Notes to the financial statements

period from 30 March 2020 to 28 March 2021

1. General information

The principal activity of the company was the development of a new care home. The company is a private limited company, limited by shares, which is incorporated in England and Wales (no 09848077). The address of the registered office is 2 Fusion Court, Aberford Road, Garforth, Leeds, LS25 2GH.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis.

The company operates a weekly accounting calendar and this year the financial statements are for the 52 weeks to 28 March 2021 (last year 52 weeks to 29 March 2020).

Going concern

The company has prepared forecasts for the period to 31 March 2023 and subjected these to reasonable sensitivities. The forecasts indicate that the cash flows generated from the company's business activities together with the current level of bank and other funding available to the group will be sufficient to meet the company's requirements and to enable the company to pay its liabilities as they fall due for the foreseeable future.

Based on these forecasts the directors consider that the going concern basis of accounting is appropriate to the company.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the date of the statement of financial position and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates. Details of these judgements are set out in the accounting policies.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.
