Notes to the Financial Statements for the year ended 30 September 2022

1. STATUTORY INFORMATION

Groco HR Holdco Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

The amounts in the financial statements have been rounded to the nearest £1.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Financial instruments

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument. Basic financial assets, which include debtors, prepayments and bank balances, are initially measured at transaction price and are subsequently carried at cost unless the arrangement indicates otherwise and then the asset is measured at the present value of the future receipts discounted at a market rate of interest. Basic financial liabilities, which include creditors, accruals, bank loans and group borrowings, are initially recognised at transaction price and are subsequently carried at cost unless the arrangement indicates otherwise and then the liability is measured at the present value of the future obligations discounted at a market rate of interest.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
