# Notes to the financial statements

#### 1 General information

The Company is a limited liability company incorporated in the United Kingdom under the Companies Act 2006. The address of the registered office is 31 Bruton Place, London, W1J 6NN.

# 2 Significant accounting policies

The principal accounting policies applied in the preparation of the financial statements are set out below.

#### 2.1 Basis of preparation

These financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the EU. The financial statements have been prepared under the historical cost convention.

The financial statements are presented for the period to 31 October 2016.

### 2.2 Significant judgements, estimates and assumptions

The Company makes judgements, estimates and assumptions concerning the future that are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The resulting accounting entries will, by definition, seldom equal the related actual results.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## 2.3 Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the contract. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that a trade receivable is impaired. The amount of the provision is based on management's best estimate of the likelihood of the recoverable amount. The carrying amount of the asset is reduced through the use of a bad debt provision account and the amount of the loss is recognised in the profit or loss section of the consolidated statement of comprehensive income. When a trade receivable is uncollectable, it is written off against the bad debt provision account for trade receivables. Subsequent recoveries of amounts previously written off are credited to the profit or loss section of the statement of comprehensive income.

# 2.4 Share capital

Shares are classified as equity where there is no obligation to transfer cash or other assets. Costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

## 2.5 Trade and other pavables

Trade and other payables are non-interest bearing and are recognised at amortised cost.

# 3 Investments held at cost

The Company holds a 0.2% interest in the Kensal Road Limited Partnership.

## 4 Trade and other receivables

**2016** £ 10

Other debtors

The Company estimates that the carrying amount of trade debtors approximates to their fair value.
