The Hoxton (Amsterdam) UK Limited

Strategic Report for the Period Ended 31 March 2020

Introduction

The directors present their strategic report, together with the audited financial statements for the period ended 31 March 2020.

Principal activities

The principal activity of the company continued to be that of an investment holding company.

Business review

The company made a loss for the period of £501 (31 December 2018 - £1,097,245 profit) which takes into account income from fixed asset investments of £nil (31 December 2018 - £1,101,536).

Principal risks and uncertainties

Investment Risk

As a holding company within the Norlake group, the company is exposed to falls in values of its investments. The Company reviews investment values in cases of a trigger event that may cause the fair value to be lower than the carrying value and adjusts the carrying value accordingly.

The directors consider the main risk facing the company's investment values as being the global coronavirus pandemic involving the spread of COVID-19 and the counter measures adopted by governments as they seek to mitigate the impact of the pandemic. The economic impact on the hotel sector is widely reported and acknowledged by the directors who have reviewed the mitigation strategies implemented by The Hoxton Amsterdam to reduce the cost base to manage to the forecast revenue levels while maintaining a proactive strategy to drive revenues.

Financial Key Performance Indicators

The group's directors manage the group's operations on a consolidated basis using key performance indicators. The company's directors monitor the performance of its subsidiaries through regular review of the performance of its subsidiary compared to agreed budgets, and progress of its development projects against agreed development plans. The company's directors are of the opinion that analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the company's business or that of its investments. The key performance indicators of the Group are included in the Newco NHL UK (17) Limited Annual report and financial statements which are available from Companies House, Crown Way, Maindy, Cardiff, CF14 3UZ.

In our opinion, the financial statements:

- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Independent Auditor's Report to the Members of The Hoxton (Amsterdam) UK Limited (continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion;

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or

- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located at the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

The Hoxton (Amsterdam) UK Limited is a private company, limited by shares, incorporated in England and Wales under the Companies Act. The address of the registered office is given on the company information page and the nature of the company's operations and principal activity are set out in the directors' report.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland ("FRS 102") and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the company accounting policies (see note 3).

The following principal accounting policies have been applied:

2.2 Financial Reporting Standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 4 Statement of Financial Position paragraph 4.12(a)(iv);
- the requirements of Section 11 Financial Instruments paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);

- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of Newco NHL UK (17) Limited as at 31 March 2020 and these financial statements may be obtained from Companies House, Crown Way, Maindy, Cardiff, CF14 3UZ.

The Hoxton (Amsterdam) UK Limited

Notes to the Financial Statements for the Period Ended 31 March 2020

2. Accounting policies (continued)

2.3 Going concern

At the reporting date, the company had net current assets of £1,455 (31 December 2018 – £1,956). The company's parent group has committed to provide support to ensure the company can meet its liabilities as they fall due and therefore the directors have concluded that it is appropriate to prepare the financial statements on a going concern basis.

2.4 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.5 Debtors

Short term debtors are measured at transaction price, less any impairment.

2.6 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

In the statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

2.7 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.8 Foreign currency translation

Functional and presentation currency

The company's functional and presentational currency is Pound Sterling.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

The Hoxton (Amsterdam) UK Limited

Notes to the Financial Statements for the Period Ended 31 March 2020

2. Accounting policies (continued)

2.9 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

2.10 Current and deferred taxation

Tax is recognised in the statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

2.11 Reporting period

The financial statements are prepared for the period 1 January 2019 to 31 March 2020, a fifteen month period. The period was extended in order to achieve a co-terminus period end with its parent company. The comparative amounts presented in the financial statements (including related notes) are therefore not entirely comparable.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

Other key sources of estimation uncertainty:

- *Impairment of investments in subsidiaries*

Determining whether or not the company's investments in its subsidiaries have been impaired requires estimations of the value in use of the investments. The value in use calculation requires the entity to estimate the future cash flows expected to arise from the investments and suitable discount rates in order to calculate the present value. The carrying amount of investments in subsidiaries at the reporting date was £950 (31 December 2018 - £950) with no impairment loss recognised in the current period in respect of these balances (31 December 2018 - £nil).
