#### 1. Introduction

The Companies entered administration on 9 June 2020 upon appointment of the Administrators.

This document, together with its appendices, forms the Administrators' statement of proposals to creditors in accordance with Paragraph 49 of Schedule B1 to the IA'86 and the Insolvency Rules. The proposals are deemed delivered four business days after they are dated.

These proposals have been prepared from information available at the time of their preparation. Due to the global outbreak of COVID-19 and the UK's response to this, requiring working from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure these proposals are both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to you.

Certain statutory information regarding the Companies and the administrations is provided at Appendix A.

A sale of part of the business and assets of the Companies was completed immediately following the appointment of the Administrators. In accordance with SIP 16, the following information is set out in the statement attached at Appendix C:

- Background information regarding the Companies; Details of the events that resulted in the appointment of the Administrators to the Companies;
- Details of the transaction which took place; and
- Details of why the sale was considered to be in the overall best interests of creditors of the Companies as a whole.

The objective of the administration

The Administrators think that objective (a) of administration, as detailed in Paragraph 3(1) of Schedule B1 to the IA'86, being to rescue the company as a going concern, will not be achieved in respect of the Companies. This is due to the quantum of the Companies' liabilities being materially in excess of the value of their respective assets.

As such, it is envisaged that objective (b) of administration, a better result for the company's creditors as a whole than would be likely if the company had been wound up (without first being in administration), will be achieved in respect of the Companies. This is as a result of the transaction detailed at Appendix C generating a better result for each of the Companies' respective unsecured creditors.

The Administrators can confirm that the transaction detailed at Appendix C will enable the statutory purpose (b) to be achieved as it results in a better result for the Companies' creditors as a whole.

The Administrators' actions

The Administrators' actions to the date of the sale of part of the Companies' business and assets is set out in detail in the SIP 16 statement set out at Appendix C.

Details of work already undertaken or anticipated will be undertaken following the appointment of the Administrators is set out in the schedule of work attached at Appendix D.

Highlights to date include:

The Administrators' Proposals

- Completing on the sale of part of the Companies' business and assets as detailed at Appendix C;
- Arranging insurance cover over the Companies' assets;
- Removing the stock owned by MAL from bond and into free circulation;
- Liaising with Barclays Bank PLC, Worldpay, AMEX and PayPal with regards to the funds they are holding;

Accessorize Limited and Monsoon Accessorize Limited (both in Administration)

- Notifying approximately 2,200 employees who continued to be employed by the Companies of the ongoing furlough arrangements on appointment;
- Contacting the 35 landlords in respect of the stores over which the purchaser has not taken an option and 162 landlords of the stores over which the purchaser has taken an option; and
- Assisting 545 employees with their claims to the Redundancy Payments Service.

Following approval of the Administrators' proposals the Administrators will conduct the administration to achieve their purpose. Key matters to be undertaken include:

- Continue to liaise with the employees who remain furloughed until such time as they are transferred to the Purchasers;
- Liaise with the Companies' landlords with regards to the Purchasers' potential ongoing occupation of the properties;
- Realise the Companies' remaining assets;
- Investigate and, if appropriate, pursue any claims that the Companies may have against any person, firms or company whether in contract or otherwise, including any officer or former officer of the Companies or any person, firm or company that supplies or has supplied goods or services to the Companies;
- . Distribute realisations to the secured and preferential creditors;
- Seek extensions to the administrations, if required;
- In respect of AL, it will be necessary to agree the claims of the unsecured creditors and distribute the prescribed part;
- Ensure all statutory and compliance matters are attended to; and
- Pay all administration expenses and bring the administrations to an end when deemed appropriate by the Administrators.

Receipts and payments accounts

A copy of the Administrators' receipts and payment accounts for each of the Companies to date is attached as Appendix B.

FRP

The director's statement of affairs

The director of the Companies has been asked to submit Statement of Affairs under Paragraph 47 of Schedule B1 of the IA'86 and these are awaited. The request for the statement of affairs was issued to the director on 11 June 2020 and therefore they are not yet due.

Details of the financial position of the Companies at the latest practical date, prepared from information available to the Administrators and including a list of creditors' names and addresses is provided at Appendix F. The unsecured creditors figure includes estimated claims in respect of landlords, which have been taken from the Companies' CVA proposals. The Administrators and Purchasers are actively working with the landlords of those stores which will continue to trade to mitigate this figure as best possible, which will reduce the unsecured creditor pool and increase the overall return to creditors.

Matters requiring investigation

The Administrators are required as part of their duties to establish what assets the Company owns and to consider the way in which the Companies' business has been conducted. They are also required under the provisions of the Company Directors Disqualification Act 1986 to report to the Secretary of State for Business, Energy and Industrial Strategy on the conduct of all directors who held office in the three years preceding the formal insolvency of the Companies. If you have any information or concerns regarding the way in which the Companies' business has been conducted or have information regarding potential recoveries for the estates, please contact the Administrators as soon as possible.

The end of the administration

The administrations will end automatically after 12 months from the date of appointment of the Administrators. This period can be extended with consent of the creditors for up to 12 months or longer by application to the Court, as required.

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

If the Administrators think that either of the Companies have no property which might permit a distribution to its unsecured creditors, or if they also consider that an exit from the administration into liquidation is not appropriate, they will send a notice to the Registrar of Companies in accordance with Paragraph 84 of Schedule B1 to the IA'86 to bring the administration to an end and three months after the filing of the notice the respective company will be deemed to be dissolved.

If the Administrators are of the view that a dividend will become available to the unsecured creditors (other than by virtue of the prescribed part), it would then be appropriate for the relevant company to move from administration into CVL pursuant to Paragraph 83 of Schedule B1 to the IA'86. If applicable the Administrators will take steps to place the Companies into CVL.

Should a dividend not become available to the unsecured creditors but it is still appropriate for either of the Companies to enter liquidation, the Administrators will petition the Court pursuant to Paragraph 79 of Schedule B1 to the IA 86 for an order to bring the administration to an end with a consequential order for the compulsory winding up of that company.

Pursuant to Paragraph 83 of Schedule B1 to the IA'86, should the creditors not nominate a Liquidator, the proposed Liquidators in any CVL are to be the Administrators or any successor office holder(s). Any act to be done by the Liquidators may be done by all or any one of them. Pursuant to Paragraph 83(7)(a) of Schedule B1 to the IA'86 and the Insolvency Rules, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before these proposals are approved.

The Liquidators in a compulsory winding up will be appointed by the Court and may be the Administrators, or any successor office holder(s).

If the Administrators are of the view that it is appropriate for the creditors to consider the approval of a CVA the proposed supervisors are to be the Administrators or any

FRP

successor office holder(s). Creditors may nominate different supervisors when considering whether to approve the CVA proposals.

Decision of creditors by correspondence – the below is only relevant to creditors of MAL

The Administrators are required to seek a decision from MAL's creditors under Paragraph 51 of Schedule B1 to the IA'86 on the following matters:

- Approval of the Administrators' proposals, with or without modifications; and
- The appointment of a creditors' committee.

The decision is being sought by means of voting by correspondence, in accordance with the Insolvency Rules.

If, as a result of the vote, a creditors' committee is appointed, the following will require the determination of the creditors' committee:

- The basis of the Administrators' remuneration;
- Approval of the payment of the Administrators' disbursements for mileage costs;
- Approval of the Administrators' pre-appointment costs being met as an expense of the administration;
- The approval of the Administrators' discharge from liability in accordance with Paragraph 98 of Schedule B1 to the Insolvency Act 1986.

If a creditors' committee is not appointed (which requires 50% of the creditors voting by value to vote in favour of it together with the nomination of at least 3 members entitled to sit on the committee) the above will be determined by the creditors.

To vote by correspondence creditors must have lodged a completed Proof of Debt form, which is considered by the Administrators and accepted for voting purposes, either in whole or in part, and return with the completed voting form by the decision date shown on that form. Creditors whose claims are wholly secured are not entitled to vote. A decision is made if, at the decision date, a majority in value of those who

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

have responded have voted in favour. However, a decision is not made if those voting against it include more than half in value of creditors to whom notice of the vote by correspondence was sent and who are not connected with the Company. Notice of the decision will be sent to creditors after the decision date.

The Administrators must, however, summon a physical meeting if requested to do so by the required minimum number of creditors. The required minimum number is any one of the following:

- 10% in value of the creditors
- 10% in number of the creditors
- 10 creditors

The request must be made in writing within 5 business days of the date on which the notice of decision by correspondence is delivered, in accordance with the Insolvency Rules.

### Decision of creditors – the below is only relevant to creditors of AL

Based on information currently available, the Administrators think that AL has insufficient property to enable a distribution to be made to unsecured creditors, except from the prescribed part if applicable. They are therefore not required to seek a decision from creditors as to whether they approve the Administrators' proposals pursuant to Paragraph 51 of Schedule B1 to the IA'86. The Administrators must however seek a decision from the creditors if requested to do so by a single or group of creditors whose debts amount to at least 10% of the total debts of the Company. The request must contain the particulars prescribed by Rule 15.18 of the Insolvency Rules and be made within eight business days of the date of delivery of this report, in accordance with the Insolvency Rules. The expenses of seeking the decision shall be paid by the creditor or creditors requesting the decision, who will be required to lodge a deposit with the Administrators security for their payment. The creditors may decide that the expenses of seeking the decision should be paid as an expense of the Administration payable from the assets of AL.

FRP

In accordance with the Insolvency Rules where the Administrators have not sought a decision of the creditors, the proposals set out below will be deemed to have been approved by the creditors unless at least 10% by value of the creditors requisition a decision of creditors within eight business days of the date of delivery of this report.

### 3. The Administrators' remuneration, disbursements and pre-appointment costs

#### Administrators' remuneration

A schedule of the work to be undertaken during the administrations is set out at Appendix D together with estimated outcome statements for each of the Companies, which include an estimate of the expenses likely to be incurred by the Administrators in each instance. Assumptions made in preparing the schedule of work, estimated outcome statements and the fee estimates are set out in the schedule of work.

The Administrators' remuneration will be drawn from the Companies' assets and it is proposed that it will be charged by reference to the time incurred in attending to matters arising. Further details of how this will be calculated is set out below. The basis of the Administrators' remuneration has not yet been approved by creditors, and the Administrators have accordingly not drawn any remuneration in this case.

Should either of the Companies subsequently be placed into liquidation and the Administrators appointed as Liquidators, the basis agreed for the drawing of the Administrators' remuneration will also be that utilised in determining the basis of the Liquidators' remuneration, in accordance with the Insolvency Rules. The Liquidators' will seek further creditor approval for the quantum of fees to be drawn in the liquidation where necessary.

Remuneration charged by reference to the time incurred in attending to matters arising

The Administrators' remuneration is proposed to be charged by reference to time incurred is set out on the fee estimates attached at Appendix D. As the Administrators have been in office less than a week it is not possible to provide an estimate of time incurred to date

The time charged is based on computerised records capturing time charged by the Administrators and their staff in dealing with the conduct of the administrations. Matters dealt with during the assignments are dealt with by different members of staff depending on the level of complexity and the experience required. Time is charged to the administrations in units of six minutes. Charge-out rates are based on individual

orize Limited and Monsoon Accessorize Limited (both in Administration)

The Administrators' Proposals

expertise, qualification and grade. The costs of FRP's support staff are not directly charged to the administrations unless dealing with directly identifiable case specific matters.

Charge out rates are reviewed at least annually, details of FRP's charge out rates are included at Appendix D.

Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Companies. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the administration of the Companies, are paid by FRP at the HMRC approved mileage rate. It is proposed mileage is recharged and drawn at the HMRC approved mileage rate prevailing at the time the mileage was incurred.

Pre-administration costs charged or incurred by the Administrators  $% \left( 1\right) =\left( 1\right) \left( 1\right)$ 

Attached at Appendix E is a statement of pre-administration costs charged or incurred by the Administrators of which £176,961 had not been paid in respect of MAL and £140,826 had not been paid in respect of AL when the Companies entered administration.

It was agreed with the Companies that FRP's costs would be charged to MAL. The costs of Hilco Valuation Services and Metis Partners were included as a disbursement on FRP's invoice, but they have been shown separately at Appendix E for transparency.

The Administrators are seeking to obtain approval from creditors for the payment of this amount and a stand-alone separate resolution is included on the proxy form attached.

Creditors' ability to challenge the Administrators' remuneration and expenses

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses

3. The Administrators' remuneration, disbursements and pre-appointment costs  $% \left( 1\right) =\left( 1\right) \left( 1$ 

FRP

under the Insolvency Rules following receipt of a progress report. Further details of these rights can be found in the Creditors' Guide to Fees charged by Insolvency Practitioners which you can access by using the following link <a href="https://creditors.frpadvisory.com/info.aspx">https://creditors.frpadvisory.com/info.aspx</a> and select the guide for England administrators fees. Alternatively, a hard copy of the relevant guide will be sent to you on request.

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals  $\frac{1}{2} \left( \frac{1}{2} \right) = \frac{1}{2} \left( \frac{1}{2} \right) \left$ 

#### 4. Estimated outcome for the creditors

Estimated oùtcome statements

Attached at Appendix D are estimated outcome statements for each of the Companies. These have been prepared from the information provided by the Companies, advice received in connection with the value of the Company's assets, estimated sums due to creditors and an estimate of the Administrators' remuneration and other expenses that may be incurred during these administrations. The assumptions made in preparing the estimated outcome statements are set out in the schedule of work.

Outcome for secured creditor

The following security has been granted over the Companies assets:

- 1. Debenture in favour of MHL created on 26 April 2019 both MAL and AL.
- Security over cash deposits in favour of HSBC Bank PLC created on 4 September 2019 – MAL only.
- Fixed charge over accounts in favour of Barclays Bank PLC created on 25 September 2019 – MAL only.

### MHL

As part of the CVA restructuring which took place last year, MHL made a facility available to the Companies to a maximum of £12m. This was drawn in equal proportion by MAL and AL.

As part of the transaction detailed at Appendix C, MHL assigned £8,480,000 of its secured debt to the Purchasers prior to completion. The Purchasers then released the Companies from its liabilities in respect of this debt in turn for transferring certain of the Companies' business and assets to them. The Companies were released form their secured obligations in the following proportions:

- MAL £5,761,999
- AL £2,718,001

The MHL facility does contain a cross guarantee between the Companies. However, as the facility was provided by a connected party within two years of the Companies entering administration, MHL can only rely on its floating charge to recover sums up to a maximum of the funds advanced. This means it is only possible for MHL to recover up to £6m under its floating charge in each of the administrations.

#### **HSBC Bank PLC**

The Administrators understand that the charge relates to a rent deposit. The Administrators do not believe that HSBC Bank PLC has any exposure to the administrations.

#### **Barclays Bank PLC**

The Administrators are not aware of any amounts due to Barclays Bank PLC.

Outcome for preferential creditors

It is currently estimated that preferential creditors will total £335k in respect of MAL and £162k in respect of AL. These claims relate to the preferential element of an employees' claim for arrears of pay, unpaid pension contributions and holiday pay, as calculated in accordance with legislation. It is anticipated that preferential creditors will be paid in full in respect of both MAL and AL.

Outcome for unsecured creditors

#### MAL

Based on the assumptions made in the estimated outcome statement, it is currently estimated that there will be sufficient funds available to make a distribution to MAL's unsecured creditors in due course. This distribution will be paid by a subsequently appointed Liquidator, the costs of the liquidation cannot at this stage be estimated and therefore it is not possible to estimate the level of distribution that may be made.

## 4. Estimated outcome for the creditors

FRP

#### AL

Based on the assumptions made in the estimated outcome statement, it is currently estimated that there will be sufficient funds available to make a distribution to AL's unsecured creditors in due course from funds available under the prescribed part. Based on the current estimate of the level of creditor claims this distribution is estimated at 4 pence in the pound.

#### Prescribed part

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with Section 176A of the IA'86. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000 and the cost of making a distribution to unsecured creditors would not be disproportionate to the benefits.

In respect of MAL, the net property (having adjusted for the prescribed part carve out) is anticipated to be sufficient to discharge MHL's floating charge claim in full.

In respect of AL, the prescribed part based on net property estimated to be £1,330,000 has been calculated to be approximately £269,000. The prescribed part is available for all unsecured creditors and where there are only sufficient funds to enable a dividend to be paid to unsecured creditors from the prescribed part, this will be paid by the Administrators. It should be noted that these figures are current estimates and will change during the administration.

Disclosure to creditors in accordance with Statement of Insolvency Practice 16

16 June 2020

#### Appendix C

## Explanation of the pre-packaged sale in accordance with Statement of Insolvency Practice 16

#### To all known creditors

Following our appointment as Administrators on 9 June 2020, we are required to provide the creditors with a detailed narrative explanation of the justification of the pre-pack sale within seven days of completion in accordance with SIP 16.

This statement has been prepared from information available at the time of its preparation. Due to the global outbreak of COVID-19 and the UK's response to this, requiring working from home and necessarily a lack of access to physical files or other information, we should advise that we may not have all the information required to ensure this statement is both complete and accurate. Where there are errors and/or omissions we will endeavour to correct these where possible in our next report to creditors.

We set out in this document full details of the sale, the reasons behind the decision for this sale and why it was considered to be in the overall best interests of all creditors of the Companies:

We confirm that the transaction will enable the statutory purpose of administration (being (b), to achieve a better result for a company's creditors as a whole than would be possible if the company was wound up (without first being in administration)) to be achieved in respect of the Companies, and that the sale price and terms were the best reasonably obtainable in all the circumstances.

Should you require any further information regarding this report or the administrations in general, please contact my office.

Yours faithfully For and on behalf of The Companies

Allingla

#### Tony Wright Joint Administrator

Licensed in the United Kingdom by the Institute of Chartered Accountants in England & Wales and bound by the Insolvency Code of Ethics

The Joint Administrators act as agents of the Companies and without personal liability.

The affairs, business and property of the Companies are being managed by Anthony John Wright and Alastair Rex Massey who were appointed Joint Administrators on 9 June 2020.

#### Appendix C

### Explanation of the pre-packaged sale in accordance with Statement of Insolvency Practice 16

**FRP** 

What is a SIP?

The purpose of SIPs is to promote and maintain high standards by setting out required practice and harmonising the approach of IPs to particular aspects of insolvency practice. They apply in parallel to the prevailing statutory framework.

SIPs set principles and key compliance standards with which IPs are required to comply. Failure to observe the principles and/or maintain the standards set out in a SIP is a matter that may be considered by an IP's regulatory authority for the purposes of disciplinary or regulatory action in accordance with that authority's membership and disciplinary rules.

SIPs set out required practice, but they are not statements of the law or the obligations imposed by insolvency legislation itself.

What is a pre-packaged sale?

The term 'pre-packaged sale' refers to an arrangement under which the sale of all or part of a company's business or assets is negotiated with a purchaser prior to the appointment of an administrator and the Administrator effects the sale immediately on, or shortly after, appointment.

The particular nature of an IP's position in these circumstances renders transparency in all dealings of primary importance. Creditors and other interested parties should be confident that the IP has acted professionally and with objectivity; failure to demonstrate this clearly may bring the practitioner and the profession into disrepute.

What are the principles of SIP 16

The IP should differentiate the roles that are associated with an administration involving a pre-packaged sale.

Creditors should be provided with sufficient information such that a reasonable and informed third party would conclude that the pre-pack was appropriate and that the Administrator has acted with due regard for the creditors' interests.

Key Compliance Standards

Preparatory work – the IP should be clear about the nature and extent of the role of adviser in the pre-appointment period. The IP should bear in mind the duties and obligations owed to both the company and the creditors in the pre-appointment period. The IP should keep a detailed record of the reasoning behind the decision to undertake a pre-packaged sale and all alternatives considered.

After appointment – the Administrator should be able to demonstrate that the duties of an administrator have been considered.

Disclosure – the Administrator should provide creditors with a detailed narrative explanation of the justification of the pre-pack sale within seven days of completion. The following information should be included:

- · Source of the initial introduction to the IP;
- Pre-appointment considerations;
- Marketing of the business and assets;
- Valuation of the business and assets; and
- Details of the transaction including the assets sold and the consideration received.

The SIP does not restrict an administrator from not disclosing information in certain limited circumstances in accordance with the IA86.

Further information

A copy of SIP 16 can be found from the following link https://creditors.frpadvisory.com/info.aspx.

#### Background information regarding the Company

#### History

MAL was incorporated in 1973 and commenced trading that year under the name of Siltrop Limited. MAL was a UK-based chain of retail stores which offered womenswear, children's clothing, and homeware gifts under the Monsoon brand. The brand was conceived on a market stall on Portobello Road, London by Peter Simon in the early 1970s and the first Monsoon store opened in 1973 on Beauchamp Place, London. The Company changed its name to Monsoon Fashions Limited in 1977 and traded as Monsoon Accessorize Limited from 1998 to the date of administration.

A separate brand to Monsoon, Accessorize, was also established and traded through the MAL stores. The first independent Accessorize store was opened in 1984. At that point in time the Accessorize brand was owned and traded by MAL.

The popularity of both brands continued to grow, and they gained global recognition as leading retailers of womenswear and accessories with a focus on sustainable procurement and ethical products.

MAL commenced its international franchise operation in 1992 and both brands operated in excess of 30 countries globally through such agreements as at the date of administration.

During 1998 MAL instigated an initial public offering and became publicly listed on the London Stock Exchange. Peter Simon purchased the shareholding of MAL's owner in 2007 and the company was de-listed and became once again privately owned.

MAL began its e-commerce operations in 2000 for both brands and these are now key revenue streams following continued investment.

A re-organisation occurred in 2016 whereby the Accessorize brand was transferred to a newly created entity, AL. At that point in time the MAL employees who worked

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

exclusively in relation to the Accessorize brand (including the store staff) were transferred from MAL to AL.

Due to historic arrangements and the fact that MAL had the benefit of a bonded warehouse, MAL operated AL's supply chain. Therefore, orders were placed with suppliers by MAL for Accessorize branded stock and it was only sold to AL via an inter-company transfer at the point in time when the stock left the warehouse operated by MAL. It also appears that the majority of "central" costs were incurred by MAL and re-charged to AL at their financial year end.

The Companies' benefited from a distribution centre in Wellingborough, England which fulfilled e-commerce orders as well as stock replenishment within the store networks. The distribution centre was operated by MAL.

#### **CVA**

Along with a number of other retailers, the Companies took steps to rationalise their retail estate as a result of the well-publicised changes which were occurring in the UK retail market. In addition to the challenging market conditions, the Companies' bank had requested cash collateral in respect of the trade finance facility it provided, and trade credit insurance was also reduced. Both events placed additional pressure on the Companies' working capital.

Deliotte LLP were engaged by the Companies to assist with the CVA processes and proposals were issued to creditors in June 2019 in this regard. Both CVA's were subsequently approved by both Companies' members and creditors on 3 July 2019.

The effect of the CVA's was to reduce both companies' occupancy costs such that it would be possible to operate both businesses profitably. To assist with working capital pressure, MHL provided a £12m facility which was drawn in equal proportion by the Companies. This facility is secured by fixed and floating charge security.

#### Post-CVA

Despite the continuing challenges facing the UK retail market, the implementation of the CVAs resulted in the Companies generating an operating profit and the businesses were performing ahead of the director's turnaround plan prior to the economic impact of COVID-19.

### Financial performance pre and post COVID-19

A summary of each Companies' financial performance to their accounting year end date is below:

Monsoon Accessorize Limite	d		
Year to £'000's	FY2017 Actual	FY2018 Actual	FY2019 Draft
Total sales	310,904	296,376	270,642
Gross profit  Gross profit margin	125,348 40%	115,479 <i>39%</i>	108,246 <i>40%</i>
Overheads	(118,409)	(119,960)	(107,510)
EBITDA (excl exceptionals)	6,939	(4,481)	737
Net profit/(loss)	(2,065)	(22,539)	12,537

Accessorize Limited			
Year to £'000's	FY2017 Actual	FY2018 Actual	FY2019 Draft
Total sales	160,381	146,283	133,505
Gross profit  Gross profit margin	120,138 74.91%	106,691 72.93%	98,233 73.58%
Overheads	(106,859)	(102,303)	(93,757)
EBITDA (excl exceptions)	13,279	4,388	4,476
Net profit/(loss)	6,301	(2,743)	8,931

Following the successful implementation of the CVAs, the Companies' operational performance improved, as demonstrated from the P6 2019 vs 2020 summary below:

Monsoon Accessorize Limited			
Year to £'000's	FY2019 P6 YTD Draft	FY2020 P6 YTD Draft	Movement year on year
Total sales	135,412	116,926	(18,486)
Gross profit	56,785	50,997	(5,788)
Gross profit margin	42%	44%	2%
Overheads	(78,627)	(50,345)	28,282
EBITDA (excl exceptionals)	(7,428)	652	8,080
Net profit/(loss)	(10,849)	(4,759)	6,090

Accessorize Limited	FY20219 P6	FY2020 P6	Movement
Year to £'000's	YTD Draft	Draft	year on year
Total sales	67,380	56,664	(10,716)
Gross profit	51,422	43,197	(8,225)
Gross profit margin	76%	76%	0%
Overheads	(15,958)	(38,511)	(22,553)
EBITDA (excl exceptions)	3,188	4,687	1,499
Net profit/(loss)	816	2,022	1,206

The impact of COVID-19 had a severe impact on the Companies' financial performance. The P7 figures are shown in isolation as it is not possible to detail any comparable period in the Companies' trading:

Monsoon Accessorize Limited	
Year to £'000's	FY2020 P7 YTD Draft
Total sales	128,622
Gross profit	54,198
Gross profit margin	42%
Overheads	(58,617)
EBITDA (excl exceptionals)	(4,418)
Net profit/(loss)	(10,632)

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

Accessorize Limited	
Year to £'000's	FY2020 P7 YTD Draft
Total sales	59,026
Gross profit	44,597
Gross profit margin	75.55%
Overheads	(44,987)
EBITDA (excl exceptions)	(390)
Net profit/(loss)	(3,513)

It should be noted that management charges are processed at year end whereby AL reimburses MAL for the services it has had the benefit of for which is has not yet borne the cost.

#### **Stores and employees**

The Companies' retail estate comprised the following:

- 116 AL stores;
- 21 MAL stores; and
- 123 dual stores (the leases of which are within MAL).

As at the date of administration, the number of employees in the Companies were as follows:

	MAL	AL	Total
Distribution centre	80	-	80 .
Head office	265	113	378
Retail	1,838	1,146	2,984
TOTAL	2,183	1,259	3,442

#### Administrators' initial introduction and pre-appointment involvement

Tony Wright of FRP was approached directly by Peter Simon, the director of the Companies following the CVAs being approved.

Informal discussions took place over some time with regards to the financial position of the Companies and the restructuring options available.

In March 2020, the already challenging retail sector was heavily impacted by COVID-19 and the Companies had no option but to close all retail stores and furlough the associated staff together with a number of head office staff. The Companies continued to incur substantial costs associated with the retail estate whilst the only sale channel available was the e-commerce platform. As a result of this, FRP were engaged by the Companies on 20 March 2020. The scope of work per the engagement letter was as follows:

- 1. Advising the director in relation to the appointment of Administrators.
- Assisting the director and member in filing the appropriate legal notices to obtain a Court moratorium.
- 3. Assist the director, if necessary, in preparing a short-term cash flow forecast to manage the Companies' working capital during the period of the moratorium and/or prior to the appointment of Administrators. This will be prepared for a 3-week period, to be updated on a rolling weekly basis.
- If necessary, liaise with the Companies' funders in respect of, amongst other matters, funding required during the hiatus period and obtaining their consent to the appointment of Administrators and any sale of the business and assets.
- Assist the director in preparing a sales memorandum to market the business, together with supporting information to be made available to potential purchasers ("Interested Parties") of the business and/or assets.
- Assisting third party valuers with regards to the approach taken with respect to the Companies' goodwill and brand.

- 7. Identify and approach potential Interested Parties and conduct negotiations as appropriate with a view to the sale of the business and/or assets and provide the Companies' with regular progress reports on the sales process and status of negotiations with Interested Parties. This work is to be performed over a 3-week period.
- As may be required, prepare a contingency plan for the event that a sale of the business and/or assets as a going concern appears unlikely.
- Deal with any matters in connection with our statutory obligation, including but not limited to those contained within "SIP 16", in order to effect a sale of the business of the Companies immediately upon the appointment of Administrators.
- Provide advice to the Companies on any other matters we consider should be brought to their attention
- As may be required to support the director in preparing Form HR1, Advance Notification of redundancies for submission to the Redundancy Payments Service.
- 12. Any other work necessary to prepare the Companies for entering into Administration.

At this stage FRP were engaged by the Companies to provide advice with a primary duty of care to the Companies which would include consideration of the director's fiduciary duties to act in the overall best interest of all creditors and other stakeholders. Until the appointment of Administrators, the director was responsible for the Companies and their affairs.

The Administrators are not aware of the resignation of any key personnel prior to their involvement and are not aware of the sale of any significant assets in the period prior to their engagement.

#### **Events leading to the appointment of the Administrators**

The Administrators are not aware of any other insolvency practitioners being engaged by the Companies prior to the administrations.

When the transaction to the Purchasers was substantially agreed, the Companies' sole director filed a notice of intention to appoint an administrator at the High Court on 29 May 2020. This was duly served on MHL, as secured creditor, the Companies and the Supervisors of the CVAs:

#### Appointment of the Administrators

Whilst MHL did not provide their direct consent to the appointment of the Administrators, the five-day notice period elapsed which meant the director was able to place the Companies into administration without further notice to MHL on 9 June 2020.

Accordingly, Tony Wright and Alastair Massey were appointed as Administrators of the Companies on 9 June 2020.

Prior to their appointment, the Administrators were required to consider any ethical and conflict issues in relation to the appointment and provided the Administrators are satisfied that there are no matters arising which would preclude them from consenting to act, a statutory statement must be provided and consents to act in which any prior relationship between the proposed Administrators and the Companies is summarised, this statement is subsequently filed in Court. Following their appointment as Administrators, their duty of care is owed to all of the Companies' creditors.

#### Purpose of the administration

In accordance with Paragraph 3 of Schedule B1 to the IA'86, an Administrator of a company must perform his functions with the objective of:

Accessorize Limited and Monsoon Accessorize Limited (both in Administration)
The Administrators' Proposals

- a) Rescuing the company as a going concern, or
- Achieving a better result for the company's creditors as a whole than would have been likely if the company were wound up (without first being in administration) or,
- Realising property in order to make a distribution to one or more of the secured or preferential creditors.

Based on current information the purpose of the administrations will be to achieve objective b) as the sale of the business and assets has realised a better result for creditors as a whole than would have been likely if the Companies had been wound-up first.

#### Alternative courses of action considered

The alternative courses of action available to the Companies were as follows:

#### **Continue to trade**

A cash flow forecast prepared by the Companies indicated that it was likely that they would exhaust their working capital during June 2020. The Companies' existing secured lender, MHL, had not confirmed that it would provide further funding and as such it was therefore considered a risk that absent positive action by the director, the Companies would collapse into disorderly liquidation once they had run out of cash and therefore this option was discounted.

#### <u>CVA</u>

The Companies were already subject to CVA arrangements with their creditors, as referenced previously. It was not considered viable in the time available to materially vary the terms of those arrangements to achieve the reduction in store numbers and occupancy costs which the Purchaser is attempting to achieve via a

pre-packaged administration. It was also considered that there was insufficient time available to propose a variation to the existing CVAs prior to the Companies' working capital being exhausted.

#### CVL

It was considered that the value of the Companies' assets in a liquidation scenario would be materially less and that a liquidation would give rise to a higher quantum of creditor claims. In light of this, this option was discounted.

#### Consultation with major creditors

The Companies have the following security registered against it at Companies House:

- · A debenture in favour of MHL created on 26 April 2019;
- Security over cash deposits in favour of HSBC Bank PLC created on 4 September 2019 (this security is in respect of MAL only); and
- A fixed charge over accounts in favour of Barclays Bank PLC created on 25 September 2019 (this security is in respect of MAL only).

MHL, as the Companies' secured lender, were provided with updates throughout the process and consented to the transaction occurring.

Barclays Bank PLC have the benefit of cash collateral in respect of their lending and therefore it is not anticipated that they will have a claim in the administration of MAL. Barclays Bank PLC were informed of the proposed transaction and did not object.

HMRC, a material creditor of the Companies, were consulted prior to the transaction occurring and did not object.

In addition to the above, the Companies wrote to all their landlords prior to administration to advise of the proposed strategy.

#### Post appointment administration trading considerations

#### Trading on a business as usual basis

The Administrators do not believe it would have been possible to continue the Companies' trade on a business-as-usual basis in Administration. This is because both Companies were forecast to be loss making and working capital would be exhausted during June 2020.

In addition to the above, the uncertainty created by the impact of Covid-19 would have meant that the high fixed cost base of the Companies' would have had to have been covered by e-commerce sales only until such a time as it became possible to utilise the retail estate. It was also considered that consumer confidence and high street footfall would not immediately return to pre-Covid levels following the opening of non-essential retail, which would likely have an adverse impact on the profitability of the Companies.

#### Stock liquidation strategy

One of the offers which was considered by the Administrators would have involved a trading period to realise the Companies' stock and fixture and fittings. The Companies goodwill and brands would have been transferred upon administration.

The Administrators considered that there would have been material risk in seeking to realise the Companies' assets via a trading strategy:

- If it proved not possible to sell the brand and goodwill through a prepackaged sale, the value would likely be diminished if the stock was heavily discounted and sold through the web and store channels.
- Fashion retailers are expected to heavily discount SS20 stock when the High Street re-opens. This will likely lead to discounting becoming hypercompetitive and would have likely diminished the value of the stock.

- Given the economic uncertainty created by the Covid-19 pandemic it was not possible to predict when consumer spending will reach pre-pandemic levels.
- Footfall on the High Street was not expected to return pre-Covid levels for some time, if at all.
- The higher professional costs associated with a stock liquidation (additional Administrator and legal fees) would reduce the amount which would be available for the Companies' creditors.

Considering the above, the Administrators considered that realising the Companies' stock assets for the benefit of its creditors for a fixed amount, without any associated risk, then this would be in the best interest of creditors.

#### **Approach to funders**

In light of the points raised above, the Administrators did not approach any potential funders in respect of an Administration trading period.

### Previous acquisitions from an IP

The business and assets of the Companies have not been acquired from a previous IP within the previous 24 months.

#### Marketing activities undertaken

FRP sought to expose the businesses as widely as possible and used the following channels:

- 3rd Party Agent the opportunity was advertised on IP-Bid.com for interested parties (an online platform that circulates opportunities to more than 1,000 potential buyers).
- Internal database the opportunity was circulated to an appropriate selection, identified by reference to their recorded requirements, from the FRP interested party database with over 5,000 potential acquirors.
- Direct contact specifically potentially interested parties within the sector who are known to FRP and acquisitive.

The Administrators were responsible for running the marketing process and it is understood that neither the director nor Companies undertook any marketing separately.

A data room was established which was populated with further information provided by the Companies to allow interested parties to appraise the opportunity.

An anonymised teaser document was issued to 303 parties from FRP's interested party database on 14 April 2020. In addition, the teaser was issued directly to six parties identified by FRP as potential interested parties. With the advertisement on IPBid.com and contact with 303 potential acquirers, the businesses were exposed to as wide a market (including distressed investors who can act in a short period of time) as was feasible to maximise realisations. The Administrators actively targeted likely interested parties and made contact with key decision makers through their wide network.

Having regard for the six Marketing Essentials proscribed in SIP16, the Administrators are satisfied the strategy adopted adhered to those principles without divergence and marketed the businesses proportionally and successfully, in the circumstances.

The proposed transaction timetable was as follows:

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

- 1. Expressions of interest by midday on 24 April 2020.
- 2. Best and final offers by midday on 29 April 2020.

The rationale for this timeline was that it would allow sufficient time to complete a transaction prior to the Companies exhausting their working capital.

This timetable was extended to allow interested parties further time to conduct their due diligence. Best and final offers were subsequently requested by 1 May 2020.

FRP received three proposals from interested parties by the bid deadline.

#### Valuation of assets

#### **Brand/goodwill**

FRP engaged Metis Partners to value the Companies' intangible assets. Metis Partners are an award-winning, commercial intellectual property consulting firm with experience of valuing intangible assets in distressed scenarios. The individuals who worked on the valuations are:

- Miguel Benitez, MSc International Accounting and Finance
- Emily Muir, CPI
- Luisa Robertson, CA

Metis Partners confirmed their independence and that they carry adequate professional indemnity insurance.

A summary of the valuations is below:

	Ex-situ		In-situ	
	High (£)	Low (£)	High (£)	Low (£)
MAL	897,000	734,000	4,014,000	3,063,000
AL	973,000	796,000	4,700,000	3,600,000

The in-situ and ex-situ valuation methods have been prepared by reference to both income-based and market-based valuation methodology.

The Administrators considered in-situ and ex-situ valuations appropriate in this instance as this provided a range of values to benchmark interested parties' offers. It was acknowledged that it was unlikely that any purchaser would acquire the Companies' operations on an "as is" basis and that the businesses would be restructured in some form as part of the transaction. Accordingly, the "in-situ" value would not be achieved but the Administrators were aware that they would be unable to proceed with offers where the value apportioned to the goodwill and brand was lesser than the "ex-situ" values provided by Metis Partners.

Metis Partners were provided with details of the transaction and recommended that the offer be accepted.

#### **Physical assets**

FRP engaged Hilco Appraisals to value the Companies' physical assets, including stock. Hilco Appraisals are one of the world's largest and most diversified business asset appraiser and valuation advisers. Hilco have confirmed their independence and that they carry adequate professional indemnity insurance.

#### Chattel assets and fixtures and fittings

The valuation of the chattel assets and fixtures and fittings was undertaken by Peter Atkinson. Peter Atkinson is a RICS registered valuer and has confirmed he has the knowledge, skills and understanding to undertake the valuation competently, and furthermore is in a position to provide an objective and unbiased valuation.

A summary of the valuation advice provided is below:

	1	Ex-situ (£)	In-situ (£)
Distribution centre	e assets	100,000	1,800,000
Head office assets	S	30,000	135,000
Store fixtures and	fittings	60,000	6,669,000

Accessorize Limited and Monsoon Accessorize Limited (both in Administration) The Administrators' Proposals

The distribution centre and head office assets are owned by MAL. The valuation in respect of store fixtures and fittings incorporates both Companies' assets.

The "in-situ" valuation advice in respect of the store fixtures and fittings is a notional value reached by depreciating the book value of the leasehold improvements on the Companies' balance sheet. The Administrators consider that this valuation is unachievable and that in circumstances where it is not possible to secure the transfer of a particular store to a purchaser, the store fixtures and fittings would be abandoned as the costs of realising the assets would outweigh the value realised.

#### Stock

The valuation of the stock was undertaken by Mark Newman MNAVA and Dave Fisher BSc Hons. Both have confirmed they have the knowledge, skills and understanding to undertake the valuation competently, and furthermore are in a position to provide an objective and unbiased valuation.

A summary of the valuation advice provided is below:

	Ex-situ		In-situ
Stock (pence in the £)	•	26	47.6

The stock levels per brand were as follows on 21 May 2020:

	Cost value £
MAL	19,600,000
AL	17,400,000
Total	37,000,000

It should be noted, as referenced previously, Accessorize branded stock was owned by MAL until such time as it left the distribution centre. Therefore, the only stock which was owned by AL was that which was held in the stores. Per the P7 balance sheets for the Companies, 84% of the stock was owned by MAL and 16% by AL. Using this split, this provides the following "ex-situ" and "in-situ" values":

	Cost value	Ex-situ	In-situ
	£	£	£
MAL	31,080,000	8,080,800	14,794,080
AL	5,920,000	1,539,200	2,817,920
	37,000,000	9,620,000	17,612,000

Hilco Appraisals have been provided with details of the Purchaser's offer and have recommended that the offer being accepted. This is not least as they estimated the likely associated costs of realising the stock on an ex-situ basis would be in excess of the value likely to be achieved and therefore would generate a net loss to the administrations.

#### Offers received and further negotiations

The Administrators received the following offers:

- Offer 1 £6.5m to £8.5m for all MAL related assets and an uncertain value for AL. This offer was prepared on a high-level basis and the interested party did not engage in further due diligence and therefore the offer was discounted.
- Offer 2 £15.7m for the brand assets of both MAL and AL. This offer price included a guaranteed net return to the Companies in respect of the stock as the offeror was seeking to be appointed as an exclusive retail consultant to manage a stock disposition process.
- Offer 3 an offer made in respect of MHL's shareholding in MAL and AL and its secured debt. This offer was forwarded to the Companies' shareholder and secured lender.

#### Offer 2

The Administrators discussed these offers with MHL as the secured creditor and presented an estimated outcome statement. MHL requested further details with regards to Offer 2 and how the stock disposition would work in practice as they had concerns that certain costs relating to the disposition would not be underwritten by

the offeror and these would be expenses of the administration, which would dilute the return under their security. They also requested details of what their offer would be if it only encapsulated the Monsoon brand and branded stock.

Following this request, the interested party conducted further due diligence. They provided an indicative offer of £13m for the Monsoon brand and branded stock with the same conditions attached to their offer. However, due to the intertwined nature of the Companies trading (shared services, shared systems and dual stores), this offer excluded an underwrite of any central or head office costs. The Administrators, therefore, with the assistance of management, calculated the likely costs which would be incurred that would not have been underwritten by the offeror. These costs would be expenses of the administrations and would therefore have been paid in priority to any return to MHL in respect of their floating charge security.

The interested party confirmed that "dark" costs, being those costs incurred in respect of the retail estate whilst lockdown measures were in place and it was not possible to trade, would not be underwritten. At the time the offer was made there was uncertainty as to when the High Street would re-open and therefore the Administrators estimated what this cost may be.

Following discussions with the interested party, amongst other things, it became apparent they would only underwrite a percentage of the contractual rent in relation to the retail estate. While the Administrators believed it would be possible to achieve savings in this respect, if these were not achieved at the level suggested by the offeror on a blended basis, additional liabilities would accrue which would be payable as expenses of the administrations. The Administrators concluded that these costs, coupled with other exceptional costs such as personal protective equipment, till screens and hand sanitiser, could be in excess of £2m.

Following further discussions between the Administrators and the interested party, it was verbally communicated that the offer would likely be reduced to between £9m-£10m due to the change in the stock profile from the data they had reviewed which

was as at the end of March to the refreshed data which was prepared as at mid-May. The offeror communicated that this was due to the fast selling stock having been sold in this period and the stock remaining in the businesses being slow moving. The Administrators considered that this change to the stock profile would continue up until the Companies entered administration and could lead to a further reduction in the quaranteed net return.

The Administrators presented an estimated outcome statement incorporating these costs on both a "worst" and "best" case basis and the delta between both scenarios was approximately £5m at that time due to assumptions on the level of "dark costs" and also on the level of central and system costs which would be incurred.

#### Credit bid

Newly incorporated entities named Adena Brands Limited and Adena Services Limited ("the Purchasers") then submitted an offer on 22 May 2020 for certain of the business and assets of the Companies. The offer letter stated that they would be utilising the secured debt of MHL (an element of which would be assigned to them prior to completion) to bid for the assets. Following negotiations, it was agreed between the Administrators and the Purchasers that the level of credit bid would be £8,480k with a further £20k in respect of an option over the store fixtures and fittings which will be exercised should it be possible for the Purchasers to achieve assignments of various lease interests.

A condition of their offer was that they would take options over licences to occupy over certain stores which would be exercisable at a future point in time. As a result of this, the employees associated with that store would transfer to the Purchaser under TUPE when the option was exercised, reducing the level of preferential claims against the Companies.

The Purchaser also sought an option over the fixtures and fittings in the stores and the consideration offered was £20k. This consideration (albeit by way of credit bid)

would only become "payable" in circumstances where the Purchaser exercises the option over the licences to occupy.

The Purchaser has indemnified the Companies and the Administrators in respect of any costs which may arise as a result of these options being granted. These indemnities have been personally guaranteed by Peter Simon. The granting of these indemnities guarantees the net return to the Administrations in respect of the stock as there are no variable costs to meet which would otherwise net off the stock realisations.

In addition, the Purchaser will also novate certain trade creditor balances from MAL. The total value of these is approximately £3.6m.

#### **Conclusion**

The Administrators considered that the certainty provided by the bid by the Purchasers was in the overall best interest of the Companies' creditors. It was also likely that the costs not underwritten by the Offeror 2 would reduce the net stock return to a level less than that offered by the Purchaser.

In addition to providing certainty, the other benefits are:

- A reduction in the level of preferential claims as certain staff will transfer to the Purchaser at completion and further staff may transfer if the Purchaser exercises its option in respect of occupying certain stores. Under Offer 2 at the end of the stock disposition process all staff would have been made redundant.
- A reduction in the quantum of the unsecured creditor pool as the Purchaser will seek to take an assignment of certain leases and trade creditor liabilities.
- Enhanced debtor collections as the businesses will continue to operate and the Purchasers will assist with collection.

#### The transaction

The transaction completed on 9 June 2020.

Purchaser and related parties

- The Purchaser of certain of the Companies' business and assets was Adena Brands Limited and the employees which transferred under TUPE did so to Adena Services Limited.
- The director of both of the Purchasers is Peter Simon, who is the director of the Companies. It is understood that the Purchasers are also beneficially owned by Peter Simon.
- MHL, the Companies' secured lender, assigned a portion of its secured debt to the Purchasers prior to completion and they utilised this debt by way of a credit bid for the assets which transferred.
- It is understood that Peter Simon, the director of the Companies and their ultimate beneficial owner, will finance and control the Purchaser going
- The Administrators are not aware of any director providing a personal guarantee to a prior financier, however, understand that Peter Simon personally guaranteed a return to a certain set of landlords per the CVAs.

## Assets

The assets which transferred in respect of MAL and AL and the allocation of the consideration (split between fixed and floating charge) was as follows:

	MAL	AL	Total
Business Information	1	1	2
Customer Contracts	1	• 1	2
Goodwill	1	1	2
Information Technology	1	1	2
IPR	780,000	1,500,000	2,280,000
Social Media Accounts	1	1	2
Stock	4,871,994	1,217,994	6,089,988
Equipment	110,000	0	110,000
Key Premises Options	1	. 1	2
	5,762,000	2,718,000	8,480,000
Store Option Equipment	10,000	10,000	20,000
**	5,772,000	2,728,000	8,500,000
denotes fixed charge consideration dentoes floating charge consideration			

#### Sale consideration

The consideration for the sale will be by way of an £8,480,000 credit bid with a further £20,000 in respect of the option over the Companies' fixture and fittings.

There are no buy-back agreements, deferred consideration or other conditions attached to the transaction.

The Administrators have not sought security in respect of the Purchaser's assets as there is no deferred consideration. A personal guarantee from Peter Simon has been provided in respect of the indemnities in favour of the Companies and Administrators in the sale and purchase agreement.

The sale detailed is not part of a wider transaction.

The Purchaser has been independently advised by Bryan Cave Leighton Paisner LLP.

### Connected Party transactions

Pre-pack pool consultation

The Purchaser was advised of their ability to approach the pre-pack pool but concluded not to do so.

Viability review

A viability review was requested but has not been provided.

## Appendix D

### FRP Advisory Trading Limited ("FRP")

#### DISBURSEMENT POLICY

Disbursements are expenses met by and reimbursed to an office holder in connection with an insolvency appointment.

There are two types of disbursements; direct disbursements (known as Category 1) and indirect disbursements (known as Category 2).

#### Category 1 disbursements:

These are payments to independent third parties where there is specific expenditure directly referable to the appointment in question, these include but are not limited to such items as case advertising, storage, bonding, searches, insurance.

Category 1 disbursements can be drawn without prior approval

#### Category 2 disbursements

These are expenses that are directly referable to the appointment in question but not to a payment to an independent third party. With the exception of mileage FRP do not charge category 2 disbursements.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred, at the time of this report this is 45p per mile.

Category 2 disbursements require prior approval in the same manner as an office holder's remuneration.

# **FRP**

# FRP ADVISORY TRADING LIMITED HOURLY CHARGE OUT RATES

	£/hour
Appointment taker/Restructuring Advisory Partner/Director	495-595

## The Administrators' remuneration, disbursements and costs information

					204014
2					
		•			

The Administrators' remuneration, disbursements and costs information

The table below sets out a detailed summary of the work undertaken by the Administrators to date and details of the work it is anticipated will be undertaken by the Administrators throughout the duration of the administrations. Details of assumptions made in compiling this table are set out below.

Further details of the estimated time costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds (from the sale of assets; enhanced recoveries and potentially a reduction in creditor claims if the business has continued to trade; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by the Administrators is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress of the administrations, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

Note	Category	
1	ADMINISTRATION AND PLANNING Work undertaken during the reporting period	ADMINISTRATION AND PLANNING Future work to be undertaken
	General Matters	
	Necessary administrative and strategic work with regards to the appointment of the Administrators, including assisting Shoosmiths LLP with the preparation of the requisite pre appointment documentation to place the Companies into Administration.	Regular reviews of the case and the on-going strategy as required under legislation and by the Administrators' Regulatory Professional Bodies ("RPBs") to ensure that all compliance and statutory matters continue to be attended to and that the case is progressed in a timely manner.
	Preparation of all necessary correspondence following the appointment of the Administrators and completing internal procedures.	Ongoing liaison with the secured and other creditors.
	Identifying all available and relevant records of the Companies required for the ongoing administration and statutory purposes.	Collation of relevant information and Company records to ensure the objective of the administration is achieved and storage thereof or destruction, as applicable, for the relevant periods.

# The Administrators' remuneration, disbursements and costs information

Considered all insolvency options and the impact of each prior to the administrations.		Continued adherence to internal procedures and external requirements.
Regulatory Requirements		
In respect of MAL, notifying the Financial Conduct Authority of the appoointment of the Administrators.		Ongoing liaison on all aspects of environmental and health and safety that is applicable to the Company.
Consider Money Laundering Regulations and perform immediate checks.		Updating internal case strategy document/review forms throughout the duration of the case to efficiently progress the Administrations.
Review the General Data Protection Regulation ("GDPR") in the context of the Companies and consider necessary actions required.		Ongoing adherence to Money Laundering Regulations and any other regulations specific to the Companies.
Tequited.	•	Ongoing review and adherence to GDPR.
Case Management Requirements		
Determine and document case strategy.		Continue to monitor and document any proposed changes of strategy and implementation thereof.
Setting up case specific paper and electronic files to be updated and maintained for the duration of the appointment. Filing all relevant papers and correspondence received and maintaining a diary system to ensure all matters are discharged in accordance with legislation.		Correspond with accountants/auditors/bankers/insurers/solicitors and other advisors to request further information to assist in general enquiries.
Setting up and administering bank accounts for the purposes of the administration. Ensuring accounts are regularly reconciled to produce accurate and timely reports to all creditors when required.		Maintaining and developing the case specific paper and electronic files on behalf of the Administrators aside from other records pertaining to the Company directly.
Processing and recording of all receipts and payments throughout the appointment on the Insolvency Practitioners System ("IPS") and providing internal and external reports as required.		Case accounting work to process all receipts and payments including associated adjustments to ensure bank reconciliations and production of reports can be achieved at all times. Continued updating and maintenance of records on the IPS system.

# The Administrators' remuneration, disbursements and costs information

	·		
	Notifying HMRC of the administration and bespoke correspondence with the VAT and other departmental offices to establish the final pre-appointment tax position for the Company and define new periods.		Ongoing liaison with HMRC to finalise the Company's pre appointment tax position and to achieve tax clearance for the period of the administration.
	Discussions with HMRC regarding the import duty which crystallised as the stock was moved from bond to free circulation shortly following the appointment of the Administrators.		The completion and submission of ongoing HMRC returns a required from time to time.
	Instructing our insurance broker, Marsh, to review insurance cover and to put appropriate open cover policies in place, to maintain		Review all ongoing insurances on a regular basis and to cancel revise cover as appropriate.
	appropriate insurances and adjust/cancel the levels of cover on risk from time to time as required.		To examine the Company's electronic and paper files to deal with queries arising from time to time.
	An initial review of the IT systems and content with a view to taking a forensic image.		To receive final unsecured claims from HMRC and consider if a VA bad debt relief claim is available or if any other ancillary reliefs ar available to the Company.
. *.			The ongoing review and potential separation of the IT systems an content utilised by the Company for the purposes of the administration, as applicable.
2	ASSET REALISATION Work undertaken during the reporting period		ASSET REALISATION Future work to be undertaken
	Pre-pack sale		Pre-pack sale
	Details of the transaction completed by the Administrators following their appointment is at Appendix C.	: •	As is standard form, the sale and purchase agreement included "further assurances" clause which obligates the Administrators to provide assistance to the Purchasers to perfect the transfer of the
•	Cash balances		assets which were intended to transfer.
	The Administrators have written to Barclays Bank PLC, PayPal, Worldpay and American Express to request the balances they are holding be paid over to the administrations.		

The Administrators' remuneration, disbursements and costs information

#### Petty cash/cash floats

The Administrators have instructed the Purchasers to pay over any cash sums held in the retail stores.

#### **Utility security deposit**

The Administrators have instructed Rosling King LLP to review the terms of a security bond given to a utility provider of £765k.

#### Leasehold interests

The Administrators obtained a desktop valuation of the leasehold interests over which the Purchasers did not have an option. The Administrators were advised that these were of no realisable value.

#### Cash balances

The Administrators will review reconciliations to agree the amounts which are due to the Companies (which relate to their trade up until the pre-pack sale completed). Once these reconciliations have been agreed the cash amounts will be paid to the relevant estate.

#### Petty cash/cash floats

The Administrators will liaise with the Purchasers to ensure all cash balances held within the retail estate are paid to the administrations.

#### **Utility security deposit**

The Administrators will work with Rosling King LLP and the utility provider to recover the security deposit.

#### Debtors

As part of the sale agreement, the Purchasers were appointed as exclusive agents to collect the Companies' debtors. The Purchaser has an inherent knowledge of the ledger and are continuing to work with the debtors in the new business. It is often the case in insolvency scenarios that a purchaser of a business has more success in collecting a ledger than an office holder would do.

#### **Inter-company debts**

The Administrators will review the financial position of each related company which owes monies to the Companies and assess the prospects for recovery.

The Administrators' remuneration, disbursements and costs information

3	CREDITORS Work undertaken during the reporting period	CREDITORS Future work to be undertaken
٠.	Trade creditors	Trade creditors
	The Administrators have written to all known creditors advising of their appointment and providing details on how to lodge claims.	The Administrators will continue to deal with queries as and when they are received, and lodge all claims received.
	The Administrators have dealt with any ad-hoc queries as they have arisen.	Assist in the novation and assignment of third-party agreements for the benefit of the ongoing business.
	Landlords	Finance Companies
	As part of the sale detailed at Appendix C, 35 stores were closed on the day of appointment. The Administrators have contacted the landlords of these stores to offer a surrender of the lease.	The Administrators will write to all lease/hire purchase/finance providers and notify them of the appointments.
	In respect of the stores over which the Purchasers have been granted an option, the Administrators have written to these landlords separately informing them of the arrangement.	Should the Purchasers not wish to novate the existing contracts, the Administrators will arrange for the collection of the assets subject to these agreements or calculate and potentially sell the assets should any equity be realisable, subject to the contracts permitting the sale.
	Employees	Landlords
-	Unfortunately, the Administrators had to make 545 redundancies on appointment. Those employees have been provided with details on how to submit claims to the Redundancy Payments Service and the Administrators' dedicated employee relations team will work with these individuals over the coming weeks.	The Administrators will continue to attempt to surrender those leases which are not required by the Purchasers. Until such time as a surrender takes place, the Administrators will still have certain duties in respect of those leases which will need to be attended to.
	Communications have been sent to those employees who continue	Employees
	to be employed by the Companies but remaining on furlough. The Administrators have also been in regular correspondence with the HR department of the Companies and external suppliers as regards to the process of payroll.	The Administrators will continue to provide assistance to those employees made redundant.
ı	regards to the process of payroll.	

The Administrators' remuneration, disbursements and costs information

#### Consultation

In accordance to SIP16, prior to the formal insolvency appointments the Administrators and their staff contacted the major creditors of the Companies and consulted them regarding the proposed appointments. This consisted of the Companies' bankers, HMRC and the secured creditors.

Should it prove necessary to make further redundancies the Administrators will assist those individuals with their claims to the Redundancy Payments Service.

#### Secured creditor

The Administrators will provide the secured creditor with updates during the administrations.

#### **Distributions**

#### Preferential creditors

Once the Administrators have reconciled the employee claims to the records of the Redundancy Payments Service, they should be in a position to declare a 100p in the pound dividend to preferential creditors in respect of both Companies.

#### Unsecured creditors

The Administrators believe that there should be sufficient asset realisations in both administrations to allow a distribution to each Companies' unsecured creditors.

In the case of MAL, this will be over and above the prescribed part and therefore in accordance with the IA'86, this will be paid by a subsequently appointed liquidator. The liquidator will in due course provide a fee estimate to creditors for their work, which will include this distribution.

In respect of AL, the IA'86 and the Insolvency Rules allows for a prescribed part distribution to be made by an administrator. Therefore, the Administrators of AL will request details of all unsecured claims from its creditors, adjudicate these claims at the appropriate juncture and distribute the prescribed part carve-out.

### The Administrators' remuneration, disbursements and costs information

Dealing with tax and VAT matters arising following appointment. Liaising with HMRC regarding the stock removed from the bonded warehouse following the appointment of the Administrators.

Statutory reporting to all relevant parties and filing of those reports in accordance with the legislation.

Establish the existence of any pension schemes and take appropriate action to notify all relevant parties and appoint independent trustees if required.

Compiling a forecast of the work that has been or is anticipated to be undertaken throughout the duration of the administrations, circulating this to all known creditors together with such other documentation as is required to enable the relevant approving creditors to assess and vote on the fee basis proposed.

Input statutory information on the Administrators operating system.

Requested that the director submits a statement of affairs for each of the Companies for the Administrators review and filing at the Registrar of Companies.

To place legal advertisements as prescribed under the Insolvency Act 1986, which may include formal meetings of creditors and notice to submit claims, as applicable.

Maintaining the bonds at a sufficient level for the duration of the appointment.

To deal with statutory requirements to bring the appointment to an orderly close either by dissolution or transfer to a creditors' voluntary liquidation and for the Joint Administrators to receive their release from office. This will include the preparation of further progress and/or final reports for all known creditors, statutory advertising and filing the relevant documentation with the High Court / Registrar of Companies, as applicable.

To circulate decisions to the appropriate body of creditors, as applicable or make an application to the court to remedy any unfulfilled aspects to allow the administration to progressed to a proper conclusion.

Maintaining a record and forecast of the work that has been or is anticipated to be undertaken throughout the duration of the administrations.

Ensuring the proposals are approved and filing the requisite forms at Companies House.

Obtaining approval to the basis of the Administrators' fees from the secured, preferential and unsecured creditors or by application to court, as applicable

Continuing to deal with all tax and VAT maters for the duration of the appointment.

		•	Dealing with the continuation or transfer of the pension scheme, as applicable.
			Completion of the Administrators' six-month progress report.
			Potentially seek an extension of the administrations, if required.
			Review the director's statement of affairs when submitted and submit the finalised documents to the Registrar of Companies.
6	LEGAL AND LITIGATION Work undertaken during the reporting period		LEGAL AND LITIGATION Future work to be undertaken
	No work undertaken to date.		It is not possible at this stage to forecast whether any future work will be required.
7	TRADING Work undertaken during the reporting period	,	TRADING Future work to be undertaken

Shoosmiths LLP Amounts paid	. 5	132,750.00	50.00
		132,750.00	50.00
Unpaid pre-administration costs for which approval is being sought		140,796.25	50.00

#### Notes

- 1. FRP were engaged by the Companies pursuant to an engagement letter dated 20 March 2020. FRP's fees were on a fixed fee basis of £30k per week. Extensive details of the work undertaken in the pre-appointment period is included at Appendix C of this report. As mentioned previously, invoices were raised to MAL as agreed with the Companies. A small proportion of was spent in respect of AL which reflects internal take on procedures. These costs represent a fair and reasonable reflection of the work undertaken prior to the appointment of Administrators.
- 2. SIP 16 states that Administrators should obtain valuations of assets from third-party valuers prior to transactions. In this instance, the intangible assets of the Companies' represented material assets and therefore the Administrators approached Metis Partners to undertake valuations on their behalf. This work is described in detail in Appendix C of this report.

#### Appendix E

### Schedule of pre-administration costs

- 3. SIP 16 states that Administrators should obtain valuations of assets from third-party valuers prior to transactions. In this instance, the tangible assets of the Companies' represented material assets and therefore the Administrators approached Hilco Valuation Services to undertake valuations on their behalf. This work is described in detail in Appendix C of this report.
- 4. The Administrators approached Bird & Bird LLP to review the security granted by the Companies in favour of MHL. In addition to the security review, Bird & Bird LLP also advised on the implications of Section 245 of the IA'86 and the assignment of debt from MHL to the Purchasers.
- 5. Shoosmiths LLP advised the Administrators on all aspects of the transaction with the Purchasers. This included advice in relation to Offeror 2, reviewing the stock disposition agreement and circulating a draft IPR assignment. When the Purchasers submitted an offer, Shoosmiths LLP joined numerous calls with the Administrators to discuss the overall strategy and how a transaction would be best effected. The transaction documents were turned numerous times between the solicitors and given the complex nature of the transaction it was necessary to involve Partners from their employment and property departments.
- 6. The payment of these unpaid costs as an expense of the administration is subject to approval in accordance with the Insolvency Rules and is not part of the proposals subject to approval in accordance with Paragraph 53 of Schedule B1 to the Insolvency Act 1986.
