Angaston Power Limited

Directors' report for the year ended 30 June 2020

The directors present their report and the unaudited financial statements of the company for the year ended 30 June 2020.

Principal activities

The company is the parent of a group of which the principal activities are that of construction and operation of Reserve Power plants.

Going concern

The financial statements have been prepared on a going concern basis. The directors have assessed the effects of COVID-19 on the company's ability to meet its liabilities as they fall due and determined that based on the most recent trading of the company, the pandemic is not expected to have a significant impact on the company's business. The directors will continue to monitor the situation and take any necessary actions to minimise the possible impacts of COVID-19.

Brexit

The UK left the EU on 31 January 2020 and the transition period ended on 31 December 2020, in which time the UK and EU negotiated additional arrangements and concluded the "Trade and Cooperation agreement". The directors have considered the impact on the company regarding the agreed exit terms within the agreement and wider regulatory and legal implications within these statutory financial statements and will continue to do so.

Directors

The directors who served during the year and up to the date of signing the financial statements, unless otherwise indicated, are given below:

Dr M J Bullard

OCS Services (resigned 31 July 2020) (reappointed 13 November 2020)

M G Setchell (appointed 31 July 2020)

Statement of directors' responsibilities

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1A, and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102 Section 1A, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

Angaston Power Limited

Directors' report for the year ended 30 June 2020

Statement of directors' responsibilities (continued)

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Small company exemption

In preparing this report, the directors have taken advantage of the small company exemptions provided by section 415A of the Companies Act 2006.

The directors have also taken advantage of the small company exemptions provided by section 414B of the Companies Act 2006 and have not prepared a strategic report.

This report was approved by the board on 24 June 2021 and signed on its behalf.

Dr M J Bullard
Director

Angaston Power Limited

Statement of income and retained earnings for the year ended 30 June 2020

	2020 £	2019 £
Administrative expenses	(3,059)	(2,857)
Operating loss	(3,059)	(2,857)
Impairment charges	(2,886,081)	(2,078,585)
Interest receivable and similar income	404,528	403,422
Interest payable and similar charges	(581)	(456)
Loss on ordinary activities before taxation	(2,485,193)	(1,678,476)
Tax on loss on ordinary activities	-	-
Loss for the financial year	(2,485,193)	(1,678,476)
(Accumulated losses)/retained earnings at the beginning of the year	(1,247,752)	430,724
Loss for the financial year	(2,485,193)	(1,678,476)
Accumulated losses at the end of the year	(3,732,945)	(1,247,752)

All amounts above relate to continuing operations.

The company has no items of other comprehensive income for the current or preceding financial year. Therefore no separate statement of other comprehensive income has been presented.

The notes on pages 6 to 12 form part of these financial statements.

Balance sheet
as at 30 June 2020

The directors consider that the company is entitled to exemption from the requirement to have an audit under the provisions of Section 477 of the Companies Act 2006 and members have not required the company to obtain an audit for the year in question in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These financial statements have been prepared in accordance with the provisions applicable to small companies within Part 15 of the Companies Act 2006 and in accordance with the provisions of Financial Reporting Standard 102, 'The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland' as amended by Section 1A 'Small entities'.

The financial statements were approved and authorised for issue by the board and were signed on its behalf
24 June 2021.

Mr Bullard

Dr M J Bullard
Director

The notes on pages 6 to 12 form part of these financial statements.

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

1. General information

Angaston Power Limited is a private company, limited by shares, incorporated in and domiciled in England, the United Kingdom, registered number 09867113. The registered office is 6th Floor, 33 Holborn, London, EC1N 2HT.

The company is the parent of a group of which the principal activities are that of construction and operation of Reserve Power plants.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements are prepared on the going concern basis, under the historical cost convention and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The areas involving a higher degree of judgement complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The following principal accounting policies have been applied:

2.2 Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions, subject to certain conditions, which have been complied with, including notification of, and no objection to, the use of exemptions by the company's shareholders.

The company has taken advantage of the following exemptions:

- from preparing a statement of cash flows, required under Section 7 of FRS 102 and para 3.17(d), on the basis that it is a small company;
- from disclosing the company's key management personnel compensation as required by FRS 102 para 33.7; and
- from disclosing related party transactions that are wholly owned within the same group.

2.3 Consolidation

The company is the parent undertaking of a small group and as such is not required by the Companies Act 2006 to prepare group financial statements. These financial statements therefore present information about the company as an individual undertaking and not about its group.

2.4 Going concern

The financial statements have been prepared on a going concern basis. The directors have assessed the effects of COVID-19 on the company's ability to meet its liabilities as they fall due and determined that based on the most recent trading of the company, the pandemic is not expected to have a significant impact on the company's business. The directors will continue to monitor the situation and take any necessary actions to minimise the possible impacts of COVID-19.

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

2. Accounting policies (continued)

2.5 Interest income

Interest income is recognised using the effective interest rate method.

2.6 Investments

Investments held as fixed assets are shown at cost less provision for impairment.

2.7 Impairment of non-financial assets

At each reporting date non-financial assets not carried at fair value are assessed to determine whether there is an indication that the asset (or asset's cash generating unit) may be impaired. If there is such an indication the recoverable amount of the asset (or asset's cash generating unit) is compared to the carrying amount of the asset (or asset's cash generating unit).

The recoverable amount of the asset (or asset's cash generating unit) is the higher of the fair value less costs to sell and value in use. Value in use is defined as the present value of the future cash flows before interest and tax obtainable as a result of the asset's (or asset's cash generating unit) continued use. These cash flows are discounted using a pre-tax discount rate that represents the current market risk-free rate and the risks inherent in the asset.

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the statement of income and retained earnings, unless the asset has been revalued when the amount is recognised in other comprehensive income to the extent of any previously recognised revaluation. Thereafter any excess is recognised in the statement of income and retained earnings.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined (net of depreciation or amortisation) had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the statement of income and retained earnings.

2.8 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

2. Accounting policies (continued)

2.9 Taxation

Taxation expense for the period comprises current and deferred tax recognised in the reporting period. Tax is recognised in the statement of income and retained earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case tax is also recognised in other comprehensive income or directly in equity respectively.

Current or deferred taxation assets and liabilities are not discounted.

(i) Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the period or prior periods. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the period end.

(ii) Deferred tax

Deferred tax arises from timing differences that are differences between taxable profits and total comprehensive income as stated in the financial statements. These timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is recognised on all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are only recognised when it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

2. Accounting policies (continued)

2.10 Financial assets

Basic financial assets, including trade and other receivables, cash and bank balances and investments in commercial paper, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the statement of income and retained earnings.

If there is decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the statement of income and retained earnings.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

2.11 Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such on the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the statement of income and retained earnings.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

2.12 Related party transactions

The company discloses transactions with related parties which are not wholly owned with the same group. It does not disclose transactions with members of the same group that are wholly owned.

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

3. Critical accounting judgements and estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical judgements in applying the entity's accounting policies

The company has not made any critical judgements in applying the entity's accounting policies.

(b) Critical accounting estimates and assumptions

(i) Impairment of intercompany loan receivables

The company makes an estimate of the recoverable value of amounts owed by group undertakings.

The recoverable amount of the asset (or asset's cash generating unit) is the higher of the fair value less costs to sell and value in use. Value in use is defined as the present value of the future cash flows before interest and tax obtainable as a result of the asset's (or asset's cash generating unit) continued use. These cash flows are discounted using a pre-tax discount rate that represents the current market risk-free rate and the risks inherent in the asset.

If the recoverable amount of the asset (or asset's cash generating unit) is estimated to be lower than the carrying amount, the carrying amount is reduced to its recoverable amount. An impairment loss is recognised in the statement of income and retained earnings.

If an impairment loss is subsequently reversed, the carrying amount of the asset (or asset's cash generating unit) is increased to the revised estimate of its recoverable amount, but only to the extent that the revised carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised in prior periods. A reversal of an impairment loss is recognised in the statement of income and retained earnings.

See note 6 for the net carrying amount of the debtors and associated impairment provision.

The recoverable amounts have been determined based on value-in-use calculations. These calculations require the use of key assumptions such as forecasts of future energy prices, demand, discount rates and long term growth rates. An impairment charge of £2,886,081 arose during the course of the 2020 year (2019: £2,078,585), resulting in the carrying amount of the CGU being written down to its recoverable amount of £nil (2019: £2,667,559).

4. Employees and directors' remuneration

The company had no employees during the year (2019: none). The directors did not receive or waive any remuneration (2019: £nil).

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

5. Investments

	Investments in subsidiary companies £
Cost	
At 1 July 2019 and 30 June 2020	<u>1</u>
Net book value	
At 30 June 2020	<u>1</u>
At 30 June 2019	<u>1</u>
<i>Subsidiary undertakings</i>	

The company owns 100% of the ordinary share capital of Kiln Power Limited a company registered in England and Wales. The registered office of Kiln Power Limited is 6th Floor, 33 Holborn, London, EC1N 2HT.

6. Debtors

	2020 £	2019 £
Amounts falling due after more than one year		
Amounts owed by group undertakings	-	2,667,559
Prepayments and accrued income	1,279,114	1,084,501
	<u>1,279,114</u>	<u>3,752,060</u>

Included within amounts owed by group undertakings falling due after more than one year are unsecured loans with year end balances totalling £nil (2019: £2,667,559). The loans bear interest at 8.5% (2019: 8.5%) and are repayable after more than five years.

Amounts owed by group undertakings are stated after provisions for doubtful debts of £4,746,144 (2019: £2,078,585).

Included within prepayments and accrued income falling due after more than one year are amounts of £1,279,114 (2019: £1,084,501) relating to accrued interest on the unsecured loan. Prepayment and accrued income are stated after provisions for doubtful debts of £218,522 (2019: £nil).

Angaston Power Limited

Notes to the financial statements for the year ended 30 June 2020

7. Creditors: amounts falling due within one year

	2020 £	2019 £
Bank loans and overdrafts	41	-
Amounts owed to group undertakings	8,013	-
Other creditors	1	1
Accruals and deferred income	4,246	-
	<u>12,301</u>	<u>1</u>

Included within bank loans and overdrafts is an amount of £41 (2019: £nil) which is secured by a fixed and floating charge over the assets of the company.

Amounts owed to group undertakings are unsecured, interest free and repayable on demand.

8. Called up share capital

	2020 £	2019 £
Allotted, called up and fully paid		
5,000,001 (2019: 5,000,001) Ordinary shares of £0.01	<u>50,000</u>	<u>50,000</u>

9. Related party transactions

The company has identified the following transactions which are to be disclosed under the terms of FRS 102 "Related party transactions".

Kiln Power Limited

The company has provided a shareholder loan to Kiln Power Limited, the company's subsidiary. During the year the company received interest of £404,528 (2019: £403,422). At the year end, a balance of £1,279,114 (2019: £3,752,060), was outstanding and included within debtors and £8,013 (2019: £nil) was outstanding and included within creditors.

10. Ultimate parent undertaking and controlling party

At the year end the company's immediate parent undertaking was Octopus Investments Nominees Limited. The directors do not consider the company to have an ultimate controlling party or ultimate parent company, by virtue of a split holding in its shares. The results of the company are not consolidated within any other company.
