Total equity		<u>(1,353)</u>	<u>(8,837)</u>

These accounts have been prepared in accordance with the special provisions applicable to companies subject to the small companies regime of the Companies Act 2006.

For the year ended 31 March 2019 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

As permitted by section 444 (5A) of the Companies Act 2006 the directors have not delivered to the Registrar a copy of the company's profit and loss account.

Approved by the board on 22 July 2019

And signed on its behalf by:

S.D. Burgess
Director

Blyth Management Solutions
Limited NOTES TO THE ACCOUNTS
REGISTRAR
for the year ended 31 March 2019

1 Accountin

General information

The financial statements are presented in sterling which is the functional currency of the company and rounded to the nearest pound.

The following principal accounting policies have been applied in the preparation of these financial statements. These policies have been consistently applied to all years presented unless otherwise stated.

Basis of preparation

The accounts have been prepared in accordance with FRS 102 - The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard) and the Companies Act 2006 . There were no material departures from that standard.

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets and in accordance with the accounting policies set out below.

The preparation of financial statements in compliance with FRS102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company accounting policies.

Turnover

Turnover is measured at the fair value of the consideration received or receivable. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

Revenue from the sale of goods is recognised when all the following conditions are satisfied:

- the Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
 - the Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
 - the amount of revenue can be measured reliably;
 - it is probable that the economic benefits associated with the transaction will flow to the Company;
- and
- the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Specifically, revenue from the sale of goods is recognised when goods are delivered and legal title is passed.

Tangible fixed assets and depreciation

Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment losses.

At each balance sheet date, the company reviews the carrying amount of its tangible fixed assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss.

Depreciation is provided at the following annual rates in order to write off the cost or valuation less the estimated residual value of each asset over its estimated useful life:

Furniture, fittings and equipment 25% straight line

Trade and other debtors

Trade and other debtors are initially recognised at fair value and thereafter stated at amortised cost using the effective interest method, less impairment losses for bad and doubtful debts.

Trade and other creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash

Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

2 Tangible fixed assets

	Fixtures, fittings and equipment £	Total £
Cost or revaluation		
At 1 April 2018	650	650
At 31 March 2019	650	650
