Coino UK Limited and Fourex Inc Limited The Administrators' Proposals

### 1. Introduction and circumstances giving rise to the appointment of the Administrators

On 6 October 2021, the Companies entered Administration and Philip David Reynolds and Ian Corfield were appointed as Joint Administrators.

This document, together with its appendices, forms the Administrators' statement of proposals to creditors in accordance with Paragraph 49 of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules. The Proposals are deemed delivered two business days after they are dated.

Certain statutory information about the Companies and the Administrations are provided at **Appendix A**.

#### **Background information regarding the Companies**

The Group was established in September 2013, following the incorporation of Coino, and specialised in the provision of automated foreign exchange solutions in the form of electronic kiosks predominately located in high footfall travel and tourist hubs such as airports and train stations.

Coino held the vast majority of the Group's physical assets and undertook the operations associated with the manufacture, repair and maintenance of the kiosk, including facilities management. Coino's subsidiary, Fourex, facilitated the Group's foreign exchange operations, with its sole activity being the conversion of currency within the kiosks.

Fourex traded under an anti-money laundering registration supervised by HMRC which is a requirement to undertake foreign exchange activities.

Coino was overseen by five company directors, two of whom also acted as directors of Fourex. Coino is the sole shareholder of Fourex, whilst Coino's shareholding is divided between 428 individual shareholders.

The Group operated over 100 foreign exchange kiosks based in various locations around the UK. These kiosks provided tourists and travellers with a solution for exchanging multiple foreign or obsolete currency into GBP

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

#### **Events leading to the appointment of the Administrators**

Group revenue saw a steep decline from FY19 to FY20 (£3.9M to £2.4M respectively) following the outbreak of the COVID-19 pandemic. The introduction of international travel restrictions and national lockdowns led to a 73% decrease in the number of recorded inbound visits to the UK from 2019 to 2020. With the Group's core revenue generating activity being the facilitation of foreign exchange transactions, focused specifically at travellers and tourists, revenues fell sharply from Q3 2020 onwards.

As a result of the Group's decreasing revenue and high fixed cost base, cash reserves depleted steadily throughout 2020 and into 2021, despite mitigating actions being taken by the Group's management, including enrolment into the Government's furlough scheme, securing rent reductions and reducing headcount.

Funds were also liquidated from the kiosks in order to meet the ongoing costs of the business, which resulted in the number of active, trading kiosks being reduced from over 100 at the peak to 66 by the time that administrators were appointed.

With cash reserves continuing to be depleted through 2021, the Group's management sought a new strategic or financial partner that could support the business through the immediate Covid-19 challenges and onwards and engaged Buzzacott's to commence a solvent sale process. Existing shareholders were also approached for a further equity injection, however there was no appetite for this.

Although there was some interest generated in the sale process, a suitable buyer for the Companies was not found, and steps were taken to place the Companies into Administration.

#### **Appointment of the Administrators**

FRP were initially engaged on 8 August 2021 to undertake a strategic cashflow forecast and options review given the ongoing losses and liquidity pressure. The scope of this engagement was extended on 23 September 2021 to include the preparation of a contingency plan for the potential administration of the Group.

At this stage FRP's primary duty of care was to the Companies, which would include consideration of the directors' fiduciary duties to act in the overall best interest of each company and its creditors. Until the appointment of Administrators the directors

### 1. Introduction and circumstances giving rise to the appointment of the Administrators

FRP

continued to be responsible for the Companies and their affairs. Neither FRP nor its insolvency practitioners advised the directors personally, or any parties interested in purchasing the business and assets of the Companies.

At separate board meetings held on 30 September 2021, the Directors of both Coino and Fourex resolved that the Companies should be place into Administration.

Philip Reynolds and Ian Corfield were appointed as Administrators of the Companies on 6 October 2021 following the filing of Notices of Appointment by the directors of Coino and Fourex respectively in the High Court of Justice.

Prior to the Administrators' appointment they are required to consider any ethical and conflict issues in relation to the appointment and ensure they are satisfied that there are no matters arising that would preclude them consenting to act as Administrators. The Administrators provided a statutory statement and Consent to Act in which any prior relationship between the proposed Administrators and the Companies are summarised; this statement is subsequently filed in Court.

Following the Administrators' appointment their duty of care is to all the Companies' creditors as officers of the Court and agents of the Companies, taking over from the Board the responsibilities of managing the affairs, business and property of the Companies.

# FRP

#### The objective of the administration

The Administrators believe that objective (a) of the administration, as detailed in Paragraph 3(1) of Schedule B1 to the Insolvency Act 1986, being to rescue the Companies as a going concern, will not be achieved due to the poor market conditions and significant cash injections required to keep the Companies trading.

As such it is envisaged that objective (b), to achieve a better result to creditors as a whole than would be likely if the Companies had been wound up (without first being in administration), will be achieved through the managed wind down of the Companies' operations, allowing for greater stock and asset realisations.

#### The Administrators' actions to date

Details of work already undertaken since appointment or anticipated will be undertaken is set out in the schedule of work attached at **Appendix C.** 

Immediately following the appointment, the Administrators and their staff attended the trading location in London to undertake an assessment of the Group's business.

All staff dealing with operations within the Group were employed by Coino. On appointment Coino employed 21 individuals, with 1 employee being made redundant immediately following the Administrators' appointment and the remaining 20 retained to assist with the ongoing trading.

Following discussions with the Group's management team, it was determined that the ongoing trading of the business and a subsequent sale of the business and assets of the Companies would provide the best outcome for creditors. This would ensure the continued employment of some of Coino's staff as well as assisting in trading sales ledger by ensuring an ongoing service to customers.

Hilco were engaged to provide a valuation of the Companies' assets to assist the Administrators in assessing the offers received for the business and assets.

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

#### Trading

The Administrators continued to trade the Companies while the business and assets were marketed. The Companies landlords and other essential suppliers were contacted and undertakings provided to ensure continuance of essential supplies during the administration period. These undertakings are subsequently being released as and when the services are no longer required.

The Administrators oversaw and assisted with the daily operational issues with the Companies. The Administrators' team worked with the management team to ensure that services continued to be provided to customers as normal during the trading period.

As noted previously, Coino's operations facilitated the trading activities of Fourex, through which revenue was generated. As such, the majority of the costs of trading were payable by Coino and will be recharged to Fourex as appropriate in due course.

The Companies traded for the period from 6 October 2021 to 31 October 2021 to provide the time to see if a going concern sale could be achieved. During this period, Fourex generated a net revenue of £9,383.84, while the trading costs paid by Coino at the date of this report total £83,399.72. Trading costs are yet to be finalised and, once the intercompany recharge is applied, it is anticipated that both companies will suffer a trading loss, before the Administrators' costs.

A ransom payment of £10,855 plus VAT was made to a third-party supplier that dealt with the collection of cash stock from the kiosks and subsequent currency conversion of foreign denomination coins. The supplier was holding funds due to Fourex in excess of £100k which were released into the Administration estate upon payment of the ransom amount.

#### Sale of business and assets

The Administrators conducted a full marketing process through the utilisation of FRP's database of potential interested parties, alongside the engagement of Buzzacott to

FRP

revisit the same parties that they approached prior to the Administrators' appointment. Discussions were also held with the Group's management team to determine if they were aware of any potential interested parties.

The sale process was managed through an online data room with non-disclosure agreements (NDAs) being required to be signed by interested parties before the release of information. Discussions and correspondence were undertaken with interested parties to explain the opportunity and the expected procedure for offers to acquire the Group's business and assets. Interested parties were also given the opportunity to discuss the business with the incumbent management team if they so wished.

The marketing process was commenced on 7 October 2021 and interested parties were set a deadline of 13 October 2021 for full and final offers. This deadline was subsequently extended to 20 October 2021 following the positive reaction from interested parties to the marketing process.

The Administrators, with the assistance of Buzzacott, received expressions of interest from 21 parties who signed NDAs and were provided access to the online data room.

This process resulted in 1 offer being received from an interested party which was accepted on 21 October 2021. However, following further legal due diligence undertaken by the interested party as well as difficulties in obtaining the required antimoney laundering registration to carry out the trade, they made the decision to withdraw their offer on 25 October 2021.

With no further offers for a sale of the Group's business and assets, the Administrators immediately commenced the winding down of the Companies' trading activities. The Group's trading activities were ceased on 31 October 2021.

A further 7 employees were made redundant on 26 October 2021 following the withdraw of the offer. The remaining 13 employees were retained to assist with the wind down of the Companies and have been made redundant at various stages

through the process. At the date of this report, 2 employees are continuing to assist with the closure of the Companies and associated asset realisations.

#### Sale of assets only

All parties that had previously demonstrated an interest in the business were reapproached with the opportunity to purchase the assets held by Coino only. This process resulted in 4 offers being received for a variety of the assets. Following negotiations with these parties, one party's offer was identified as being the most attractive proposition, which encompassed a sale of all of Coino's physical assets held at the trading address in Rochester alongside the intellectual property and software assets.

Despite proof of funds being obtained and the drafting of a sale agreement commenced, the party ultimately withdrew their offer on 22 November 2021.

The underbidders were subsequently contacted to determine if their offers remained, however none of these parties expressed an interest in completing a transaction at an acceptable level. The Administrators have therefore engaged Hilco to realise the physical assets held at the premises in Rochester.

#### Kiosks and stock

Coino owned 93 foreign exchange kiosks which were situated at third-party landlord premises across the UK at the date of appointment. The kiosk held stock owned by Fourex in the form of notes and coins in Pounds Sterling as well as a variety of other currencies.

Following the withdrawal of the offer for the business and assets of the Companies, a third-party contractor as well as Coino's own cash in transit team were engaged to collect the stock held in all of the machines nationwide.

To date, cash stock totalling approximately £384,497 has been realised following currency conversion. The remaining stock is in the process of being converted to

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

4

Pounds Sterling by third party suppliers and will be realised in due course. The collection of the stock from the kiosks was completed on 31 October 2021, with the operations of the kiosk being ceased on that date.

Following the cessation of the kiosk activities, it was brought to the Administrators' attention that each of the kiosks held a hard drive containing CCTV recordings taken by the camera mounted in the kiosk. Legal advice was sought from Pitmans who confirmed that this represented a potential issue regarding compliance with the General Data Protection Regulations ("GDPR"). A third-party contractor was engaged alongside Coino's remaining engineering team to attend each site a remove the hard drives containing the recordings, which are in the process of being securely destroyed to avoid any risk of a GDPR breach.

With a sale of the business and assets not being achieved, the Administrators sought advice from Hilco regarding the realisable value of the kiosks held at third party landlords. It was determined that the costs of the removal and sale of the kiosks would be in excess of any realisable value. All landlords were contacted to confirm that the Administrators retained no interest in the kiosk held on their sites.

#### Cash at bank

Coino held cash totalling £25,474.03 in its current accounts with Lloyds Bank PLC on appointment. Fourex held cash totalling £25,555.12 and €64,158.19 across its Pound Stirling and Euro current accounts with Lloyds Bank PLC, respectively, on appointment. The Administrators' have liaised with Lloyds Bank PLC in order to freeze any payments from these accounts and arrange for the balances to be transferred to the administration bank accounts.

#### Intercompany Debt

At the date of the Administrators' appointment, the Companies' balance sheets showed an outstanding amount due from Fourex to Coino totalling £4,516,203. Subject to verification of the outstanding balance by a subsequently appointed

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

Liquidator to Fourex, Coino would be entitled to participate in any distribution made to unsecured creditors of Fourex

#### The Administrators' future work

Following approval of the Administrators' proposals the Administrators will continue to conduct the Administration to achieve the purpose of the Administration. Key matters to be undertaken include:

- · Exit the Company's leasehold premise;
- · Finalising costs for the trading period;
- Liaising with suppliers regarding the realisation of the remaining stock;
- Liaising with Hilco regarding the realisation of Coino's remaining physical assets;
- Finalising employee redundancies;
- Terminating the remaining undertakings provided to trade suppliers;
- Investigate and, if appropriate, pursue any claims that the Companies may have against any person, firms or Company whether in contract or otherwise, including any officer or former officer of the Companies or any person, firm or Company that supplies or has supplied goods or services to the Companies;
- Distribute realisations to preferential creditors where applicable;
- Ensure all statutory and compliance matters are attended to; and
- Pay all administration expenses and bring the administration to an end when deemed appropriate by the Administrators.

### **Receipts and Payments Accounts**

Copies of the Administrators' receipts and payment accounts to date are attached as **Appendix B**. These show a current trading profit in Fourex of £9,384 and a current trading loss of £83,400 in Coino. However, with the costs of the trading period not yet finalised and an intercompany recharge to be undertaken, it is anticipated that both companies will suffer a trading loss.

# FRP

#### The Directors' Statement of Affairs

The directors of the Companies have been asked to submit Statements of Affairs under paragraph 47 of Schedule B1 of the Insolvency Act 1986. Copies of the Statements of Affairs are provided at **Appendix E**. The Statement of Affairs for Coino has not been signed on all pages but has been included in this report for reference.

#### Matters requiring investigation

The Administrators are required as part of their duties to establish what assets the Companies own and to consider the way in which the Companies' businesses have been conducted.

They are also required under the provisions of the Company Directors Disqualification Act 1986 to report to the Secretary of State for Business Energy and Industrial Strategy on the conduct of the Directors.

If you have any information or concerns regarding the way in which the Companies businesses have been conducted or have information regarding potential recoveries for the estates, please contact me as soon as possible.

#### The end of the administrations

The Administrations will end automatically after twelve months from the date of appointment of the Administrators. This period can be extended with consent of the creditors for up to twelve months or longer by application to the Court as required.

If the Administrators think the Companies have no property which might permit a distribution to its unsecured creditors, or if they also consider that an exit from the administration into liquidation is not appropriate, they will send a notice to the Registrar of Companies in accordance with Paragraph 84 of Schedule B1 to the Insolvency Act 1986 to bring the Administration to an end and three months after the filing of the notice the Companies will be deemed to be dissolved.

If the Administrators are of the view that a dividend will become available to the unsecured creditors (other than by virtue of the prescribed part) it is appropriate for the Companies to move from administration into CVL pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986. If applicable the Administrators will take steps to place the Companies into CVL.

Should a dividend not become available to the unsecured creditors, but it is still appropriate for the Companies to enter liquidation, the Administrators will petition the Court pursuant to Paragraph 79 of Schedule B1 to the Insolvency Act 1986 for an order to bring the administration to an end with a consequential order for the compulsory winding up of the Companies.

Pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986, should the creditors not nominate a Liquidator, the proposed Liquidators in a CVL are to be the Administrators or any successor office holder(s). Any act to be done by the Liquidators may be done by all or any one of them. Pursuant to Paragraph 83(7)(a) of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before these proposals are approved.

The Liquidators in a compulsory winding up will be appointed by the Court and may be the Administrators, or any successor office holder(s).

If the Administrators are of the view that it is appropriate for the creditors to consider the approval of a CVA the proposed supervisors are to be the Administrators or any successor office holder(s). Creditors may nominate different supervisors when considering whether to approve the CVA proposals.

In both of these administrations it is proposed that the administrators will take the necessary steps to move the Companies into CVLs to enable distributions to unsecured creditors.

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

6

# FRP

#### **Decision of creditors by correspondence**

The Administrators are required to seek a decision from the Company's creditors under Paragraph 51 of Schedule B1 to the Insolvency Act 1986 on the following matters:

- Approval of the Administrators' proposals, with or without modifications;
- That a creditors' committee is not established.

The decision is being sought by means of voting by correspondence, in accordance with the Insolvency Rules.

If, as a result of the vote, a creditors' committee is appointed, the following will require the determination of the creditors' committee:

- · The basis of the Administrators' remuneration;
- Approval of the payment of the Administrators' disbursements for mileage costs;
- Approval of an extension to the Administration for six months after the anniversary;
- Approval of the Administrators' pre-appointment costs being met as an expense of the administration; and
- The approval of the Administrators' discharge from liability in accordance with Paragraph 98 of Schedule B1 to the Insolvency Act 1986.

If a creditors' committee is not appointed (which requires 50% of the creditors voting by value to vote in favour of it together with the nomination of at least 3 members entitled to sit on the committee) the above will be determined by the creditors.

To vote by correspondence creditors must have lodged a completed Proof of Debt form, which is considered by the Administrators and accepted for voting purposes, either in whole or in part, and return with the completed voting form by the decision date shown on that form. Creditors whose claims are wholly secured are not entitled to vote. A decision is made if, at the decision date, a majority in value of those who have responded have voted in favour. However, a decision is not made if those voting

Coino UK Limited and Fourex Inc Limited (Both In Administration)

The Administrators' Proposals

against it include more than half in value of creditors to whom notice of the vote by correspondence was sent and who are not connected with the Companies. Notice of the decision will be sent to creditors after the decision date.

The Administrators must, however, summon a physical meeting if requested to do so by the required minimum number of creditors. The required minimum number is any one of the following:

- 10% in value of the creditors
- 10% in number of the creditors
- 10 creditors

The request must be made in writing within 5 business days of the date on which the notice of decision by correspondence is delivered, in accordance with the Insolvency Rules.

### 3. The Administrators' remuneration, disbursements and pre-appointment costs

#### Administrators' remuneration

Schedules of the work to be undertaken during the administration are set out at **Appendix C** together with estimated outcome statements which include an estimate of the expenses likely to be incurred by the Administrators. Assumptions made in preparing the summary of work, estimated expenses and the fees estimate where a time cost resolution is proposed are set out in the schedule of work.

The Administrators' remuneration will be drawn from each company's assets and it is proposed that it will be charged by reference to the time incurred in attending to matters arising. Further details of how this will be calculated are set out below. The basis of the Administrators' remuneration has not yet been approved by creditors, and the Administrators have accordingly not drawn any remuneration in these cases.

Should the Companies subsequently be placed into liquidation and the Administrators appointed as Liquidators, the basis agreed for the drawing of the Administrators' remuneration will also be that utilised in determining the basis of the Liquidators' remuneration, in accordance with the Insolvency Rules. The Liquidators' will seek further creditor approval for the quantum of fees to be drawn in the liquidation where

Whichever fee basis is approved by creditors and utilised to calculate the level of remuneration that can be drawn by the Administrator this will include all direct costs of providing professional services by the Administrator and their staff in dealing with Coino and Fourex, but will exclude any expenses that may be paid to an associate or which have an element of shared costs (known as category 2 expenses), which require separate approval from creditors before they can be paid.

# Remuneration charged by reference to the time incurred in attending to matters arising

The Administrators' remuneration which is proposed to be charged by reference to time incurred is set out on the fee estimates attached at **Appendix C**. Time costs to date total £175,926 and £65,993 for Coino and Fourex respectively.

The time charged is based on computerised records capturing time charged by the Administrators and their staff in dealing with the conduct of those aspects of the cases being charged on a time cost basis. Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and the experience required. Time is charged to the case in maximum units of six minutes. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters.

Charge out rates are reviewed at least annually, details of FRP's charge out rates are included at  $\bf Appendix\ C.$ 

### Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Companies. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the administration of the Companies, are paid by FRP at the HMRC approved mileage rate. It is proposed mileage is recharged and drawn at the HMRC approved mileage rate prevailing at the time the mileage was incurred.

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

8

### 3. The Administrators' remuneration, disbursements and pre-appointment costs

# **FRP**

#### Pre-administration costs charged or incurred by the Administrators

Attached at  $\mbox{\bf Appendix}\ \mbox{\bf D}$  are statements of pre-administration costs charged or incurred by the Administrators.

The Administrators are seeking to obtain approval from creditors for the payment of these amounts and a stand-alone separate resolution is included on the proxy form attached.

# Creditors' ability to challenge the Administrators' remuneration and expenses

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses under the Insolvency Rules following receipt of a progress report. Further details of these rights can be found in the Creditors' Guide to Fees which you can access by using the following link <a href="https://creditors.frpadvisory.com/info.aspx">https://creditors.frpadvisory.com/info.aspx</a> and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request.

#### 4. Estimated outcome for the creditors

# FRP

#### **Estimated Outcome Statements**

The Administrators attach at **Appendix C** estimated outcome statements which have been prepared from the information provided by the Directors included in their statement of affairs, advice received in connection with the value of the Companies' assets, estimated sums due to creditors and an estimate of the Administrators' remuneration and other expenses that may be incurred during the course of the administrations. The assumptions made in preparing the estimated outcome statement details are set out in the schedule of work.

Based on the information available to date and the assumptions made, the Adminsitators set out below the anticipated the outcome for creditors:

#### **Outcome for Secured Creditor**

There are no secured creditors in this matter.

#### **Outcome for Primary Preferential Creditors**

It is currently estimated that primary preferential creditors in Coino will total approximately £15,000, being the employees' preferential element for unpaid holiday pay as calculated in accordance with legislation. It is currently anticipated that there will be insufficient funds to make a distribution to primary preferential creditors from KFL.

No primary preferential creditor claims are anticipated in Fourex.

### **Outcome for Secondary Preferential Creditors**

From 1 December 2020 HMRC ranks as a secondary preferential creditor in respect of the following:

- VAT;
- PAYE (including student loan repayments);
- · Construction Industry Scheme deductions; and

Coino UK Limited and Fourex Inc Limited (Both In Administration)
The Administrators' Proposals

#### · Employees' NI contributions

The administrators have written to HMRC on behalf of Coino and are awaiting their claim. It is currently estimated that their claim will be approximately £42,000 however it is anticipated that there will be insufficient funds to make a distribution.

No secondary preferential creditor claims are anticipated in Fourex.

#### **Outcome for Unsecured Creditors**

Based on the assumptions made in the estimated outcome statement it is currently estimated that there will be insufficient funds available to make a distribution to unsecured creditors of Coino.

Based on the assumptions made in the estimated outcome statement it is currently estimated that there will be sufficient funds available to make a distribution to unsecured creditors of Fourex. Any distribution will be paid by a subsequently appointed Liquidator. The costs of the liquidation cannot at this stage be estimated.

#### **Prescribed Part**

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000.

A prescribed part is not appropriate in these cases as there are no holders of floating charges.

#### Coino UK Limited (In Administration)

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment. Details of assumptions made in compiling this table are set out below. The fee basis for the different categories or work are set out in this table together with an estimate of the estimated fee for each category of work where this can be estimated.

Where the fee basis proposed is time costs, further details of the estimated time costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds, there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

### GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK

- The records received are complete and up to date
- · There are no matters to investigate or pursue
- The work that may be undertaken by any subsequently appointed Liquidator has been excluded
- No financial irregularities are identified
- A committee of creditors is not appointed
- There are no exceptional queries from stakeholders
- Full co-operation of the directors and other relevant parties is received as required by legislation
- There are no health and safety or environmental issues to be dealt with
- The case will be closed within one year

	Assisting redundant employees with the submission of claims to the Redundancy Payments Service.			
	Completing RP14 and RP14A forms and submitting them to the Redundancy Payments Service.			
7	LEGAL AND LITIGATION Work undertaken to date	LEGAL AND LITIGATION Future work to be undertaken	N/A	N/A
	No legal or litigation work has been undertaken in this matter.	It is not currently anticipated that any future legal or litigation work will be undertaken bar minor input into any chattel sale.		

#### Fourex Inc Limited (In Administration)

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment. Details of assumptions made in compiling this table are set out below. The fee basis for the different categories or work are set out in this table together with an estimate of the estimated fee for each category of work where this can be estimated.

Where the fee basis proposed is time costs, further details of the estimated time costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds, there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

### GENERAL ASSUMPTIONS IN COMPILING THIS SCHEDULE OF WORK

- The records received are complete and up to date
- · There are no matters to investigate or pursue
- The work that may be undertaken by any subsequently appointed Liquidator has been excluded
- No financial irregularities are identified
- A committee of creditors is not appointed
- There are no exceptional queries from stakeholders
- Full co-operation of the directors and other relevant parties is received as required by legislation
- There are no health and safety or environmental issues to be dealt with
- The case will be closed within one year

	1
Appt taker/partner	595-695
Managers/directors	445-595
Other professional	275-395
Junior Professional/support	175-245

The above fee estimate is based on the assumptions contained in the accompanying schedule of work.

The office holder anticipates that it will not be necessary to seek further approval.

Time costs are maintained on computerised records of all time spent on the administration of each case. Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and experience required. Time is charged to the case in maximum of six minute units. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters. Charge out rates are reviewed at least annually, details of FRP Advisory's charge out rates applicable to this assignment are set out above.

Further information can be found in the Creditors' Guide to Fees which you can access using the following link http://www.frpadvisovy.com/fees-guide.html. Alternatively, a hard copy of the relevant guide will be sent to you on request. On occasions it may be necessary to change the rates applicable to the work undertaken and if this occurs during the period of the assignment this will be notified to creditors as part of the normal reporting procedures.

# **FRP**

#### DISBURSEMENT POLICY

Disbursements are payments which are first met by the office holder, and then reimbursed to the office holder from the estate.

Expenses are any payments from the estate which are neither an office holders remuneration nor a distribution to a creditor or a member. Expenses also include disbursements.

Expenses are divided into those that do not need approval before they are charged to the estate (category 1) and those that do (category 2).

#### Category 1 expenses:

These are payments to persons providing the service to which the expense related who are not an associate of the office holder. Category 1 expenses can be paid without prior approval.

These include but are not limited to such items as case advertising, storage, bonding, searches, insurance, licence fees.

#### Category 2 expenses:

These are payment to associates or which have an element of shared costs. Before being paid, category 2 expenses require approval in the same manner as an office holder's remuneration. Category 2 expenses require approval whether paid directly from the estate or as a disbursement.

With the exception of mileage FRP do not charge category 2 disbursements.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred, at the time of this report this is 45p per mile.

### Appendix D

Schedule of pre-administration costs

		Coino	UK Limited	Fourex	Inc Limited
	Note	Fees Charged (£)	Expenses Incurred (£)	Fees Charged (£)	Expenses Incurred (£)
Administrators' Pre-administration costs:	1				
FRP	2	45,111.50	139.12	3,177.50	-
Pitmans	3	15,500.00	54.00	5,146.50	54.00
Amounts paid		(10,000.00)	(-)	(-)	(-)
Unpaid pre-administration costs for which approval is being sought from creditors:	4				
FRP		35,111.50	139.12	3,177.50	-
Pitmans		15,500.00	54.00	5,146.50	54.00

### Notes

- 1. These costs represent a fair and reasonable reflection of the work undertaken prior to the appointment of Administrators which is further explained below.
  - Coino is registered for VAT and the Administrators will be able to recover the VAT payable on the pre-Administration fees on a future VAT return. Fourex is not VAT registered and therefore any VAT will be irrecoverable.
- 2. FRP was engaged, subject to an addendum letter dated 23 September 2021, to provide strategic insolvency advice to Coino and Fourex. This including the preparation of a contingency plan for the potential Administration of the Group and associated work to assist in placing the Group into Administration.
- 3. Pitmans was instructed by the Group to provide legal advice relating to the appointment of Administrators, including:
  - Assisting with the meetings of the boards of directors to propose and pass the necessary resolutions to place the Companies into Administration; and
  - Preparation of the requisite notices to place the Companies into Administration and filing of appointment documents in Court.
- 4. The payment of these unpaid costs as an expense of the Administration is subject to approval in accordance with the Rules and is not part of the administrators' proposals subject to approval in accordance with Paragraph 53 of Schedule B1 to the Act
