related undertakings by £3,962,500 and to increase amounts owed by related undertakings by £1,287,500. This adjustment has no impact on net assets or profit and loss at 31 March 2020.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

2. Judgements in applying accounting policies and key sources of estimation uncertainty

The group makes estimates and assumptions concerning the future. The directors are also required to exercise judgement in the process of applying the group's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

In preparing these financial statements, the directors have made the following judgements:

Recoverability of trade debtors

Trade and other debtors are recognised to the extent that they are judged recoverable. The directors review is performed to estimate the level of reserves required for irrecoverable debt. Provisions are made specifically against invoices where recoverability is uncertain.

The directors make allowances for doubtful debts based on an assessment of the recoverability of debtors. Allowances are applied to debtors where events or changes in circumstances indicate that the carrying amounts may not be recoverable. The directors specifically analyse historical bad debts, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of the provision for doubtful debts. Where the expectation is different from the original estimate, such difference will impact the carrying value of debtors and the charge in the consolidated profit and loss account.

Provisions

A provision is recognised when the group has a present legal or constructive obligation as a result of a past event for which it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Whether a present obligation is probable or not requires judgement. The nature and type of risks for these provisions differ and management's judgement is applied regarding the nature and extent of obligations in deciding if an outflow of resources is probable or not.

Taxation

There are many transactions and calculations for which the ultimate tax determination is uncertain. The group recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due.

The directors' estimation is required to determine the amount of deferred tax assets that can be recognised, based upon likely timing and level of future taxable profits together with an assessment of the effect of future tax planning strategies.

Impairment of stock

At each reporting date, the carrying value of stock held is compared with its recoverable amount. The estimates used in arriving at the recoverable amount are reviewed internally and approved by the Board, as detailed in the accounting policies. If the carrying value is more, an impairment is recognised.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

3. Turnover

Analysis of turnover by country of destination:

	2021 £	2020 £
United Kingdom	27,402,263	428,600

4. Other operating income

	2021 £	2020 £
Other operating income	655,047	344,442
Net rents receivable	1,020,919	1,016,365
Related party interest receivable	955,602	862,477
	<u>2,631,568</u>	<u>2,223,284</u>

5. Operating profit/(loss)

The operating profit/(loss) is stated after charging:

	2021 £	2020 £
Amortisation of intangible assets	335,109	195,480
Depreciation of tangible fixed assets	15,061	23,191
Rents receivable in respect of operating leases and service charge income	<u>(796,423)</u>	<u>(1,017,741)</u>

6. Auditor's remuneration

	2021 £	2020 £
Fees payable to the Group's auditor and its associates for the audit of the Group's annual financial statements	<u>78,800</u>	<u>73,000</u>

NURTON DEVELOPMENTS LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

7. Employees

Staff costs, including directors' remuneration, were as follows:

	Group 2021 £	Group 2020 £	Company 2021 £	Company 2020 £
Wages and salaries	1,267,331	890,400	608,736	553,709
Social security costs	151,190	111,227	66,079	71,138
Cost of defined contribution scheme	37,409	176,434	13,219	152,244
	<u>1,455,930</u>	<u>1,178,061</u>	<u>688,034</u>	<u>777,091</u>

The average monthly number of employees, including the directors, during the year was as follows:

	2021 No.	2020 No.
Directors	6	6
Admin	7	7
	<u>13</u>	<u>13</u>

8. Directors' remuneration

	2021 £	2020 £
Directors' emoluments	226,726	320,726
Company contributions to defined contribution pension schemes	<u>2,626</u>	<u>140,000</u>

During the year retirement benefits were accruing to no directors (2020 - NIL) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £120,000 (2020 - £120,000).

9. Interest receivable

	2021 £	2020 £
Bank interest receivable	<u>6,442</u>	<u>5,366</u>

NURTON DEVELOPMENTS LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

10. Interest payable and similar expenses

	2021 £	2020 £
Bank interest payable	401,320	500,885
Related party interest payable	177,006	132,845
Joint venture interest payable	609,617	835,966
Unwinding discount on preference share liability	502,438	452,388
	<u>1,690,381</u>	<u>1,922,084</u>

11. Taxation

	2021 £	2020 £
Corporation tax		
Current tax on profits for the year	412,412	-
	<u>412,412</u>	<u>-</u>
Total current tax	<u>412,412</u>	<u>-</u>

Factors affecting tax charge for the year

The tax assessed for the year is lower than (2020 -higher than) the standard rate of corporation tax in the UK of 19% (2020 - 19%). The differences are explained below:

	2021 £	2020 £
Profit/(loss) on ordinary activities before tax	4,135,598	(1,880,582)
Profit/(loss) on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2020 - 19%)	785,764	(357,311)
Effects of:		
Expenses not deductible for tax purposes	208,877	129,637
Adjustments to tax charge in respect of prior periods	-	(19,817)
Deferred tax not recognised	-	247,491
Utilisation of deferred tax assets not previously recognised	(582,229)	-
Total tax charge for the year	<u>412,412</u>	<u>-</u>

No additional deferred tax asset has been recognised in respect of the losses due to uncertainty over the timing of future taxable profits. Accordingly, there is an unrecognised deferred tax asset of £1,189,860 (2020: £1,858,307)

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

On 28 August 2020, 340,000 convertible preference shares of 10p each were issued for £5 each. These were issued on the conversion of £1,700,000 of the directors' loan.

The convertible preference shares have the same rights and obligations as the ordinary shares with the exceptions that they do not carry voting rights, are redeemable from September 2021 at the request of the holder and are convertible to ordinary shares in the event of a listing of the company.

Included within other creditors are £3,987,074 (2020: £1,213,789) owed to directors of the company.

20. Loans

22. Reserves

Share premium account

The share premium account includes any premiums received on issue of share capital. Any transaction costs associated with the issuing of shares are deducted from share premium.

Capital redemption reserve

The capital redemption reserve represents the nominal value of shares repurchased.

Other reserves

Other reserves represents the equity element of convertible preference shares issued.

Profit and loss account

The profit and loss account includes all current and prior periods retained profits and losses.

NURTON DEVELOPMENTS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

23. Contingent liabilities

The borrowings of certain subsidiary and related undertakings are secured by way of cross guarantees given by the company. At the year-end, total borrowings secured by this way were £9,390,932 (2020: £10,449,675). However, such borrowings are also secured on the freehold and leasehold properties of the relevant subsidiaries which the directors consider to have a value in excess of the borrowings outstanding, therefore, it is not anticipated that any liability would arise under this cross guarantee.

24. Pension commitments

The group and company operate a defined contribution scheme. The pension cost charge for the year represents contributions payable by the group and company to the scheme and amounted to £10,593 (2020: £12,244).
