Notes to the Financial Statements for the year ended 31 December 2020

1. Statutory information

Airfi Networks UK Limited is a private company, limited by shares, registered in England and Wales. The Company's registered number and registered office address can be found on the General Information page.

2. Accounting policies

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The accounts are presented in US Dollars (\$).

Amounts in these financial statements are rounded to the nearest \$.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover represents amounts receivable for services provided in the year and is stated net of VAT.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Development costs are being amortised evenly over their estimated useful life of four years.

Research and development

Expenditure in connection with research activities is charged in the period in which it is incurred. Development costs are capitalised to the extent that they can be attributed directly to a specific project, where the project's technical and commercial feasibility have been proved and there is reasonable probability that the development activity will generate future economic benefits. The capitalised development costs comprise all costs directly attributable to the development process. Capitalised development costs are reviewed annually for impairment and, in the opinion of the directors, the value is not less than that stated in the financial statements. Development costs are amortised over 4 years and are considered to be disposed of when they are fully amortised.

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.

Foreign currencies

Assets and liabilities in foreign currencies are translated into US Dollars at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into US Dollars at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

3. Employees and directors

The average number of employees during the year was 3 (2019 - 2).
