PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

We worked with four charities and other social purpose organisations on the following activities during the year:

- Theory of Change model and impact measurement programme
- Trustee skills audit, governance roadmap and strategic risk dashboard
- Data analytics and impact measurement
- Financial literacy

These activities have benefited the community by improving its vision and understanding of capabilities and efforts, leading to better decisions about how to pursue its missions. Complementary benefits include improved professionalism, efficiency and mental health and reduced stress and burnout.

(If applicable, please just state "A social audit report covering these points is attached").

(Please continue on separate continuation sheet if necessary.)

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

Our stakeholders are charities and other social purpose organisations who share our principles of building human capabilities, openness, transparency, radical ideas, social justice and environmental balance and sustainability.

We consulted multiple directors and trustees across five third sector organisations through interviews and workshops.

In response to our stakeholder feedback, we designed our activities to be scalable and applicable for other organisations. In particular, we have developed frameworks and templates for impact measurement, Theory of Change, trustee governance and risk management, and we intend to develop tools that improve financial management.
